36 1. On or before March first, two thousand twenty, a producer or a

39 shall minimize the public sector involvement in the management of post-
40 consumer paint by reducing the generation of post-consumer paint, nego-

48 permittees, post-consumer paint using environmentally sound management
49 practices.

50 2. The program shall provide for convenient and available state-wide
51 collection of post-consumer paint that, at a minimum, provides at least
52 one permanent collection site located within a fifteen mile radius of
53 all "incorporated cities" and "census-designated places" in the state;
54 and one additional permanent collection site for every thirty thousand
55 people located in those areas, unless otherwise approved by the depart-
56 ment. Where a permanent collection site cannot be located within a

1 fifteen mile radius of an incorporated city or census-designated place,
2 the program shall provide for at least one collection event annually.
3 The program shall not charge a fee to the consumer at the time of
4 collection of post-consumer architectural paint.

5 3. The plan submitted to the department pursuant to this section
6 shall:

7 (a) identify each producer participating in the paint stewardship
8 program and the brands of architectural paint sold in the state covered
9 by the program;

10 (b) identify how the producer or representative organization will
11 provide convenient, statewide accessibility to the program;

12 (c) set forth the process by which an independent auditor will be
13 selected and identify the criteria used by the producer or represen-
14 tative organization in selecting an independent auditor;

15 (d) identify, in detail, the educational and outreach program that
16 will be implemented to inform consumers and retailers of the program and
17 how to participate;

18 (e) identify, in detail, the operational plans for interacting with
19 retailers on the proper handling and management of post-consumer paint;

20 (f) include the proposed, audited paint assessment as identified in
21 this section and the criteria upon which the assessment is based;

22 (g) include the targeted annual collection rate;

23 (h) include a description of the intended treatment, storage, trans-
24 portation and disposal options and methods for the collected post-con-
25 sumer paint; and

26 (i) be accompanied by a fee in the amount of five thousand dollars for
27 each producer, or ten thousand dollars for each product stewardship

31 4. The commissioner shall approve or reject a plan submitted under
32 this section within ninety days of submission and, if rejected, inform
33 the producer or representative organization in writing as to any defi-
34 ciencies in said plan. A producer or representative organization shall
35 amend and resubmit any rejected plans for reconsideration within sixty
36 days of notification of the rejection of said plan. The commissioner
37 shall approve or reject said plan within thirty days of resubmission. A
38 plan shall be approved by the commissioner if it meets the required
39 elements under subdivision three of this section.

40 5. Not later than three months after the date the plan is approved,
41 the representative organization shall implement the paint stewardship
42 program.

43 6. On or before March first, two thousand twenty, the proposed uniform
44 paint stewardship assessment for all architectural paint sold in the
45 state shall be reviewed by an independent auditor to assure that the
46 assessment is consistent with the budget of the paint stewardship
47 program described in this section and the independent auditor shall
48 recommend an amount for the paint stewardship assessment to the depart-
49 ment. The department shall approve the paint stewardship assessment

53 stewardship assessment previously approved by the department pursuant to
54 this section is proposed to be changed, the producer or representative
55 organization shall submit the new, adjusted uniform paint stewardship
56 assessment to an independent auditor for review. After such review has

1 been completed, the producer or representative organization shall submit
2 the results of said auditor's review and a proposal to amend the paint
3 stewardship assessment to the department for review. The department
4 shall review and approve, in writing, the adjusted paint stewardship
5 assessment before the new assessment can be implemented. Any proposed
6 changes to the paint stewardship assessment shall be submitted to the
7 department no later than sixty days prior to the date the producer or
8 representative organization anticipates the adjusted assessment to take
9 effect.

10 7. On and after the date of implementation of the paint stewardship
11 program pursuant to this section, the paint stewardship assessment shall
12 be added to the cost of all architectural paint sold to retailers and
13 distributors in the state by each producer. On and after such implemen-
14 tation date, each retailer or distributor, as applicable, shall add the
15 amount of such paint stewardship assessment to the purchase price of all
16 architectural paint sold in the state.

17 8. Any retailer may participate, on a voluntary basis, as a paint
18 collection point pursuant to such paint stewardship program and in
19 accordance with any applicable provision of law or regulation.

20 9. Each producer and the representative organization shall be immune
21 from liability for any claim of a violation of antitrust law or unfair
22 trade practice if such conduct is a violation of antitrust law, to the
23 extent such producer or representative organization is exercising
24 authority pursuant to the provisions of this section.

25 10. Not later than the implementation date of the paint stewardship
26 program, the department shall list the names of participating producers
27 and the brands of architectural paint covered by such paint stewardship
28 program on its website.

29 11. (a) On and after the implementation date of the paint stewardship
30 program, no producer, distributor or retailer shall sell or offer for
31 sale architectural paint to any person in the state if the producer of
32 such architectural paint is not a member of the representative organiza-
33 tion.

34 (b) No retailer or distributor shall be found to be in violation of
35 the provisions of this section if, on the date the architectural paint
36 was ordered from the producer or its agent, the producer or the subject
37 brand of architectural paint was listed on the department's website in
38 accordance with the provisions of this section.

39 (c) Notwithstanding any other provision of law, a retailer carrying
40 out duties or responsibilities imposed by this title shall incur no
41 civil liability or penalty of any sort unless it is determined by a
42 court of competent jurisdiction that such retailer has acted in a gross-
43 ly negligent manner in the transport or storage of paint and/or altering
44 the contents of a returned paint container.

45 12. Producers or the representative organization shall provide retail-
46 ers with educational materials regarding the paint stewardship assess-
47 ment and paint stewardship program to be distributed at the point of
48 sale to the consumer. Such materials shall include, but not be limited
49 to, information regarding available end-of-life management options for
50 architectural paint offered through the paint stewardship program and
51 information that notifies consumers that a charge for the operation of
52 such paint stewardship program is included in the purchase price of all
53 architectural paint sold in the state.

54 13. On or before October fifteenth, two thousand twenty-one, and annu-
55 ally thereafter, each operator of a program shall submit a report to the
56 commissioner that details the paint stewardship program for the prior

1 year's program from July first to June thirtieth. Said report shall
2 include a copy of the independent audit detailed in paragraph (d) of
3 this subdivision. Such annual report shall include:

4 (a) a detailed description of the methods used to collect, transport
5 and process post-consumer paint in the state including detailing
6 collection methods made available to consumers and an evaluation of the
7 program's collection convenience;

8 (b) the overall volume of post-consumer paint collected in the state;

9 (c) the volume and type of post-consumer paint collected in the state
10 by method of disposition, including reuse, recycling and other methods
11 of processing or disposal;

12 (d) the total cost of implementing the program, as determined by an
13 independent financial audit, as performed by an independent auditor;

14 (e) an evaluation of the adequacy of the program's funding mechanism;

15 (f) samples of all educational materials provided to consumers of
16 architectural paint and retailers;

17 (g) a detailed list of efforts undertaken and an evaluation of the
18 methods used to disseminate such materials including recommendations, if
19 any, for how the educational component of the program can be improved;
20 and

21 (h) the annual report shall be accompanied by a fee in the amount of
22 three thousand dollars to be deposited into the environmental regulatory
23 account, established pursuant to section 72-1009 of this chapter to
24 cover the review of said plan by the department.

25 14. The representative organization shall update the plan, as needed,
26 when there are changes proposed to the current program. A new plan or
27 amendment will be required to be submitted to the department for
28 approval when:

29 (a) there is a change to the amount of the assessment; or

30 (b) there is an addition to the products covered under the program; or

31 (c) there is a revision of the product stewardship organization's
32 goals; or

33 (d) every four years, if requested, in writing, by the department.

34 The operator of the paint stewardship program shall notify the depart-
35 ment annually, in writing, if there are no changes proposed to the
36 program and the producer or representative organization intends to
37 continue implementation of the program as previously approved by the
38 department.

39 § 27-2005. Regulations.

40 The department is hereby authorized to promulgate rules and regu-
41 lations as may be necessary to implement and carry out the provisions of
42 this title.
