15 § 2. This act shall take effect immediately.

16 PART R

17 Section 1. Short title. This act shall be known and may be cited as
18 the "Josef Neumann Hate Crimes Domestic Terrorism Act".

19 § 2. The opening paragraph of section 485.00 of the penal law, as
20 amended by chapter 8 of the laws of 2019, is amended to read as follows:

21 The legislature finds and determines as follows: criminal acts involv-
22 ing violence, intimidation and destruction of property based upon bias
23 and prejudice have become more prevalent in New York state in recent
24 years. The intolerable truth is that in these crimes, commonly and
25 justly referred to as "hate crimes", victims are intentionally selected,
26 in whole or in part, because of their race, color, national origin,
27 ancestry, gender, gender identity or expression, religion, religious
28 practice, age, disability or sexual orientation. Hate crimes do more
29 than threaten the safety and welfare of all citizens. They inflict on
30 victims incalculable physical and emotional damage and tear at the very
31 fabric of free society. Crimes motivated by invidious hatred toward
32 particular groups not only harm individual victims but send a powerful
33 message of intolerance and discrimination to all members of the group to
34 which the victim belongs. Hate crimes can and do intimidate and disrupt
35 entire communities and vitiate the civility that is essential to healthy
36 democratic processes. In a democratic society, citizens cannot be
37 required to approve of the beliefs and practices of others, but must
38 never commit criminal acts on account of them. [~~Current law~~] However,
39 these criminal acts do occur and are occurring more and more frequently.
40 Quite often, these crimes of hate are also acts of terror. The recent
41 attacks in Monsey, New York as well as the shootings in El Paso, Texas;
42 Pittsburgh, Pennsylvania; Sutherland Springs, Texas; Orlando, Florida;
43 and Charleston, South Carolina illustrate that mass killings are often
44 apolitical, motivated by the hatred of a specific group coupled with a
45 desire to inflict mass casualties. The current law emphasizes the poli-
46 tical motivation of an act over its catastrophic effect and does not
47 adequately recognize the harm to public order and individual safety that
48 hate crimes cause. Therefore, our laws must be strengthened to provide
49 clear recognition of the gravity of hate crimes and the compelling
50 importance of preventing their recurrence.

51 § 3. Subdivision 3 of section 485.05 of the penal law, as amended by
52 section 9 of part NN of chapter 55 of the laws of 2018, is amended to
53 read as follows:

1 3. A "specified offense" is an offense defined by any of the following
2 provisions of this chapter: section 120.00 (assault in the third
3 degree); section 120.05 (assault in the second degree); section 120.10
4 (assault in the first degree); section 120.12 (aggravated assault upon a

16 first degree); subdivision one of section 130.35 (rape in the first

18 first degree); subdivision one of section 130.65 (sexual abuse in the
19 first degree); paragraph (a) of subdivision one of section 130.67
20 (aggravated sexual abuse in the second degree); paragraph (a) of subdi-
21 vision one of section 130.70 (aggravated sexual abuse in the first

37 study to investigate the statistical significance of the underutiliza-
38 tion of minority and women screenwriters and directors. Such study shall
39 conduct or provide for an examination of, but not be limited to, a

43 significant underutilization of that population.

44 2. Report. (a) Upon the completion of the study conducted pursuant to
45 subdivision one of this section, the department of economic development
46 shall deliver a report of the findings of such study to the governor,

53 the state, then the department of economic development shall so notify
54 the governor, the temporary president of the senate, the speaker of the
55 assembly, the commissioner of taxation and finance and the legislative
56 bill drafting commission.

3. Powers. All other departments or agencies of the state or subdivisions thereof, and local governments shall, at the request of the department of economic development or its designee chosen pursuant to subdivision one of this section, provide expertise, assistance, and/or data that are relevant or material to the completion of the study directed to be completed by subdivision one of this section and the report directed to be completed by subdivision two of this section. SUBPART Y

Section 1. A chapter of the laws of 2019, amending the labor law relating to ensuring that utility employees receive the prevailing wage, as proposed in legislative bills numbers S. 6265-A and A. 8083-A, is REPEALED.

§ 2. The public service law is amended by adding a new section 42-a to read as follows:

§ 42-a. Payment of wages to workers; certain cases. 1. The legislature hereby finds that the protection of critical infrastructure is furthered by the enhanced training, experience and expertise of workers in all positions at such facilities. Given that the state of New York, due to its representation as a beacon of liberty, diversity and equality, and its history of being the target of terrorist attacks, will always be a target for those who wish to do this country and this state harm, New York has a fundamental obligation to harden its infrastructure against any such threats or activity. In hardening the infrastructure there is no greater asset than the human capital that serve at the front lines of the effort to thwart terrorist attacks. The electric and steam generat-

ing facilities in the state, when active, provide a target that requires the hardening not only of the physical infrastructure but the human infrastructure as well. Turnover in such positions, for the service workers who provide cleaning, security and maintenance services at such active generating facilities will decrease if the workers are paid increased wages. The reduction of turnover will allow for the more developed and trained workforce to continue to provide the measure of safety and security the state requires. Given that important state interest, it is therefore found and declared that the workers at such facilities shall be trained to ensure their ability to meet the security needs of the facilities that they work upon. It is further found and declared that the reduction of turnover may be accomplished by the payment of rates of pay in line with those prevailing in such trade or occupation, as otherwise defined.

2. The wages paid, and benefits provided, to building service employees who are employed at a work location that is an active major electric or steam generating facility, or at a transmission or distribution facility considered critical infrastructure as determined by the division of homeland security and emergency services in consultation with the department, shall be subject to article nine of the labor law. For purposes of this section "major electric generating facility" means an electric generating facility with a nameplate generating capacity of twenty-five thousand kilowatts or more, including interconnection electric transmission lines and fuel gas transmission lines, and "major steam generating facility" means a steam generating facility with a generating capacity to be determined by the department.

§ 3. This act shall take effect on the same date and in the same manner as a chapter of the laws of 2019, amending the labor law relating to ensuring that utility employees receive the prevailing wage, as proposed in legislative bills numbers S. 6265-A and A. 8083-A, takes effect, provided, however, that section two of this act shall take effect on the one hundred eightieth day after it shall have become a law.

4 the basis of credible scientific evidence that such chemical no longer
5 meets the criteria for listing under paragraph (a) of this subdivision.

6 2. High-priority chemicals. (a) The following chemicals are designated
7 high priority chemicals for purposes of this title:

8 (i) Tris (1, 3 dichloro-2-propyl) phosphate (CAS 13674-87-8)

19 chemicals and may by rule add to the list of high-priority chemicals if
20 the criteria of paragraph (a) of subdivision one of this section are met
21 and the chemical is present in a children's product and meets any of the
22 following criteria:

23 (i) The chemical or its metabolites have been found through biomon-
24 itoring to be present in humans;

25 (ii) The chemical has been found through sampling and analysis to be
26 present in household dust, indoor air, drinking water or elsewhere in
27 the home environment;

28 (iii) The chemical has been found through monitoring to be present in
29 fish, wildlife or the natural environment; or

30 (iv) The sale or use of the chemical or a children's product contain-
31 ing the chemical has been banned in another state or states within the
32 United States because of the health effects of such chemical or the
33 children's product safety council established pursuant to section
34 37-0911 of this title has recommended the chemical be listed as a high-
35 priority chemical. The department shall, as part of its periodic
36 review, consider whether the sale or use of a chemical or a children's
37 product containing the chemical has been banned in another state or
38 within the United States because of the health effects of such chemical.

39 (c) The department, in consultation with the department of health, may
40 remove a chemical from the list of high priority chemicals if it deter-
41 mines on the basis of credible scientific evidence that such chemical no
42 longer meets the criteria of paragraph (b) of this subdivision.

43 § [37-0905.] 37-0907. Reporting on the use of chemicals.

44 1. Reporting of chemical use. No later than twelve months after a
45 [~~dangerous~~] chemical of concern or high-priority chemical appears on the
46 [~~list published~~] lists promulgated pursuant to section [37-0903] 37-0905
47 of this title, every manufacturer who offers a children's product for
48 sale or distribution in this state that contains a [~~dangerous chemical~~
49 ~~or~~] chemical of concern or a high-priority chemical shall report such
50 chemical use at or above practical quantification limits to the depart-
51 ment, provided however, that the department may, through regulation,
52 establish an alternative threshold for the reporting of trace contam-
53 inants.

54 (a) This report must at a minimum identify the children's product, the
55 [~~dangerous~~] high-priority chemical or chemicals of concern contained in

the children's product and the intended purpose of such chemicals. The department may also require reporting of the following information:

(i) the amount of such chemical in the children's product; or
(ii) information on the likelihood that the chemical will be released from the children's product to the environment during the product's life cycle and the extent to which users of the product are likely to be exposed to the chemical.

(b) The department is authorized to direct submission of such report to the interstate chemicals clearinghouse and may otherwise provide for reciprocal data sharing with other states which require reporting of the same information.

2. Waiver of reporting. Upon application by a manufacturer, the commissioner may waive all or part of the reporting requirements under subdivision one of this section for one or more specified uses of a ~~[dangerous]~~ high-priority chemical. In making such determination, the commissioner may consider: (a) if substantially equivalent information is already publicly available or that the information is not needed for the purposes of this chapter, (b) similar waivers granted by other states, and (c) whether the specified use or uses are minor in volume.

~~3. [Notice. (a) A manufacturer of a children's product containing a dangerous chemical shall notify persons that offer the children's product for sale or distribution in the state, in a form prescribed by the department, of the presence of such dangerous chemical, and provide such persons with information regarding the toxicity of such chemical.~~

~~(b) The department shall notify consumers about children's products containing chemicals of concern and dangerous chemicals. The notification shall be published on the department's website.~~

~~4.]~~ Fees. The manufacturer shall pay a fee upon submission of a report of chemical use pursuant to subdivision one of this section or a waiver request pursuant to subdivision two of this section to cover the department's reasonable costs in the administration and enforcement of this title. Exclusive of fines and penalties, the state shall only recover its actual cost of administration and enforcement.

§ ~~[37-0907.]~~ 37-0909. Sales prohibition.

1. Effective January first, two thousand twenty-three, no person shall distribute, sell or offer for sale in this state a children's product ~~[containing]~~ in which tris (1, 3 dichloro-2-propyl) phosphate (CAS 13674-87-8), benzene (CAS 71-43-2), ~~[formaldehyde (other than in textiles)]~~, or asbestos~~[, and organohalogen flame retardants]~~ (CAS 1332-21-4) is intentionally added. This provision shall not apply: (a) to a children's product solely based on its containing an enclosed battery or enclosed electronic components ~~[and];~~ (b) where state regulation of children's products is preempted by federal law; (c) where the chemical is present as a trace contaminant; or (d) to an inaccessible component of a children's product that during reasonable, foreseeable use and abuse of the product would not come into direct contact with a child's skin or mouth, as determined by the department. The commissioner may exempt a children's product from this prohibition if, in the commissioner's judgment, the lack of availability of the children's product could pose an unreasonable risk to public health, safety or welfare.

2. ~~[Effective three years after being added to the dangerous chemicals list, no person shall distribute, sell, or offer for sale in this state a children's product that contains a chemical added to the dangerous chemicals list pursuant to section 37-0903 of this title]~~ (a) To the extent allowed by federal law, the department may, by regulation, prohibit the distribution, sale, or offer for sale in this state of a

1 children's product that contains a chemical added to the high-priority
2 chemicals list pursuant to section 37-0905 of this title, or a chemical
3 recommended for prohibition by the children's product safety council
4 pursuant to paragraph (b) of subdivision five of section 37-0911 of this
5 title.

6 (b) In developing rules to prohibit a chemical pursuant to this subdi-
7 vision, the department shall rely on credible scientific evidence and
8 consider information relevant to the hazards based on the quantitative
9 extent of potential exposures to the chemical under its intended or
10 reasonably anticipated conditions of use.

11 § 37-0911. Children's product safety council; established. 1. There
12 shall be established, within the department, the children's product
13 safety council. Such council shall be composed of ten members as
14 follows:

15 (a) the commissioner, or the commissioner's designee, who shall be the
16 chair of the council;

17 (b) the commissioner of health or his or her designee;

18 (c) a designee of the commissioner with expertise in epidemiology,
19 toxicology or health risk assessment;

20 (d) a designee of the commissioner of health with expertise in epide-
21 miology, toxicology or health risk assessment; and

1. The authority shall have the power and is hereby authorized from time to time to issue bonds in such principal amounts as it may determine to be necessary pursuant to section thirty-six hundred fifty-five of this title to pay any financeable costs and to fund reserves to secure such bonds, including incidental expenses in connection therewith. Provided, however, ~~[the aggregate principal amounts of such bonds issued to pay the financeable costs described in paragraph (a) of subdivision twelve of section thirty-six hundred fifty-one of this title shall not exceed four hundred fifteen million dollars, excluding bonds, notes, or other obligations issued to refund or otherwise repay bonds, notes, or other obligations theretofore issued for such purposes.
