42 be responsible for one-third of such costs.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would modify the in-service death benefit for retirement eligible tiers 3 through 6 members of the New York State and Local Employees' Retirement System who are employed by Nassau, Suffolk or Westchester counties and are in certain correction officer, deputy sheriff and warden job titles. The in-service death benefit will be the value of the pension reserve as if the member had retired on their date of death.

If this legislation is enacted during the 2019 legislative session, we anticipate that there will be an increase in the annual contributions of the counties of Nassau, Suffolk and Westchester of approximately \$110,000, \$160,000 and \$93,000, respectively.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately \$8.94 million, of which \$2.98 million is to be borne by each of the counties of Nassau, Suffolk and Westchester as a one-time payment.

These estimated costs are based on 940, 1,234 and 879 affected members employed by the counties of Nassau, Suffolk and Westchester, respectively, with salaries of approximately \$106 million, \$154 million and \$88 million, respectively.
