AN ACT to amend the public authorities law, in relation to establishing the North Shore water authority

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative findings. The legislature hereby finds that the
2 groundwater supply system presently operated by a private utility in the
3 northwest portion of the Nassau county servicing the residents of the
4 village of Sea Cliff, and portions of the village of Old Brookville,
5 village of Roslyn Harbor, and residents in the unincorporated hamlets of
6 Glenwood Landing, Glen Head and the city of Glen Cove, is fragile and
7 subject to episodic deficiencies of varying magnitude including service
8 disruptions and drastic price variations to residents serviced by the
9 existing private water company. The groundwater supply requires better
10 management of its entire reserve both within and outside the water util-
11 ity supply area as well as long range planning to provide protection of
12 important watershed areas, water conservation, and prevention from
13 contamination and salt water intrusion. Since the potable water for the
14 northern portion of the North Shore peninsula is derived from an aquifer
15 which is the sole source of water for all of Long Island, the issues of
16 contamination and conservation are of statewide concern. The problems of
17 salt water intrusion facing the North Shore peninsula, face many other
18 peninsulas on Long Island and many of the barrier islands. It is hoped
19 that the authority created by this act will not only protect, preserve
20 and enhance the quality and quantity of the water within its supply

2 ing cooperation with other water suppliers to better manage, conserve
3 and protect the groundwater within and outside its supply area.

5 new title 5-a to read as follows:

51 5. Notwithstanding the provisions of subdivisions one through four of
52 this section, nothing herein shall prevent the state from assessing a
53 tax or surcharge against the water customers based on their water
54 consumption, provided, however, that all such taxes and surcharges and
55 the authority's obligation to collect and pay such taxes and surcharges
56 shall be subordinate to the rights of holders of all of the authority's

1 bonds and notes and to the payment of principal, premiums if any, and
2 interest thereon.

3 § 1114-n. Actions against the authority. 1. Except in an action for

30 thereof designated for such purpose, concerning such account or claim
31 and when so sworn, to answer orally as to any facts relative to such
32 account or claim. The authority shall have power to settle or adjust all
33 claims in favor of or against the authority.

34 4. The rate of interest to be paid by the authority or the water board
35 upon any judgment for which it is liable, other than a judgment against
36 the authority on its bonds, shall not exceed the rate of interest on
37 judgments and accrued claims against municipal corporations as provided
38 in the general municipal law from time to time. Interest on payments of

48 municipal officer or employee holding a position with a municipality
49 similar to the position held by the member, officer or employee with the
50 authority.

51 § 1114-p. Construction and purchase contracts. The authority shall let
52 contracts for construction or purchase of supplies, materials, or equip-
53 ment pursuant to section one hundred three of the general municipal law.
54 Nothing in this section shall be construed to limit the power of the
55 authority to do any construction directly by the officers, agents and
56 employees of the authority or to contract with a public utility, for a

1 term not to exceed five years, for the operation and maintenance of a
2 water supply system acquired from said public utility.

3 § 1114-q. Separability clause. If any section, clause or provision in
4 this title shall be held by a competent court to be unconstitutional or

6 tutional or ineffective, it shall be valid and effective, and no other
7 section, clause or provision shall on account thereof be deemed invalid
8 or ineffective.

9 § 1114-r. Effect of inconsistent provisions. Insofar as the provisions
10 of this title are inconsistent with the provisions of any other law,
11 general, special or local, or of any charter or any local ordinance or
12 resolution of any municipality, the provisions of this title shall be
13 controlling, provided that nothing contained in this section shall be
14 held to supplement or otherwise expand the powers or duties of the

25 by the public service commission, and

26 2. upon such court's determination of the amount of such compensation,
27 based upon the income capitalization method, entry of the final judg-
28 ment, the filing of the final decree, and the conclusion of any appeal
29 or expiration of the time to file an appeal related to the condemnation
30 proceeding. Should any court determine that a method of compensation
31 other than the income capitalization method be utilized, or if the
32 proposed award is more than the rate base of the assets taken in condem-
33 nation as utilized by the public service commission in setting rates and
34 as certified by the public service commission, the authority may with-
35 draw the condemnation proceeding without prejudice or costs to any
36 party.

37 § 3. This act shall take effect on the ninetieth day after it shall
