FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would add Section 805-a to the Retirement and Social Security Law and Section 506-a to the Education Law to require the Retirement Board of the New York State Teachers' Retirement System (NYSTRS) to make a copy of minutes of any official meeting and records of other official actions electronically available on NYSTRS's website. Such meeting minutes and records of official actions made electronically available on NYSTRS's website will be subject to the provisions of Article 7 of the Public Officers Law.

The annual cost to the employers of members of the New York State Teachers' Retirement System is estimated to be negligible if this bill is enacted.

Member data is from the System's most recent actuarial valuation files, consisting of data provided by the employers to the Retirement System. Data distributions and statistics can be found in the System's Comprehensive Annual Financial Report (CAFR). System assets are as reported in the System's financial statements, and can also be found in the CAFR. Actuarial assumptions and methods are provided in the System's Actuarial Valuation Report.

The source of this estimate is Fiscal Note 2020-16 dated March 2, 2020 prepared by the Actuary of the New York State Teachers' Retirement

System and is intended for use only during the 2020 Legislative Session. I, Richard A. Young, am the Actuary for the New York State Teachers' Retirement System. I am a member of the American Academy of Actuaries and I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein.

SUMMARY OF BILL: This proposed legislation, as it relates to the New York City Pension Funds and Retirement Systems (NYCRS), would require applicable public retirement systems within the State to post public portions of Board of Trustees' meeting minutes on their respective websites.

EFFECTIVE DATE: Effective on the 60th day following enactment.

BACKGROUND: Currently, public portions of Board of Trustees meetings are generally publicly webcasted, but written meeting minutes are generally only available via request.

The proposed legislation provides that it shall be the policy of all NYCRS Boards of Trustees to post public portions of Board meetings on their respective websites. It thereafter specifically makes the posting a requirement, to the extent practicable, only for the New York City Employees' Retirement System, the Teachers' Retirement System of the City of New York, the New York City Police Pension Fund, and the New York City Fire Pension Fund. For purposes of this Fiscal Note, it has been assumed that the policy of publicly posting minutes would also apply to the New York City Board of Education Retirement System.

IMPACT ON BENEFITS: If enacted, this proposed legislation would have no impact on benefits paid to members.

FINANCIAL IMPACT - ANNUAL EMPLOYER CONTRIBUTIONS: The Employer Contribution for a fiscal year includes the amount of administrative expenses paid during the second prior fiscal year adjusted with interest to the current date. If enacted, this proposed legislation would increase the amount of administrative expenses and therefore, increase the annual Employer Contribution.

FINANCIAL IMPACT - SUMMARY: It is estimated, based on information provided by certain NYCRS and the Office of the Actuary's experience with Board of Trustees meetings and minutes of such meetings, that if this proposed legislation is passed, the increase in administrative expenses paid from NYCRS, and therefore, the increase in the Employer Contribution, would be de minimis.

ACTUARIAL ASSUMPTIONS AND METHODS: The interest rate for adjusting the administrative expenses from the date paid out of NYCRS to the date the Employer Contribution is received is 7%.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the realization of the actuarial assumptions used, as well as certain demographic characteristics of NYCRS and other exogenous factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Costs are also dependent on the actuarial methods used, and therefore different actuarial methods could produce different results. Quantifying these risks is beyond the scope of this Fiscal Note.

STATEMENT OF ACTUARIAL OPINION: I, Sherry S. Chan, am the Chief Actuary for, and independent of, the New York City Retirement Systems and Pension Funds. I am a Fellow of the Society of Actuaries, an Enrolled Actuary under the Employee Retirement Income and Security Act of 1974, a Member of the American Academy of Actuaries, and a Fellow of the Conference of Consulting Actuaries. I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained

herein. To the best of my knowledge, the results contained herein have been prepared in accordance with generally accepted actuarial principles and procedures and with the Actuarial Standards of Practice issued by the Actuarial Standards Board.

FISCAL NOTE IDENTIFICATION: This Fiscal Note 2020-24 dated April 2, 2020 was prepared by the Chief Actuary for the five New York City Retirement Systems and Pension Funds. This estimate is intended for use only during the 2020 Legislative Session.
