the municipality or in the area in proximity to the site selected or a combination of such facilities with other community residences or simi-3 lar facilities licensed by other agencies of state government, including all community residences, intermediate care facilities, residential care facilities for adults and residential treatment facilities for individuals with mental illness or developmental disabilities operated pursuant 7 to article sixteen or article thirty-one of this chapter and all similar residential facilities of fourteen or less residents operated or 9 licensed by another state agency, that the nature and character of the 10 areas within the municipality would be substantially altered.

Such response shall be forwarded to the sponsoring agency and the commissioner. If the municipality does not respond within [forty sixty days, the sponsoring agency may establish a community residence at site recommended in its notice.

- § 2. Paragraph 5 of subdivision (c) of section 41.34 of the mental hygiene law, as amended by chapter 37 of the laws of 2011, is amended to read as follows:
- (5) In the event the municipality objects to establishment of a facility in the municipality because to do so would result in such a concentration of community residential facilities for persons with mental disabilities or combination of such facilities and other facilities licensed by other state agencies that the nature and character of areas within the municipality would be substantially altered; or the sponsoring agency objects to the establishment of a facility in the area or areas suggested by the municipality; or in the event that the municipality and sponsoring agency cannot agree upon a site, either the sponsoring agency or the municipality may request an immediate hearing before the commissioner to resolve the issue. The commissioner shall personally or by a hearing officer conduct such a hearing within fifteen days of such a request. Each hearing shall include an evaluation of and recommendations regarding each alternative site suggested by the sponsoring agency or municipality.

In reviewing any such objections, the need for such facilities in the municipality shall be considered as shall the existing concentration of such facilities and other similar facilities licensed by other state agencies in the municipality or in the area in proximity to the site selected and any other facilities in the municipality or in the area in proximity to the site selected providing residential services to a significant number of persons who have formerly received in-patient mental health services in facilities of the office of mental health or the office for people with developmental disabilities. The commissioner shall sustain the objection if he determines that the nature and character of the area in which the facility is to be based would be substantially altered as a result of establishment of the facility. The commissioner shall make a determination within thirty days of the hearing.

This act shall take effect on the thirtieth day after it shall 47 have become a law.
