2019-2020 Regular Sessions

## IN SENATE

May 16, 2019

Introduced by Sen. GAUGHRAN -- read twice and ordered printed, and when printed to be committed to the Committee on Higher Education

AN ACT to amend the education law, in relation to the registration of nurse anesthetists

## The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1	Section 1. Section 6902 of the education law is amended by adding a
2	new subdivision 4 to read as follows:
_	
3	4. (a) The administration of anesthesia to a patient shall be
4	performed only by a qualified anesthesia practitioner as legally author-
5	ized under this title.
6	(b) The practice of professional nursing by a registered nurse anesth-
7	etist, certified under section sixty-nine hundred twelve of this arti-
8	cle, shall (i) include the administration of anesthesia to a patient but
9	only under the supervision of an anesthesiologist who is immediately
10	available; or under the supervision of the operating physician who is
11	physically present; or under the supervision of a dentist, oral surgeon
12	or podiatrist who is physically present and who is authorized by law to
13	administer anesthesia, to the extent such person is qualified by law,
14	regulation or hospital appointment to perform and supervise the adminis-
15	tration of anesthesia; and
16	(ii) include the execution of medical regimens prescribed by the
17	supervisory physician, dentist, oral surgeon or podiatrist who is
18	authorized by law to prescribe; and
19	(iii) be consistent with policies and procedures approved by the
20	medical staff and governing body of the health care facility, or free
21	standing ambulatory surgical center defined under article twenty-eight
22	of the public health law, where applicable, and as legally authorized
23	under this title and in accordance with applicable regulations of the
24	commissioner of health.
25	(c) The following terms shall have the following meanings:

EXPLANATION--Matter in <u>italics</u> (underscored) is new; matter in brackets [-] is old law to be omitted.

LBD09269-02-9

"Administration of anesthesia" in the hospital or ambulatory 1 (i) surgical center means anesthesia services shall be directed by a physi-2 3 cian who has responsibility for the clinical aspects of organization and 4 delivery of all anesthesia services provided by the hospital or ambula-5 tory surgical center. That physician or another individual qualified by б education and experience shall direct the administrative aspects of the 7 service, and shall be responsible, in conjunction with the medical 8 staff, for recommending to the governing body privileges to those 9 persons qualified to administer anesthetics, including the procedures 10 each person is qualified to perform and the levels of required supervision as appropriate. Administration of anesthesia in office based 11 surgery venues means the anesthesia component of the medical or dental 12 13 procedure shall be supervised by an anesthesiologist, physician, dentist 14 or podiatrist qualified to supervise the administration of anesthesia 15 who is physically present and available to immediately diagnose and 16 treat the patient for anesthesia complications or emergencies, and nurse 17 anesthetists with the appropriate training and experience may be permitted to administer unconscious or deep sedation, and/or general anes-18 19 thesia, regional anesthesia, and/or monitor the patient. (ii) "Conscious sedation" or "sedation analgesia" means a minimally 20 21 depressed level of consciousness that retains the patient's ability to maintain adequate cardiorespiratory function and the ability to inde-22 pendently and continuously maintain an open airway, a regular breathing 23 pattern, protective reflexes, and respond purposefully and rationally to 24 tactile stimulation and verbal command. This does not include unsupple-25 26 mented oral pre-operative medications or nitrous oxide analgesia. 27 (iii) "General anesthesia" means the administration of a medication by 28 the parenteral or inhalation routes which results in a controlled state 29 of unconsciousness accompanied by a complete loss of protective reflexes 30 including loss of the ability to independently and continuously maintain 31 patient airway and a regular breathing pattern. There is also an 32 inability to respond purposefully to verbal commands and/or tactile 33 stimulation. (iv) "Immediately available" means remaining in physical proximity so 34 35 as to allow the anesthesiologist to return to re-establish direct 36 contact with the patient in order to meet the patient's medical needs 37 and address any urgent or emergent clinical problems. 38 (v) "Local anesthesia" means the introduction of a local anesthetic 39 agent into a localized part of the body by topical application or local infiltration in close proximity to a nerve, which produces a transient 40 and reversible loss of sensation. All local anesthetics possess both 41

42 <u>excitatory (seizure) and depressant (loss of consciousness) central</u> 43 <u>nervous system effects in sufficient blood levels and may have profound</u> 44 <u>cardiovascular depressant effects. There may also be interactive effects</u> 45 <u>between local anesthetic agents and sedative medications.</u>

46 (vi) "Monitoring" means the continual clinical observation of a 47 patient and the use of instruments to measure, display, and record the 48 values of certain physiologic variables such as pulse, oxygen satu-49 ration, level of consciousness, blood pressure, and respiration.

50 <u>(vii) "Office-based surgery" means any surgical or other invasive</u> 51 procedure, requiring general anesthesia, moderate sedation, or deep 52 sedation, and any liposuction procedure, where such surgical or other 53 invasive procedure or liposuction is performed by a licensee in a 54 location other than a hospital, as such term is defined in article twen-55 ty-eight of the public health law, excluding minor procedures and proce-56 dures requiring minimal sedation.

2

1 (viii) "Patient" means an individual who is under the care of a physi-2 cian in a licensed facility or, in an office, under the care of a physi-3 cian, dentist, oral surgeon or podiatrist. 4 (ix) "Peri-operative period" means the period of time commencing upon 5 the medical evaluation of the patient before surgery and ending upon the б patient's medical discharge from the recovery room. 7 (x) "Physically present" by a physician means the ability to react and 8 respond in an immediate and appropriate manner so as to make possible 9 the continuous exercise of medical judgment throughout the adminis-10 tration of the anesthesia. "Physically present" by a dentist, oral surgeon or podiatrist means the ability of such person who is performing 11 the procedure requiring the administration of anesthesia to react and 12 13 respond in an immediate and appropriate manner so as to make possible 14 the continuous exercise of professional judgment throughout the administration of the anesthesia. 15 16 (xi) "Qualified anesthesia practitioner" means a physician, dentist, 17 podiatrist or certified registered nurse anesthetist whose professional practice is subject to the department of health for professional medical 18 19 or professional conduct or the state education department office of 20 professional discipline. 21 (xii) "Regional anesthesia" means the administration of local anesthesia agents to interrupt nerve impulses in a major region of the body. 22 Included in this category, for example, are spinal, epidural, caudal, 23 24 upper or lower extremity plexus block anesthesia, and intravenous 25 regional anesthesia. 26 (xiii) "Supervision" means that a physician, dentist, oral surgeon or 27 podiatrist shall perform a pre-anesthetic examination and evaluation, prescribe the anesthesia, including post-operative medications as needed 28 29 for pain and discomfort, including nausea and vomiting, remain physically present during the entire peri-operative period and immediately 30 31 available for diagnosis, treatment, and management of anesthesia-related 32 complications or emergencies, and assure the provision of indicated 33 post-anesthesia care. (xiv) "Supplemented local anesthesia" means the use of local anes-34 35 thesia supplemented with conscious sedation. (xv) "Unconscious or deep sedation" means the administration of medi-36 cation by the oral, parenteral, or inhalation routes which results in a 37 controlled state of depressed consciousness accompanied by partial loss 38 of protective reflexes. There may be an inability to independently and 39 continuously maintain an open airway and/or regular breathing pattern 40 41 with unconscious or deep sedation, and the ability to appropriately and 42 rationally respond to physical stimuli and verbal commands is lost. 43 (xvi) "Unsupplemented local anesthesia" means the use of local anes-44 thesia without supplementing with conscious sedation. 45 (d) The provisions of this section shall not operate to modify the 46 scope of practice of certified registered nurse anesthetists pursuant to 47 statute or the rules and regulations of the commissioner of health in a 48 hospital or in a free-standing ambulatory surgery center as defined in article twenty-eight of the public health law. 49 50 § 2. The education law is amended by adding a new section 6912 to read 51 as follows: § 6912. Certification of nurse anesthetists. 1. For issuance of a 52 53 certificate to practice as a certified registered nurse anesthetist under subdivision four of section sixty-nine hundred two of this arti-54 cle, the applicant shall fulfill the following requirements: 55

1	(a) Application: file an application with the department. Such appli-
2	cation shall be in such form as provided by the commissioner;
3	(b) License: be licensed as a registered professional nurse in this
4	<u>state;</u>
5	(c) Education: (i) have satisfactorily completed a prescribed course
б	of study in a school of nurse anesthesia accredited by the council on
7	accreditation of nurse anesthesia education programs or schools or other
8	accrediting body which the commissioner finds to be substantially equiv-
9	alent; and
10	(ii) have passed the national certifying examination given by the
11	council on certification of nurse anesthetists or other certifying exam-
12	ination which the commissioner finds to be substantially equivalent; and
13	(iii) is currently certified by the council on certification of nurse
14	anesthetists or by the council on recertification of nurse anesthetists
15	or other accrediting body which the commissioner finds to be substan-
16	tially equivalent. A registered professional nurse licensed and current-
17	ly registered with the department who does not meet the requirements as
18	set forth in this paragraph, shall be permitted to continue the practice
19	of nurse anesthesia only under the supervision of a qualified anesthe-
20	siologist until one year after the effective date of this section.
21	Notwithstanding anything to the contrary in this section, a graduate
22	nurse anesthetist awaiting certification shall be permitted to adminis-
23	ter anesthesia only in the hospital or ambulatory surgical center
24	setting as provided in this section;
25	(d) Fees: pay to the department a fee of fifty dollars for initial
26	certification and a triennial registration fee of thirty dollars. After
27	a certified registered nurse anesthetist's initial registration, regis-
28	tration under this section shall be coterminous with the certified
29	registered nurse anesthetist's registration as a professional nurse.
29 30	registered nurse anesthetist's registration as a professional nurse. 2. Only a person certified under this section shall use the title
