AN ACT in relation to establishing the legislative task force on responsible gaming

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Legislative findings. a. The legislature hereby finds that the 2012-2013 New York state budget amended the state constitution to allow for non-tribal casino gaming in New York. It also included provisions to create a New York state gaming commission, as a result of the merger between the division of lottery and the racing and wagering board. The commission is charged with oversight of the division of lottery, the division of charitable gaming, the division of gaming, and the division of horse racing and pari-mutuel wagering. This legislative action consolidated the state's gaming regulatory functions under a single oversight body.

b. The legislature further finds that the development of policies and procedures that foster responsible gaming practices by gaming facilities licensed or enfranchised by the New York state gaming commission or its divisions is necessary to mitigate the risks or consequences associated with problem gambling. The legislature concludes that this can be best accomplished by the creation of a task force on responsible gaming.

§ 2. Legislative task force on responsible gaming. A legislative task force on responsible gaming is hereby established to:
