AN ACT to amend the parks, recreation and historic preservation law, in relation to prohibiting the possession of concealed firearms in national parks and national wildlife refuge systems

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Legislative findings. The legislature hereby finds that the national parks and national wildlife refuge systems in the state are attractive places for citizens of all ages to safely enjoy the benefits of healthy and safe outdoor activity. Therefore, it is the purpose of the legislature to protect the health, safety and welfare of the public and prohibit the possession of a concealed firearm in all national parks and national wildlife refuge systems, except as specifically provided by law.

§ 2. The parks, recreation and historic preservation law is amended by adding a new section 13.32 to read as follows:

§ 13.32 Prohibition of concealed firearms in national parks and national wildlife refuge systems. 1. Except as provided in this section and otherwise specifically permitted in law, no person, other than a member of a federal, state or municipal law enforcement agency authorized to carry a concealed firearm, shall introduce or possess, either upon his or her person or within a vehicle or other place of storage, any concealed firearm in any national park or national wildlife refuge system.
