52 license shall be made to the commissioner pursuant to this section. The
53 fee prescribed by law may be submitted with such application. The appli-

The commissioner may also provide that the application procedure shall include the taking of a photo image or images of the applicant in accordance with rules and regulations prescribed by the commissioner. "You must fill out the following section: Would you like to be added to the Donate Life Registry? Check box for 'yes' or 'skip this question'."

The commissioner of health shall not maintain records of any person who checks "skip this question". Except where the application is made in person or electronically, failure to check a box shall not impair the validity of an application, and failure to check "yes" or checking "skip this question" shall not be construed to imply a wish not to donate. In the case of an applicant under eighteen years of age, checking "yes" shall not constitute consent to make an anatomical gift or registration in the donate life registry, except as otherwise provided pursuant to the provisions of paragraph (b) of subdivision one of section forty-three hundred one of the public health law. Where an applicant has previously consented to make an anatomical gift or registered in the donate life registry, checking "skip this question" or failing to check a box shall not impair that consent or registration. In addition, an applicant for a commercial driver's license who will operate a commercial motor vehicle in interstate commerce shall certify that such applicant meets the requirements to operate a commercial motor vehicle, as set forth in public law 99-570, title XII, and title 49 of the code of federal regulations, and all regulations promulgated by the United States secretary of transportation under the hazardous materials transportation act. For purposes of this section and sections five hundred three, five hundred ten-a, and five hundred ten-aa of this title, the terms "medical certificate" and "medical certification" shall mean a form substantially in compliance with the form set forth in Part 391.43(h) of title 49 of the code of federal regulations. Upon a determination that the holder of a commercial driver's license has made any false statement, with respect to the application for such license, the commissioner shall revoke such license.

§ 6. Subdivision 3, paragraph (a) of subdivision 5 and paragraph (a) of subdivision 6 of section 502 of the vehicle and traffic law, subdivision 3 as amended by chapter 97 of the laws of 2016, paragraph (a) of subdivision 5 as amended by chapter 138 of the laws of 1981, and paragraph (a) of subdivision 6 as amended by section 3 of part K of chapter 59 of the laws of 2009, are amended to read as follows:

3. Application for learner's permit. An application for a learner's permit shall be included in the application for a standard or federal-purpose driver's license. A learner's permit shall be issued in such form as the commissioner shall determine but shall not be issued unless the applicant has successfully passed the vision test required by this

1 section and the test set forth in paragraph (a) of subdivision four of
2 this section with respect to laws relating to traffic and ability to
3 read and comprehend traffic signs and symbols and has satisfactorily
4 completed any course required pursuant to paragraph (a) of subdivision
5 four of this section. Upon acceptance of an application for a learner's
6 permit the commissioner shall provide the applicant with a driver's
7 manual which includes but is not limited to the laws relating to traf-

16 law, the commissioner shall issue an appropriate federal-purpose driv-
17 er's license to the applicant, except that the commissioner may refuse
18 to issue such license.

19 (i) if the applicant is the holder of a currently valid or renewable
20 license to drive issued by another state [~~or foreign country~~] unless the
21 applicant surrenders such license, or

22 (ii) if such issuance would be inconsistent with the provisions of
23 section five hundred sixteen of this [~~chapter~~] title.

24 (a) A license issued pursuant to subdivision five of this section
25 shall be valid until the expiration date contained thereon, unless such
26 license is suspended, revoked or cancelled. Such license may be renewed
27 by submission of an application for renewal, the fee prescribed by law,
28 proofs of prior licensing, fitness and acceptable vision prescribed by
29 the commissioner, the applicant's social security number, and if
30 required by the commissioner a photo image of the applicant in such
31 numbers and form as the commissioner shall prescribe. In addition, an
32 applicant for renewal of a license containing a hazardous material

35 endorsement, comply with the requirements imposed upon states by
36 sections 383.141 and 1572.13 of title 49 of the code of federal regu-
37 lations. A renewal of such license shall be issued by the commissioner
38 upon approval of such application, except that no such license shall be
39 issued if its issuance would be inconsistent with the provisions of
40 section five hundred sixteen of this title, and except that the commis-
41 sioner may refuse to renew such license if the applicant is the holder
42 of a currently valid or renewable license to drive issued by another
43 state [~~or foreign country~~] unless the applicant surrenders such license.
