The moneys hereby appropriated are to be made available for payment of state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the state share of federally aided projects at Stewart and Republic Airports, including payment of liabilities incurred prior to April 1, 1991, as defined in the transportation capital facilities development act of 1967. The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the division of the budget.

No funds shall be allocated for projects at Stewart Airport that are directly related to a private facility until the commissioner of transportation enters into a written agreement, subject to the approval of the director of the budget, with such private entity providing that such entity is committed to locate its facilities at Stewart airport and has arranged financing for the costs of construction of such facilities.

Funds shall not be allocated for projects at Stewart airport from this appropriation for infrastructure improvements or other development...
purposes not directly related to a private facility until the

effect on new jobs for the state of New York; and (c) effect on net
revenues of amortization of state capital expenditures. It is
acknowledged that funds provided herein pursuant to the transpor-
tation capital facilities development act of 1967 are made available
by repealing a portion of an appropriation for the payment of the
state's share to the Niagara frontier transportation authority for
construction, reconstruction, and improvement of airport or aviation
capital projects at Buffalo international airport. It is the intent
of the legislature that the repeal of such funds appropriated to the
Niagara frontier transportation authority does not void the state's
commitment to provide alternative state share funding sources to the
authority to complete the airport or aviation capital projects at
Buffalo international airport as originally provided by chapter 54,
section 1, of the laws of 1982, as amended by chapter 54, section 3,
of the laws of 1988. It is further the intent of the legislature
that such alternative state share funding be provided to the author-

Census Bureau's 2010-14 American Community Survey Five-year Esti-
mate: Albany, the Bronx, Binghamton, Buffalo, Elmira, Hemstead,
Jamestown, Newburgh, Niagara Falls, Oneonta, Oswego, Rochester,
Syracuse, Troy, Utica and Watertown. Provided that, except in munici-
palities where a state-funded anti-poverty task force or initi-
ative already exists and is receiving or has received State funding
for such purpose, the mayor of each municipality, or in the case of
the Bronx, the borough president, will select a not-for-profit
organization that provides services in the municipality, or in the
case of the Bronx, the borough, to serve as the local coordinator of
each such local task force. Provided further that, except in munici-
palities where a state-funded antipoverty task force or initiative
already exists and is receiving or has received funding, each such
taskforce shall make efforts to be comprised of, but not limited to,
the following members: representatives from municipal, county,
and/or state government; individuals who have lived in or currently
live in households in poverty; individuals and advocates represent-
ing local not-for-profit and community organizations; represen-
tatives from local school districts; and representatives from local
social services districts. Of the funds appropriated herein, the
amount available for each local anti-poverty task force shall be
determined based on the number of people in each municipality, or a
borough, who are living in poverty as determined by the U.S. Census
Bureau's 2010-14 American Community Survey Five-year Estimate
provided that each local anti-poverty task force shall be eligible
to receive funding in the following amounts: municipalities with
fewer than 5,000 individuals in poverty shall each be eligible to
receive $500,000; municipalities with between 5,000 and 10,000 indi-
viduals in poverty shall each be eligible to receive $1,000,000;
municipalities with between 10,000 and 40,000 individuals in poverty
shall each be eligible to receive $1,500,000; and municipalities, or
a borough, with more than 40,000 individuals in poverty shall each
be eligible to receive $2,750,000. Funds appropriated herein shall
be available to support the work of each anti-poverty task force and
such work shall be divided into two phases. During the first phase,
the mayor of the municipality, or in the case of the Bronx, the
borough president, will select a not-for-profit organization that
has demonstrated successful performance working with community
stakeholders and achieving objectives specified herein, to coordi-
nate the local antipoverty task force. The not-for-profit organiza-
tion serving as coordinator will assemble the antipoverty task force
using the criteria outlined above. Provided further that, with
guidance and oversight of the commissioner of the office of tempo-
rary and disability assistance, each local anti-poverty task force
shall use data to identify high need issues and neighborhoods within
the municipality, or in the case of the Bronx, the borough; identify
problems that are common in neighborhoods throughout the munici-
pality, or in the case of the Bronx, the borough; receive input from
local residents; use data and resident input to select one or more
focus areas related to either one or more issues or one or more
neighborhoods; and develop a plan for how funding will be targeted
toward the identified issues or neighborhoods. Such focus areas may
include, but are not limited to childhood poverty and homelessness.
Activities included in such plan may include, but are not limited
to: providing public assistance recipients opportunities to partic-
ipate in enhanced work activities that either provide recognized
credentialing or enhanced career readiness or job training for
better linkage to potential employment; assisting families in pov-
erty through services provided to parents and children; and addressing
chronic homelessness or housing insecurity. Such plan must include
measurable objectives and a timeframe for completion and shall be
submitted for approval to the commissioner of the office of tempo-
rary and disability assistance. Of the total amount made available
to each anti-poverty task force, the lesser of $300,000 or 20
percent of the total award may be used to carry out planning and
administration, provided however, that the amount used for planning
and administration may exceed such limitation if such amount is
approved by the commissioner of the office of temporary and disa-
bility assistance as part of the plan required herein. Upon receiving
approval from the commissioner of the office of temporary and disa-
bility assistance, each such anti-poverty task force shall commence
the second phase of its work, which will support the implementation
of the plan developed during the first phase. Funding appropriated
herein shall be made available to the not-for-profit organization
serving as coordinator and its use shall be restricted to purposes
or initiatives that do not necessitate ongoing state financial
support. Such anti-poverty task forces shall be encouraged to secure
match funding from private sector and foundation sources to supple-
