4 conviction occurring in the future.

5 Whenever a person who has been convicted of a crime or adjudicated a
6 youthful offender or juvenile delinquent is subsequently determined to
7 be innocent of such crime or offense and exonerated, the commission
8 shall conduct an investigation, hold hearings on and make findings of
9 fact regarding the wrongful conviction in order to determine the cause

37 oath or affirmation, require production of any books, records, documents
38 or other evidence that it may deem relevant or material to an investi-
39 gation, and may designate any of its members, officers or investigators
40 to exercise any such powers; provided, however, nothing in this subdivi-

44 4. request and receive from any court, department, division, board,

3 6. do all other things necessary and convenient to carry out the
4 provisions of this article.

5 § 904. Use of reports. No preliminary report, report or portion there-

9 § 5. Section 1.20 of the criminal procedure law is amended by adding a
10 new subdivision 45 to read as follows:

11 45. "Special fictitious name indictment" means an indictment of a
12 person whose name is unknown but whose identity is established to the
13 satisfaction of a grand jury pursuant to subdivision one of section
14 190.65 of this chapter by means of forensic deoxyribonucleic acid (DNA)
15 testing of evidence. The caption of a special fictitious name indictment
16 shall include a fictitious name, such as "John Doe" or "Jane Doe", in
17 place of the name of the defendant whose true name is unknown.

18 § 6. Subdivision 3 of section 190.65 of the criminal procedure law is
19 amended to read as follows:

20 3. Upon voting to indict a person, a grand jury must, through its
21 foreman or acting foreman, file an indictment with the court by which it
22 was impaneled. When the name of the indicted person is unknown but his
23 or her identity is established to the satisfaction of the grand jury
24 pursuant to subdivision one of this section by means of forensic deoxy-
25 ribonucleic acid (DNA) testing of evidence, then such indictment shall
26 be filed by the grand jury with such court as a special fictitious name
27 indictment. The authority to file a special fictitious name indictment
28 pursuant to this subdivision shall be in addition to any other authority
29 in law for the filing of an indictment when the name of an indicted
30 person is unknown.

31 § 7. Section 995-c of the executive law is amended by adding a new
32 subdivision 10 to read as follows:

33 10. A superior court, in response to a motion for such comparison by a
34 defendant, may order that DNA information from a crime scene sample or
35 samples and/or fingerprints or DNA information obtained in the course of
36 the investigation of an alleged crime be checked against the DNA records
37 maintained by or available through the state DNA identification index
38 established pursuant to this section and the national DNA index system,
39 and against the fingerprint records maintained by or available through
40 the state fingerprint record database established pursuant to subdivi-
41 sion seven of section eight hundred thirty-seven of this chapter and the
42 national fingerprint identification system, and that the results of such
43 check or checks be disclosed to such defendant and to the prosecutor
44 whose jurisdiction includes the location of the alleged commission of
45 such crime, upon a showing by the defendant that such an analysis may be
46 material to his or her defense and that the request is reasonable.

47 § 8. Subparagraph 1 of paragraph (a) of subdivision 1-a of section
48 440.30 of the criminal procedure law, as amended by chapter 19 of the
49 laws of 2012, is amended to read as follows:

50 (1) Where the defendant's motion requests the performance of a foren-
51 sic DNA test on specified evidence, and upon the court's determination
52 that any evidence containing deoxyribonucleic acid ("DNA") was secured
53 in connection with the investigation or trial resulting in the judgment,
54 the court shall grant the application for forensic DNA testing of such
55 evidence upon its determination that if a DNA test had been conducted on
56 such evidence, and if the results had been available to the defendant,

1 or the results had been admitted in the trial resulting in the judgment,
2 there exists a reasonable probability that the disposition or verdict
3 would have been more favorable to the defendant.

4 § 9. Subdivisions 3 and 5 of section 8-b of the court of claims act,
5 as added by chapter 1009 of the laws of 1984, are amended to read as
6 follows:

7 3. In order to present the claim for unjust conviction and imprison-

11 and has served all or any part of the sentence; and

12 (b) (i) he has been pardoned upon the ground of innocence of the crime
13 or crimes for which he was sentenced and which are the grounds for the
14 complaint; or (ii) his judgment of conviction was reversed or vacated,
15 and the accusatory instrument dismissed or, if a new trial was ordered,
16 either he was found not guilty at the new trial or he was not retried

26 procedure or subsequent law; or (D) the statute, or application thereof,
27 on which the accusatory instrument was based violated the constitution
28 of the United States or the state of New York; or (E) the claimant's
29 conviction was vacated under another section of law not enumerated in
30 items (A), (B), (C) and (D) of this subparagraph, but whose application
31 to claimant's conviction involved facts and circumstances that directly
32 support claimant's assertion of innocence; and provided that, in cases
33 where the conviction may have been vacated on more than one ground,
34 including one of the grounds enumerated in items (A), (B), (C) and (D)
35 of this subparagraph, the court of claims shall not be bound by a deci-
36 sion of the criminal court vacating the conviction based only on a
37 ground not enumerated in items (A), (B), (C) and (D) of this subpara-
38 graph; and

39 (c) his claim is not time-barred by the provisions of subdivision
40 seven of this section.

41 5. In order to obtain a judgment in his favor, claimant must prove by
42 clear and convincing evidence that:

43 (a) he has been convicted of one or more felonies or misdemeanors
44 against the state and subsequently sentenced to a term of imprisonment,
45 and has served all or any part of the sentence; and

46 (b) (i) he has been pardoned upon the ground of innocence of the crime
47 or crimes for which he was sentenced and which are the grounds for the
48 complaint; or (ii) his judgment of conviction was reversed or vacated,

(c) he did not commit any of the acts charged in the accusatory instrument or his acts or omissions charged in the accusatory instrument did not constitute a felony or misdemeanor against the state, provided that, where one indictment contains multiple counts arising from separate complaints or incidents, the court shall consider any claim related to specified counts in the indictment arising out of only one of the complaints or incidents; and

(d) he did not by his own conduct cause or bring about his conviction.
§ 10. Section 995-b of the executive law is amended by adding a new subdivision 14 to read as follows:

14. The commission shall review the confidentiality safeguards which are maintained with respect to DNA samples before and after information from such samples is encoded into the state DNA identification index and shall determine whether any additional confidentiality safeguards are necessary with respect to such samples. The commission shall also issue a report to the majority leader of the senate and the speaker of the assembly which describes how such samples are retained and the reasons for maintaining such samples, following the encoding of information from such samples into the state DNA identification index. Such report shall also recommend whether a program to destroy any such samples, following the encoding of information from such samples into the state DNA identification index, should be initiated or whether, alternatively, such samples shall continue to be maintained.

§ 11. Subdivision 2 of section 995-c of the executive law, as added by chapter 737 of the laws of 1994, is amended to read as follows:

2. (a) Following the review and approval of the plan by the DNA subcommittee and the commission and the filing of such plan with the speaker of the assembly and the temporary president of the senate, the commissioner of criminal justice services is hereby authorized to establish a computerized state DNA identification index pursuant to the provisions of this article. No other DNA identification index or compilation of DNA identification profiles may be maintained in this state provided, however, that this prohibition shall not be interpreted to prohibit any such index or compilation of DNA information obtained from crime scene samples or concerning missing persons.

(b) In accordance with subdivision one of this section and this subdivision, and in a manner consistent with this article, the commission may authorize the inclusion of DNA records derived from forensic examination of crime scenes in the state DNA identification index.

§ 12. Paragraph (b) of subdivision 9 of section 995-c of the executive law, as added by chapter 524 of the laws of 2002, is amended and two new paragraphs (c) and (d) are added to read as follows:

(b) As prescribed in this paragraph, if an individual, either voluntarily or pursuant to a warrant or order of a court, has provided a sample for DNA testing in connection with the investigation or prosecution of a crime and (i) no criminal action against the individual relating to such crime was commenced within the period specified by section 30.10 of the criminal procedure law, or (ii) a criminal action was commenced against the individual relating to such crime which resulted in a complete acquittal, or a dismissal and the matter will not be tried or retried, or (iii) a criminal action against the individual relating to such crime resulted in a conviction that was subsequently reversed or vacated, or for which the individual was granted a pardon pursuant to article two-A of this chapter, such individual may apply to the supreme court or the court in which the judgment of conviction was originally entered for an order directing the expungement of any DNA record and any samples, analyses, or other documents relating to the DNA testing of such individual in connection with the investigation or prosecution of such crime. A copy of such application shall be served on the district attorney and an order directing expungement may be granted if the court finds that the individual has satisfied the conditions of one of the subparagraphs of this paragraph; that if a judgment of conviction was reversed or vacated, all appeals relating thereto have been concluded and the individual will not be retried, or, if a retrial has occurred, the trier of fact has rendered a verdict of complete acquittal, and that expungement will not adversely affect the investigation or prosecution of some other person or persons for the crime. Nothing in this paragraph shall prevent a court, at an earlier time, from ordering expungement in the manner specified in this paragraph in the interests of justice, in response to an application made on notice to the district attorney by the person who provided such DNA sample. If an order directing the expungement of any DNA record and any samples, analyses or other documents relating to the DNA testing of such individual is issued, such record and any samples, analyses, or other documents shall, at the discretion of the possessor thereof, be destroyed or returned to such individual or to the attorney who represented him or her in connection with the application for the order of expungement. The person destroying or returning such record, samples, analyses and other documents shall maintain a record certifying the date, time and manner of destruction or return and identifying the person or persons destroying or returning same. The person destroying or returning same shall send a copy of this record to the person who submitted the sample or to the attorney who represented him or her in connection with the application for the order of expungement.

(c) (i) Except as provided in paragraph (d) of this subdivision, if an individual has provided a sample for DNA testing in connection with the investigation or prosecution of a crime, other than in response to a demand authorized pursuant to subdivisions one, two and three of this section, or if a sample for DNA testing has otherwise come into the custody or possession of a law enforcement agency or an agent thereof, and the DNA profile derived from such sample does not match a DNA profile derived from crime scene evidence developed in connection with the investigation or prosecution of a criminal act or acts, every record, sample, analysis and other document relating to the DNA testing of such sample shall, at the discretion of the possessor thereof, be

1 either returned to the individual who provided such sample, destroyed or
2 maintained for the duration of the investigation, prosecution or adjudi-
3 cation of such criminal acts exclusively for use with respect to the
4 investigation, prosecution and/or adjudication of the criminal charges
5 for which such sample was obtained or with respect to any other criminal
6 acts which the investigating agency has reason to believe may be linked
7 to such sample; provided, however, that no later than five years after
8 such sample is obtained or when the investigation or prosecution of such
9 crime has concluded, whichever first occurs, such records, samples,
10 analyses and other documents shall, at the discretion of the possessor
11 thereof, be returned to such individual or destroyed, or sealed in a
12 manner consistent with paragraph (c) and subparagraph (ii), (iv) or (v)
13 of paragraph (d) of subdivision one of section 160.55 of the criminal
14 procedure law.

15 (ii) The person returning, destroying or sealing such record, samples,
16 analyses or other documents in accordance with this paragraph shall
17 maintain a record certifying the date and manner of such return,
18 destruction or sealing and identifying the person or persons returning,
19 destroying or sealing same. The person returning, destroying or sealing
20 same shall send a copy of this record to the person who submitted the
21 sample.

22 (iii) This paragraph shall supplement and not supplant any applicable
23 provision of paragraph (b) of this subdivision. This paragraph shall not
24 apply to DNA records, samples, analyses and other documents obtained
25 from the forensic examination of crime scene evidence, where the DNA
26 profile developed from such crime scene evidence does not match the DNA
27 profile of a known person.

28 (d) Notwithstanding the provisions of paragraphs (a), (b) and (c) of
29 this subdivision, a DNA record which was obtained from a sample provided
30 pursuant to paragraph (a) or (b) of this subdivision prior to the effec-
31 tive date of this paragraph need not be destroyed, returned or sealed,
32 and may be included in the state DNA identification index established
33 pursuant to this article, when, as of the effective date of this para-
34 graph, the person who provided such sample stands convicted of a felony
35 or misdemeanor defined in section nine hundred ninety-five of this arti-
36 cle. All laws governing DNA records included in the state DNA identifi-
37 cation index shall apply to any DNA record included in the state DNA
38 identification index pursuant to this paragraph.

39 § 13. Section 995-d of the executive law is amended by adding two new
40 subdivisions 3 and 4 to read as follows:

41 3. In accordance with the provisions of this subdivision, any individ-
42 ual DNA profile obtained or maintained by a state, county or local law
43 enforcement agency, or an agent thereof, from a biological sample
44 submitted in the manner described in paragraph (b) or (c) of subdivision
45 nine of section nine hundred ninety-five-c of this article, may be
46 compared individually or via computerized database to one or more DNA
47 profiles maintained pursuant to or in accordance with subdivisions one,
48 two and three of section nine hundred ninety-five-c of this article,
49 and/or may be individually compared by such state, county or local law
50 enforcement agency, or an agent thereof, to one or more DNA profiles
51 developed from the forensic examination of crime scenes in one or more
52 cases under investigation.

53 (a) If such individual DNA profile matches the DNA profile developed
54 from the forensic examination of one or more crime scenes in one or more
55 cases under investigation, and/or one or more DNA profiles maintained
56 pursuant to subdivisions one, two and three of section nine hundred

1 ninety-five-c of this article, such individual DNA profile, together
2 with the biological material from which such individual DNA profile was
3 developed, may, as appropriate pursuant to applicable laws and rules of
4 evidence and consistent with this article, be used in connection with
5 the investigation, prosecution and/or adjudication of such person.

6 (b) If such individual DNA profile does not match the DNA profile
7 developed from forensic examination of one or more crime scenes in one
8 or more cases under investigation, and/or one or more DNA profiles main-
9 tained pursuant to subdivisions one, two and three of section nine
10 hundred ninety-five-c of this article, such individual DNA profile,
11 together with the biological material from which such individual DNA
12 profile was developed, shall be dealt with in accordance with paragraph
13 (c) of subdivision nine of section nine hundred ninety-five-c of this
14 article.

15 4. (a) Except where the demand is pursuant to a court order or warrant
16 or pursuant to subdivision three of section nine hundred ninety-five-c
17 of this article, prior to requesting a biological sample from an indi-
18 vidual that will be used for DNA testing, the police department, law
19 enforcement agency, or agent thereof requesting such sample shall obtain
20 written informed consent from such individual consisting of written
21 authorization in plain language that is dated and signed and includes at
22 least the following: (1) a general description of the test; (2) a state-
23 ment that the DNA sample of the subject may initially be compared
24 against any crime scene evidence or database of crime scene evidence and
25 a description of whether, in the event such subject sample does not
26 match a DNA profile derived from any such crime scene evidence, such
27 subject sample will thereafter be returned, destroyed or retained. In
28 the event the agent requesting such sample may retain such sample, such
29 statement shall describe the circumstances under which such sample may
30 thereafter be lawfully used; (3) the name of the person or specific
31 categories of persons or organizations to whom the test results may be
32 disclosed; (4) a statement that no tests other than those authorized
33 shall be performed on the biological sample; and (5) a summary of the
34 information set forth in paragraphs (b) and (c) of subdivision nine of
35 section nine hundred ninety-five-c of this article.

37 and of itself affect the admissibility of evidence or otherwise affect
38 any conviction or criminal prosecution.

39 § 14. Section 340.20 of the criminal procedure law is amended by
40 adding a new subdivision 5 to read as follows:

41 5. Prior to accepting a defendant's plea of guilty to a count or
42 counts of an information charging a misdemeanor, as defined in paragraph
43 (a) of subdivision two of section 55.10 of the penal law and included in
44 the definition of designated offender pursuant to subdivision seven of
45 section nine hundred ninety-five of the executive law, the court shall
46 advise the defendant that upon the conviction for such misdemeanor he or
47 she will be required to provide a sample appropriate for DNA testing for
48 inclusion in the state DNA identification index pursuant to article
49 forty-nine-B of the executive law. The court shall affirm on the record
50 or in writing that the defendant has been given the notice required by
51 this subdivision. The failure of a court to advise the defendant pursu-
52 ant to this subdivision or to otherwise comply with the provisions of
53 this subdivision shall not be deemed to affect the voluntariness of a
54 plea of guilty or the validity of a conviction.

55 § 15. Subdivision 1-a of section 440.30 of the criminal procedure law
56 is amended by adding a new paragraph (d) to read as follows:

(d) In conjunction with the filing of a motion under this subdivision, the court may direct the state to provide the movant with information, including documents, notes, logs or reports, relating to any physical items collected in connection with the case, where it is likely any such physical items, if subjected to DNA testing, would yield DNA information that meets the standard set forth in paragraph (a) of this subdivision. The court may direct the state to provide other reasonable assistance to the movant in locating any such records or items of physical evidence which may have been lost or destroyed. The court may also direct the people to take reasonable measures to attempt to locate any such records or physical items that may be in government custody and/or assist the movant in locating any such records or physical items that may be in the custody of a public or private hospital, laboratory or other facility. The court shall deny a request for assistance brought under this paragraph if the court determines that such request for assistance is frivolous, abusive or inappropriate.

§ 16. The state finance law is amended by adding a new section 97-ssss to read as follows:

§ 97-ssss. Assistance to police and crime laboratories: DNA evidence fund. 1. There is hereby created in the custody of the state comptroller a special fund to be known as the "assistance to police and crime laboratories: DNA evidence fund".

2. Such fund shall consist of all monies appropriated for the purpose of such fund, all other monies credited or transferred to such fund pursuant to law, all monies required by the provisions of this section or any other law to be paid into or credited to such account, and all monies received by the account or donated to it.

3. Monies of such fund shall be available for appropriation and allocation to the division of state police, to local police agencies, and to forensic DNA laboratories in this state, as defined in subdivision two of section nine hundred ninety-five of the executive law, to assist such entities in effectively collecting, testing and analyzing forensic DNA crime scene evidence pursuant to article forty-nine-B of the executive law. Fifty percent of such funds shall be made available for appropriation or allocation by the commissioner of criminal justice services for the purpose of funding an innocence research project program in this state.

4. Monies of such fund shall be paid out on the audit and warrant of the comptroller on vouchers certified or approved by the commissioner of criminal justice services.

§ 17. Innocence research project program. 1. There is hereby established in this state an innocence research project program. Funding shall be made available for the purposes of such program to up to three not-for-profit organizations by the commissioner of criminal justice services pursuant to subdivisions 3 and 4 of section 97-ssss of the state finance law.

2. The innocence research project program shall review and study cases in which there appears to be a reasonable possibility that a person charged with or convicted of a crime in this state may be innocent of the crime or crimes charged. Such program may provide legal and other expert assistance, and may also provide relevant training, including but not limited to training in the use of DNA evidence for forensic identification purposes, to attorneys engaged in the defense of criminal cases.

3. Each not-for-profit organization receiving funding for such program shall file an annual report with the commissioner of criminal justice

1 services summarizing the activities of the program during the previous
2 year. Such report shall be filed within one year after such organization
3 first receives funding under such program, and annually thereafter for
4 so long as the program receives such funding.

5 4. Before providing assistance to any individual believed to be actu-
6 ally innocent of the crime or crimes charged, the organization-based
7 coordinator of such program shall determine whether such individual is
8 financially able to pay for the proposed services or assistance to be
9 provided. If such individual is able to financially afford to pay for
10 such services or assistance, such coordinator shall request and receive
11 such payment or payments on behalf of the program from such individual.
12 All monies received from individuals pursuant to this subdivision shall
13 be promptly forwarded by such coordinator to the state comptroller, for
14 deposit into the "assistance to police and crime laboratories: DNA
15 evidence fund" established pursuant to section 97-ssss of the state
16 finance law.

17 § 18. The criminal procedure law is amended by adding a new section
18 60.49 to read as follows:

19 § 60.49 Rules of evidence; electronic recording of statements of defend-
20 ants.

21 1. Definitions. As used in this section:

22 (a) "Electronic recording" means a contemporaneous video and audio
23 recording, or where video recording is impracticable, a contemporaneous
24 audio recording.

25 (b) "Custodial interrogation" means any interrogation which is
26 conducted in a place of detention and during which a reasonable person
27 in the subject's position would consider himself or herself to be in
28 custody.

29 (c) "Place of detention" means a police station, correctional facili-
30 ty, holding facility for prisoners, or other government facility where
31 persons are held in detention in connection with criminal charges which
32 have been or may be filed against them.

33 2. During the prosecution of a felony, an oral, written, or sign
34 language statement of a defendant made during a custodial interrogation
35 shall be presumed inadmissible as evidence against a defendant in a
36 criminal proceeding unless an electronic recording is made of the custo-
37 dial interrogation in its entirety and the recording is substantially
38 accurate and not intentionally altered.

39 3. If the court finds that the defendant was subjected to a custodial
40 interrogation in violation of subdivision two of this section, then any
41 statements made by the defendant following that custodial interrogation,
42 even if otherwise in compliance with this section, are also presumed
43 inadmissible.

44 4. The people may rebut a presumption of inadmissibility through clear
45 and convincing evidence that the statement was both voluntary and reli-
46 able and:

47 (a) exigent circumstances existed necessitating interrogation at a
48 place in a location other than a police station, correctional facility,
49 or holding facility for prisoners and where the requisite recording
50 equipment was not readily available;

51 (b) the accused refused to have his or her interrogation electron-
52 ically recorded, and the refusal itself was electronically recorded; or

53 (c) the failure to electronically record an entire interrogation was
54 the result of equipment failure and obtaining replacement equipment was
55 not feasible.

56 5. Nothing in this section precludes the admission of:

1 (a) a statement made by the accused in open court at his or her trial,
2 before grand jury, or at a preliminary hearing;

3 (b) a spontaneous statement that is not made in response to interro-
4 gation;

5 (c) a statement made after questioning that is routinely asked during
6 the processing of the arrest of the suspect;

7 (d) a statement made during a custodial interrogation that is
8 conducted out-of-state;

9 (e) a statement obtained by a federal law enforcement officer in a
10 federal place of detention;

11 (f) a statement given at a time when the interrogators are unaware
12 that a felony has in fact occurred; or

13 (g) a statement, otherwise inadmissible under this section, that is
14 used only for impeachment and not as substantive evidence.

15 6. The people shall not destroy or alter any electronic recording made
16 of a custodial interrogation until such time as the defendant's
17 conviction for any offense relating to the interrogation is final and
18 all direct and habeas corpus appeals are exhausted, or the prosecution
19 of that offense is barred by law.

20 § 19. Subdivision 7 of section 995 of the executive law, as amended by
21 chapter 19 of the laws of 2012, is amended to read as follows:

29 misdemeanor defined in the penal law or a felony defined in the penal
30 law, or a person who is required to register as a sex offender pursuant
31 to article six-C of the correction law.

33 (a) sections eleven, twelve and thirteen of this act shall take effect
34 on the one hundred twentieth day after it shall have become a law;

35 (b) the amendments to section 340.20 of the criminal procedure law
36 made by section fourteen of this act shall apply to pleas of guilty to a

43 committed on or after the effective date of this act, as well as to
