2019-2020 Regular Sessions

IN SENATE

(Prefiled)

January 9, 2019

Introduced by Sen. HOYLMAN -- read twice and ordered printed, and when printed to be committed to the Committee on Consumer Protection

AN ACT to amend the general business law, in relation to restricting the disclosure of personal information by businesses

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. This act shall be known and may be cited as the "right to
2 know act of 2019".

3 § 2. The legislature hereby finds and declares that the right to
4 privacy is a personal and fundamental right protected by the United
5 States Constitution. All individuals have a right of privacy in informa-
6 tion pertaining to them.

7 This state recognizes the importance of providing consumers with tran-
8 sparency about how their personal information has been shared by busi-
9 nesses. For free market forces to have a role in shaping the privacy
10 practices and for "opt-in" and "opt-out" remedies to be effective,
11 consumers must be more than vaguely informed that a business might share
12 personal information with third parties. Consumers must be better
13 informed about what kinds of personal information are purchased by busi-
14 nesses for direct marketing purposes. With these specifics, consumers
15 can knowledgeably choose to opt-in or opt-out or choose among businesses
16 that disclose information to third parties for direct marketing purposes
17 on the basis of how protective the business is of consumers' privacy.

18 Businesses are now collecting personal information and sharing and
19 selling it in ways not contemplated or properly covered by the current
20 law. Some web sites are installing up to one hundred tracking tools when
21 consumers visit web pages and sending very personal information such as
22 age, gender, race, income, health concerns, and recent purchases to
23 third-party advertising and marketing companies. Third-party data broker
24 companies are buying, selling, and trading personal information obtained

1 from mobile phones, financial institutions, social media sites, and
2 other online and brick and mortar companies.

3 Some mobile applications are sharing personal information, such as
4 location information, unique phone identification numbers, and age,
5 gender, and other personal details with third-party companies.

6 Consumers need to know the ways that their personal information is
7 being collected by companies and then shared or sold to third parties in
8 order to properly protect their privacy, personal safety, and financial
9 security.

10 § 3. The article heading of article 39-F of the general business law,
11 as added by chapter 442 of the laws of 2005, is amended to read as
12 follows:

13 ~~[NOTIFICATION OF UNAUTHORIZED]~~ ACQUISITION AND USE
14 OF PRIVATE INFORMATION

15 § 4. The general business law is amended by adding a new section 899-
16 bb to read as follows:
