## STATE OF NEW YORK

2019-2020 Regular Sessions

## IN SENATE

May 16, 2019

Introduced by Sen. RIVERA -- read twice and ordered printed, and when printed to be committed to the Committee on Health

AN ACT to amend the social services law and the public health law, in relation to extending the preferred drug program to medicaid managed care providers and offering the program to other health plans; and to repeal certain provisions of the social services law relating thereto

## The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative findings. This legislature finds that the costs 2 of many prescription drugs in the market have been escalating unreason-3 ably. The preferred drug program and the clinical drug review program 4 under the public health law provide effective mechanisms for assuring 5 access to quality, effective and safe drugs to patients at reasonable б cost. Providing prescription drugs to Medicaid managed health care 7 provider participants through these programs will maximize the Medicaid 8 program's ability to negotiate more substantial rebates with drug manufacturers (effectively, lower prices), while protecting Medicaid 9 10 managed care provider participants. Offering non-Medicaid health plans 11 the opportunity to use these programs will help lower costs for those 12 health plans and those who pay their premiums, while protecting individ-13 uals covered by those plans, and will also further increase the negoti-14 ating power of the programs.

15 § 2. The social services law is amended by adding a new section 365-i 16 to read as follows:

17 § 365-i. Prescription drugs in medicaid managed care programs. 1. 18 Definitions. (a) The definitions of terms in section two hundred seventy 19

of the public health law shall apply to this section.

20 (b) As used in this section, unless the context clearly requires 21 otherwise:

(i) "Managed care provider" means a managed care provider under 22

23 section three hundred sixty-four-j of this article, a managed long term

1	care plan under section forty-four hundred three-f of the public health
2	law, or any other entity that provides or arranges for the provision of
3	medical assistance services and supplies to participants directly or
4	indirectly (including by referral), including case management, including
5	the managed care provider's authorized agents.
6	(ii) "Participant" means a medical assistance recipient who receives,
7	is required to receive or elects to receive his or her medical assist-
8	ance services from a managed care provider.
9	2. Providing and payment for prescription drugs for medicaid managed
10	care provider participants. Prescription drugs eligible for reimburse-
11	ment under this article prescribed in relation to a service provided by
12	a managed care provider shall be provided and paid for under the
	preferred drug program and the clinical drug review program under title
13	
14	one of article two-A of the public health law. The managed care provider
15	shall account to and reimburse the department for the net cost to the
16	department for prescription drugs provided to the managed care provid-
17	er's participants. Payment for prescription drugs shall be included in
18	the capitation payments to the managed care provider for services or
19	supplies provided to a managed care provider's participants.
20	§ 3. Section 270 of the public health law is amended by adding a new
21	subdivision 15 to read as follows:
22	15. "Third-party health care payer" has its ordinary meanings and
23	includes an entity such as a fiscal administrator, or administrative
24	services provider that participates in the administration of a third-
25	party health care payer system.
