1 The eligible beneficiary of a member in service, or a vested member  
2 that dies as a result of a qualifying World Trade Center condition as  
3 defined in section two of this chapter, shall be entitled to an acci-  
4 dental death benefit in the form of a pension equal to fifty percent of  
5 such member's final average salary if, upon application filed within  
6 [~~two~~ five] years after the death of the member, the head of the retire-  
7 ment system determines that such member:

8 § 4. Subdivision a of section 607 of the retirement and social securi-  
9 ty law, as amended by chapter 582 of the laws of 2011, is amended to  
10 read as follows:

11 a. The eligible beneficiary of a member in service, or of a vested  
12 member who dies as a result of a qualifying World Trade Center condition  
13 as defined in section two of this chapter, shall be entitled to an acci-  
14 dental death benefit in the form of a pension equal to fifty percent of  
15 such member's wages earned during his or her last year of actual service  
16 or his or her annual wage rate if he or she was credited with less than  
17 one year of service since last becoming a member, if, upon application  
18 filed within [~~sixty days~~ five years] after the death of the member, the  
19 head of the retirement system determines that such member died before  
20 the effective date of retirement, as the natural and proximate result of  
21 an accident not caused by his or her own willful negligence sustained in  
22 the performance of his or her duties in active service and while actual-  
23 ly a member of the retirement system.

24 Notwithstanding the provisions of section two hundred forty-two, two  
25 hundred forty-three or two hundred forty-four of the military law or the  
26 provisions of any other law to the contrary and solely for the purpose  
27 of determining eligibility for an accidental death benefit, a member  
28 shall be considered to have died as the natural and proximate result of  
29 an accident sustained in the performance of duty provided such member  
30 was on the payroll in the service upon which membership is based at the  
31 time he or she was ordered to active duty pursuant to Title 10 of the  
32 United States Code, with the armed forces of the United States or to  
33 service in the uniformed services pursuant to Chapter 43 of Title 38 of  
34 the United States Code and died while on such active duty or service in  
35 the uniformed services on or after June fourteenth, two thousand five.

36 Provided, however, the head of the retirement system in its sole  
37 discretion may accept an application for an accidental death benefit  
38 after the expiration of the [~~sixty day~~ applicable] filing period, where,  
39 but only where, an ordinary death benefit has not been previously paid.

40 § 5. Notwithstanding any other provision of law to the contrary, the  
41 provisions of this act shall not be subject to the provisions of section  
42 twenty-five of the retirement and social security law requiring an  
43 appropriation in an amount equal to the value of the benefits associated  
44 with prior service when enacted on a statewide basis. This act extends  
45 the filing deadline for accidental death benefits from two to five years  
46 following the death of an active member occurring on or after January 1,  
47 2020. Since it is impossible to determine the number of members who  
48 could be affected by this act specifically, the number of members who  
49 participated in World Trade Center rescue, recovery or cleanup oper-  
50 ations and who will qualify for a death benefit, it cannot be readily  
51 determined the amount, if any, of an appropriation.

52 § 6. This act shall take effect January 1, 2020 and shall apply to the  
53 death of a member occurring on or after such date.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would extend the filing deadline for accidental death bene-  
fits to 5 years following the death of an active member of certain

public retirement systems. Currently the filing deadline is 2 years. The filing extension will apply only to those deaths occurring on or after January 1, 2020. The provisions of Section 25 of the Retirement and Social Security Law (RSSL) will not apply.

If this bill is enacted, insofar as it would affect the New York State and Local Employees' Retirement System (ERS) and the New York State and Local Police and Fire Retirement System (PFRS), it is estimated that there would be an average per person cost of approximately 3.5 times final salary on behalf of affected ERS members and 11 times final salary on behalf of affected PFRS members whose applications are filed within the extended period.

The number of members and retirees who could be affected by this legislation cannot be readily determined. Those costs arising in ERS would be borne by the State of New York and all the participating employers in ERS. Those costs arising in PFRS would be borne by the State of New York and all the participating employers in PFRS.
