32 shall annually prepare a language assistance plan which shall contain,

41 determine, upon enrollment or within thirty days of enrollment, the  
42 primary language spoken by the parents or guardians of each student  
43 enrolled in a public school within such district and whether, if such

24 that provide notification of an upcoming event that concerns their  
25 child's education.

26 2. With respect to any document that the school district produces for  
27 distribution to all or substantially all parents and guardians of  
28 students in such school district and that it does not distribute to all  
29 parents or guardians in the primary language of such parents or guardi-  
30 ans, as determined by the school district pursuant to section thirty-  
31 three hundred thirty-two of this article, and which document concerns  
32 discipline or students' health, safety, right to attend school or any  
33 other legal right granted to students or to the parents or guardians by  
34 local, city, state or federal law, the school district shall provide  
35 either a cover letter or a statement on the face of such document, indi-  
36 cating in each covered language how to obtain a free translation or  
37 interpretation of such document from the school district.

38 3. With respect to any document not prepared for broad distribution

46 covered language, or shall provide either a cover letter or a statement  
47 on the face of the document, indicating in the appropriate covered

49 document from the school district.

50 4. Each school district shall provide a mechanism by which its public  
51 school employees can fax documents of a reasonable length to a person or  
52 service and receive back a translation of such documents in accordance  
53 with the sender's instructions. Such mechanism shall be designed such  
54 that, under ordinary circumstances, a principal or teacher can obtain a  
55 translation of a single-page note or letter within twenty-four hours or  
56 by the conclusion of the next business day, whichever is later.

1     § 3335. Notice to parents and guardians. 1. Each school district shall  
2 prepare in each of the covered languages a short, concise document  
3 setting forth the rights of parents and guardians with respect to trans-  
4 lation and interpretation services as required by this article and by  
5 any other applicable law, rule or regulation, and explaining how to  
6 obtain such services. Such document shall be provided, in the appropri-  
7 ate covered language, if any, to each parent or guardian who, as deter-  
8 mined by the local school district pursuant to section thirty-three  
9 hundred thirty-two of this article, requires language assistance  
10 services. Copies of such document in each covered language shall be  
11 placed in each public school or office to which the public has access in  
12 sufficient quantity that it can be provided to any member of the public  
13 who enters such school or office and requires language assistance  
14 services.

15     2. A sign written in each of the covered languages shall be displayed  
16 in a conspicuous location in each public school, school district office  
17 or other departmental office building to which the public has access,  
18 indicating the availability and location in such school or building of  
19 the document required pursuant to subdivision one of this section.

20     3. In the event that the school district determines that ten percent  
21 or more of the parents or guardians of the students attending any indi-  
22 vidual school speak a primary language that is not a covered language,  
23 then at such individual school, the document and sign required by this  
24 section shall be prepared and made available at such school in such  
25 other language in addition to the covered languages.

26     § 3336. Certification of translation. In the school district's  
27 discretion, it may satisfy the translation requirements of this article  
28 with respect to any document concerning a student's education that must  
29 be completed with information provided by a parent or guardian whose  
30 primary language, as determined by the school district pursuant to  
31 section thirty-three hundred thirty-two of this article, is not the  
32 language in which the document is printed, if such document is completed  
33 by either a parent or guardian or by a school district employee, and  
34 signed by the parent or guardian, provided that such school district  
35 employee certifies on the face of such document or upon an attached  
36 document, in such form and manner as determined by the school district,  
37 that such employee provided or secured interpretation or translation  
38 services for each parent or guardian signing the document, the employee  
39 believes that each such person understood the purpose of the document  
40 and the information being provided in the document and conveyed in the  
41 interpretation or translation and each such person received a copy of  
42 such document and such certification.

43     § 3337. Department of education website. The department shall create a  
44 special website which shall contain, on its homepage and on such other  
45 web pages as the department shall determine is appropriate, information  
46 in each of the covered languages sufficient to direct any user whose  
47 primary language is a covered language other than English to a resource  
48 on the department's website that contains an explanation of the rights  
49 of parents and guardians to translation and interpretation services as  
50 required by this article and by any other applicable law, rule or regu-  
51 lation, and explaining how to obtain such services.

52     § 3338. Reporting. 1. Except as provided in subdivision two of this  
53 section, each school district shall report annually to the local board  
54 of education on or before the first day of December of each year, begin-  
55 ning in December, two thousand twenty, the number of parents or guardi-  
56 ans who had children in the public school system during the immediately

1. Preclude a parent or guardian from having an adult volunteer, a relative sixteen years of age or older, a spouse or a domestic partner provide translation or interpretation services for such individual.

2. Be construed as preventing the school district from complying with any provision of state or federal law concerning translation or interpretation.

3. Be construed as prohibiting the school district from exceeding the mandates of this article, from relying upon the resources of other city, state or federal agencies, or from translating documents into, or providing interpretation services in, languages other than the covered languages.

4. Be construed as prohibiting the school district from utilizing BOCES as a designated agency to administer the program set forth in this article or as a source of financial aid for such program.

5. Require the school district to translate documents or provide interpretation for matters that do not concern a student's education, or that are prolix or are unintelligible.

6. Require the school district to translate or interpret legal documents not otherwise required to be translated by this chapter, including, but not limited to, legal documents generated by or for use in a proceeding not held by the school district, except to provide upon request a general explanation of the nature of such documents if such documents concern the public education of the parent's or guardian's child.

§ 3. Severability clause. If any clause, sentence, paragraph, subdivision, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part thereof directly involved in the controversy in which such judgment shall have been rendered.
