ly, from a person served shall be a ground for his or her expulsion or suspension as a member of the fire department or fire company.

(b) Notwithstanding the provisions of paragraph (a) of this subdivision, a basic life support service which establishes a schedule of fees for service shall enter into a contract with a provider or providers of advanced life support services to provide such advanced life support services. Such contract shall at a minimum establish the fees for advanced life support services and the means by which said provider will be reimbursed when the ambulance service bills for emergency medical service.

(c) An emergency and general ambulance service, including emergency medical service as defined by this section which does not establish a schedule of fees for service, requesting an Advanced Life Support (ALS) intercept from another furnishing service in an area that is designated as a rural area by any law or regulation of the state or that is located in a rural census tract of a metropolitan statistical area (as determined under the most recent Goldsmith Modification) shall be subject to payment of an ALS Rural Intercept Fee to such furnishing service at rates negotiated between the providers of such services. In the absence of any agreed upon rates, the service receiving such intercept shall pay for such services at the usual and customary rate, which shall not be excessive or unreasonable. Nothing in this section shall restrict any ambulance providers from establishing mutually agreeable alternate fees for services provided to and/or for each respective ambulance service.
