44 chapter 239 of the laws of 2013, is amended to read as follows:

45 1. The practice of the profession of dental hygiene is defined as the

7 or public institution but must be done either under the supervision of a
8 licensed dentist or, in the case of a registered dental hygienist work-
9 ing for a hospital as defined in article twenty-eight of the public
10 health law, pursuant to a collaborative arrangement with a licensed and
11 registered dentist who has a formal relationship with the same hospital
12 in accordance with regulations promulgated by the department in consul-

14 shall not obviate or supersede any law or regulation which requires
15 identified services to be performed under the personal supervision of a
16 dentist. When dental hygiene services are provided pursuant to a colla-
17 borative agreement, such dental hygienist shall instruct individuals to
18 visit a licensed dentist for comprehensive examination or treatment.

35 course of the performance of dental services. Such services shall not
36 include diagnosing and/or performing surgical procedures, irreversible
37 procedures or procedures that would alter the hard or soft tissue of the
38 oral and maxillofacial area or any other procedures determined by the
39 department. The practice of certified dental assisting may be conducted
40 in the office of any licensed dentist or in any appropriately equipped
41 school or public institution but must be done under the direct personal
42 supervision of a licensed dentist. Direct personal supervision, for
43 purposes of this section, means supervision of dental procedures based
44 on instructions given by a licensed dentist in the course of a procedure
45 who remains in the dental office where the supportive services are being
46 performed, personally diagnoses the condition to be treated, personally
47 authorizes the procedures, and before dismissal of the patient, who
48 remains the responsibility of the licensed dentist, evaluates the
49 services performed by the dental assistant. Nothing herein authorizes a
50 dental assistant to perform any of the services or functions defined as
51 part of the practice of dental hygiene in accordance with the provisions
52 of subdivision one of section sixty-six hundred six of this article,
53 except those functions authorized pursuant to this section. All dental
54 supportive services provided in this section may be performed by

7 vision of a dentist.

8 § 4. This act shall take effect immediately; provided that sections
9 one and two of this act shall take effect one year after it shall have
10 become a law.
