10 or in the case of a power during minority or of a power in trust, to the

16 § 2308. Commissions of trustees, donees of power during minority and
17 donees of powers in trust under wills of persons dying, or
18 under lifetime trusts created, on or before August 31, 1956

19 1. On the settlement of the account of any trustee or donee of power
20 in trust under the will of a person dying on or before August 31, 1956,
21 or under a lifetime trust established on or before August 31, 1956, the
22 court must allow him or her his or her reasonable and necessary expenses
23 actually paid by him or her and if he or she be an attorney of this
24 state and shall have rendered legal services in connection with his or
25 her official duties, such compensation for his or her legal services as
26 shall appear to the court to be just and reasonable and in addition
27 thereto it must allow to the trustee or to the donee of the power in
28 trust for his or her services as trustee or donee of the power in trust
29 the following commissions from trust principal or property subject to
30 the power in trust:

31 (a) For receiving principal or property subject to the power in trust
32 (1) all sums of money constituting principal or property subject to
33 the power in trust not exceeding \$2,000 at the rate of 3 per cent;

34 (2) all additional sums of principal or property subject to the power
35 in trust not exceeding \$10,000 at the rate of 1 1/2 per cent;

36 (3) all sums of principal or property subject to the power in trust
37 above \$12,000 at the rate of 1 1/4 per cent; and

38 (b) For paying out principal or property subject to the power in trust
39 at the rate of 1 per cent.

40 (c) Notwithstanding the provisions of section 8 of chapter 237 of the
41 laws of 1978, commissions provided by paragraph (a) of this subdivision
42 for receiving principal or property subject to the power in trust shall
43 not be allowed to a trustee or donee of a power in trust who qualifies
44 to act as such on or after June 5, 1978, and shall not be allowed on
45 additions of property received on or after June 5, 1978; such commis-
46 sions on any increments in property that are payable by reason of any
47 sale, exchange or liquidation of such property shall be allowed on the
48 lesser of (1) the amount of such increments on the date of sale,
49 exchange or liquidation of such property and (2) the amount of such
50 increments on June 5, 1978; and such commissions on any increments in
51 property that are payable by reason of any distribution of such property
52 shall be allowed on the lesser of (1) the amount of such increments on
53 the date of distribution of such property and (2) the amount of such
54 increments on the effective date of this paragraph.

2. In addition to the commission allowed by subdivision one a trustee or a donee of a power in trust shall be entitled to annual commissions at the following rates:

(a) \$10.50 per \$1,000 or major fraction thereof on the first \$400,000 of principal or property subject to the power in trust;

(b) \$4.50 per \$1,000 or major fraction thereof on the next \$600,000 of principal or property subject to the power in trust; and

(c) \$3.00 per \$1,000 or major fraction thereof on all additional principal or property subject to the power in trust.

Such annual commissions shall be computed either on the value of the principal of the trust or of the property subject to the power in trust at the end of the period for which the commissions are payable or, at the option of the trustee or of the donee of the power in trust, on the value of the principal of the trust or of the property subject to the power in trust at the beginning of such period, provided that the option elected by the trustee or of the donee of the power in trust for the first period for which such commissions are payable shall be used during the continuance of the trust or of the power in trust and shall be binding on any successor or substitute trustee or trustees or successor or substitute donees of the power in trust. In the case of a trust or power in trust which prior to January 1, 1994 computed annual commissions on the basis of a 12 month period (other than a calendar year), the trustee's or donee's prior election of such 12 month period shall be binding unless, prior to January 1, 1995, the trustee or donee makes a new election to compute annual commissions on the basis of a calendar year either on the value of the principal of the trust or of the property subject to the power in trust at the end of, or at the option of the trustee or donee of the power in trust at the beginning of, the calendar year for which the commissions were payable, which new election shall be used during the remaining continuance of the trust or of the power in trust and shall be binding on any successor or substitute trustee or trustees or donee or donees of the power in trust. The computation shall be made on the basis of a 12 month period but the amount so computed payable to a trustee or donee of a power in trust shall be proportionately reduced or increased for any payments made in partial distribution of the trust or of the property subject to the power in trust or receipt of any additional property into the trust or by the donee of a power in trust within such period and shall be proportionately reduced in any period for which such commissions are payable to the trustee or donee of the power in trust if the period is less than 12 months. For the purpose of computing the annual commissions the value of any principal asset when received by the trust or by the donee of a power in trust shall be the presumptive value of the asset at the beginning and end of the period for which such commissions are payable. In computing the value of the principal of the trust or of the property subject to the power in trust the trustee or the donee of the power in trust may use the presumptive value in respect of any principal asset or may use the actual value of the asset. On the settlement of the account of the trustee or of the donee of a power in trust any person interested may dispute the amount of any commission claimed or retained. The burden of proving that the actual value of any principal asset differs from its presumptive value is upon the trustee, the donee of the power in trust or other person claiming the difference.

3. Unless the will otherwise explicitly provides, the annual commissions allowed by subdivision two of this section shall be payable one-third from the income of the trust or of the property subject to the

1 power in trust and two-thirds from the principal of the trust or from
2 the property subject to the power in trust. However, in the case of a
3 trust whose definition of income is governed by 11-2.4 of the estates,
4 powers and trusts law, such annual commissions shall be payable from the
5 corpus of any such trust after allowance for the unitrust amount and
6 shall not be payable out of such unitrust amount.

7 4. The commissions allowed by subdivision 2 may be retained by a trustee
8 or donee of a power in trust provided he or she furnishes annually
9 as of a date not more than 30 days prior to the end of the trust year
10 selected by the trustee or the calendar year, to each beneficiary
11 currently receiving income, and to any other beneficiary interested in
12 the income and to any person interested in the principal of the trust
13 who shall make a demand therefor or to the beneficiary of the power in
14 trust who shall make a demand therefor, a statement showing the principal
15 assets or the property subject to the power in trust on hand on that
16 date, and at least annually or more frequently if the trustee or donee
17 of a power in trust so elects, a statement showing all his or her
18 receipts of income and principal or property subject to the power in
19 trust during the period with respect to which the statement is rendered
20 including the amount of any commissions retained and the basis upon
21 which the commissions were computed. A trustee or donee of a power in
22 trust shall not be deemed to have waived any commissions by reason of
23 his or her failure to retain them at the time when he or she becomes
24 entitled thereto; provided however that commissions from income for any
25 given trust or calendar year shall be allowed and retained only from
26 income derived from the trust or from the property subject to the power
27 in trust during that year and shall not be supplied from income on hand
28 in respect of any other trust or calendar year. If a beneficiary receiving
29 income does not desire to be furnished with any such statement his
30 or her advice to the trustee or to the donee of the power in trust to
31 that effect in writing shall thereafter excuse the trustee or donee of
32 the power in trust from furnishing such statement to the beneficiary
33 unless and until the beneficiary requests such annual statements from
34 the trustee or donee of the power in trust.

35 5. (a) During the continuance of a trust created solely for public,
36 religious, charitable, scientific, literary, educational or fraternal
37 uses and during the period of continuance of such a trust after the
38 termination of a life use or uses the trustee shall be entitled to and
39 may retain commissions from income in an amount annually equal to 6 per
40 cent of income collected in each year.

41 (b) In the case of a trust created solely for public, religious, charitable,
42 scientific, literary, educational or fraternal uses the trustee
43 shall not be entitled to any commission from principal.

44 (c) In the case of such a trust which continues after the termination
45 of a life use or uses the trustee for the period of the measuring life
46 or lives shall be entitled to commissions from income and principal at
47 the rates and according to the terms otherwise provided in this section,
48 except that he or she shall not be entitled to any commissions for
49 paying out any amount of principal.

50 6. (a) If the gross value of the principal of the trust or of the
51 property subject to the power in trust accounted for amounts to \$400,000
52 or more and there is more than 1 trustee or donee of the power in trust,
53 each trustee or donee of the power in trust is entitled to the full
54 compensation for receiving and paying out principal or property subject
55 to the power in trust allowed herein to a sole trustee or donee of the
56 power in trust unless there are more than 3, in which case the compen-

sation to which 3 would be entitled must be apportioned among the trustees or donees of the power in trust according to the services rendered by them respectively, unless the trustees or donees of the power in trust shall have agreed in writing among themselves to a different apportionment which, however, shall not provide for more than one full commission for any one of them. If the gross value of the principal of the trust or of the property subject to the power in trust accounted for is:

(i) less than \$100,000 and there is more than 1 trustee or donee of the power in trust the full compensation for receiving and paying out principal or property subject to the power in trust allowed herein to a sole trustee or donee of the power in trust must be apportioned among them according to the services rendered by them respectively, or

(ii) \$100,000 or more but less than \$400,000, each trustee or donee of the power in trust is entitled to the full compensation for receiving and paying out principal or property subject to the power in trust allowed pursuant to this subdivision to a sole trustee or donee of the power in trust unless there are more than 2 trustees or donees of the power in trust in which case the full compensation for paying out principal or property subject to the power in trust allowed pursuant to this subdivision to 2 trustees or donees of the power in trust must be apportioned among them according to the services rendered by them respectively,

unless the trustees or donees of the power in trust shall have agreed in writing between or among themselves to a different apportionment which, however, shall not provide for more than one full commission for any one of them.

(b) If the value of the principal of the trust or of the property subject to the power in trust for the purpose of computing the annual commissions allowed by subdivision 2 amounts to \$400,000 or more and there is more than one trustee or donee of the power in trust, each trustee or donee of the power in trust is entitled to the full annual commission allowed herein to a sole trustee or donee of the power in trust unless there are more than 3, in which case the annual commissions to which 3 would be entitled must be apportioned among the trustees or donees of the power in trust according to the services rendered by them respectively, unless the trustees or donees of the power in trust shall have agreed in writing among themselves to a different apportionment which, however, shall not provide for more than one full annual commission for any one of them. If the value of the principal or of the property subject to the power in trust for the purpose of computing the annual commission allowed by subdivision 2 amounts to:

(i) less than \$100,000 and there is more than 1 trustee or donee of the power in trust, the annual commissions from income and the annual commission allowed herein to a sole trustee or donee of the power in trust must be apportioned among the trustees or donee of the power in trust according to the services rendered by them respectively, or

(ii) \$100,000 or more but less than \$400,000, each trustee or donee of the power in trust is entitled to the full annual commission allowed pursuant to this subdivision to a sole trustee or donee of the power in trust unless there are more than 2 trustees or donees of the power in trust in which case the full annual commissions allowed pursuant to this subdivision to 2 trustees or donees of the power in trust must be apportioned among them according to the services rendered by them respectively,

1 unless the trustees or donees of the power in trust shall have agreed in
2 writing between or among themselves to a different apportionment which,
3 however, shall not provide for more than one full annual commission for
4 any one of them. However, if from a trust or from property subject to a
5 power in trust having a value of \$400,000 or more, or if from a trust or
6 from property subject to a power in trust having a value of \$100,000 or
7 more but less than \$400,000, as the case may be, at the beginning of a
8 trust year or of the calendar year in the case of a power in trust, any
9 payments in partial distribution of the trust or of the property subject
10 to the power in trust shall be made during the trust or calendar year so
11 as to reduce the trust or of the property subject to the power in trust
12 to a value of less than \$400,000 or \$100,000, as the case may be, at the
13 end of the trust or calendar year, then the annual commission allowed
14 herein shall, on a proportionate basis, be those allowed to a trustee of
15 a trust or to donees of a power in trust over property having a value of
16 \$400,000 or more, of a trust or to donees of a power in trust over prop-
17 erty having a value of \$100,000 or more but less than \$400,000, as the
18 case may be, for the period from the beginning of the trust or calendar
19 year to the date of the distribution and shall, on a proportionate
20 basis, be those allowed to trustees of a trust or to donees of a power
21 in trust over property having a value of either \$100,000 or more but
22 less than \$400,000 or less than \$100,000, as the case may be, for the
23 remainder of the trust or calendar year and the part of such commissions
24 payable from principal and computed from the beginning of the trust or
25 calendar year to the date of distribution shall be charged ratably to
26 the property remaining in the trust and to the property distributed from
27 the trust on the basis of their respective values. Further, if during a
28 trust year or a calendar year in the case of power in trust additional
29 property shall be received into a trust which had a value of less than
30 \$100,000 or by a donee of a power in trust the property subject to which
31 had a value of less than \$100,000, or into a trust which had a value of
32 \$100,000 or more but less than \$400,000 or by a donee of a power in
33 trust the property subject to which had a value of \$100,000 or more but
34 less than \$400,000, as the case may be, at the beginning of the trust or
35 calendar year so that because of the additional property the trust or
36 the property subject to the power in trust shall have a value of
37 \$100,000 or more or of \$400,000 or more, as the case may be, at the end
38 of the trust or calendar year, then the annual commission allowed herein
39 to the trustee or to the donee of the power in trust shall, on a propor-
40 tionate basis, be those allowed to trustees of a trust or to donees of a
41 power in trust over property having a value of less than \$100,000, or to
42 trustees of a trust or to donees of the power in trust having a value of
43 \$100,000 or more but less than \$400,000, as the case may be, for the
44 period from the beginning of the trust or calendar year to the date of
45 the receipt of the additional property and shall, on a proportionate
46 basis, be those allowed to trustees of a trust or to donees of a power
47 in trust over property having a value of \$100,000 or more but less than
48 \$400,000, or to trustees of a trust or to donees of a power in trust
49 over property having \$400,000 or more, as the case may be, for the
50 remainder of the trust or calendar year.

51 (c) Notwithstanding any provisions of paragraphs (a) and (b) of this
52 subdivision to the contrary, if during the continuance of a trust
53 created solely for public, religious, charitable, scientific, literary,
54 educational or fraternal uses or during the continuance of such a trust
55 after the termination of a life use or uses, the annual income of the
56 trust amounts to \$4,000 or more and there is more than 1 trustee, each

1 trustee is entitled to the full commission allowed under subdivision 5
2 to a sole trustee unless there are more than 2, in which case the
3 commissions to which 2 trustees would be entitled must be apportioned
4 among the trustees according to the services rendered by them respec-
5 tively, unless they shall have agreed in writing among themselves to a
6 different apportionment which, however, shall not provide for more than
7 one full commission to any one of them; provided however, if during the
8 continuance of a trust created solely for public, religious, charitable,
9 scientific, literary, educational or fraternal uses created prior to
10 April 1, 1948, the annual income of the trust amounts to \$4,000 or more
11 and there is more than 1 trustee each trustee is entitled to the full
12 commission allowed under subdivision 5 to a sole trustee unless there
13 are more than 3, in which case the commission to which 3 trustees would
14 be entitled must be apportioned among the trustees according to the
15 services rendered by them respectively, unless they shall have agreed in
16 writing among themselves to a different apportionment which, however,
17 shall not provide for more than one full commission to any one of them.
18 If the annual income of the trust amounts to less than \$4,000 and there
19 is more than 1 trustee the commissions to which a sole trustee would be
20 entitled under subdivision 5 must be apportioned among the trustees
21 according to the services rendered by them respectively unless they
22 shall have agreed in writing among themselves to a different apportion-
23 ment.

24 7. Where a trustee or donee of a power in trust is for any reason
25 entitled or required to collect the rents of and manage real property
26 the net amount of rents collected and not the gross amount shall be used
27 in making computation of commissions allowed by subdivision 5 hereof and
28 in addition to the commissions herein provided he or she shall be
29 allowed and may retain for such services 6 per cent of the gross rents
30 collected, but there shall be only 1 such additional commission regard-
31 less of the number of trustees or donees of the power in trust. If there
32 are 2 or more trustees or donees of the power in trust the additional
33 commission herein provided must be apportioned among them according to
34 the services rendered by them respectively unless they shall have agreed
35 in writing among themselves to a different apportionment.

36 8. A trustee who prior to September 1, 1966 shall have received the
37 maximum amount of commissions on principal permitted by subdivision 8 of
38 section 285-a of the surrogate's court act as that subdivision existed
39 prior to that date, shall not be entitled to annual principal commis-
40 sions for the period from the date when he or she shall receive such
41 maximum and September 1, 1966, but shall be entitled to receive commis-
42 sions from and after September 1, 1966 at the rates and in the manner
43 provided in this section. A trustee who has become entitled to annual
44 principal commissions pursuant to section 285-a of the surrogate's court
45 act as it existed prior to September 1, 1966, but has not received them,
46 may receive an amount of commissions not in excess of the amount he or
47 she would have been entitled to if he or she had taken such commissions,
48 and be entitled to receive in addition commissions from and after
49 September 1, 1966 at the rates and in the manner provided in that
50 section.

51 9. A trustee who has been acting prior to July 1, 1956 shall be enti-
52 tled to have commissions on principal and income theretofore received by
53 him or her computed, allowed and paid under the methods and at the rates
54 set forth herein, except as follows:

55 (a) If prior to July 1, 1956 a trustee has been allowed or has
56 retained commissions for receiving and paying out or for distributing

1 any item of principal he or she shall be entitled to no further commis-
2 sions on the item.

3 (b) If prior to July 1, 1956 a trustee has been allowed or retained
4 commissions on any item of principal received but not paid out or
5 distributed by him or her he or she shall be entitled to no further
6 commissions for receiving the item.

7 (c) Any trustee who became entitled to an annual principal commission
8 under subdivision 1 (b) of section 285-a of the surrogate's court act as
9 it existed prior to April 1, 1948 and who has not retained such commis-
10 sion may retain an amount equal to one-half of such annual principal
11 commission. A trustee who because of the provisions of subdivision 2 of
12 section 285-a of the surrogate's court act as it existed prior to April
13 1, 1948 either was not entitled to retain an annual principal commission
14 under subdivision 1 (b) thereof or was required to credit such annual
15 principal commission against his or her commission for receiving princi-
16 pal, may retain an amount equal to 1/2 of such annual principal commis-
17 sion. If a trustee has been allowed by decree or has retained any such
18 annual principal commission one-half the amount thereof shall be
19 deducted from the amount of commissions to which the trustee would
20 otherwise be entitled under the provisions of subdivision 1.

21 (d) The annual principal commissions allowed by subdivision 3 of this
22 section as it existed on September 1, 1967 shall not be allowed or
23 retained in respect of any trust year ending prior to April 1, 1948, but
24 for any trust year ending on or after April 1, 1948 and prior to July 1,
25 1956, the annual principal commission which may be allowed or retained
26 shall be computed at the rates in effect on the date such trust year
27 ended.

28 (e) If prior to July 1, 1956 a trustee has been allowed or has
29 retained commissions on any item of income received and paid out by him
30 or her prior to September 1, 1943 or on any item of income collected by
31 him or her subsequent to September 1, 1943 he or she shall be entitled
32 to no further commission on the item.

33 10. The value of any property to be determined in such manner as
34 directed by the court and the increment thereof received, distributed or
35 delivered shall be considered as money in making computation of commis-
36 sions. Whenever any portion of the dividends, interests or rents payable
37 to a trustee or donee of a power in trust is required by any law of the
38 United States or other governmental unit to be withheld by the person
39 paying it for income tax purposes, the amount so withheld shall be
40 deemed to have been collected.

41 11. Where the will provides a specific compensation to a trustee or
42 donee of a power in trust he or she is not entitled to any other allow-
43 ances for his or her services.

44 12. If a trustee of a trust or donee of a power in trust is authorized
45 or required by the terms of the will to accumulate income for any
46 purpose permitted by law, any income so accumulated which is not added
47 to principal of the trust or to the principal of the property subject to
48 the power in trust shall be deemed a separate trust or separate fund
49 subject to the power in trust for purposes of this subdivision and the
50 trustee or donee of the power in trust shall be entitled to commissions
51 in respect thereof at the rates and according to the terms and
52 provisions of subdivisions 1 and 2 of this section as though, for
53 purposes of computing commissions of the trustee, income so accumulated
54 was principal.

55 13. For the purposes of this section, the term "trustee" shall mean
56 any trustee who is not a corporate trustee and the term "donee of a

1 power in trust" shall mean any such donee including a donee of a power
2 during minority who is not a corporate fiduciary of a donee of a power
3 during minority with the rights and duties of a guardian under section
4 1714 of this chapter provided, however, that as used in subdivision 6 of
5 this section, the term trustee shall include a corporate trustee.

6 § 4. Section 2309 of the surrogate's court procedure act, the section
7 heading and subdivision 1 as amended by chapter 503 of the laws of 1980,
8 subdivision 2 as amended by chapter 654 of the laws of 1993, subdivision
9 3 as amended by chapter 243 of the laws of 2001, paragraph (a) of subdivi-
10 sion 5 as amended and subdivision 11 as added by chapter 936 of the
11 laws of 1984, subdivisions 6 and 7 as amended by chapter 303 of the laws
12 of 1976, paragraphs (a) and (b) of subdivision 6 as amended by chapter
13 245 of the laws of 1991, and the opening paragraphs of paragraphs (a)
14 and (b) of subdivision 6 as amended by chapter 514 of the laws of 1993,
15 is amended to read as follows:

16 § 2309. Commissions of trustees, of donees of powers during minority and
17 of donees of powers in trust under wills of persons dying, or
18 lifetime trusts established, after August 31, 1956

19 1. On the settlement of the account of any trustee or donee of a power
20 in trust under the will of a person dying after August 31, 1956, or
21 under a lifetime [~~inter~~] trust established after August 31, 1956, the
22 court must allow to him or her his or her reasonable and necessary
23 expenses actually paid by him or her and if he or she be an attorney of
24 this state and shall have rendered legal services in connection with his
25 or her official duties, such compensation for his or her legal services
26 as shall appear to the court to be just and reasonable and in addition
27 thereto it must allow to the trustee or donee of a power in trust for
28 his or her services as trustee or donee of a power in trust a commission
29 from principal or from the property subject to the power in trust, for
30 paying out all sums of money constituting principal or property subject
31 to the power in trust at the rate of 1 per cent.

32 2. In addition to the commission allowed by subdivision 1 hereof a
33 trustee or donee of a power in trust shall be entitled to annual commis-
34 sions at the following rates:

35 (a) \$10.50 per \$1,000 or major fraction thereof on the first \$400,000
36 of principal or property subject to the power in trust.

37 (b) \$4.50 per \$1,000 or major fraction thereof on the next \$600,000 of
38 principal or property subject to the power in trust.

39 (c) \$3.00 per \$1,000 or major fraction thereof on all additional prin-
40 cipal or property subject to the power in trust.

41 Such annual commissions shall be computed either on the value of the
42 principal of the trust or of the property subject to the power in trust
43 at the end of the period for which the commissions are payable or, at
44 the option of the trustee or donee of the power in trust, on the value
45 of the principal of the trust or of the property subject to the power in
46 trust at the beginning of such period, provided that the option elected
47 by the trustee or donee of the power in trust for the first period for
48 which such commissions are payable shall be used during the continuance
49 of the trust or of the power in trust and shall be binding on any
50 successor or substitute trustee or trustees, donee or donees. In the
51 case of a trust which prior to January 1, 1994 computed annual commis-
52 sions on the basis of a 12 month period (other than a calendar year),
53 the trustee's prior election of such 12 month period shall be binding
54 unless, prior to January 1, 1995, the trustee makes a new election to
55 compute annual commissions on the basis of a calendar year either on the
56 value of the principal of the trust at the end of, or at the option of

1 the trustee at the beginning of, the calendar year for which the commis-
2 sions were payable, which new election shall be used during the remain-
3 ing continuance of the trust and shall be binding on any successor or
4 substitute trustee or trustees. The computation shall be made on the
5 basis of a 12-month period but the amount so computed payable to a trust-
6 tee shall be proportionately reduced or increased for any payments made
7 in partial distribution of the trust or the receipt of any additional
8 property into the trust within such period and shall be proportionately
9 reduced in any period for which such commissions are payable to the
10 trustee if the period is less than 12 months. For the purpose of comput-
11 ing the annual commissions the value of any principal asset when
12 received by the trust or donee of a power in trust shall be the presump-
13 tive value of the asset at the beginning and end of the period for which
14 such commissions are payable. In computing the value of the principal of
15 the trust or of the property subject to the power in trust the trustee
16 or donee of the power in trust may use the presumptive value in respect
17 of any principal asset or may use the actual value of the asset. On the
18 settlement of the account of the trustee or donee of a power in trust
19 any person interested may dispute the amount of any commission claimed
20 or retained. The burden of proving that the actual value of any princi-
21 pal asset or asset subject to the power in trust differs from its
22 presumptive value is upon the trustee or donee of a power in trust or
23 other person claiming the difference.

24 3. Unless the will or lifetime trust instrument otherwise explicitly
25 provides the annual commissions allowed by subdivision 2 shall be paya-
26 ble one-third from the income of the trust or property subject to the
27 power in trust and two-thirds from the principal of the trust or proper-
28 ty subject to the power in trust. However, in the case of a trust whose
29 definition of income is governed by section 11-2.4 of the estates,
30 powers and trusts law or a charitable remainder annuity trust or a char-
31 itable remainder unitrust, as defined in section six hundred sixty-four
32 of the Internal Revenue Code of nineteen hundred eighty-six, as amended,
33 such annual commissions shall be payable from the corpus of any such
34 trust after allowance for the annuity or unitrust amounts and shall not
35 be payable out of such annuity or unitrust amounts.

36 4. The commissions allowed by subdivision 2 may be retained by a trust-
37 tee provided he or she furnishes annually as of a date no more than 30
38 days prior to the end of the trust year selected by the trustee, to each
39 beneficiary currently receiving income, and to any other beneficiary
40 interested in the income and to any person interested in the principal
41 of the trust who shall make a demand therefor and by a donee of a power
42 in trust if he or she furnishes annually as of a date no more than 30
43 days prior to the end of the calendar year to the beneficiary of the
44 power in trust, a statement showing the principal assets on hand on that
45 date, and at least annually or more frequently if the trustee or donee
46 of the power in trust so elects, a statement showing all his or her
47 receipts of income and principal or property subject to the power in
48 trust during the period with respect to which the statement is rendered
49 including the amount of any commissions retained and the basis upon
50 which the commissions were computed. A trustee or donee of a power in
51 trust shall not be deemed to have waived any commissions by reason of
52 his or her failure to retain them at the time when he or she becomes
53 entitled thereto; provided however that in the case of a trust commis-
54 sions payable from income for any given trust year shall be allowed and
55 retained only from income derived from the trust during that year and
56 shall not be supplied from income on hand in respect of any other trust

1 year and in the case of property subject to a power in trust commissions
2 payable from income for any given calendar year shall be allowed and
3 retained only from income derived from the property during that year and
4 shall not be supplied from income on hand in respect of any other calen-
5 dar year. If a beneficiary receiving income does not desire to be
6 furnished with any such statements his or her advice to the trustee or
7 to the donee of the power in trust to that effect in writing shall ther-
8 eafter excuse the trustee or donee of the power in trust from furnishing
9 such statement to the beneficiary unless and until the beneficiary
10 requests such annual statements from the trustee or donee of the power
11 in trust.

12 5. (a) During the continuance of a trust created solely for public,
13 religious, charitable, scientific, literary, educational or fraternal
14 uses and during the period of continuance of such a trust after the
15 termination of a life use or uses the trustee shall be entitled to and
16 may retain commissions from income in an amount annually equal to 6 per
17 cent of income collected in each year.

18 (b) In the case of a trust created solely for public, religious, char-
19 itable, scientific, literary, educational or fraternal uses the trustee
20 shall not be entitled to any commission from principal.

21 (c) In the case of such a trust which continues after the termination
22 of the measuring life use or uses the trustee for the period of the
23 measuring life use or uses shall be entitled to commissions from income
24 and principal at the rates and according to the terms specified in
25 subdivision 2 and except in respect of principal paid out to a charity
26 or for charitable uses shall be entitled to a commission for distribut-
27 ing all sums of principal at the rate specified in subdivision 1.

28 6. (a) Subject to section 2313 regarding multiple commissions of exec-
29 utors ~~[or]~~, trustees, or donees of a power in trust created under wills
30 of persons dying, or lifetime trusts established, after August 31, 1993,
31 if the gross value of the principal of the trust or of the property
32 subject to the power in trust accounted for amounts to \$400,000 or more
33 and there is more than 1 trustee or donee each trustee or donee is enti-
34 tled to the full compensation for paying out principal allowed herein to
35 a sole trustee or donee unless there are more than 3, in which case the
36 compensation to which 3 would be entitled must be apportioned among the
37 trustees or donees of the power in trust according to the services
38 rendered by them respectively unless ~~[the trustees]~~ they shall have
39 agreed in writing among themselves to a different apportionment which,
40 however, shall not provide for more than one full commission for any one
41 of them. If the gross value of the principal of the trust or of the
42 property subject to the power in trust accounted for is:

43 (i) less than \$100,000 and there is more than 1 trustee or donee of
44 the power in trust, the full compensation for paying out principal
45 allowed herein to a sole trustee or donee of the power in trust must be
46 apportioned among them according to the services rendered by them
47 respectively, or

48 (ii) \$100,000 or more but less than \$400,000, each trustee or donee of
49 the power in trust is entitled to the full compensation for paying out
50 principal allowed herein to a sole trustee or donee of the power in
51 trust unless there are more than 2 trustees or donees of the power in
52 trust in which case the full compensation for paying out principal
53 allowed herein to 2 trustees or donees of a power of trust must be
54 apportioned among them according to the services rendered by them
55 respectively, unless the trustees or donees of the power in trust shall
56 have agreed in writing between or among themselves to a different appor-

tionment which, however, shall not provide for more than one full commission for any one of them.

(b) Subject to section 2313 regarding multiple commissions of executors ~~[or]~~, trustees, or donees of a power in trust created under wills of persons dying, or lifetime trusts established, after August 31, 1993, if the value of the principal of the trust or of the property subject to the power in trust for the purpose of computing the annual commissions allowed by subdivision 2 amounts to \$400,000 or more and there is more than one trustee or donee of a power in trust each trustee or donee of a power in trust is entitled to the full annual commission allowed herein to a sole trustee or donee of a power in trust unless there are more than 3, in which case the annual commissions to which 3 would be entitled must be apportioned among the trustees or donees of the power in trust according to the services rendered by them respectively unless the trustees or donees of the power in trust shall have agreed in writing among themselves to a different apportionment which, however, shall not provide for more than one full annual commission for any one of them. If the value of the principal of the trust or of the property subject to the power in trust for the purpose of computing the annual commission allowed by subdivision 2 amounts to:

(i) less than \$100,000 and there is more than 1 trustee or donee of the power in trust, the annual commission allowed herein to a sole trustee or donee of a power in trust must be apportioned among the trustees or donees of the power in trust according to the services rendered by them respectively, or

(ii) \$100,000 or more but less than \$400,000, each trustee or donee of the power in trust is entitled to the full annual commission allowed herein to a sole trustee or donee of a power in trust unless there are more than 2 trustees or donees of the power in trust in which case the full annual commissions allowed herein to 2 trustees or donees of a power in trust must be apportioned among them according to the services rendered by them respectively, unless the trustees or donees of the power in trust shall have agreed in writing between or among themselves to a different apportionment which, however, shall not provide for more than one full annual commission for any one of them. However, if from a trust or from property subject to a power in trust having a value of \$400,000 or more, or if from a trust or from property subject to a power in trust having a value of \$100,000, or more but less than \$400,000, as the case may be, at the beginning of a trust year or of the calendar year any payments in partial distribution of the trust or of the property subject to the power in trust shall be made during the trust or calendar year so as to reduce the trust or the property subject to the power in trust to a value of less than \$400,000 or \$100,000, as the case may be, at the end of the trust or calendar year, then the annual commissions allowed herein shall, on a proportionate basis, be those allowed to trustees of a trust or to donees of a power in trust over property having a value of \$400,000 or more, or of a trust or to donees of a power in trust over property having a value of \$100,000 or more but less than \$400,000, as the case may be, for the period from the beginning of the trust or calendar year to the date of the distribution and shall, on a proportionate basis, be those allowed to trustees of a trust or to donees of a power in trust over property having a value of either \$100,000 or more but less than \$400,000 or less than \$100,000, as the case may be, for the remainder of the trust or calendar year and the part of such commissions payable from principal and computed from the beginning of the trust or calendar year to the date of distribution

1 shall be charged ratably to the property remaining in the trust or still
2 subject to the power in trust after such distribution and to the proper-
3 ty distributed from the trust or to the beneficiary of the power in
4 trust on the basis of their respective values. Further, if during a
5 trust or calendar year additional property shall be received into a
6 trust which had a value of less than \$100,000 or by a donee of a power
7 in trust the property subject to which had a value of less than
8 \$100,000, or into a trust which had a value of \$100,000 or more but less
9 than \$400,000 or by a donee of a power in trust the property subject to
10 which had a value of \$100,000 or more but less than \$400,000, as the
11 case may be, at the beginning of the trust year or calendar year, so
12 that because of the additional property the trust or the property
13 subject to the power in trust has a value of \$100,000 or more but less
14 than \$400,000, or of \$400,000 or more, as the case may be, at the end of
15 the trust or calendar year, then the annual commissions allowed herein
16 to the trustee or to the donee of the power in trust shall, on a propor-
17 tionate basis, be those allowed to trustees of a trust or to donees of a
18 power in trust over property having a value of less than \$100,000, or to
19 trustees of a trust or to donees of a power in trust over property
20 having a value of \$100,000 or more but less than \$400,000, as the case
21 may be, for the period from the beginning of the trust or calendar year
22 to the date of the receipt of the additional property and shall, on a
23 proportionate basis, be those allowed to trustees of a trust or to
24 donees of a power in trust over property having a value of \$100,000 or
25 more but less than \$400,000, or to trustees of a trust or to donees of a
26 power in trust over property having \$400,000 or more, as the case may
27 be, for the remainder of the trust or calendar year.

28 (c) Notwithstanding any provision of paragraphs (a) and (b) of this
29 subdivision to the contrary, if during the continuance of a trust not
30 measured at any time directly or indirectly by a life or lives or during
31 the continuance of a trust after the termination of the measuring life
32 or lives, the annual income of the trust amounts to \$4,000 or more and
33 there is more than 1 trustee, each trustee is entitled to the full
34 commissions allowed under subdivision 5 to a sole trustee unless there
35 are more than 2, in which case the commissions to which 2 trustees would
36 be entitled must be apportioned among the trustees according to the
37 services rendered by them respectively unless they shall have agreed in
38 writing among themselves to a different apportionment which, however,
39 shall not provide for more than one full commission to any one of them.
40 If the annual income of the trust amounts to less than \$4,000 and there
41 is more than 1 trustee the commissions to which a sole trustee would be
42 entitled under subdivision 5 must be apportioned among the trustees
43 according to the services rendered by them respectively unless they
44 shall have agreed in writing among themselves to a different apportion-
45 ment.

46 7. Where a trustee or donee of a power in trust is for any reason
47 entitled or required to collect the rents of and manage real property
48 the net amount of rents collected and not the gross amount shall be used
49 in making computation of commissions allowed by subdivision 5 and in
50 addition to the commissions herein provided he or she shall be allowed
51 and may retain for such services 6 ~~[per-cent]~~ percent of the gross rents
52 collected, but there shall be only one such additional commission
53 regardless of the number of trustees or donees of the power in trust. If
54 there are 2 or more trustees or donees of the power in trust the addi-
55 tional commission herein provided for must be apportioned among them
56 according to the services rendered by them respectively unless they

1 shall have agreed in writing among themselves to a different apportion-
2 ment.

3 8. If a trustee or donee of a power in trust is either authorized or
4 required by the terms of the will to accumulate income for any purpose
5 permitted by law he or she shall be entitled to commissions from the
6 income so accumulated, including income derived from the investment of
7 such accumulated income, at the rate of 2 [~~per-cent~~] percent of the
8 first \$2,500 of such income distributed during the administration of the
9 trust and 1 [~~per-cent~~] percent of all such income distributed in excess
10 of \$2,500 and he or she may retain such commissions at the time or times
11 such income is distributed.

12 9. The value of any property to be determined in such manner as
13 directed by the court and the increment thereof received, distributed or
14 delivered, shall be considered as money in making computation of commis-
15 sions. Whenever any portion of the dividends, interests or rents payable
16 to a trustee or to a donee of a power in trust is required by any law of
17 the United States or other governmental unit to be withheld by the
18 person paying it for income tax purposes, the amount so withheld shall
19 be deemed to have been collected.

20 10. Where the will provides a specific compensation for a trustee or
21 for a donee of a power in trust he or she is not entitled to any other
22 allowances for his or her services.

23 11. For the purposes of this section, the term "trustee" shall mean
24 any trustee who is not a corporate trustee and the term "donee of a
25 power in trust" shall mean any such donee including a donee of a power
26 during minority who is not a corporate fiduciary provided, however, that
27 as used in subdivision 6 of this section, the term trustee shall include
28 a corporate trustee and further provided that the term "property subject
29 to the power in trust" shall include property subject to a power during
30 minority.

31 § 5. Section 2312 of the surrogate's court procedure act, as added by
32 chapter 936 of the laws of 1984, subdivisions 2, 3, 7, 9 and paragraphs
33 (d) and (e) of subdivision 10 as amended by chapter 511 of the laws of
34 1987, paragraph (b) of subdivision 4 as amended by chapter 245 of the
35 laws of 1991, and subdivision 5 as amended by chapter 243 of the laws of
36 2001, is amended to read as follows:

37 § 2312. Commissions of corporate trustees, including when acting as
38 donees of powers during minority or donees of power in trust

39 1. If the will or lifetime trust instrument makes provisions for
40 specific rates or amounts of commissions (other than a general reference
41 to commissions allowed by law or words of like import) for a corporate
42 trustee, or, if a corporate trustee has agreed to accept specific rates
43 or amounts of commissions, a corporate trustee, whether as trustee or as
44 donee of a power in trust, including for purposes of this section as
45 donee of a power during minority, created under the provisions of the
46 will or lifetime trust instrument, shall be entitled to be compensated
47 in accordance with such provisions or agreement, as the case may be.

48 2. For trusts having a principal value of more than four hundred thou-
49 sand dollars and as donee of a power in trust where the property subject
50 to the power, including for purposes of this section the property
51 subject to a power during minority, has a principal value of more than
52 four hundred thousand dollars and subject to the provisions of subdivi-
53 sion 4 of this section, if the will or lifetime trust instrument does
54 not make provisions for specific rates or amounts of commissions, or,
55 contains only a general reference to commissions allowed by law or words
56 of like import, a corporate trustee shall be entitled to such commis-

sions as may be reasonable, and the court, upon application of a person interested in the trust or in the fund held by the corporate trustee as donee of a power in trust, may review the reasonableness of the commission of such corporate trustee.

3. Subject to the provisions of paragraph (a) of subdivision 4 of this section and regardless of the principal value of the trust: (a) during the continuance of a trust created solely for public, religious, charitable, scientific, literary, educational or fraternal uses and during the period of continuance of such a trust after the termination of a life use or uses a corporate trustee shall be entitled to and may retain commissions from income in accordance with the provisions of subdivision 1 or 2 hereof, as the case may be.

(b) In the case of a trust created solely for public, religious, charitable, scientific, literary, educational or fraternal uses a corporate trustee shall not be entitled to any commission from principal.

(c) In the case of such a trust which continues after the termination of the measuring life use or uses a corporate trustee for the period of the measuring life use or uses shall be entitled to commissions from income and principal according to the provisions of subdivision 1 or 2 hereof, as the case may be, and except in respect of principal paid out to a charity or for charitable uses shall be entitled to a commission for distributing all sums of principal in accordance with the provisions of subdivision 1 or 2 hereof, as the case may be.

4. Notwithstanding anything contained in this chapter, the estates, powers and trusts law or any other provision of law to the contrary,

(a) Except as otherwise provided by paragraph (b) of this subdivision and subdivision three of this section, a corporate trustee of any trust created under will or lifetime trust instrument, or as donee of a power in trust created under will or lifetime instrument, whether in existence on or after the effective date of this section, shall be entitled to receive at least the compensation provided for an individual trustee under subdivisions 1, 2, 5 (but only as trustee), 6, 7 and 12 of section 2308 and subdivisions 1, 2, 5 (but only as trustee), 6, 7 and 8 of section 2309, as the case may be, in effect after the effective date of this section, at the time and in the manner provided by such sections, unless the will or lifetime trust instrument or an agreement between the trustee and the testator or grantor or by the trustee shall provide otherwise.

(b) A corporate trustee shall, in addition to the compensation permitted by the provisions of paragraph (a) of this subdivision, be entitled to annual commissions at the rate of not more than \$12.35 per thousand or major fraction thereof, in lieu of the annual commissions provided under paragraph (a) of this subdivision, on trusts having a principal value of not more than four hundred thousand dollars and shall be entitled to annual commissions at the same rate as donee of a power in trust where the property subject to the power has a principal value of not more than four hundred thousand dollars, and such annual commissions shall be deemed reasonable compensation, unless the will or lifetime trust instrument or an agreement between the corporate trustee and the testator or grantor or by the corporate trustee shall provide otherwise. A corporate trustee shall be entitled to receive such commissions from time to time during the trust or calendar year and shall otherwise be governed by the provisions of sections 2308 and 2309, as the case may be, in effect from time to time.

5. Unless the will or lifetime trust instrument expressly provides otherwise, the commissions allowable by subdivision 1, 2 or 4 hereof, as

1 the case may be, shall be payable one-third from the income of the trust
2 or from the income of the property subject to the power in trust and
3 two-thirds from the principal of the trust or from the property subject
4 to the power in trust. However, in the case of a trust whose definition
5 of income is governed by section 11-2.4 of the estates, powers and
6 trusts law or a charitable remainder annuity trust or a charitable
7 remainder unitrust, as defined in section six hundred sixty-four of the
8 Internal Revenue Code of nineteen hundred eighty-six, as amended, such
9 commissions shall be payable from the principal of any such trust after
10 allowance for the annuity or unitrust amounts and shall not be payable
11 out of such annuity or unitrust amounts.

12 6. The commissions allowed by subdivision 1, 2 or 4 thereof, as the
13 case may be, may be retained, at any time or from time to time during
14 the year in which such commissions are earned, by a corporate trustee,
15 provided it furnishes annually as of a date no more than 30 days prior
16 to the end of the year selected by the corporate trustee, to each bene-
17 ficiary currently receiving income, and to any other beneficiary inter-
18 ested in the income and to any person interested in the principal of the
19 trust who shall make a demand therefor, and, when acting as donee of a
20 power in trust, to the beneficiary of the power in trust, a statement
21 showing the principal assets or assets subject to the power in trust on
22 hand on that date, and at least annually or more frequently if the trus-
23 tee so elects, a statement showing all his or her receipts of income and
24 principal or of property subject to the power in trust during the period
25 with respect to which the statement is rendered including the amount of
26 any commissions retained and the basis upon which the commissions were
27 computed. A corporate trustee shall not be deemed to have waived any
28 commissions by reason of its failure to retain them at the time when it
29 becomes entitled thereto; provided however that commissions payable from
30 income for any such year shall be allowed and retained only from income
31 derived from the trust during such year and shall not be supplied from
32 income on hand in respect of any other year. If a beneficiary receiving
33 income or a beneficiary of a power in trust of which the corporate trus-
34 tee is donee does not desire to be furnished with any such statements
35 his or her advice to the trustee to that effect in writing shall there-
36 after excuse the corporate trustee from furnishing such statements to
37 the beneficiary unless and until the beneficiary requests such annual
38 statements from the trustee. Upon enactment of, and subject to subdivi-
39 sion 1 of this section, a corporate trustee shall continue to receive
40 commissions in the manner provided for a trustee or when acting as donee
41 of a power in trust in the manner provided for a donee of a power in
42 trust under sections 2308 and 2309, as the case may be, in effect imme-
43 diately before the effective date of this section until the end of the
44 then current trust or calendar year, and thereafter, a corporate trustee
45 may receive commissions in accordance with the provisions of subdivision
46 2 or 4 of this section. A corporate trustee shall not change from the
47 commissions provided for by subdivision 2 or 4 of this section, as the
48 case may be, during a trust's calendar or fiscal year or the calendar
49 year in the case of a power in trust but a corporate trustee may change
50 from the commissions provided for by subdivision 2 to the commissions
51 provided for by subdivision 4 of this section, or vice versa, only at
52 the beginning of a calendar or fiscal year of a trust or a calendar year
53 in the case of a power in trust, as the case may be.

54 7. On the settlement of the account of any trustee or donee of a power
55 in trust under a will or lifetime trust instrument, in addition to the
56 commissions provided for by this section, the court must allow to the

1 corporate trustee including a corporate trustee acting as donee of a
2 power in trust the corporate trustee's reasonable and necessary expenses
3 actually paid by the trustee.

9 any law of the United States or other governmental unit to be withheld
10 by the person paying it for income tax purposes, the amount so withheld
11 shall be deemed to have been collected.

12 9. A trustee who prior to September 1, 1966 shall have received the
13 maximum amount of commissions on principal permitted by subdivision 8 of
14 section 285-a of the surrogate's court act as that subdivision existed
15 prior to that date, shall not be entitled to annual principal commis-
16 sions for the period from the date when he or she shall have received

42 it existed prior to April 1, 1948 and who has not retained such commis-
43 sion may retain an amount equal to one-half of such annual principal

50 commission. If a trustee has been allowed by decree or has retained any
51 such annual principal commission one-half the amount thereof shall be
52 deducted from the amount of commissions to which the trustee would
53 otherwise be entitled under the provisions of subdivision 1 of surro-
54 gate's court procedure act section 2308.

55 (d) The annual principal commissions allowed by subdivision 3 of
56 surrogate's court procedure act section 2308 as it existed on September

1 1, 1967 shall not be allowed by decree or retained in respect of any

3 on or after April 1, 1948 and prior to July 1, 1956, the annual princi-
4 pal commission which may be allowed by decree or retained shall be
5 computed at the rates in effect on the date such trust year ended.
