8 4. If the court finds that there is probable cause to believe that the 9 respondent committed a misdemeanor, the respondent shall be committed to 10 the custody of the appropriate commissioner for a reasonable period not 11 to exceed ninety days. Unless the court specifies that such commitment shall be in a residential facility, such commissioner having custody may 12 arrange for treatment in an appropriate facility or program, including 13 14 an outpatient program, in accordance with subdivision (e) of section 15 7.09 or subdivision (c-1) of section 13.09 respectively, of the mental 16 hygiene law. The court shall dismiss the petition on the issuance of the 17 order of commitment and such dismissal shall constitute a bar to further 18 prosecution of the charge or charges contained in the petition.

19 (a) If the court finds that there is probable cause to believe that 20 the respondent committed a felony, it shall order the respondent commit-21 ted to the custody of the commissioner of mental health or the commissioner of the office for people with developmental disabilities for an 22 initial period not to exceed one year from the date of such order. 23 24 Unless the court specifies that such commitment shall be in a residen-25 tial facility, such commissioner having custody may arrange for treat-26 ment in an appropriate facility or program, including an outpatient 27 program, in accordance with subdivision (e) of section 7.09 or subdivision (c-1) of section 13.09 respectively, of the mental hygiene law. 28 29 Such period may be extended annually upon further application to the 30 court by the commissioner having custody or his or her designee. Such 31 application must be made not more than sixty days prior to the expira-32 tion of such period on forms that have been prescribed by the chief 33 administrator of the courts. At that time, the commissioner must give 34 written notice of the application to the respondent, the counsel repres-35 enting the respondent and the mental hygiene legal service if the 36 respondent is at a residential facility. Upon receipt of such applica-37 tion, the court must conduct a hearing to determine the issue of capaci-38 ty. If, at the conclusion of a hearing conducted pursuant to this subdi-39 vision, the court finds that the respondent is no longer incapacitated, he or she shall be returned to the family court for further proceedings 40 41 pursuant to this article. If the court is satisfied that the respondent 42 continues to be incapacitated, the court shall authorize continued 43 custody of the respondent by the commissioner in a facility or program 44 for a period not to exceed one year. Such extensions shall not continue 45 beyond a reasonable period of time necessary to determine whether the 46 respondent will attain the capacity to proceed to a fact finding hearing 47 in the foreseeable future but in no event shall continue beyond the respondent's eighteenth birthday or, if the respondent was at least 48 49 sixteen years of age when the act was committed, beyond the respondent's twenty-first birthday. 50

51 (c) If the court finds that there is probable cause to believe that 52 the respondent has committed a designated felony act, the court shall 53 require that treatment be provided in a residential facility within the 54 appropriate office of the department of mental hygiene <u>or in an outpa-</u> 55 <u>tient facility if the commissioner having custody of the child petitions</u>

the court pursuant to subdivision seven of this section and such court 1 2 approves. 3 (d) The commissioner shall review the condition of the respondent 4 within forty-five days after the respondent is committed to the custody 5 of the commissioner. He or she shall make a second review within ninety б days after the respondent is committed to his or her custody. Thereaft-7 er, he or she shall review the condition of the respondent every ninety 8 days. The respondent and the counsel for the respondent, shall be noti-9 fied of any such review and afforded an opportunity to be heard. The 10 commissioner having custody shall apply to the court for an order 11 dismissing the petition whenever he or she determines that there is a substantial probability that the respondent will continue to be incapac-12 13 itated for the foreseeable future. At the time of such application the 14 commissioner must give written notice of the application to the respond-15 ent, the presentment agency and the mental hygiene legal service if the 16 respondent is at a residential facility. Upon receipt of such applica-17 tion, the court may on its own motion conduct a hearing to determine whether there is substantial probability that the respondent will 18 continue to be incapacitated for the foreseeable future, and it must 19 20 conduct such hearing if a demand therefor is made by the respondent or 21 the mental hygiene legal service within ten days from the date that notice of the application was given to them. The respondent may apply to 22 23 the court for an order of dismissal on the same ground. 24 6. Any order pursuant to this section dismissing a petition shall not 25 preclude an application for voluntary or involuntary care and treatment 26 in a facility or program of the appropriate office of the department of 27 mental hygiene pursuant to the provisions of the mental hygiene law. 28 Unless the respondent is admitted pursuant to such an application he or 29 **she** shall be released. 30 7. If the commissioner having custody of a child committed to a resi-31 dential facility pursuant to subdivision four or paragraph (a) of subdi-32 vision five of this section determines at any time that such child may 33 be more appropriately treated in a non-residential facility or on an 34 outpatient basis, he or she may arrange for such treatment. If the court finds after a hearing 39 that treatment in a non-residential facility or on an outpatient basis 40 would be more appropriate for such child, the court shall modify its 41 42 order of commitment to [authorize] direct the commissioner to transfer 43 [of such] the child to a non-residential facility or arrange outpatient 44 treatment. Application for [such] a hearing to determine whether any 45 child committed to a residential facility under subdivisions four or 46 five of this section may be more appropriately treated in a non-residen-47 tial facility or on an outpatient basis may be made by the respondent. 48 § 3.
