2019-2020 Regular Sessions

## IN SENATE

January 23, 2019

Introduced by Sens. BAILEY, BIAGGI, CARLUCCI, MYRIE, RIVERA, SALAZAR, SEPULVEDA -- read twice and ordered printed, and when printed to be committed to the Committee on Crime Victims, Crime and Correction -reported favorably from said committee and committed to the Committee on Finance -- reported favorably from said committee, ordered to first and second report, ordered to a third reading, passed by Senate and delivered to the Assembly, recalled, vote reconsidered, restored to third reading, amended and ordered reprinted, retaining its place in the order of third reading -- again amended and ordered reprinted, retaining its place in the order of third reading

AN ACT to amend the correction law, in relation to the establishment of a program for the use of medication assisted treatment for inmates; and to amend the mental hygiene law, in relation to the implementation of substance use disorder treatment and transition services in jails

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The correction law is amended by adding a new section 626 2 to read as follows:

- § 626. Medication assisted treatment in correctional facilities. 1. 4 For purposes of this section "medication assisted treatment" means treatment of chemical dependence or abuse and concomitant conditions with medications requiring a prescription or order from an authorized prescribing professional.
- 2. (a) The commissioner, in conjunction with the office of alcoholism 8 9 and substance abuse services, shall establish a program to be administered at correctional facilities within the department in the state, for 11 the purpose of employing medication assisted treatment for inmates in such facilities who are undergoing treatment for a substance use disor-12 13 der. Such program shall include all forms of medication assisted treat-14 ments approved for the treatment of a substance use disorder by the 15 Federal Food and Drug Administration for the duration of an inmate's

incarceration and shall provide an individualized treatment plan for each participant. After a medical screening, inmates who are determined to suffer from a substance use disorder, for which FDA approved addiction medications exist shall be offered placement in the medication assisted treatment program. Placement in such program shall not be mandatory. Each participating inmate shall work with an authorized specialist to determine an individualized treatment plan, including an appropriate level of counseling. Decisions regarding type, dosage, or duration of any medication regimen shall be made by a qualified health care professional licensed or certified under title eight of the educa-tion law who is authorized to administer such medication in conjunction with the inmate. 

- (b) i. Such program shall also include conditions for a reentry strategy for inmates who have participated in medication assisted treatment. Such strategy shall include, but not be limited to, providing each participating inmate with information on available treatment facilities in their area, information on available housing and employment resources, and any other information that will assist the inmate in continued recovery once released. Such program shall also assist the inmate in Medicaid enrollment, prior to release.
- ii. Such program shall provide participating inmates preparing for release from prison with a one-week supply of any necessary medication, where permissible under federal laws and regulations to continue their medication assisted treatment in an effort to prevent relapse.
- (c) Reentry planning and community supervision should include a collaborative relationship between clinical and parole staff including sharing of accurate information regarding the inmate's participation in medication assisted treatment to ensure that their medication is not deemed illicit or illegal. Additionally, procedures shall be developed to assist any reentrant who communicates a relapse with their parole officer or who fails a drug test, to receive substance use disorder support in lieu of arrest and/or incarceration.
- 3. The commissioner shall submit within one year of the effective date of this section and annually thereafter, a report to the governor, the temporary president of the senate and the speaker of the assembly on the effectiveness of the program established pursuant to this section. Such reports shall include an analysis of the impact of such program on the participating inmates, including factors such as institutional adjustment, behavior infractions, reentry rates, HIV and hepatitis C treatment, and program participation, among related relevant factors. The reports shall also include the impact on institutional safety and performance and any recommendations for additional legislative enactments that may be needed or required to improve or enhance the program as determined to be appropriate by the commissioner.
- 4. Participation in the medication assisted treatment program shall not be withheld from a qualified inmate. An inmate may enter into such program at any time during his or her incarceration. An inmate using medication assisted treatment prior to such inmate's incarceration shall be eligible to, upon request by such inmate, continue such treatment in the medication assisted treatment program for any period of time during the duration of such inmate's incarceration. No person shall be denied participation in the program on the basis of a positive drug screening upon entering custody or upon intake into the program; nor shall any person receive a disciplinary infraction for such positive drug screening. No person shall be removed from, or denied participation in the program on the basis of having received any disciplinary infraction: (a)

before entry into the program; or (b) during participation in the program.

- 3 § 2. Section 45 of the correction law is amended by adding a new 4 subdivision 18 to read as follows:
  - 18. Establish standards and quidelines for a program of medication assisted treatment for inmates in county jails and/or county correctional facilities equivalent to the program established in state correctional facilities pursuant to section six hundred twenty-six of this chapter and submit an annual report consistent with the requirements of subdivision three of such section.
- The mental hygiene law is amended by adding a new section 12 19.18-c to read as follows:
- 13 § 19.18-c Corrections-based substance use disorder treatment and transi-14 tion services.
  - 1. The commissioner, in consultation with local governmental units, county sheriffs, the New York city department of corrections and other stakeholders, shall implement a jail-based substance use disorder treatment and transition services program that supports the initiation, operation and enhancement of substance use disorder treatment and transition services for persons with substance use disorder who are incarcerated in jails.
  - 2. The services to be provided by such program shall be in accordance with plans developed by participating local governmental units, in collaboration with county sheriffs, taking into account local needs and available resources. These plans must be approved by the commissioner and shall include, but not be limited to, the following:
    - (a) Alcohol, benzodiazepine, heroin and opioid withdrawal management;
- 27 (b) At least one formulation of every form of medication assisted 28 29 treatments approved for the treatment of a substance use disorder by the Federal Food and Drug Administration necessary to ensure that each indi-30 31 vidual participating in the program receives the particular form found 32 to be the most effective at treating and meeting their individual needs. 33 The commissioner may allow jails a limited exemption to providing opioid 34 full agonist treatment medications where the commissioner determines 35 that no providers that have received the required accreditation are located within a reasonable distance of the facility. Jails that do not 36 have the resources available to meet standards set forth herein may 37 apply to the commissioner for a limited exception allowing such jail to 38 39 enter into an agreement with a community- or jail-based program offering substance use disorder treatment and transition services to provide such 40 services to individuals in such jails. Any such determination shall be 41 42 reviewed on a regular basis;
  - (c) Group and individual counseling and clinical support;
  - (d) Peer support;
- 45 (e) Discharge planning; and
  - (f) Re-entry and transitional supports.
- 47 3. (a) After a medical screening, incarcerated individuals who are 48 determined to suffer from a substance use disorder for which medication assisted treatment exists shall be offered placement in the medication 49 assisted treatment program. Placement in such program shall not be 50 51 mandatory.
- (b) Each participating incarcerated individual shall work with an 52 53 authorized specialist to develop an individualized treatment plan, including an appropriate level of counseling and planning for continuity 54 55 of care upon return to the community.

(c) Decisions regarding type, dosage, or duration of any medication regimen shall be made by a qualified health care professional licensed or certified under title eight of the education law who is authorized to administer such medication in conjunction with the incarcerated individual.

- (d) Participation in the medication assisted treatment program shall not be unreasonably withheld from a qualified incarcerated individual. An incarcerated individual using medication assisted treatment prior to such individual's incarceration shall be eligible to, upon request by such individual, continue such treatment in the medication assisted treatment program for any period of time during the duration of such individual's incarceration.
- (e) No person shall be denied participation in the program on the 14 basis of a positive drug screening upon entering custody or upon intake into the program; nor shall any person receive a disciplinary infraction for such positive drug screening. No person shall be removed from, or denied participation in the program on the basis of having received any disciplinary infraction: (1) before entry into the program; or (2) during participation in the program.
  - 4. Within amounts appropriated therefor, funding shall be made available pursuant to criteria established by the office of alcoholism and substance abuse services in consultation with local governmental units, which shall take into consideration the local needs and resources as identified by local governmental units, the average daily jail population, the average number of persons incarcerated in the jail that require substance use disorder services and such other factors as may be deemed necessary.
- 5. Any jail-based substance use disorder treatment and transition services program that is already in operation at the time this act shall have become law and meets or exceeds the standards set forth in this 30 section shall be deemed to have met the requirements of subdivisions one 32 and two of this section. Such programs shall certify annually in writing 33 to the commissioner that they have met or exceeded the standards set forth herein.
- 35 § 4. This act shall take effect on the one hundred twentieth day after it shall have become a law. Effective immediately, the addition, amend-36 ment and/or repeal of any rule or regulation necessary for the implementation of this act on its effective date are authorized to be made on or 38 before such date. 39
