1 and shall retire upon the attainment of the mandatory retirement age
2 prescribed by this section, by filing an application therefor in a
3 manner similar to that provided in section three hundred seventy of this
4 article.

5 1. Upon completion of twenty years of such service and upon retire-
6 ment, each such member shall receive a pension which, together with an
7 annuity for such years of service as provided in paragraph four of this
8 subdivision, shall be sufficient to provide him with a retirement allow-
9 ance of one-half of his final average salary.

10 2. Upon completion of more than twenty years of such service and upon
11 retirement, each such member shall receive, for each year of service in
12 excess of twenty, an additional pension which, together with an annuity
13 for each such year as provided in paragraph four of this subdivision,
14 shall be equal to one-sixtieth of his final average salary, provided,
15 however, that the pension payable pursuant to this section shall not
16 exceed three-quarters of final average salary.

17 3. Upon attainment of the mandatory retirement age without completion

26 article. This latter pension shall not increase the total allowance to
27 more than one-half of his final average salary.

28 4. The annuity provided under paragraphs one, two and three of this
29 subdivision shall be the actuarial equivalent, at the time of retire-
30 ment, of the member's accumulated contributions based upon the rate of
31 contribution fixed under section three hundred eighty-three of this
32 title and upon the salaries earned while in such service. Such annuity
33 shall be computed as it would be if it were not reduced by the actuarial
34 equivalent of any outstanding loan nor by reason of the member's
35 election to decrease his contributions toward retirement in order to
36 apply the resulting amount toward payment of contributions for old age
37 and survivor's insurance. Any accumulated contributions in excess of the
38 amount required to provide the annuity computed pursuant to this para-
39 graph shall be used to increase the member's retirement allowance.

40 c. Credit for previous service. In computing the years of total cred-
41 itable service for each member described herein, full credit shall be
42 given and full allowance shall be made for service rendered as a police
43 officer or state university peace officer or member of a police force or
44 department of a state park authority or commission or an organized
45 police force or department of a county, city, town, village, police
46 district, authority or other participating employer or member of the
47 capital police force in the office of general services while a member of
48 the New York state and local police and fire retirement system, of the
49 New York state and local employees' retirement system or of the New York
50 city police pension fund and for all service for which full credit has
51 been given and full allowance made pursuant to the provisions of section
52 three hundred seventy-five-h of this article provided, however, that
53 full credit pursuant to the provisions of such section shall mean only
54 such service as would be creditable service pursuant to the provisions
55 of section three hundred eighty-three, three hundred eighty-three-a,
56 three hundred eighty-three-b, as added by chapter six hundred seventy-

four of the laws of nineteen hundred eighty-six, three hundred eighty-three-b, as added by chapter six hundred seventy-seven of the laws of nineteen hundred eighty-six, three hundred eighty-three-c or three hundred eighty-three-d of this title or pursuant to the provisions of title thirteen of the administrative code of the city of New York for any member contributing pursuant to this section who transferred to the jurisdiction of the department of environmental conservation including but not limited to environmental conservation officers and forest rangers, regional state park police or state university of New York peace officers.

d. Retirement for cause. Upon receipt of a certificate from the head of the entity where such member is employed or his or her designee, a member as described in subdivision a of this section, who has accrued twenty-five or more years of service credit under this section shall be retired on the first day of the second month next succeeding the date such certificate was filed with the comptroller.

e. Credit for military service. In computing the years of total creditable service full credit shall be given and full allowance shall be made for service of such member in war after world war I as defined in section three hundred two of this article, provided such member at the time of his or her entrance into the armed forces was in police service as defined in subdivision eleven of section three hundred two of this article.

f. Transfer of membership to employees' retirement system. Any member currently enrolled pursuant to this section and who previously transferred service credit from the New York state and local employees' retirement system to the New York state and local police and fire retirement system, may elect to transfer such previously transferred service credit back to the New York state and local employees' retirement system, and such member shall have the option to retroactively transfer his or her membership into such employees' retirement system.

g. The provisions of this section shall be controlling, notwithstanding any provision of this article to the contrary.

§ 2. All past service costs associated with implementing the provisions of this act shall be borne by the state of New York and may be amortized over a period of ten years.

§ 3. This act shall take effect on the sixtieth day after it shall have become a law.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill will allow any non-seasonally appointed sworn member or officer of the division of law enforcement in the department of environmental conservation, a police officer in the department of environmental conservation, a forest ranger in the department of environmental conservation, a regional state park police officer or a university police officer to become covered by the provisions of a special 20 year retirement plan, which will provide a benefit of one-half of final average salary upon retirement, and an additional benefit of one-sixtieth of final average salary for each year of creditable service in excess of 20 years, not to exceed 12 such years.

If this bill is enacted, there will be an increase in the annual contributions of the state of New York of approximately \$3.1 million for the fiscal year ending March 31, 2020.

In addition to the annual contributions discussed above, there will be an immediate past service cost to the state of New York of approximately \$38.0 million. This estimate is based on the assumption that payment will be made on March 1, 2020. If the State of New York elects to amor-

tize this cost over a 10-year period, the cost for the first year would be \$5.1 million.

This estimate is based on 1,220 affected officers, with an estimated annual salary of approximately \$98 million for the fiscal year ending March 31, 2018.
