FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would amend Section 1000 of the Retirement and Social Security Law to give veterans who retired prior to May 31, 2017, a supplemental pension equal to their first \$15,000 of single life allowance together with any cost of living adjustment, multiplied by 3% per year for up to three (3) years of such service credit for military service that would have been eligible if the member retired on or after such date. The surviving spouse of such a retired veteran who chose a continued life benefit to the spouse shall receive half of what the deceased member would have received. There would not be any payment required by an affected retiree or surviving spouse for this supplemental pension. Such retiree may make application for the supplemental pension no later than December 31, 2020 and the payment of the benefit will begin with the next monthly pension payment payable at least 30 days after receipt of the application.

The exact number of retirees that could be affected by this legislation cannot be readily determined.

ERS Costs: Pursuant to Section 25 of the Retirement and Social Security Law, the increased cost to the New York State and Local Employees' Retirement System would be borne entirely by the State of New York and would require an itemized appropriation sufficient to pay the cost of the provision. Once a retiree applies for this benefit a cost will be generated, which will be billed to the State.

PFRS Costs: These costs would be shared by the State of New York and the participating employers in the PFRS.
