AN ACT in relation to the stamping of plans by land surveyors and engineers for nitrogen-reducing sewage disposal systems in a county of one million or more which draws its primary source of drinking water for a majority of county residents from a designated sole source aquifer

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Notwithstanding any provision of article 145 of the education law, the public health law, or any other law to the contrary, this
2 act shall apply to a county with a population of one million or more
3 which draws its primary source of drinking water for a majority of county
4 residents from a designated sole source aquifer.

5 § 2. In the case of nitrogen-reducing sewage disposal systems including
6 associated leaching structures, which are pre-engineered and pre-manufactured
7 and have been approved for use by the county department of health,
8 nothing shall prohibit a land surveyor or engineer from stamping
9 with their seal the plans for the location of such systems on residential
10 lots for an application to the county department of health. This
11 section shall only apply to plans for the upgrade of existing sewage
12 disposal systems and cesspools where design flow is one thousand gallons
13 or less.

14 § 3. Severability. If any clause, sentence, paragraph, section or
15 part of this act shall be adjudged by any court of competent jurisdiction
