CAPITAL PROJECTS BUDGET

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. a) The several amounts specified in this chapter for capital projects, or so much thereof as shall be necessary to accomplish the purpose of the appropriations, are appropriated by comprehensive construction programs (hereinafter referred to by the abbreviation CCP), purposes, and projects designated by the appropriations, and authorized to be made available as hereinafter provided to the respective public officers; such appropriations shall be deemed to provide all costs necessary and pertinent to accomplish the intent of the appropriations and are appropriated in accordance with the provisions of section 93 of the state finance law.

b) Any amounts specified in this chapter for advances for capital projects, or so much thereof as shall be necessary to accomplish the purpose of the appropriations, are appropriated by comprehensive construction programs (hereinafter referred to by the abbreviation CCP), purposes and projects designated by the appropriations as advances from the capital projects fund in accordance with the provisions of sections 40-a and 93 of the state finance law, and are authorized to be paid as hereinafter provided as an advance for a share, part or whole of the cost for such programs, purposes and projects hereinafter specified.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.
c) The several amounts specified in this chapter as capital projects -
reappropriations, or so much thereof as shall be sufficient to accom-
plish the purpose of the appropriations, as appropriated by comprehen-
sive construction programs (hereinafter referred to by the abbreviation
CCP), purposes, and projects, being the undisbursed and/or unexpended
balances of the prior year's appropriations, are reappropriated and
unless otherwise amended or repealed in part or total in this chapter
shall continue to be available for the same purposes as the prior appro-
priations or as otherwise amended for the fiscal year beginning April 1,
2020.

The capital projects reappropriations contained in this chapter may be
amended by repealing the items set forth in brackets and by adding ther-
eto the underscored material. Certain reappropriations in this chapter
are shown using abbreviated text, with three leader dots (an ellipsis)
followed by three spaces (... ) used to indicate where existing law
that is being continued is not shown. However, unless a change is clear-
ly indicated by the use of brackets [ ] for deletions and underscores
for additions, the purpose, amounts, funding source and all other
aspects pertinent to each item of appropriation shall be as last appro-
priated.

For the purpose of complying with section 25 of the state finance law,
the year, chapter and section of the last act reappropriating a former
original appropriation or any part thereof is, unless otherwise indi-
cated, chapter 54, section 1, of the laws of 2019.

d) No moneys appropriated by this chapter shall be available for
payment until a certificate of approval has been issued by the director
of the budget, who shall file such certificate with the department of
audit and control, the chairperson of the senate finance committee and
the chairperson of the assembly ways and means committee.

e) Notwithstanding any provision of law to the contrary, for purposes

and/or disallowances, "refunds" shall mean funds received to the state
resulting from the overpayment of monies, "rebates" shall mean funds
received to the state resulting from a return of a full or partial
amount previously paid, as for goods or services, serving as a
reduction, discount or rebate to the original payment amount,
"reimbursements" shall mean funds received to the state as repayment in
an equivalent amount for goods or services, including but not limited to
personal service costs, incurred by the state in the first instance
being provided to a third party for their benefit and partially or in
full financed by such third party, "credit" shall mean monies made
available to the state that reduce the amount owed to a third party,
including but not limited to billing errors, rebates, and prior overpay-
ments, "repayment" shall mean the return of monies as pay back for
expenses incurred, and "disallowance" shall mean monies made available
to the state that were not allowed or accepted officially by the
intended recipient, based on a determination the payment is not accepta-
ble and/or valid. When the office of the state comptroller receives any
such refunds, rebates, reimbursements, credits, repayments, and/or
disallowances, he or she shall credit the refunded, rebated, reimbursed,
credited, repaid, and disallowed amount back to the original appropri-
ation and reduce expenditures in the year which such credit is received
regardless of the timing of the initial expenditure.

It is acknowledged that funds provided herein pursuant to the transportation capital facilities development act of 1967 are made available by repealing a portion of an appropriation for the payment of the state's share to the Niagara frontier transportation authority for construction, reconstruction, and improvement of airport or aviation capital projects at Buffalo international airport. It is the intent of the legislature that the repeal of such funds appropriated to the Niagara frontier transportation authority does not void the state's commitment to provide alternative state share funding sources to the authority to complete the airport or aviation capital projects at Buffalo international airport as originally provided by chapter 54, section 1, of the laws of 1982, as amended by chapter 54, section 3, of the laws of 1988. It is further the intent of the legislature that such alternative state share funding be provided to the authority no later than March 31, 1993 (17439114) (53271) .................. 11,800,000 .......................................... provided that each local anti-poverty task force shall be eligible
to receive funding in the following amounts: municipalities with

Activities included in such plan may include, but are not limited to: providing public assistance recipients opportunities to participate in enhanced work activities that either provide recognized credentialing or enhanced career readiness or job training for better linkage to potential employment; assisting families in poverty through services provided to parents and children; and addressing chronic homelessness or housing insecurity. Such plan must include measurable objectives and a timeframe for completion and shall be submitted for approval to the commissioner of the office of temporary and disability assistance. Of the total amount made available to each anti-poverty task force, the lesser of $300,000 or 20 percent of the total award may be used to carry out planning and administration, provided however, that the amount used for planning and administration may exceed such limitation if such amount is approved by the commissioner of the office of temporary and disability assistance as part of the plan required herein.
