are prescribed to alleviate respiratory symptoms or to prevent the onset of exercise induced asthmatic symptoms; and (b) that the pupil has 3 demonstrated that he or she can self-administer the prescribed inhaled 4 rescue medication effectively. The written permission shall also 5 include the name of the prescribed inhaled rescue medication, the dose, 6 the times when the medication is to be taken, the circumstances which 7 may warrant the use of the medication and the length of time for which 8 the inhaler is prescribed. A record of such consent and permission shall 9 be maintained in the student's cumulative health record. In addition, 10 upon the written request of a parent or person in parental relation, the board of education or trustees of a school district, including the board 11 of education of the city of New York, and board of cooperative educa-12 13 tional services shall allow such pupils to maintain an extra such inhal-14 in the care and custody of a licensed nurse, nurse practitioner, 15 physician assistant, or physician employed by such district, the city of 16 New York, or board of cooperative educational services, and shall be 17 readily accessible to such pupil. Nothing in this section shall require a school district, the city of New York, or board of cooperative educa-18 19 tional services to retain a licensed nurse, nurse practitioner, physi-20 cian assistant, or physician solely for the purpose of taking custody of 21 a spare inhaler for the treatment of asthma or a respiratory disease 22 requiring rescue medication treatment, or require that a licensed nurse, nurse practitioner, physician assistant, or physician be available at 23 all times in a school building for the purpose of taking custody of the 24 25 inhaler. In addition, the medication provided by the pupil's parents or 26 persons in parental relation shall be made available to the pupil as 27 needed in accordance with the school district's, board of education of the city of New York's, or board of cooperative educational services' 28 29 policy and the orders prescribed in the written permission of the physi-30 cian or other authorized health care provider. 31

- 2. (a) School districts, boards of cooperative educational services, county vocational education and extension boards, charter schools, and non-public elementary and secondary schools in this state may provide and maintain on-site in each instructional school facility asthma rescue medications in quantities and types deemed by the commissioner, in consultation with the commissioner of health, and for the city of New York, the commissioner of health of the city of New York, to be adequate to ensure ready and appropriate access for use during emergencies.
- (b) Every parent or guardian of a pupil who is administered such asthma rescue medications shall be notified in writing of such incident. The required content of such notification shall be determined by the commissioner, in consultation with the commissioner of health, and for the city of New York, the commissioner of health of the city of New York, and shall at a minimum include:
- (i) A recommendation that such pupil be evaluated by a physician or other duly authorized health care provider to determine if such pupil has an asthmatic condition or another respiratory disease; and
- (ii) A recommendation that if such pupil is diagnosed with such condition or disease that the parent or guardian take the actions necessary to ensure the pupil may receive asthma controller medications and asthma rescue medications in school. If the pupil is able to self-carry, the parent or quardian take the actions necessary under subdivision one of this section for such pupil to carry and use a prescribed inhaler and self-administer inhaled rescue medications to alleviate respiratory symptoms or to prevent the onset of exercise induced asthmatic symptoms during the school day on school property and at any school function as
