and where the commissioner has reasonable grounds to believe that such
registration or renewal will have the effect of tending to defeat the
purposes of this section.

7. (a) A special proceeding may be commenced in supreme court or coun-
ty court by a petitioner, whom shall be either the attorney general, or
by the agency, authority, bi-state authority, county, or city having
jurisdiction over the airport where the alleged violation occurred,

section and shall promptly determine whether a motor vehicle seized
pursuant to this subdivision is subject to legal forfeiture and whether
it is necessary that the motor vehicle remain impounded in order to

legal forfeiture, the court will issue an order that petitioner shall

judgment. If the seized motor vehicle is not subject to legal forfei-
ture, but a violation of this section is found, then the motor vehicle

The aforesaid shall not apply to contracts for personal, architectural, engineering or other professional services, nor to contracts for projects using the design build contracting method which may in the authority's discretion be solicited and awarded pursuant to a process for competitive request for proposals. The authority may reject all bids and obtain new bids in the manner provided by this section when it is deemed in the public interest to do so or, in cases where two or more responsible bidders submit identical bids which are the lowest bids, award the contract to any of such bidders or obtain new bids from such bidders. In the event that, after opening bids, it is determined to be in the best interest of the authority to make a change to the specifications or other terms or requirements of the bid, new bids may be solicited from those firms that submitted bids without additional public advertisements. In the event that a low bid contains a non-conformity or is otherwise non-compliant with the solicitation, the author-

Nothing in this paragraph shall obligate the authority to seek new bids after the rejection of bids or after cancellation of an invitation to bid. Nothing in this section shall prohibit the evaluation of bids on the basis of costs or savings including life cycle costs of the item to be purchased, discounts, and inspection services so long as the invitation to bid reasonably sets forth the criteria to be used in evaluating such costs or savings. Life cycle costs may include but shall not be limited to costs or savings associated with installation, energy use, maintenance, operation and salvage or disposal.

(c) To assist the authority in the development, testing and adoption of new and innovative technology, the authority may award contracts for goods or services not to exceed five million dollars to qualified emerging technology companies as defined in section thirty-one hundred two-e of this chapter pursuant to a process established by the board. Any such advertisement shall contain a statement of: (i) the time and place where bids received pursuant to any notice requesting sealed bids will be publicly opened and read; (ii) the name of the contracting agency; (iii) the contract identification number; (iv) a brief description of the public work, supplies, materials, or equipment sought, the location where work is to be performed, goods are to be delivered or services provided and the contract term; (v) the address where bids or proposals are to be submitted; (vi) the date when bids or proposals are due; (vii) a description of any eligibility or qualification requirement or preference; (viii) a statement as to whether the contract requirements may be fulfilled by a subcontracting, joint venture, or co-production arrangement; (ix) any other information deemed useful to potential contractors; and (x) the name, address, and telephone number of the person to be contacted for additional information. Such procedures shall provide for products or vendors to be added to or deleted from such list and shall include provisions for public advertisement of the manner in which such lists are compiled. The authority shall review such list no less than [twice] once a year for the purpose of making modifications thereof. Contracts for particular supplies, materials or equipment identified on a qualified products list may be awarded by the authority to the lowest responsible bidder after obtaining sealed bids in accordance with this section or without competitive sealed bids in instances when the item is available from only a single source, except that the authority may dispense with advertising provided that it mails copies of the invitation to bid to all vendors of the particular item on the qualified products list.

For purposes hereof, contracts for public work shall exclude contracts for personal, engineering and architectural, or professional services, and contracts for projects using the design build contracting method which may, in the authority's discretion, be solicited and awarded pursuant to a process for competitive request for proposals. The authority may reject all bids and obtain new bids in the manner provided by this section when it is deemed in the public interest to do so or, in cases where two or more responsible bidders submit identical bids which are the lowest bids, award the contract to any of such bidders or obtain

In the event that a low bid contains a non-conformity or is otherwise non-compliant with the solicitation, the authority may permit such bid to be corrected without increase to the low bid price or may reject such bid. Nothing in this paragraph shall obligate the authority to seek new bids after the rejection of bids or after cancellation of an invitation to bid. Nothing in this section shall prohibit the evaluation of bids on the basis of costs or savings including life cycle costs of the item to be purchased, discounts, and inspection services so long as the invitation to bid reasonably sets forth the criteria to be used in evaluating such costs or savings. issuance of the prohibition order.
3. No prohibition order shall be effective unless the authority first
affords the person notice and an opportunity to contest the authority's
proposed action in accordance with procedures adopted by the authority
for this purpose. The authority's procedures shall provide, at a mini-
mum, for the notice and other protections set forth in this section, and
the authority shall provide reasonable notification to the public of the
availability of such procedures.
4. (a) A notice of a proposed prohibition order shall set forth a
description of the listed crimes or conduct giving rise to the prohibi-
tion order, including reference to the applicable statutory provision or
ordinance violated, the dates of the listed conduct, the locations where
such conduct was committed and the scope of the prohibition. The notice
shall include a clear and conspicuous statement indicating the procedure
for contesting the proposed prohibition order. The notice shall be
served upon the person who is the subject of the proposed prohibition
order in the manner set forth in paragraph (b) of this subdivision. The
notice of prohibition order, or a copy thereof, shall be considered a
record kept in the ordinary course of business of the authority and
shall be prima facie evidence of the facts contained in the notice
establishing a rebuttable presumption affecting the burden of producing
evidence. For purposes of this paragraph, "clear and conspicuous" means
in larger type than the surrounding text, or in contrasting type, font,
or color to the surrounding text of the same size or set off from the
surrounding text of the same size by symbols or other marks that call
attention to the language.
(b) A proposed prohibition order may be served by:
(1) in-person delivery; or
(2) delivery by any form of mail providing for delivery confirmation,
postage prepaid, to the most recent address provided by the person being
served in government records, including, but not limited to, the address
set forth in a citation or court records; or
(3) any alternate method approved in writing by the authority and the
person being served.
(c) For purposes of this section, delivery shall be deemed to have
been made on the following date, as applicable:
(1) on the date of delivery, if delivered in person; or
(2) on the date of confirmed delivery, if delivered by mail.
(d) Proof of service of the notice shall be filed with the authority.
(e) If a person contests a notice of prohibition order, the authority
shall proceed in accordance with subdivision six of this section. If the
notice of prohibition order is not contested within ten calendar days
following service of the notice, the prohibition order shall be deemed
final and shall be effective, without further action by the authority
for three years.
(f) Prohibition orders shall be subject to an automatic stay and shall not take effect until the latest of the following:

1. eleven calendar days following service of the notice of the proposed prohibition order if the order is not contested;
2. eleven calendar days following service of the results of the review if an initial review is timely requested and the proposed prohibition order is upheld on review; or
3. the date the hearing officer’s decision is served on the person if an administrative hearing is timely requested and the hearing officer upheld the order.

5. (a) For a period of ten days from the service of the proposed prohibition order, the person may request an initial review of the prohibition order by the authority. The request may be made by telephone, in writing, or in person. There shall be no charge for this review. In conducting its review and reaching a determination, the authority shall determine whether the prohibition order meets the requirements of subdivision one of this section. If, following the initial review, based on these findings, the authority determines that the proposed prohibition order is not adequately supported or that extenuating circumstances make dismissal of the prohibition order appropriate in the interest of justice, the authority shall cancel the notice. If, following the initial review, based on these findings, the authority determines that the prohibition order should be upheld in whole or in part, the authority shall issue a written statement to that effect, including any modification to the period or scope of the prohibition order. The authority shall serve the results of the initial review to the person contesting the notice as set forth in subdivision four of this section.

(b) The authority may in its discretion modify or cancel a prohibition order in the interest of justice at any time. If the person depends upon the authority’s subways, trains, buses, or other conveyances or facilities for trips of necessity, including, but not limited to, travel to or from medical or legal appointments, school or training classes, or places of employment; obtaining food, clothing, and necessary household items; or rendering care to family members, the authority may modify a prohibition order to allow for a trip or trips as in its discretion are necessary. A person requesting that a prohibition order be cancelled or modified in the interest of justice shall have the burden of establishing the qualifying circumstances by a preponderance of the evidence.

(c) If the person is dissatisfied with the results of the initial review, the person may request an administrative hearing of the prohibition order no later than ten days after the results of the initial review are served. The request may be made by telephone, in writing, or in person. An administrative hearing shall be held within thirty days after the receipt of a request for an administrative hearing. The person requesting the hearing may request one continuance, not to exceed seven calendar days.

6. The administrative hearing process shall include all of the following:

(a) The person requesting the hearing shall have the choice of a hearing by mail or in person. An in-person hearing shall be conducted by the transit adjudication bureau established by section twelve hundred nine-a of this article.

(b) The administrative hearing shall be conducted in accordance with written procedures established by the authority. The hearing shall
provide an independent, objective, fair, and impartial review of the
prohibition order.

(c) The administrative review shall be conducted before a hearing
officer. In addition to any other requirements, a hearing officer shall
demonstrate the qualifications, training, and objectivity as are neces-
sary to fulfill and that are consistent with the duties and responsibil-
ities set forth in this subdivision.

(d) In issuing a decision, the hearing officer shall determine whether
the prohibition order meets the requirements of subdivision one of this
section. Based upon these findings, the hearing officer may uphold the
prohibition order in whole, determine that the prohibition order is not
adequately supported by a preponderance of the evidence, or cancel or
modify the prohibition order in the interest of justice. If the person
depends upon the authority's subways, trains, buses, or other conveyanc-
es or facilities for trips of necessity, including, but not limited to,
travel to or from medical or legal appointments, school or training
classes, or places of employment; obtaining food, clothing, and neces-
sary household items; or rendering care to family members, the hearing
officer may in their discretion modify a prohibition order to allow for
such trips. A person requesting a cancellation or modification in the
interest of justice shall have the burden of establishing the qualifying
circumstances by a preponderance of the evidence.

(e) The hearing officer’s decision following the administrative hear-
ing shall be served as set forth in subdivision four of this section.

(f) A person aggrieved by the final decision of the hearing officer
may seek judicial review of the decision within ninety days of service
of the decision pursuant to article seventy-eight of the civil practice
law and rules.

7. A person issued a prohibition order may, within ten days of the
date the order becomes effective, request a refund for any prepaid fare
amounts rendered unusable in whole or in part by the prohibition order
including, but not limited to, monthly passes.

8. The provisions of this section shall not be construed to limit the
power of any court to issue additional restrictions on a person's abili-
ty to use or enter the authority’s facilities or conveyances, including
but not limited to as a condition of bail or probation or conditional
discharge or as a part of any criminal sentence.

§ 3. This act shall take effect on the ninetieth day after it shall
have become a law. Effective immediately, the metropolitan transpor-
tation authority may adopt any rules, regulations, policies or procedures
necessary to implement this act prior to the effective date of this act.

PART S

Section 1. The general business law is amended by adding a new section 390-d to read as follows:

§ 390-d. Gender pricing discrimination. 1. Definitions. For the purposes of this section, the following terms shall have the following meanings:

(a) "Consumer products" shall mean any goods used, bought or rendered primarily for personal, family or household purposes;

(b) "Consumer services" shall mean any services used, bought or rendered primarily for personal, family or household purposes;

(c) "Substantially similar" shall mean (i) two consumer products that exhibit no substantial differences in the materials used in production, the intended use of the product, and the functional design and features of the product, or (ii) two consumer services that exhibit no substantial difference in the amount of time to provide the services, the difficulty in providing the services, or the cost of providing the services. A difference in coloring among any consumer product shall not be construed as a substantial difference for the purposes of this paragraph.

2. No person, firm, partnership, company, corporation, or other business entity shall sell or offer for sale any two consumer products from the same manufacturer or distributor that are substantially similar, if such products are priced differently based on the gender of the persons for whom the products are marketed and intended.
3. No person, firm, partnership, company, corporation or other business entity shall sell or offer for sale any consumer services that are substantially similar if such services are priced differently based upon the gender of the individuals for whom the services are performed, offered, or marketed.

4. Nothing in this section prohibits price differences in consumer products or consumer services based specifically upon the amount of time, difficulty or cost incurred in manufacturing such product or offering such service.

5. (a) The following business establishments shall clearly and conspicuously disclose to the customer in writing the pricing for each standard service provided:

(i) tailors or businesses providing aftermarket clothing alterations;
(ii) barbers or hair salons;
(iii) dry cleaners and laundries providing services to individuals; and
(iv) such other business establishments as may be identified and added to this list by regulation.

(b) The price list shall be posted in an area conspicuous to customers. Posted price lists shall be in no less than fourteen-point boldface type and clearly and completely display pricing for every standard service offered by the business.

(c) The business establishment shall provide the customer with a complete written price list upon request.

(d) The business establishment shall display in a conspicuous place at least one clearly visible sign, printed in no less than twenty-four point boldface type, which reads: "NEW YORK LAW PROHIBITS ANY BUSINESS ESTABLISHMENT FROM DISCRIMINATING, WITH RESPECT TO THE PRICE CHARGED FOR SERVICES OF SIMILAR OR LIKE KIND, AGAINST A PERSON BECAUSE OF THE PERSON’S GENDER. A COMPLETE PRICE LIST IS AVAILABLE UPON REQUEST."

(e) For the purposes of this subdivision, "standard service" means the fifteen most frequently requested services provided by the business.

6. (a) The attorney general may issue a notice directing the cessation of any conduct by a person, firm, partnership, company, corporation, or other business entity which the attorney general has reason to believe has violated this section. If any person, firm, partnership, company, corporation, or other business entity fails to submit evidence demonstrating differences in the amount of time, difficulty or cost incurred in manufacturing such product or offering such service within five business days after service of such notice, or if the attorney general determines that such evidence fails to demonstrate legally excusable differences provided for in subdivision four of this section, the attorney general may bring an action in the name and on behalf of the people of the state of New York to enjoin such acts and to obtain restitution of any moneys or property obtained directly or indirectly by any such unlawful acts. In such action preliminary relief may be granted under article sixty-three of the civil practice law and rules. In any such proceeding, the court shall impose a civil penalty in an amount not to exceed twenty-five thousand dollars.

(b) Before any violation of this section is sought to be enjoined, the attorney general shall be required to give the person against whom such proceeding is contemplated notice by certified mail and an opportunity to show in writing within five business days after receipt of notice why proceedings should not be instituted against him, unless the attorney general shall find, in any case in which he seeks preliminary relief, that to give such notice and opportunity is not in the public interest.
(c) In addition to the right of action granted to the attorney general pursuant to this section, any person who has been injured by reason of any violation of this section may bring an action in such person's own name to enjoin such unlawful act or practice, an action to recover actual damages or fifty dollars, whichever is greater, or both such actions. The court may, in its discretion, increase the award of damages to an amount not to exceed three times the actual damages up to one thousand dollars, if the court finds the defendant willfully or knowingly violated this section. The court may award reasonable attorneys' fees to a prevailing plaintiff.

(d) The attorney general shall have power at all times, either personally or by his or her deputies, to subpoena witnesses, to compel their attendance, to administer an oath, to examine any person under oath and to require the production of any relevant books or papers. Such examination may be conducted on any subject relating to the duties imposed upon, or the powers vested in, the attorney general under the provisions of this section. Any person, firm, partnership, company, corporation, or other business entity which fails to obey the command of a subpoena without reasonable excuse or refuses, without reasonable cause, to be sworn or to be examined or to answer a question or to produce a book or paper when ordered so to do by the officer duly conducting such inquiry, or fails to perform any act required hereunder to be performed, shall be guilty of a misdemeanor and shall also be subject to the compulsions provided by the civil practice law and rules. Any officer participating in such inquiry and any person examined as a witness upon such inquiry who shall disclose to any person other than the attorney general the name of any witness examined or any other information obtained upon such inquiry, except as directed by the attorney general, shall be guilty of a misdemeanor.

(e) Notwithstanding any law to the contrary, all monies recovered or obtained under this article by a state agency or state official or employee acting in their official capacity shall be subject to subdivision eleven of section four of the state finance law.

7. The attorney general may adopt and promulgate rules as may be necessary in carrying out the provisions of this section.

§ 2. Separability clause; construction. If any part or provision of this act or the application thereof to any person or circumstances be adjudged invalid by any court of competent jurisdiction, such judgment shall be confined in its operation to the part, provision or application directly involved in the controversy in which such judgment shall have been rendered and shall not affect or impair the validity of the remainder of this act or the application thereof to other provisions or circumstances.

§ 3. This act shall take effect on the one hundred eightieth day after it shall have become a law. Effective immediately, the addition, amendment and/or repeal of any rule or regulation necessary for the implementation of this act on its effective date are authorized to be made and completed on or before such effective date.

networks and is reasonably available.

4. On or before January first, two thousand twenty-one, and thereafter

provider that the information provided is current and accurate.

7. Any voice service provider that knowingly fails or neglects to
comply with this section, or a rule or regulation adopted thereunder,
shall forfeit to the people of the state of New York a sum not less than
ten thousand dollars and no more than one hundred thousand dollars
constituting a civil penalty for each and every offense and, in the case
of a continuing violation, each day shall be deemed a separate and
distinct offense.

8. Whenever there shall be a violation of this section, an application
may be made by either a. the attorney general in the name of the people
of the state of New York, or b. the public service commission in the
case of a voice service provider subject to the jurisdiction of the
public service commission, to a court or justice having jurisdiction, to
issue an injunction, and upon notice to the defendant of not less than
five days, to enjoin and restrain the continuance of such violations,
and for the enforcement of the penalties provided in this section.

9. When the department has reason to believe a person or voice service
provider has violated any provision of this section, the department may
request in writing the production of relevant documents and records. If
the person upon whom such request was made fails to produce the docu-
ments or records within fourteen days after the date of the request, the
department may issue and serve subpoenas to compel the production of
such documents and records. If any person shall refuse to comply with a
subpoena issued under this section, the department may petition a court

§ 904. Telephone call blocking. 1. Consistent with authorization
provided by federal law and rules or orders of the federal communi-
cations commission or its successors:

a. Voice service providers shall offer subscribers services that are
capable of blocking calls to a telephone or other device, on an opt-out
basis. Such call blocking may include sending a call directly to the
called subscriber's voicemail, or to a "personal assistant" that answers
the call, or to a "CAPTCHA" (Completely Automated Public Turing test to
tell Computers and Humans Apart) menu that confronts the calling party
and requires it to confirm that it is not a robot. Voice service
providers shall, in a manner that is clear for a subscriber to under-
stand: (i) offer sufficient information to subscribers so that subscrib-
ers can make an informed choice as to whether they wish to opt-out of
such service; and (ii) clearly disclose to subscribers what types of
calls may be blocked and the risks of blocking wanted calls.

b. Voice service providers shall block a call made to a telephone or
other device when the subscriber to which the originating number is
assigned has requested that calls purporting to originate from that
number be blocked because the number is used for inbound calls only.

c. Voice service providers shall block calls made to a telephone or
other device originating from the following numbers:
   (i) a number that is not a valid North American numbering plan number;
   (ii) a valid North American numbering plan number that is not allo-
cated to a provider by the North American numbering plan administrator
   or the pooling administrator; and
   (iii) a valid North American numbering plan number that is allocated
to a provider by the North American number plan administrator or pooling
administrator, but is unused, so long as the provider blocking the calls
is the allocatee of the number and confirms that the number is unused or
has obtained verification from the allocatee that the number is unused
at the time of the blocking. An unused number is a number that is not
assigned to a subscriber or otherwise set aside for outbound call use.

d. Voice service providers shall not block any call made to a tele-
phone or other device if (i) the call is made for emergency alert
purposes, or (ii) it is a call from a law enforcement or public safety
entity.

2. Nothing in this section shall be construed to require blocking of
international telephone calls from purported non-North American number-
ing plan numbers.

3. Deployment of any call blocking services shall result in no addi-
tional surcharge or fee to the subscriber.

4. On or before January first, two thousand twenty-one, and period-
ically thereafter, all voice service providers shall review the best
available call blocking technology and deploy any such technology which
may better accomplish the purpose of this section. Any such upgrades
shall be deployed to all subscribers as soon as feasible and at no addi-
tional surcharge or fee to such subscribers.

5. By July thirty-first of the year following the effective date of
this section, and annually thereafter, every voice service provider
shall file with both the department, and the secretary to the public
service commission, a report setting forth its deployment and review of
the best available call blocking technology required by this section, as
well as any available upgrades thereto and deployment thereof to persons
or entities, as well as any other information that the department, in
consultation with the department of public service, may require. The
report shall include a sworn statement by a principal or officer of the
voice service provider that the information provided is current and
accurate.

6. Any voice service provider that knowingly fails or neglects to
comply with this section, or a rule or regulation adopted thereunder,
shall forfeit to the people of the state of New York a sum not less than
ten thousand dollars and no more than one hundred thousand dollars
constituting a civil penalty for each and every offense and, in the case
of a continuing violation, each day shall be deemed a separate and
distinct offense.

7. Whenever there shall be a violation of this section, an application
may be made by either a. the attorney-general in the name of the people
of the state of New York, or b. in the case of voice service provider
subject to the jurisdiction of the public service law, the public
service commission, to a court or justice having jurisdiction, to issue an injunction, and upon notice to the defendant of not less than five days, to enjoin and restrain the continuance of such violations, and for the enforcement of the penalties provided in this section.

8. When the department has reason to believe a person or voice service provider has violated any provision of this section, the department may request in writing the production of relevant documents and records. If the person upon whom such request was made fails to produce the documents or records within fourteen days after the date of the request, the department may issue and serve subpoenas to compel the production of such documents and records. If any person shall refuse to comply with a subpoena issued under this section, the department may petition a court of competent jurisdiction to enforce the subpoena and, notwithstanding any other provision of law, to request a civil penalty not to exceed one thousand dollars per day, actual damages sustained by reason of the failure to comply, and such sanctions as the court may direct.

9. The secretary shall promulgate any rules or regulations necessary to implement and enforce the provisions of this section.

10. The public service commission may promulgate any rules or regulations necessary to implement and enforce the provisions of this section.

§ 905. Use of automatic telephone dialing systems and placement of consumer telephone calls. 1. No person shall operate an automatic telephone dialing system, nor place any consumer telephone call, except in accordance with the provisions of this section. The use of such device by any person, either individually or acting as an officer, agent, or employee of a person operating any automatic telephone dialing system, is subject to the provisions of this section.

2. Whenever telephone calls are placed through the use of an automatic telephone dialing system, such device shall do all of the following:
   a. state at the beginning of the call the nature of the call and the name of the person or on whose behalf the message is being transmitted and at the end of such message the address, and telephone number of the person on whose behalf the message is transmitted, provided such disclosures are not otherwise prohibited or restricted by any federal, state or local law; and

3. No person shall operate an automatic telephone dialing system which uses a random or sequential number generator to produce a number to be called.

It shall not
constitute a violation of this subdivision if the person who places such call can affirmatively establish that the call was placed inadvertently despite good faith efforts on the part of such person to comply with the provisions of this section and such person has implemented a procedure to prevent subsequent calls from being placed to a particular prohibited telephone number.

5. A telephone solicitor shall not make a consumer telephone call to a consumer unless the telephone solicitor conforms with subparagraph (i) of paragraph b of subdivision five of section nine hundred six of this article. Nothing contained herein shall be deemed to limit, annul, alter, or affect the provisions of subdivision two of this section.

6. No telephone solicitor or person who places any consumer telephone call or who operates an automatic telephone dialing system and no employer of any such telephone solicitor or person shall intentionally cause to be installed, or shall intentionally utilize, any blocking device or service to prevent the name and/or telephone number of such solicitor or person, or the name and/or telephone number of his or her employer, from being displayed on a caller identification device of the recipient of any such consumer telephone call. A violation of this subdivision shall be subject to the provisions of subdivision eight of this section.

7. a. Federal, state or local municipalities, or any subdivision thereof, using an automatic telephone dialing system for emergency purposes shall be exempted from the provisions of this section.

b. Notwithstanding the provisions of paragraph a of this subdivision, any entity which operates a telephone warning or alert system which utilizes any such device for emergency purposes shall also be exempted from the provisions of this section.

8. Whenever there shall be a violation of this section, an application may be made by the attorney-general in the name of the people of the state of New York to a court or justice having jurisdiction to issue an injunction, and upon notice to the defendant of not less than five days, to enjoin and restrain the continuance of such violations; and if it shall appear to the satisfaction of the court or justice, that the defendant has, in fact, violated this section an injunction may be issued by such court or justice enjoining and restraining any further violation, without requiring proof that any person has, in fact, been injured or damaged thereby. In any such proceeding, the court may make allowances to the attorney-general as provided in paragraph six of subdivision (a) of section eighty-three hundred three of the civil practice law and rules, and direct restitution. Whenever the court shall determine that a violation of subdivision two, three or four of this section has occurred, the court may impose a civil penalty of not more than two thousand dollars per call, up to a total of not more than twenty thousand dollars, for calls placed in violation of such subdivisions within a continuous seventy-two hour period. Whenever the court shall determine that a violation of subdivision five of this section, or a violation of subdivision six of this section, has occurred, the court may impose a civil penalty of not more than two thousand dollars. In connection with any such proposed application, the attorney-general is authorized to take proof and make a determination of the relevant facts and to issue subpoenas in accordance with the civil practice law and rules.

9. In addition to the right of action granted to the attorney-general pursuant to this section, any person who has received a telephone call in violation of subdivision two, three or four of this section may bring
an action in such person's own name to enjoin such unlawful act or prac-
tice, an action to recover such person's actual damages or five hundred
dollars, whichever is greater, or both such actions. The court may, in
its discretion, increase the award of damages to an amount not to exceed
three times the actual damages up to one thousand dollars, if the court
finds the defendant willfully or knowingly violated such subdivisions.
The court may award reasonable attorney's fees to a prevailing plain-
tiff. Any damages recoverable pursuant to this section may be recovered
in any action which a court may authorize to be brought as a class
action pursuant to article nine of the civil practice law and rules.
§ 906. Telemarketing and consumer fraud and abuse prevention act. 1.
Legislative findings and declaration. The legislature finds and declares
that the prevention of deceptive and unfair practices in association
with telemarketing is in the public interest and subject to the authori-
ty of appropriate political subdivisions of the state for the purpose of
protecting the public against fraud, deception and other abuses. The
legislature intends that the federal telemarketing and consumer fraud
and abuse prevention act (P.L. 103-297) be fully enforceable by appro-
priate state and local enforcement officials.
The legislature further declares that additional requirements applica-
tible to the telemarketing industry not present in the federal statute are
necessary to protect residents of the state and others from telemarket-
ing abuses. The legislature therefore intends that provisions in this
section which differ from the aforementioned federal act and other New
York state laws regulating telemarketing be construed whenever reason-
able as providing additional protections to victims of telemarketing
fraud.
2. Registration of telemarketers. a. No person shall act as a tele-
marketer without first having received a certificate of registration
from the secretary as provided in this section. Employees of telemarket-
ers shall be exempt from the requirements of this paragraph and para-
graph b of this subdivision.
b. No person required to register pursuant to paragraph a of this
subdivision shall act as a telemarketer without holding a valid certif-
icate of registration from the secretary as provided in this section.
c. Any applicant shall file with the department an application for a
certificate of registration in such form and containing such information
as the secretary shall prescribe, including the following:
(i) the applicant's name, address and telephone number;
(ii) each business name under which the applicant engages in or
intends to engage in telemarketing, if such name is different than the
applicant's;
(iii) the complete street address and primary telephone number of each
location, designating the principal location, from which the applicant
engages in or intends to engage in telemarketing, including each
location at which mail will be received by or on behalf of the appli-
cant, and identifying any such location that is a post office box or
mail drop;
(iv) the name, address and telephone number of each principal of the
business;
(v) whether the applicant or any principal thereof has been convicted
or plead guilty to or is being prosecuted by indictment or information
for racketeering, violations of securities laws, or a theft offense of
any state, or the United States;
(vi) whether any injunction or judgment has been entered into against
the applicant or any principal, or such applicant or principal has
entered into a settlement agreement, assurance of discontinuance, consent decree or any similar instrument in any civil action involving theft, racketeering, embezzlement, conversion, misappropriation of property, fraud, or deceptive, unfair, illegal or unconscionable trade practices, and whether any civil action involving such practices is currently pending, to the extent not inconsistent with any existing court orders; and

(vii) whether the license to engage in any business, trade or profession of the applicant or any principal thereof has been refused, suspended or revoked in any jurisdiction.

d. Upon receipt of the completed application for registration and required fee, and unless such certificate of registration has been denied as provided in subdivision four of this section, the secretary shall issue and deliver to the applicant a certificate in such form and manner as the secretary shall prescribe, but which must set forth the applicant's name, business address, and the effective term of the registration. A registration certificate issued or renewed under the provisions of this section shall entitle a person to act as a registered telemarketer for a period of two years from the effective date of the registration.

e. Any registration granted under this section may be renewed by the secretary upon application by the holder thereof, in such form as the secretary may prescribe. The secretary shall have the authority to assign staggered expiration dates for licenses at the time of renewal. If the assigned date results in a term that exceeds two years, the applicant shall pay an additional pro-rata adjustment together with the fee prescribed in paragraph f of this subdivision.

f. Each application for a certificate of registration shall be accompanied by a fee of five hundred dollars, which shall not be refundable.

g. The fees collected pursuant to this subdivision shall be deposited to the credit of the business and licensing services account established pursuant to the provisions of section ninety-seven-y of the state finance law.

h. Any person holding a certificate of registration shall be required to provide notice of any change in the information required of applicants by this section, in such form and manner, and within such time period as the secretary shall prescribe.

i. No person required to be registered under this subdivision shall be entitled to enforce any agreement or seek any consideration or any other payment for goods and services offered through telemarketing unless such person is in compliance with this subdivision and subdivision four of this section.

j. The secretary may prescribe rules and regulations to administer this subdivision and subdivision four of this section.

3. Bonding of telemarketers. a. Any applicant shall, at the time of any original application for a certificate of registration, file with the secretary, in the form and amount as prescribed in this subdivision and satisfactory to the secretary:

(i) A bond with a corporate surety, from a company authorized to do business in this state; or

e. The aggregate liability of the surety upon the bond or the banking organization upon the letter of credit or certificate of deposit to all persons for all breaches of the conditions of the bond shall in no event exceed the amount of the bond, letter of credit or certificate of deposit.

f. The bond, letter of credit or certificate of deposit shall not be canceled, revoked, diminished or terminated except after notice to, and with the consent of, the secretary at least forty-five days in advance of such cancellation, revocation, or termination. Unless the bond is replaced by another bond, letter of credit or certificate of deposit in conformity with this subdivision prior to the expiration of the forty-five day period, the registration of the telemarketer shall be treated as terminated as of the date the amount of the bond, letter of credit or certificate of deposit falls below the amount required by this subdivision.

g. The registration of the telemarketer shall be treated as terminated as of the date the amount of the bond, letter of credit or certificate of deposit falls below the amount required by this subdivision.

h. Any change in ownership of a telemarketer shall not release, cancel or terminate liability under this subdivision under any bond, letter of credit, or certificate of deposit filed for any telemarketer as to any customer who was injured as a result of a violation of this section or article ten-B of the personal property law while such bond, letter of credit or certificate of deposit was in effect unless such transferee, purchaser, successor or assignee of such telemarketer obtains a bond, letter of credit or certificate of deposit under this subdivision for the benefit of such customer. Nothing in this paragraph shall be construed to authorize any telemarketer to cancel any bond, letter of credit, or certificate of deposit where such cancellation is not otherwise authorized by this subdivision.

4. Refusal to issue, suspension, and revocation of registration. a. The secretary, or any person deputized or so designated by him or her may deny the application of any person for a certificate of registration, refuse to issue a renewal thereof, suspend or revoke such certificate or in lieu thereof assess a fine not to exceed one thousand dollars per violation, if he or she determines that such applicant, or any of its principals:

Section 1. Subdivision 1 of section 130 of the executive law, as amended by section 1 of subpart D of part II of chapter 55 of the laws of 2019, is amended to read as follows:

1. The secretary of state may appoint and commission as many notaries public for the state of New York as in his or her judgment may be deemed best, whose jurisdiction shall be co-extensive with the boundaries of the state. The appointment of a notary public shall be for a term of four years. An application for an appointment as notary public shall be in form and set forth such matters as the secretary of state shall prescribe. Every person appointed as notary public must, at the time of his or her appointment, be [a citizen of the United States and either] a resident of the state of New York or have an office or place of business in New York state. A notary public who is a resident of the state and who moves out of the state but still maintains a place of business or an office in New York state does not vacate his or her office as a notary public. A notary public who is a nonresident and who ceases to have an office or place of business in this state, vacates his or her office as a notary public. A notary public who is a resident of New York state and moves out of the state and who does not retain an office or place of business in this state shall vacate his or her office as a notary public. A non-resident who accepts the office of notary public in this state thereby appoints the secretary of state as the person upon whom process can be served on his or her behalf. Before issuing to any applicant a commission as notary public, unless he or she be an attorney and counsellor at law duly admitted to practice in this state or a court clerk of the unified court system who has been appointed to such position after taking a civil service promotional examination in the court clerk series of titles, the secretary of state shall satisfy himself or herself that the applicant is of good moral character, has the equivalent of a common school education and is familiar with the duties and responsibilities of a notary public; provided, however, that where a notary public applies, before the expiration of his or her term, for reappointment with the county clerk or where a person whose term as notary public shall have expired applies within six months thereafter for reappointment as a notary public with the county clerk, such qualifying requirements may be waived by the secretary of state, and further, where an application for reappointment is filed with the county clerk after the expiration of the aforementioned renewal period by a person who failed or was unable to re-apply by reason of his or her induction or enlistment in the armed forces of the United States, such qualifying requirements may also be waived by the secretary of state, provided such application for reappointment is made within a period of one year after the military discharge of the applicant under conditions other than dishonorable. In any case, the appointment or reappointment of any applicant is in the discretion of the secretary of state. The secretary of state may suspend or remove from office, for misconduct, any notary public appointed by him or her but no such removal shall be made unless the person who is sought to be removed shall have been served with a copy of the charges against him or her and have an opportunity of being heard. No person shall be appointed as a notary public under this article who has been convicted, in this state or any other state or territory, of a crime, unless the secretary makes a finding in conformance with all applicable statutory requirements, including those contained in article twenty-three-A of the correction law, that such convictions do not constitute a bar to appointment.
§ 2. Subdivision 1 of section 130 of the executive law, as amended by chapter 490 of the laws of 2019, is amended to read as follows:

1. The secretary of state may appoint and commission as many notaries public for the state of New York as in his or her judgment may be deemed best, whose jurisdiction shall be co-extensive with the boundaries of the state. The appointment of a notary public shall be for a term of four years. An application for an appointment as notary public shall be in form and set forth such matters as the secretary of state shall prescribe. Every person appointed as notary public must, at the time of his or her appointment, be a citizen of the United States and either a resident of the state of New York or have an office or place of business in New York state. A notary public who is a resident of the state and who moves out of the state but still maintains a place of business or an office in New York state does not vacate his or her office as a notary public. A non-resident who accepts the office of notary public in this state thereby appoints the secretary of state as the person upon whom process can be served on his or her behalf. Before issuing to any applicant a commission as notary public, unless he or she be an attorney and counsellor at law duly admitted to practice in this state or a court clerk of the unified court system who has been appointed to such position after taking a civil service promotional examination in the court clerk series of titles, the secretary of state shall satisfy himself or herself that the applicant is of good moral character, has the equivalent of a common school education and is familiar with the duties and responsibilities of a notary public; provided, however, that where a notary public applies, before the expiration of his or her term, for reappointment with the county clerk or where a person whose term as a notary public shall have expired applies within six months thereafter for reappointment as a notary public with the county clerk, such qualifying requirements may be waived by the secretary of state, and further, where an application for reappointment is filed with the county clerk after the expiration of the aforementioned renewal period by a person who failed or was unable to re-apply by reason of his or her induction or enlistment in the armed forces of the United States, such qualifying requirements may also be waived by the secretary of state, provided such application for reappointment is made within a period of one year after the military discharge of the applicant under conditions other than dishonorable, or if the applicant has a qualifying condition, as defined in section three hundred fifty of this chapter, within a period of one year after the applicant has received a discharge other than bad conduct or dishonorable from such service, or if the applicant is a discharged LGBT veteran, as defined in section three hundred fifty of this chapter, within a period of one year after the applicant has received a discharge other than bad conduct or dishonorable from such service. In any case, the appointment or reappointment of any applicant is in the discretion of the secretary of state. The secretary of state may suspend or remove from office, for misconduct, any notary public appointed by him or her but no such removal shall be made unless the person who is sought to be removed shall have been served with a copy of the charges against him or her and have an opportunity of being heard. No person shall be appointed as a notary public under this article who has been convicted,
in this state or any other state or territory, of a crime, unless the
secretary makes a finding in conformance with all applicable statutory
requirements, including those contained in article twenty-three-A of the
correction law, that such convictions do not constitute a bar to
appointment.
§ 3. Section 440-a of the real property law, as amended by section 1
of subpart G of part II of chapter 55 of the laws of 2019, is amended to
read as follows:
§ 440-a. License required for real estate brokers and salesmen. No
person, co-partnership, limited liability company or corporation shall
engage in or follow the business or occupation of, or hold himself or
itself out or act temporarily or otherwise as a real estate broker or
real estate salesman in this state without first procuring a license
therefor as provided in this article. No person shall be entitled to a
license as a real estate broker under this article, either as an indi-

a limited liability company or as an officer of a corporation, unless he
or she is twenty years of age or over [a citizen of the United States
or an alien lawfully admitted for permanent residence in the United
States]. No person shall be entitled to a license as a real estate
salesman under this article unless he or she is over the age of eighteen
years. No person shall be entitled to a license as a real estate broker
or real estate salesman under this article who has been convicted in
this state or elsewhere of a crime, unless the secretary makes a finding
in conformance with all applicable statutory requirements, including
those contained in article twenty-three-A of the correction law, that
such convictions do not constitute a bar to licensure. No person shall
be entitled to a license as a real estate broker or real estate salesman
under this article who does not meet the requirements of section 3-503
of the general obligations law.
Notwithstanding anything to the contrary in this section, tenant asso-
ciations and not-for-profit corporations authorized in writing by the
commissioner of the department of the city of New York charged with
enforcement of the housing maintenance code of such city to manage resi-
dential property owned by such city or appointed by a court of competent
jurisdiction to manage residential property owned by such city shall be
exempt from the licensing provisions of this section with respect to the
properties so managed.
§ 4. Subdivision 1 of section 72 of the general business law, as
amended by chapter 164 of the laws of 2003, is amended to read as

bureau, agency, sub-agency, office or branch office for which the
license is desired, and such further facts as may be required by the
department of state to show the good character, competency and integrity

individual signing such application shall, together with such applica-
tion, submit to the department of state, his photograph, taken within
six months prior thereto in duplicate, in passport size and also two
sets of fingerprints of his two hands recorded in such manner as may be
specified by the secretary of state or the secretary of state's author-
ized representative. Before approving such application it shall be the
duty of the secretary of state or the secretary of state's authorized
representative to forward one copy of such fingerprints to the division
of criminal justice services. Upon receipt of such fingerprints, such
division shall forward to the secretary of state a report with respect
to the applicant's previous criminal history, if any, or a statement
that the applicant has no previous criminal history according to its
files. If additional copies of fingerprints are required the applicant
shall furnish them upon request. Such fingerprints may be submitted to
the federal bureau of investigation for a national criminal history

the chief of police and the district attorney of the applicant's resi-

report concerning the applicant's character in the event they shall have
information concerning it. The secretary shall take such other steps as
may be necessary to investigate the honesty, good character and integri-

bureau, agency, sub-agency, office or branch office of the applicant
shall provide sufficient proof of having taken and passed a written

by a resident of the state of New York such application shall be
approved, as to each resident person or individual so signing the same,

Without limiting the effect of section four hundred three of this chapter, filing and indexing by the department of state shall not be deemed a finding that a certificate conforms to law, nor shall it be deemed to constitute an approval by the department of state of the name of the corporation or the contents of the certificate, nor shall it be deemed to prevent any person with appropriate standing from contesting the legality thereof in an appropriate forum. The instrument's date of filing shall be the date the instrument was received by the department of state for filing. An instrument that is determined by the department of state to be unacceptable for filing shall be returned to the person filing the instrument with an explanation of the reason for the refusal to file. § 7. Subdivision (e) of section 301 of the limited liability company law, as amended by section 5 of part S of chapter 59 of the laws of 2015, is amended to read as follows:

(e) Except as otherwise provided in this subdivision, every limited liability company to which this chapter applies, shall biennially in the calendar month during which its articles of organization or application for authority were filed, or effective date thereof if stated, file on forms prescribed by the secretary of state, a statement setting forth:

(i) the post office address within or without this state to which the secretary of state shall mail a copy of any process accepted against it served upon him or her. Such address shall supersede any previous address on file with the department of state for this purpose;

(ii) the name and address of any managers appointed or elected in accordance with the articles of organization or operating agreement; and

(iii) the name and address of the ten members with the largest percentage ownership interest, as determined as of the time the statement is filed by the department of state. No fee shall be collected for the filing of the statement.

(2) The commissioner of taxation and finance and the secretary of state may agree to allow limited liability companies to include the statement specified in paragraph one of this subdivision on tax reports filed with the department of taxation and finance in lieu of biennial statements and in a manner prescribed by the commissioner of taxation and finance. If this agreement is made, starting with taxable years beginning on or after January first, two thousand sixteen, each limited liability company required to file the statement specified in paragraph one of this subdivision that is subject to the filing fee imposed by paragraph three of subsection (c) of section six hundred fifty-eight of the tax law shall include such statement annually on its filing fee payment form filed with the department of taxation and finance in lieu of filing a statement under this section with the department of state. However, each limited liability company required to file a statement under this section must continue to file the biennial statement required by this section with the department of state until the limited liability company in fact has filed a filing fee payment form with the department
of taxation and finance that includes all required information. After
that time, the limited liability company shall continue to provide annu-
ally the statement specified in paragraph one of this subdivision on its
filing fee payment form in lieu of the biennial statement required by
this subdivision.
(3) If the agreement described in paragraph two of this subdivision is
made, the department of taxation and finance shall deliver to the
department of state the statement specified in paragraph one of this
subdivision contained on filing fee payment forms. The department of
taxation and finance must, to the extent feasible, also include the
current name of the limited liability company, department of state iden-
tification number for such limited liability company, the name, signa-
ture and capacity of the signer of the statement, name and street
address of the filer of the statement, and the email address, if any, of
the filer of the statement.
§ 8. Subdivision (c) of section 1101 of the limited liability company
law is REPEALED.
§ 9. Paragraph (e) of section 104 of the not-for-profit corporation
law, as amended by chapter 833 of the laws of 1982, is amended to read
as follows:
(e) If an instrument which is delivered to the department of state for
filing complies as to form with the requirements of law and there has
been attached to it the consent or approval of the supreme court
justice, governmental body or officer, or, other person or body, if any,
whose consent to or approval of such instrument or the filing thereof is
required by any statute of this state and the filing fee and tax, if
any, required by any statute of this state in connection therewith have
been paid, the instrument shall be filed and indexed by the department
of state. No certificate of authentication or conformity or other proof
shall be required with respect to any verification, oath or acknowledg-
ment of any instrument delivered to the department of state under this
chapter, if such verification, oath or acknowledgment purports to have
been made before a notary public, or person performing the equivalent
function, of one of the states, or any subdivision thereof, of the
United States or the District of Columbia. Without limiting the effect
of section four hundred three of this chapter, filing and indexing by
the department of state shall not be deemed a finding that a certificate
conforms to law, nor shall it be deemed to constitute an approval by the
department of state of the name of the corporation or the contents of
the certificate, nor shall it be deemed to prevent any person with
appropriate standing from contesting the legality thereof in an appro-
priate forum. The instrument’s date of filing shall be the date the
instrument was received by the department of state for filing. An
instrument that is determined by the department of state to be unaccept-
able for filing shall be returned to the person filing the instrument
with an explanation of the reason for the refusal to file. If the filer
returns the corrected instrument within thirty days from the date it was
originally received by the department of state and it is determined by
the department of state to be acceptable for filing, the instrument
shall be filed and indexed by the department of state and the filing
date of the instrument shall be the filing date that would have been
applied had the original instrument been acceptable for filing.
§ 10. Section 121-206 of the partnership law, as added by chapter 950
of the laws of 1990, is amended to read as follows:
§ 121-206. Filing with the department of state. A signed certificate
of limited partnership and any signed certificates of amendment or other
certificates filed pursuant to this article or of any judicial decree of
amendment or cancellation shall be delivered to the department of state.
If the instrument which is delivered to the department of state for
filing complies as to form with the requirements of law and the filing
fee required by any statute of this state in connection therewith has
been paid, the instrument shall be filed and indexed by the department
of state. **The instrument’s date of filing shall be the date the instru-
ment was received by the department of state for filing.** An instrument
that is determined by the department of state to be unacceptable for
filing shall be returned to the person filing the instrument with an
explanation of the reason for the refusal to file. If the filer returns
the corrected instrument within thirty days from the date it was
originally received by the department of state and it is determined by
the department of state to be acceptable for filing, the instrument
shall be filed and indexed by the department of state and the filing
date of the instrument shall be the filing date that would have been
applied had the original instrument been acceptable for filing.

§ 11. Subdivision (e) of section 121-1500 of the partnership law, as
added by chapter 576 of the laws of 1994, is amended to read as follows:
(e) If the signed registration or other instrument delivered to the
department of state for filing complies as to form with the requirements
of law and the filing fee required by any statute of this state has been
paid, the **registration instrument** shall be filed and indexed by the
department of state. **The instrument’s date of filing shall be the date the instru-
ment was received by the department of state for filing.** An instrument
that is determined by the department of state to be unacceptable for
filing shall be returned to the person filing the instrument with an
explanation of the reason for the refusal to file. If the filer returns
the corrected instrument within thirty days from the date it was
originally received by the department of state and it is determined by
the department of state to be acceptable for filing, the instrument
shall be filed and indexed by the department of state and the filing
date of the instrument shall be the filing date that would have been
applied had the original instrument been acceptable for filing.

§ 12. Subdivision (g) of section 121-1500 of the partnership law, as
amended by section 8 of part S of chapter 59 of the laws of 2015, is
amended to read as follows:
(g) Each registered limited liability partnership shall, within sixty
days prior to the fifth anniversary of the effective date of its regis-
tration and every five years thereafter, furnish a statement to the
department of state setting forth: (i) the name of the registered limit-
ed liability partnership, (ii) the address of the principal office of
the registered limited liability partnership, (iii) the post office
address within or without this state to which the secretary of state
shall mail a copy of any process accepted against it served upon him or
her, which address shall supersede any previous address on file with the
department of state for this purpose, and (iv) a statement that it is
eligible to register as a registered limited liability partnership
pursuant to subdivision (a) of this section. The statement shall be
executed by one or more partners of the registered limited liability
partnership. [The statement shall be accompanied by a fee of twenty
dollars if submitted directly to the department of state. The commis-
sioner of taxation and finance and the secretary of state may agree to
allow registered limited liability partnerships to provide the statement
specified in this subdivision on tax reports filed with the department
of taxation and finance in lieu of statements filed directly with the
secretary of state and in a manner prescribed by the commissioner of
taxation and finance. If this agreement is made, starting with taxable
years beginning on or after January first, two thousand sixteen, each
registered limited liability partnership required to file the statement
specified in this subdivision that is subject to the filing fee imposed
by paragraph three of subsection (c) of section six hundred fifty-eight
of the tax law shall provide such statement annually on its filing fee
payment form filed with the department of taxation and finance in lieu
of filing a statement under this subdivision with the department of
state. However, each registered limited liability partnership required
to file a statement under this section must continue to file a statement
with the department of state as required by this section until the
registered limited liability partnership in fact has filed a filing fee
payment form with the department of taxation and finance that includes
all required information. After that time, the registered limited
liability partnership shall continue to provide annually the statement
specified in this subdivision on its filing fee payment form in lieu of
the statement required by this subdivision. The commissioner of taxation
and finance shall deliver the completed statement specified in this
subdivision to the department of state for filing. The department of
taxation and finance must, to the extent feasible, also include in such
delivery the current name of the registered limited liability partner-
ship, department of state identification number for such registered
limited liability partnership, the name, signature and capacity of the
signer of the statement, name and street address of the filer of the
statement, and the email address, if any, of the filer of the state-
ment.] No fee shall be collected for the filing of the statement. If a
registered limited liability partnership shall not timely file the
statement required by this subdivision, the department of state may,
upon sixty days' notice mailed to the address of such registered limited
liability partnership as shown in the last registration or statement or
certificate of amendment filed by such registered limited liability
partnership, make a proclamation declaring the registration of such
registered limited liability partnership to be revoked pursuant to this
subdivision. The department of state shall file the original proclama-
tion in its office and shall publish a copy thereof in the state regis-
ter no later than three months following the date of such proclamation.
[This shall not apply to registered limited liability partnerships that
have filed a statement with the department of state through the depart-
ment of taxation and finance.] Upon the publication of such proclamation
in the manner aforesaid, the registration of each registered limited
liability partnership named in such proclamation shall be deemed revoked
without further legal proceedings. Any registered limited liability
partnership whose registration was so revoked may file in the department
of state a statement required by this subdivision. The filing of such
statement shall have the effect of annulling all of the proceedings
therefore taken for the revocation of the registration of such regis-
tered limited liability partnership under this subdivision and (1) the
registered limited liability partnership shall thereupon have such
powers, rights, duties and obligations as it had on the date of the
publication of the proclamation, with the same force and effect as if
such proclamation had not been made or published and (2) such publica-
tion shall not affect the applicability of the provisions of subdivision
(b) of section twenty-six of this chapter to any debt, obligation or
liability incurred, created or assumed from the date of publication of
the proclamation through the date of the filing of the statement with
the department of state. If, after the publication of such proclamation,
it shall be determined by the department of state that the name of any
registered limited liability partnership was erroneously included in
such proclamation, the department of state shall make appropriate entry
on its records, which entry shall have the effect of annuling all of
the proceedings theretofore taken for the revocation of the registration
of such registered limited liability partnership under this subdivision
and (A) such registered limited liability partnership shall have such
powers, rights, duties and obligations as it had on the date of the
publication of the proclamation, with the same force and effect as if
such proclamation had not been made or published and (B) such publica-
tion shall not affect the applicability of the provisions of subdivision
(b) of section twenty-six of this chapter to any debt, obligation or
liability incurred, created or assumed from the date of publication of
the proclamation through the date of the making of the entry on the
records of the department of state. Whenever a registered limited
liability partnership whose registration was revoked shall have filed a
statement pursuant to this subdivision or if the name of a registered
limited liability partnership was erroneously included in a proclamation
and such proclamation was annulled, the department of state shall
publish a notice thereof in the state register.

§ 13. Subdivision (d) of section 121-1502 of the partnership law, as
added by chapter 576 of the laws of 1994, is amended to read as follows:
(d) If a signed notice or other instrument delivered to the department
of state for filing complies as to form with the requirements of law and
the filing fee required by any statute of this state has been paid, the
instrument shall be filed and indexed by the department of
state. The instrument's date of filing shall be the date the instrument
was received by the department of state for filing. An instrument that
is determined by the department of state to be unacceptable for filing
shall be returned to the person filing the instrument with an explana-
tion of the reason for the refusal to file. If the filer returns the
corrected instrument within thirty days from the date it was originally
received by the department of state and it is determined by the depart-
ment of state to be acceptable for filing, the instrument shall be filed
and indexed by the department of state and the filing date of the
instrument shall be the filing date that would have been applied had the
original instrument been acceptable for filing. If a foreign limited
liability partnership that is a New York registered foreign limited
liability partnership dissolves, a foreign limited liability partnership
which is the successor to such New York registered foreign limited
liability partnership (i) shall not be required to file a new notice and
shall be deemed to have filed the notice filed by the New York regis-
tered foreign limited liability partnership pursuant to subdivision (a)
of this section, as well as any withdrawal notice filed pursuant to
subdivision (e) of this section, any statement or certificate of consent
filed pursuant to subdivision (f) of this section and any notice of
amendment filed pursuant to subdivision (i) of this section and (ii)
shall be bound by any revocation of status pursuant to subdivision (f)
of this section and any annullment thereof of the dissolved foreign
limited liability partnership that was a New York registered foreign
limited liability partnership. For purposes of this section, a foreign
limited liability partnership is a successor to a foreign limited
liability partnership that was a New York registered foreign limited
liability partnership if a majority of the total interests in the
current profits of such successor foreign limited liability partnership
are held by partners of the predecessor foreign limited liability partnership that was a New York registered foreign limited liability partnership who were partners of such predecessor partnership immediately prior to the dissolution of such predecessor partnership.

§ 14. Paragraph (I) of subdivision (f) of section 121-1502 of the partnership law, as amended by section 9 of part S of chapter 59 of the laws of 2015, is amended to read as follows:

(i) the name under which the New York registered foreign limited liability partnership is carrying on or conducting or transacting business or activities in this state, (ii) the address of the principal office of the New York registered foreign limited liability partnership, (iii) the post office address within or without this state to which the secretary of state shall mail a copy of any process accepted against it served upon him or her, which address shall supersede any previous address on file with the department of state for this purpose, and (iv) a statement that it is a foreign limited liability partnership. The statement shall be executed by one or more partners of the New York registered foreign limited liability partnership. The statement shall be accompanied by a fee of fifty dollars if submitted directly to the department of state. The commissioner of taxation and finance and the secretary of state may agree to allow New York registered foreign limited liability partnerships to provide the statement specified in this paragraph on tax reports filed with the department of taxation and finance in lieu of statements filed directly with the secretary of state and in a manner prescribed by the commissioner of taxation and finance. If this agreement is made, starting with taxable years beginning on or after January first, two thousand sixteen, each New York registered foreign limited liability partnership required to file the statement specified in this paragraph that is subject to the filing fee imposed by paragraph three of subsection (c) of section six hundred fifty-eight of the tax law shall provide such statement annually on its filing fee payment form filed with the department of taxation and finance in lieu of filing a statement under this paragraph directly with the department of state. Upon the publication of such proclamation in the manner aforesaid, the status of each New York registered foreign limited liability partnership named in such proclamation shall be deemed revoked without further legal proceedings. Any New York registered foreign limited liability partnership whose status was so revoked may file in the department of state a statement required by this subdivision. The filing of such statement shall have the effect of annulling all of the proceedings theretofore taken for the revocation of the status of such New York registered foreign limited liability partnership under this subdivision and (1) the New York registered foreign limited liability partnership shall thereupon have such powers, rights, duties and obligations as it had on the date of the publication of the proclamation, with the same force and effect as if such proclamation had not been made or published and (2) such publication shall not affect the applicability of the laws of the jurisdiction governing the agreement under which such New York registered foreign limited liability partnership is operating (including laws governing the liability of partners) to any debt, obligation or liability incurred, created or assumed from the date of publication of the proclamation through the date of filing of the statement with the department of state. 7. [Any such assessment may be compromised or discontinued by the commission.] All moneys recovered pursuant to this section, together with the costs thereof, shall be remitted to, or for the benefit of, the ratepayers in a manner to be determined by the commission.

8. Upon a failure by a combination gas and electric corporation or officer to remit any penalty assessed by the commission pursuant to this section, the commission, through its counsel, may institute an action or special proceeding to collect the penalty in a court of competent jurisdiction.

9. Any payment made by a combination gas and electric corporation or the officers thereof as a result of an assessment as provided in this section, and the cost of litigation and investigation related to any such assessment, shall not be recoverable from ratepayers.

10. In construing and enforcing the provisions of this chapter relating to penalties, the act of any director, officer, agent or employee of a combined gas and electric corporation acting within the scope of his or her official duties or employment shall be deemed to be the act of such corporation.

11. It shall be a violation of this chapter should a director, officer or employee of a public utility company, corporation, person acting in his or her official duties or employment, or an agent acting on behalf of an employer take retaliatory personnel action such as discharge, suspension, demotion, penalization or discrimination against an employee for reporting a violation of a provision of this chapter [of] or an order or regulation adopted under the authority of this chapter, including, but not limited to, those governing safe and adequate service, protection of human safety or prevention of significant damage to real property, including, but not limited to, the commission's code of gas safety. Nothing in this subdivision shall be deemed to diminish the rights, privileges or remedies of any employee under any other law or regulation, including but not limited to article twenty-C of the labor law and section seventy-five-b of the civil service law, or under any collective bargaining agreement or employment contract.

§ 2. The public service law is amended by adding a new section 25-b to read as follows:

255. Severability.

§ 250. Definitions. For purposes of this article, the following terms shall have the following meanings:

1. "Application-agnostic" means not differentiating on the basis of source, destination, internet content, application, service, or device, or class of internet content, application, service, or device.

2. "Application-specific differential pricing" means charging different prices for internet traffic to customers on the basis of internet content, application, service, or device, or class of internet content, application, service, or device, but shall not include zero-rating.

3. "Broadband internet access service" means a mass-market retail service by wire or radio provided to customers in the state of New York that provides the capability to transmit data to, and receive data from, all or substantially all internet endpoints, including any capabilities that are incidental to and enable the operation of the communications service, but excluding dial-up internet access service. "Broadband internet access service" shall also encompass any service provided to customers in the state of New York that provides a functional equivalent of such service or that is used to evade the protections set forth in this chapter.

4. "Class of internet content, application, service, or device" means internet content, or a group of internet applications, services, or devices, sharing a common characteristic, including, but not limited to, sharing the same source or destination, belonging to the same type of content, application, service, or device, using the same application or transport-layer protocol, or having similar technical characteristics, including, but not limited to, the size, sequencing, or timing of packets or sensitivity to delay.

5. "Content, applications, or services" means all internet traffic transmitted to or from end users of a broadband internet access service, including traffic that may not fit clearly into any of these categories.

6. "Edge provider" means any individual or entity that provides any content, application, or service over the internet, and any individual or entity that provides a device used for accessing any content, application, or service over the internet.

7. "End user" means any individual or entity that uses a broadband internet access service.

8. "Internet service provider" or "ISP" means a business that provides broadband internet access service to an individual, corporation, government, or other customer in the state of New York.

14. "Third-party paid prioritization" means the management of an internet service provider's network to directly or indirectly favor some traffic over other traffic, including the use of techniques such as traffic shaping, prioritization, resource reservation, or other forms of preferential traffic management, either:
   (a) in exchange for consideration, monetary or otherwise, from a third party; or
   (b) to benefit an affiliated entity.

15. "Zero-rating" means exempting some internet traffic from a customer's data usage limitation.

§ 251. Prohibitions. 1. Notwithstanding any inconsistent provisions of this chapter, it shall be unlawful for an ISP, in providing broadband internet access service in the state, to engage in any of the following activities:
   (a) Blocking lawful content, applications, services, or non-harmful devices, subject to reasonable network management practices.
   (b) Throttling, altering, restricting, interfering with, or otherwise directly or indirectly favoring, disadvantaging, or discriminating between lawful internet traffic on the basis of source, destination, internet content, application, or service, or use of a non-harmful device, or of class of internet content, application, service, or non-harmful device, subject to reasonable network management practices.
   (c) Engaging in third-party paid prioritization.
   (d) Engaging in application-specific differential pricing or zero-rating in exchange for consideration, monetary or otherwise, by third parties.
   (e) Zero-rating some internet content, applications, services, or devices in a category of internet content, applications, services, or devices, but not the entire category.
   (f) Engaging in application-specific differential pricing.
   (g) Unreasonably interfering with, or unreasonably disadvantaging, either an end user's ability to select, access, and use broadband internet access service or lawful internet content, applications, services, or devices of the end user's choice, subject to reasonable network management practices.
   (h) Engaging in practices with respect to, related to, or in connection with ISP traffic exchange that has the purpose or effect of circumventing or undermining the effectiveness of this section.
(i) Engaging in deceptive or misleading marketing practices that misrepresent the treatment of internet traffic, content, applications, service or devices by the internet service provider, or that misrepresent the performance characteristics or commercial terms of the broadband internet access service to its customers.

(j) Advertising, offering for sale or selling broadband internet access service without prominently disclosing with specificity all aspects of the service advertised, offered for sale or sold.

(k) Failing to publicly disclose accurate information regarding the network management practices, performance, and commercial terms of its broadband internet access services sufficient for consumers to make informed choices regarding use of those services and for content, application, service and device providers to develop, market and maintain internet offerings.

(l) Offering or providing services other than broadband internet access service that are delivered over the same last-mile connection as the broadband internet access service, if those services satisfy any of the following conditions:

(i) such services are marketed, provide or can be used as a functional equivalent of broadband internet access service;

(ii) such services have the purpose or effect of circumventing or undermining the effectiveness of this section; or

(iii) such services negatively affect the performance of broadband internet access service.

2. (a) An internet service provider may offer different types of technical treatment to end users as part of its broadband internet access service, without violating the provisions of subdivision one of this section, if all of the following conditions exist:

(i) the different types of technical treatment are equally available to all internet content, applications, services and devices, and all classes of internet content, applications, services and devices, and the internet service provider does not discriminate in the provision of the different types of technical treatment on the basis of internet content, application, service or device, or class of internet content, application, service or device;

(ii) the internet service provider's end users are able to choose whether, when, and for which internet content, applications, services, or devices, or classes of internet content, applications, services, or devices, to use each type of technical treatment; and

(iii) the internet service provider charges only its own broadband internet access service customers for the use of the different types of technical treatment.

(b) Any internet service provider offering different types of technical treatment pursuant to this subdivision shall notify the department and provide the department with a sample of any service contract that it offers to customers in the state of New York.

3. An internet service provider may zero-rate internet traffic in application-agnostic ways, without violating the provisions of subdivision one of this section, provided that no consideration, monetary or otherwise, is provided by any third party in exchange for the provider's decision to zero-rate or to not zero-rate traffic.

4. Nothing in this section prohibits an ISP from meeting an obligation to address the needs of emergency communications or law enforcement, public safety or national security authorities, consistent with or as permitted by applicable law, or limits the ISP's ability to do so.
§ 252. Consumer notice of service practices. An ISP providing broadband service in the state shall make publicly available an accurate description of such ISP's network management practices, performance and commercial terms of its broadband internet access service by posting such description on an ISP controlled or maintained website, provided that nothing in this section shall require ISPs to disclose confidential business information or information that would compromise network security.

§ 253. Annual certification. Every ISP providing broadband service in the state shall submit a certification to the department in a form and manner specified by the commission, by July first, two thousand twenty-one and annually thereafter. Such certification shall include, at a minimum:

1. a statement indicating whether the ISP is in compliance with sections two hundred fifty-one and two hundred fifty-two of this article;

§ 254. Administration and enforcement. 1. The commission shall be authorized to promulgate any rules or regulations necessary to implement the provisions of this article.

2. Violations of any duty imposed by this article shall be enforceable by the commission. Any ISP that violates any provision of or fails to perform any duty imposed pursuant to this article or any rule or regulation promulgated pursuant thereto, or any final determination or order of the commission made pursuant to this article shall be liable for a civil penalty not to exceed five hundred dollars for each violation and an additional penalty of not more than five hundred dollars for each day during which such violation continues.

3. In addition to the authority granted to the commission pursuant to this chapter, the attorney general may enforce the provisions of this article to the extent permitted under section sixty-three of the executive law.

4. Nothing in this article shall preclude or prohibit any public or private right of action relating to fraud or deceptive business practices.

§ 255. Severability. The provisions of this article shall be severable and if any phrase, clause, sentence or provision of this article, or the applicability thereof to any person or circumstance shall be held invalid, the remainder of this article and the application thereof shall not be affected thereby.

§ 2. The state finance law is amended by adding a new section 169 to read as follows:

§ 169. Net neutrality. Each state agency shall enter into contracts with only those internet service providers that have, by July first, two thousand twenty-one, certified pursuant to section two hundred fifty-three of the public service law that they are in compliance with sections two hundred fifty-one and two hundred fifty-two of the public service law. Each contract for internet services provided to a state agency shall specifically require certification pursuant to section two hundred fifty-three of the public service law and state that the internet service provider may not block lawful content, applications, services, non-harmful devices or applications that compete with other
services provided by such internet service provider. Any contract or
contract renewal entered into by a state agency shall include a binding
agreement consistent with the foregoing provisions, and no state agency
shall enter into a contract with an internet service provider, an agent
therefor or other entity offering to or procuring on behalf of the state
agency internet services unless such contract contains such a binding
agreement.

§ 3. Subdivision 9 of section 160 of the state finance law, as amended
by chapter 106 of the laws of 2012, is amended to read as follows:
9. "State agency" or "state agencies" means all state departments,
boards, commissions, offices or institutions but excludes, however, for
the purposes of subdivision five of section three hundred fifty-five of
the education law, the state university of New York and excludes, for
the purposes of subdivision a of section sixty-two hundred eighteen of
the education law, the city university of New York; provided, however,
that the state university of New York and the city university of New
York shall be subject to the provisions of section one hundred sixty-
five-a and section one hundred sixty-nine of this article. Furthermore,
such term shall not include the legislature or the judiciary.

§ 4. The public authorities law is amended by adding a new section
2878-c to read as follows:
§ 2878-c. Net neutrality. After July first, two thousand twenty-one,
each state agency shall enter into contracts with only those internet
service providers that have, by such date, certified pursuant to section
two hundred fifty-three of the public service law that they are in
compliance with sections two hundred fifty-one and two hundred fifty-two
of the public service law. Each contract for internet services provided
to a state agency shall specifically require certification pursuant to
section two hundred fifty-three of the public service law and state that
the internet service provider may not block lawful content, applica-
tions, services, non-harmful devices or applications that compete with
other services provided by such internet service provider. Any contract
or contract renewal entered into by a state authority shall include a
binding agreement consistent with the foregoing provisions, and no state
authority shall enter into a contract with an internet service provider,
an agent therefor or other entity offering to or procuring on behalf of
the state authority internet services unless such contract contains such
a binding agreement.

§ 5. Section 349 of the general business law is amended by adding a
new subdivision (k) to read as follows:
(k) In addition to the right of action granted to the attorney general
pursuant to this section, any person who has been injured by reason of
any violation of this section in relation to obligations imposed by
section two hundred fifty-one of the public service law may bring an
action to enjoin such unlawful act or practice, an action to recover
actual damages or five hundred dollars, whichever is greater, or both
such actions. The court may, in its discretion, increase the award of
damages to an amount not to exceed three times the actual damages if the
court finds the defendant willfully or knowingly violated this section.
The court may award reasonable attorneys' fees to a prevailing plain-
tiff.

§ 6. This act shall take effect immediately.

"Wireline backhaul facility" means an above-ground or underground wireline facility used to transport communications data from a wireless facility network interface device to a network.

§ 301. Use of right of way for small wireless facilities and utility poles. 1. Applicability. This section shall only apply to the activities of a wireless provider within the right of way to deploy small wireless facilities and associated utility poles.

2. Exclusive use prohibited. A municipal corporation may not enter into an exclusive arrangement with any person for use of the right of way for the collocation of small wireless facilities or for the installation, operation, marketing, modification, maintenance or replacement of utility poles.

3. Right of way rates and fees. A municipal corporation may only charge a wireless provider a rate or fee for the use of the ROW with respect to the collocation of small wireless facilities or the installation, maintenance, modification, operation, or replacement of a utility pole in the right of way if the municipal corporation charges other
entities for use of the right of way. Notwithstanding the foregoing, a
municipal corporation is permitted, on a nondiscriminatory basis, to
refrain from charging any rate to a wireless provider for the use of the
right of way. The rate for use of the right of way is provided in
section three hundred four of this article.

4. Right of access. Subject to this section, a wireless provider shall
have the right, as a permitted use not subject to zoning review or
approval, to collocate small wireless facilities and to install, main-
tain, modify, operate and replace utility poles along, across, upon, and
under the right of way. Such structures and facilities shall be so
installed and maintained as not to obstruct or hinder the usual travel
or public safety on such right of way or obstruct the legal use of such
right of way by utilities.

5. Height limits. Each new or modified utility pole installed in the
right of way shall not exceed the greater of: (a) ten feet in height
above the tallest existing utility pole in place as of the effective
date of this article located within five hundred feet of the new pole in
the same municipal corporation’s right of way; or (b) fifty feet above
ground level. New small wireless facilities in the right of way may not
extend: (i) more than ten feet above an existing utility pole in place
as of the effective date of this article; or (ii) for small wireless
facilities on a new utility pole, above the height permitted for a new
utility pole under this section. A wireless provider shall have the
right to collocate a small wireless facility and install, maintain,
modify, operate and replace a utility pole that exceeds these height
limits along, across, upon and under the right of way, subject to this
section and applicable zoning regulations.

6. Decorative poles. A wireless provider shall be permitted to collo-
cate on or replace decorative poles when necessary to deploy a small
wireless facility. A municipal corporation may require such collocation
or decorative pole replacement to reasonably conform to the design
aesthetics of the original decorative pole or poles, provided such
requirements are technically feasible.

7. Underground district. (a) A wireless provider shall comply with
written, objective, reasonable and nondiscriminatory requirements that
prohibit the installation of utility poles or wireless support struc-
tures in the right of way in an area designated solely for underground
communications and electric lines where: (i) the municipal corporation
has required all such lines to be placed underground no less than three
months prior to the submission of the application; (ii) utility poles
the municipal corporation allows to remain shall be made available to
wireless providers for the collocation of small wireless facilities, and
may be replaced by a wireless provider to accommodate the collocation of
small wireless facilities, in compliance with this article; and (iii) a
wireless provider may install a new utility pole in the designated area
that otherwise complies with this section when it is not able to provide
wireless service by collocating on a remaining utility pole or wireless
support structure.

(b) For small wireless facilities installed before a municipal corpo-
ation adopts requirements that communications and electric lines be
placed underground, such municipal corporation adopting such require-
ments shall: (i) permit a wireless provider to maintain the small wire-
less facilities in place subject to any applicable pole attachment
agreement with the utility pole owner; or (ii) permit the wireless
provider to replace the associated utility pole within fifty feet of the
prior location.
8. Historic district. Subject to subdivision four of section three hundred two of this article, a municipal corporation may require written, objective, reasonable, technically feasible, nondiscriminatory and technologically neutral design or concealment measures in a historic district. No such design or concealment measures may have the effect of materially inhibiting any provider’s technology or service; nor may any such measures be considered a part of the small wireless facility for purposes of the size restrictions in the definition of small wireless facility.

9. No discrimination. The municipal corporation, in the exercise of its administration and regulation related to the management of the right of way, must be competitively neutral with regard to other users of the right of way. The municipal corporation’s right of way regulations may not be unreasonable or discriminatory and may not violate any applicable law.

10. Damage and repair. The municipal corporation may require a wireless provider to repair all damage to the right of way directly caused by the activities of the wireless provider in the right of way and to return the right of way to its functional equivalence before the damage pursuant to the competitively neutral, reasonable requirements and specifications of the municipal corporation. If the wireless provider fails to make the repairs reasonably required by the municipal corporation within a reasonable time after written notice, the municipal corporation may affect those repairs and charge the applicable party the reasonable, documented actual cost of such repairs.

11. Pole replacements and modifications. A wireless provider shall not be required to replace or upgrade an existing utility pole except for reasons of structural necessity or compliance with applicable codes. A wireless provider may, with the permission of the pole owner, replace or modify existing utility poles, but any such replacement or modification shall be consistent with the design aesthetics of the utility pole or poles being modified or replaced.

12. Permitted use. New, modified or replacement utility poles associated with a small wireless facility that meet the requirements of this section are permitted uses subject to the permit process in subdivision four of section three hundred two of this article and are not subject to zoning review or approval.

13. Abandonment. A wireless provider is required to notify the municipal corporation at least thirty days before its abandonment of a small wireless facility. Following receipt of such notice, the municipal corporation shall direct the wireless provider to remove all or any portion of the small wireless facility that the municipal corporation determines would be in the best interest of the public safety and public welfare to remove. If the wireless provider fails to remove the abandoned facility within ninety days after such notice, the municipal corporation may undertake to do so and recover the actual and reasonable expenses of doing so from the wireless provider, its successors or assigns.

§ 302. Permitting process for small wireless facilities. 1. Applicability. This section shall apply to the permitting of the collocation of small wireless facilities by a wireless provider in or outside the right of way as specified in subdivision three of this section and to the permitting of the installation, modification, and replacement of associated utility poles by a wireless provider inside the right of way.
2. General. Except as provided in this article, a municipal corporation may not prohibit, regulate, or charge for the collocation of small wireless facilities that may be permitted in this section.

3. Zoning. Small wireless facilities shall be classified as permitted uses and not subject to zoning review or approval if they are collocated in the right of way in any zone.

4. Permits. A municipal corporation may require an applicant to obtain one or more permits to collocate a small wireless facility or to install a new, modified or replacement utility pole associated with a small wireless facility as provided in subdivision four of section three hundred one of this article, provided such permits are of general applicability and do not apply exclusively to wireless facilities. A municipal corporation shall receive applications for, process, and issue such permits subject to the following requirements:

   (a) a municipal corporation may not directly or indirectly require an applicant to perform services or provide goods unrelated to the permit, such as in-kind contributions to the municipal corporation including, but not limited to, reserving fiber, conduit, or pole space for the municipal corporation;

   (b) an applicant shall not be required to provide more information to obtain a permit than communications service providers that are not wireless providers, provided that an applicant may be required to include construction and engineering drawings and information demonstrating compliance with the criteria in paragraph (g) of this subdivision;

   (c) a municipal corporation may not require the collocation of small wireless facilities on any specific utility pole or category of poles or require multiple antenna systems on a single utility pole; the use of specific pole types or configurations when installing new or replacement poles; or the underground placements of small wireless facilities that are or are designated in an application to be pole-mounted or ground-mounted;

   (d) a municipal corporation may not limit the collocation of small wireless facilities by minimum horizontal separation distance requirements from existing small wireless facilities, utility poles, or other structures;

   (e) a municipal corporation may require an applicant to include an attestation that the small wireless facilities will be operational for use by a wireless services provider within one year after the permit issuance date, unless the municipal corporation applicant agree to extend this period or delay is caused by lack of commercial power or communications transport facilities to the site;

   (f) within ten days of receipt of an application, a municipal corporation must determine and notify the applicant in writing whether the application is complete. If an application is deemed incomplete, the municipal corporation must specifically identify the missing information in writing. The processing deadline in paragraph (g) of this subdivision is tolled from the time the authority sends the notice of incompleteness to the time the applicant provides the missing information. Such processing deadline may also be tolled upon agreement of the applicant and the municipal corporation;

   (g) municipal corporations shall process applications on a nondiscriminatory basis and such applications shall be deemed approved if the municipal corporation fails to approve or deny the application within sixty days of receipt of the application;

   (h) a municipal corporation may deny a proposed collocation of a small wireless facility or installation, modification or replacement of a
utility pole that meets the requirements of subdivision five of section three hundred one of this article only if the proposed application: (i) materially interferes with the safe operation of traffic control equipment; (ii) materially interferes with sight lines or clear zones for transportation or pedestrians; (iii) materially interferes with compliance with the Americans with Disabilities Act or similar federal or state standards regarding pedestrian access or movement; (iv) fails to comply with reasonable and nondiscriminatory horizontal spacing requirements of general application adopted by ordinance that concern the location of ground-mounted equipment and new utility poles. Such spacing requirements shall not prevent a wireless provider from serving any location; (v) designates the location of a new utility pole for the purpose of collocating a small wireless facility within seven feet in any direction of an electrical conductor, unless the wireless provider obtains the written consent of the power supplier that owns or manages the electrical conductor; (vi) fails to comply with applicable codes; or (vii) fails to comply with subdivision six, seven or eight of section three hundred one of this article:

(i) the municipal corporation must document the basis for a denial, including the specific code provisions on which the denial was based, and send the documentation to the applicant on the day the authority denies an application. The applicant may cure the deficiencies identified by the municipal corporation and resubmit the application within thirty days of the denial without paying an additional application fee. The municipal corporation shall approve or deny the revised application within thirty days of resubmission and limit its review to the deficiencies cited in the denial. Any application not acted upon within thirty days of resubmission shall be deemed approved;

(j) an applicant seeking to collocate small wireless facilities within the jurisdiction of a single municipal corporation shall be allowed at the applicant's discretion to file a consolidated application for up to thirty small wireless facilities and receive a single permit for the collocation of multiple small wireless facilities; provided, however, the denial of one or more small wireless facilities in a consolidated application shall not delay processing of any other small wireless facilities in the same consolidated application. Solely for purposes of calculating the number of small wireless facilities in a consolidated application, a small wireless facility includes any utility pole on which such small wireless facility will be collocated:

(k) installation or collocation for which a permit is granted pursuant to this section shall be completed within one year after the permit issuance date unless the municipal corporation and the applicant agree to extend this period or a delay is caused by the lack of commercial power or communications facilities at the site. Approval of an application authorizes the applicant to: (i) undertake the installation or collocation; and (ii) subject to applicable relocation requirements and the applicant's right to terminate at any time, operate and maintain the small wireless facilities and any associated utility pole covered by the permit for a period of not less than ten years, which must be renewed for equivalent durations so long as they are in compliance with the criteria set forth in paragraph (g) of this subdivision:

(l) no municipal corporation may institute, either expressly or de facto, a moratorium on: (i) filing, receiving, or processing applications; or (ii) issuing permits or other approvals, if any, for the collocation of small wireless facilities or the installation, modifica-
tion, or replacement of utility poles to support small wireless facili-
ties; and

(m) the approval of the installation, placement, or maintenance of a
small wireless facility pursuant to this section does not authorize the
installation, placement, maintenance, or operation of any other communi-
cations facility, including a wireline backhaul facility, in a right of
way.

5. When applications not required. A municipal corporation shall not
require an application for routine maintenance, the replacement of small
wireless facilities with small wireless facilities that are substantial-
ly similar or the same size or smaller, or the installation, placement,
maintenance, operation, or replacement of micro wireless facilities that
are suspended on cables that are strung between existing utility poles,
in compliance with the applicable codes. A municipal corporation may,
however, require a permit for work that requires excavation or closure
of sidewalks or vehicular lanes within the ROW for such activities. Such
a permit must be issued to the applicant on a non-discriminatory basis
upon terms and conditions applied to any other person's activities in
the right of way that require excavation, closing of sidewalks, or
vehicular lanes.

§ 303. Access to municipal corporation poles within the right of way.
1. Applicability. This section shall apply to activities of the wireless
provider within the right of way.
2. Exclusive use prohibited. A person owning, managing, or controlling
municipal corporation poles in the right of way may not enter into an
exclusive arrangement with any person for the right to attach to such
poles. A person who purchases or otherwise acquires a municipal corpo-
racion pole is subject to the requirements of this section.
3. Allowances. A municipal corporation shall allow the collocation of
small wireless facilities on municipal corporation poles on nondiscrimi-
natory terms and conditions using the process in section three hundred
three of this article.
4. Rates. (a) The rates to collocate on municipal corporation poles
shall be nondiscriminatory regardless of the services provided by the
collocating wireless provider.
(b) The rate to collocate on municipal corporation poles is provided
in section three hundred four of this article.
5. Implementation, make-ready work. (a) The rates, fees, and terms and
conditions for the make-ready work to collocate on a municipal corpo-
racion pole must be nondiscriminatory, competitively neutral, and
commercially reasonable and must comply with this article.
(b) The municipal corporation shall provide a good faith estimate for
any make-ready work necessary to enable the pole to support the
requested collocation by a wireless provider, including pole replacement
if necessary, within sixty days after receipt of a complete application.
Make-ready work, including any pole replacement, shall be completed
within sixty days of written acceptance of the good faith estimate by
the applicant. A municipal corporation may require replacement of the
municipal corporation's pole only if it demonstrates that the colloca-
tion would make such pole structurally unsound.
(c) The person owning, managing, or controlling the municipal corpo-
racion's pole shall not require more make-ready work than required to
meet applicable codes or industry standards. Fees for make-ready work
shall not include costs related to pre-existing or prior damage or
noncompliance. Fees for make-ready work, including any pole replacement,
shall not exceed either actual costs or the amount charged to other
communications service providers for similar work and shall not include any revenue or contingency-based consultant's fees or expenses of any kind.

§ 304. Rates and fees. 1. Applicability. This section shall govern a municipal corporation's rates and fees for the placement of a small wireless facility or associated utility pole.

2. Permissible rates and fees. A municipal corporation may not require a wireless provider to pay any rates, fees, or compensation to the municipal corporation or other person other than what is expressly authorized by this article for the right to use or occupy a right of way, for collocation of small wireless facilities on utility poles in the right of way, or for the installation, maintenance, modification, operation and replacement of utility poles in the right of way.

3. Application fees. A municipal corporation may charge an application fee, so long as such fee is reasonable, nondiscriminatory, and recovers no more than an authority's direct costs for processing an application; provided however, no such fee shall exceed the following: (a) five hundred dollars for the first five small wireless facilities on the same application and one hundred dollars for each additional small wireless facility on the same application; and (b) one thousand dollars for the installation, modification or replacement of a utility pole together with the collocation of an associated small wireless facility that are permitted uses in accordance with the specifications set forth in subdivision four of section three hundred two of this article.

4. Rates. (a) Right of way: a municipal corporation may charge for the occupancy and use of the right of way, so long as such rate is reasonable, nondiscriminatory, and does not exceed the greater of the authority's direct costs or twenty dollars per year per small wireless facility.

(b) Municipal corporation pole collocation rate: a municipal corporation may charge for collocation of a small wireless facility on a municipal corporation pole, so long as such rate is reasonable, nondiscriminatory, and does not exceed the greater of authority's direct costs or two hundred fifty dollars per municipal corporation pole per year.

5. Rate or fee adjustment. Should a municipal corporation have an existing rate or fee to construct, install, mount, maintain, modify, operate, or replace a wireless facility or wireless support structure in the right of way, including collocation in such right of way, controlled by the municipal corporation and such rate or fee does not comply with the requirements in this article, not later than the end of the next fiscal year immediately succeeding the effective date of this article, the municipal corporation shall implement a revised rate or fee to ensure compliance with this article for all affected persons.

§ 305. Cable services. This section applies to activities in the right of way only. Nothing in this article shall be interpreted to allow any entity to provide services regulated under 47 U.S.C. § 521 to 573 without compliance with all laws applicable to such providers, nor shall this article be interpreted to impose any new requirements on cable providers for the provision of such service in this state.

§ 306. Local authority. Subject to this article and applicable federal law, a municipal corporation may continue to exercise zoning, land use, planning and permitting authority within its territorial boundaries with respect to wireless support structures and utility poles, including the enforcement of applicable codes. A municipal corporation shall not have or exercise any jurisdiction or authority over the design, engineering, construction, installation, or operation of a small wireless facility
located in an interior structure or upon the site of a campus, stadium, or athletic facility not owned or controlled by the municipal corporation, other than to require compliance with applicable codes. Nothing in this article authorizes the state or any political subdivision, including a municipal corporation, to require wireless facility deployment or to regulate wireless services.

§ 307. Investor-owned electric utility poles. This article does not apply to utility poles owned by an investor-owned utility, except as it concerns a wireless provider's access to the right of way and permits for the collocation of small wireless facilities on such utility poles.

§ 308. Implementation. 1. Adoption. A municipal corporation may adopt an ordinance that makes available to wireless providers rates, fees, and other terms that comply with this article. Subject to the other provisions of this section, in the absence of an ordinance or agreement that fully complies with this article and until such a compliant ordinance is adopted, if at all, a wireless provider may install and operate small wireless facilities and associated utility poles under the requirements of this article. A municipal corporation may not require a wireless provider to enter into an agreement to implement this article, but such agreements are permissible if voluntary and nondiscriminatory.

2. Ordinances and agreements. Ordinances and agreements implementing this article are public/private arrangements and are matters of legitimate and significant statewide concern.

3. Application. An agreement or ordinance that does not fully comply with this article shall apply only to small wireless facilities and associated utility poles that were operational before the effective date of this article, and shall be deemed invalid and unenforceable beginning on the one hundred eighty-first day after the effective date of this article unless amended to fully comply with this article. If an agreement or ordinance is invalid in accordance with this subdivision, small wireless facilities and associated utility poles that became operational before the effective date of this article, pursuant to such agreement or ordinance, may remain installed and be operated under the requirements of this article.

4. Invalid and unenforceable. An agreement or ordinance that applies to small wireless facilities and associated utility poles that become operational on or after the effective date of this article is invalid and unenforceable unless it fully complies with this article. In the absence of an ordinance or agreement that fully complies with this article, a wireless provider may install and operate small wireless facilities and associated utility poles in the right of way under the requirements of this article.

§ 309. Dispute resolution. A court of competent jurisdiction shall have jurisdiction to determine all disputes arising under this article. Pending resolution of a dispute concerning rates for collocation of small wireless facilities on municipal corporation poles, the person owning or controlling the pole shall allow the collocating person to collocate on its poles at annual rates of no more than twenty dollars with rates to be trued up upon final resolution of the dispute.

§ 310. Indemnification, insurance, and bonding. A municipal corporation may adopt reasonable indemnification, insurance and bonding requirements related to small wireless facility and associated utility pole permits subject to the requirements of this article.

1. Indemnification. A municipal corporation shall not require a wireless provider to indemnify and hold the municipal corporation and its officers and employees harmless against any claims, lawsuits, judgments,
costs, liens, losses, expenses or fees, except when a court of competent jurisdiction has found that the negligence of the wireless provider while installing, repairing, or maintaining caused the harm that created such claims, lawsuits, judgments, costs, liens, losses, expenses, or fees.

2. Insurance. A municipal corporation authority may require a wireless provider to have in effect insurance coverage consistent with subdivision one of this section, so long as the municipal corporation imposes similar requirements on other right of way users and such requirements are reasonable and nondiscriminatory. (a) A municipal corporation may not require a wireless provider to obtain insurance naming the municipal corporation or its officers and employees an additional insured.

(b) A municipal corporation authority may require a wireless provider to furnish proof of insurance, if required, prior to the effective date of any permit issued for a small wireless facility.

3. Bonding. A municipal corporation may adopt bonding requirements for small wireless facilities if the municipal corporation imposes similar requirements in connection with permits issued for other right of way users.

(a) The purpose of such bonds shall be to:
   (i) provide for the removal of abandoned or improperly maintained small wireless facilities, including those that a municipal corporation determines need to be removed to protect public health, safety, or welfare; (ii) restoration of the right of way in connection with removals under subdivision thirteen of section three hundred one of this article; or (iii) to recoup rates or fees that have not been paid by a wireless provider in over twelve months, so long as the wireless provider has received reasonable notice from the municipal corporation of any of the non-compliance listed above and an opportunity to cure.

(b) Bonding requirements may not exceed two hundred dollars per small wireless facility. For wireless providers with multiple small wireless facilities within the jurisdiction of a single municipal corporation, the total bond amount across all facilities may not exceed ten thousand dollars, which amount may be combined into one bond instrument.

§ 2. The highway law is amended by adding a new section 24 to read as follows:

24. Statewide master license agreement. The commissioner is hereby authorized to enter into a statewide master license agreement with a wireless provider for use and occupancy of the state right of way for the purposes of installing communications facilities on utility or department owned poles or new wireless provider owned poles. The commissioner shall include elements in such an agreement he or she deems appropriate to maintain the safety and effective management of state roadways. Such statewide agreement may include a fee, not to exceed the greater of the department's direct costs, or an amount set forth in the agreement for use and occupancy of the right of way, per small wireless facility as that term is defined in subdivision twenty-four of section three hundred of the general municipal law. Nothing in this section shall be deemed to prohibit the department from collecting any other fee it has established for any other permit the department issues or any other fee the department assesses any individual for any activity in the department's normal course of business.

§ 3. This act shall take effect on the thirtieth day after it shall have become a law.
Section 1. Section 2 of chapter 584 of the laws of 2011, amending the
corporations law relating to the powers and duties of the dormito-
ry authority of the state of New York relative to the establishment of
subsidiaries for certain purposes, as amended by section 1 of part X of
chapter 58 of the laws of 2018, is amended to read as follows:
§ 2. This act shall take effect immediately and shall expire and be
deemed repealed on July 1, 2024; provided however, that the expi-
ration of this act shall not impair or otherwise affect any of the
powers, duties, responsibilities, functions, rights or liabilities of
any subsidiary duly created pursuant to subdivision twenty-five of
section 1678 of the public authorities law prior to such expiration.
§ 2. This act shall take effect immediately.

§ 3. Notwithstanding the provisions of section 38 of the highway law, section 136-a of the state finance law, [section] sections 359, 1678, 1680, 1680-a and 2879-a of the public authorities law, [section] sections 376, 407-a, 6281 and 7210 of the education law, sections 8 and 9 of the public buildings law, section 11 of chapter 795 of the laws of 1967, section 11 of section 1 of chapter 174 of the laws of 1968 as amended, section 8 and 9 of section 1 of chapter 359 of the laws of 1968 as amended, section 29 of chapter 337 of the laws of 1972, section 21 of chapter 464 of the laws of 1972, section 103 of the general municipal law, and the provisions of any other law to the contrary, and in conformity with the requirements of this act, an authorized state entity may utilize the alternative delivery method referred to as design-build contracts, in consultation with relevant local labor organizations and construction industry, for capital projects located in the state related to [the state's] physical infrastructure, including, but not limited to, [the state's] highways, bridges, buildings and appurtenant structures, dams, flood control projects, canals, and parks, including, but not
limited to, to repair damage caused by natural disaster, to correct
health and safety defects, to comply with federal and state laws, stand-

less than ten million dollars ($10,000,000).

§ 2. The opening paragraph and subdivision (a) of section 4 of part F
of chapter 60 of the laws of 2015 constituting the infrastructure
investment act, as amended by section 4 of part RRR of chapter 59 of the
laws of 2017, are amended to read as follows:

An entity selected by an authorized state entity to enter into a
design-build contract [shall] may be selected through a two-step method,
as follows:

(a) Step one. Generation of a list of entities that have demonstrated
the general capability to perform the design-build contract. Such list
shall consist of a specified number of entities, as determined by an
authorized state entity, and shall be generated based upon the author-
ized state entity's review of responses to a publicly advertised request
for qualifications. The authorized state entity's request for qualifica-
tions shall include a general description of the project, the maximum
number of entities to be included on the list, the selection criteria to
to be used and the relative weight of each criteria in generating the list.
Such selection criteria shall include the qualifications and experience
of the design and construction team, organization, demonstrated respon-
sibility, ability of the team or of a member or members of the team to
comply with applicable requirements, including the provisions of arti-
cles 145, 147 and 148 of the education law, past record of compliance
with the labor law, and such other qualifications the authorized state
t entity deems appropriate which may include but are not limited to
project understanding, financial capability and record of past perform-
ance. The authorized state entity shall evaluate and rate all entities
responding to the request for qualifications. Based upon such ratings,
the authorized state entity shall list the entities that shall receive a
request for proposals in accordance with subdivision (b) of this
section. To the extent consistent with applicable federal law, the
authorized state entity shall consider, when awarding any contract
pursuant to this section, the participation of: (i) firms certified
pursuant to article 15-A of the executive law as minority or women-owned
businesses and the ability of other businesses under consideration to
work with minority and women-owned businesses so as to promote and
assist participation by such businesses; [and] (ii) small business
concerns identified pursuant to subdivision (b) of section 139-g of the
state finance law; and (iii) firms certified pursuant to article 17-B of
the executive law as service-disabled veteran-owned businesses and the
ability of other businesses under consideration to work with service-
disabled veteran-owned businesses so as to promote and assist partic-
ipation by such businesses.

§ 3. Sections 7 and 8 of part F of chapter 60 of the laws of 2015
constituting the infrastructure investment act are amended to read as
follows:
§ 7. If otherwise applicable, capital projects undertaken by the authorized state entity pursuant to this act shall be subject to section 135 of the state finance law, section 101 of the general municipal law and section 222 of the labor law; provided, however, that an authorized state entity may fulfill its obligations under section 135 of the state finance law or section 101 of the general municipal law by requiring the contractor to prepare separate specifications in accordance with section 135 of the state finance law or section 101 of the general municipal law, as the case may be.

§ 8. Each contract entered into by the authorized state entity pursuant to this section shall comply with the objectives and goals of minority and women-owned business enterprises pursuant to article 15-A of the executive law and of service-disabled veteran-owned business enterprises pursuant to article 17-B of the executive law or, for projects receiving federal aid, shall comply with applicable federal requirements for disadvantaged business enterprises.

§ 4. Paragraph 3 of subdivision (a) and subdivision (b) of section 13 of part F of chapter 60 of the laws of 2015 constituting the infrastructure investment act, as amended by section 11 of part RRR of chapter 59 of the laws of 2017, are amended to read as follows:

3. (i) Utilizing a lump sum contract in which the contractor agrees to accept a set dollar amount for a contract which comprises a single bid without providing a cost breakdown for all costs such as for equipment, labor, materials, as well as such contractor's profit for completing all items of work comprising the project, which lump sum price may be negotiated and established by the authorized state entity based on a proposed guaranteed maximum price.

   (ii) The design-build contract may include both lump sum elements and cost-plus not to exceed guaranteed maximum price elements and may also provide for professional services on a fee-for-service basis.

(b) Capital projects undertaken by an authorized state entity may include an incentive clause in the contract for various performance objectives, but the incentive clause shall not include an incentive that exceeds the quantifiable value of the benefit received by the authorized state entity. [The] Notwithstanding the provisions of sections 136 and 137 of the state finance law, the authorized state entity shall [establish] require such performance and payment bonds, or other form of undertaking as it deems necessary.

§ 5. Part F of chapter 60 of the laws of 2015 constituting the infrastructure investment act is amended by adding a new section 15-a to read as follows:

§ 15-a. Any contract awarded pursuant to this act shall be deemed to be awarded pursuant to a competitive procurement for purposes of section 2879-a of the public authorities law.

§ 6. Section 17 of part F of chapter 60 of the laws of 2015 constituting the infrastructure investment act, as amended by section 1 of part WWW of chapter 59 of the laws of 2019, is amended to read as follows:

§ 17. This act shall take effect immediately and shall expire and be deemed repealed [6 years after such date] on July 1, 2023, provided that, projects with requests for qualifications issued prior to such repeal shall be permitted to continue under this act notwithstanding such repeal.

§ 7. This act shall take effect immediately; provided, however, that the amendments to part F of chapter 60 of the laws of 2015 made by sections one, two, three, four and five of this act shall not affect the repeal of such part and shall be deemed to repeal therewith.

without first obtaining a license from the superintendent. A consumer
debt collector is acting within this state if it is seeking to collect
from any consumer debtor that resides within this state.

§ 297. Application for license; fees. 1. (a) An application for a license under this article shall be in writing, under oath, and in the form prescribed by the superintendent and shall contain such information as the superintendent may require.

(b) The superintendent may reject an application for a license or an application for the renewal of a license if he or she is not satisfied that the financial responsibility, character, reputation, integrity and general fitness of the applicant and of the owners, partners or members thereof, if the applicant be a partnership or association, and of the officers and directors, if the applicant be a corporation, are such as to command the confidence of the public and to warrant the belief that the business for which the application for a license is filed will be operated lawfully, honestly and fairly.

(c) In addition to any other information the superintendent may require the application to also include a description of the activities of the applicant, in such detail and for such periods, as the superintendent may establish.

2. At the time of making the application for a license, the applicant shall pay to the superintendent a fee as prescribed pursuant to section eighteen-a of this chapter for each proposed location, for investigating the application.

3. In addition to any other fee imposed on an applicant or licensee, every licensee shall pay to the superintendent the sums provided to be paid under the provisions of section two hundred six of the financial services law.

4. The license shall be for a period of one year as of the first of September each year, or such other date as determined by the superintendent by regulation.

5. Each license shall plainly state the name of the licensee and the city or town with the name of the street and number, if any, of the place where the business is to be carried on. A licensee shall not change the location where the business of the licensee is to be carried on without first obtaining the prior approval of the superintendent. A request for relocation shall be in writing setting forth the reason for the request, and shall be accompanied by a relocation investigation fee to be determined pursuant to section eighteen-a of this chapter.

6. The business shall at all times be conducted in the name of the licensee as it appears on the license.

7. The license shall not be transferable nor assignable.

8. The superintendent may participate in a multi-state licensing system for the sharing of regulatory information and for the licensing and application, by electronic or other means, of entities engaged in the business of debt collection. The superintendent may establish requirements for participation by an applicant in a multi-state licensing system which may vary from the provisions of this section. The superintendent may require a background investigation of each applicant for a consumer debt collector license by means of fingerprint, which shall be submitted by all applicants simultaneously with an application.
and which the superintendent may submit to the division of criminal justice services and the federal bureau of investigations for state and national criminal history record checks. If the applicant is a partnership, association, corporation or other form of business organization, the superintendent may require a background investigation for each member, director and principal officer of the applicant and any individual acting as a manager of an office location. The applicant shall pay directly to the multi-state licensing system any additional fees relating to participation in the multi-state licensing system.

§ 298. Surety bond required. 1. A consumer debt collector shall be required to file and maintain in force a surety bond, issued by a domestic insurer, as a condition precedent to the issuance or renewal and maintenance of a license under this article. The bond shall be for the benefit of creditors who obtain a judgment from a court of competent jurisdiction based on the failure of the consumer debt collector to remit money collected on account and owed to the creditor. The bond shall also be for the benefit of consumer debtors who obtain judgment from a court of competent jurisdiction based on a violation by the consumer debt collector of the federal Fair Debt Collection Practice Act or any other New York law or federal law which is applicable to the consumer debt collector. The bond shall be in a form prescribed by the superintendent in the sum of twenty-five thousand dollars. The bond shall be continuous in form and run concurrently with the original and each renewal license period unless terminated by the insurance company. An insurance company may terminate a bond and avoid further liability by filing a notice of termination with the department sixty days prior to the termination and at the same time sending the same notice to the consumer debt collector.

2. A license shall be automatically cancelled on the termination date of the bond unless a new bond is filed with the department to become effective at the termination date of the prior bond.

3. If a license has been cancelled under this section, the consumer debt collector must file a new application to obtain a license and will be considered a new applicant if it obtains a new bond.

4. For the purposes of this section the term "domestic insurer" shall have the same meaning as given in section one hundred seven of the insurance law. If a bond required by this section is not reasonably available from a domestic insurer the superintendent may, in his or her discretion, permit, on a case by case basis or by order, consumer debt collectors to obtain the bond required by this section from such other entities licensed by the department as the superintendent deems appropriate.

§ 299. Examination; books and records; reports. 1. For the purpose of enforcing the provisions of this article and for ensuring the safe and sound operation of the consumer debt collector business, the superintendent may at any time, and as often as may be determined, either personally or by a person duly appointed by the superintendent, investigate the loans and business and examine the books, accounts, records, and files used therein of every licensee.

2. The superintendent and duly designated representatives shall have free access to the offices and place of business, books, accounts, papers, records, audio recordings, files, safes and vaults of all such licensees wherever located. The superintendent shall have authority to require the attendance of and to examine under oath all persons whomsoever whose testimony may be required relative to such loans or such business.
3. The superintendent may also address to a licensee, or the officers thereof, any inquiry in relation to its transactions, operations, or conditions, or any matter connected therewith. Every person so addressed shall reply in writing to such inquiry promptly and truthfully, and such reply shall be, if required by the superintendent, subscribed by such individual, or by such officer or officers of a corporation, as the superintendent shall designate, and affirmed by them as true under the penalties of perjury.

4. Each licensee shall keep and use in its business such books, accounts, and records as will enable the superintendent to determine whether such licensee is complying with the provisions of this article and with the rules and regulations promulgated hereunder. Every licensee shall preserve such books, accounts, and records, for at least five years after making the final entry regarding a consumer debt. Preservation of photographic reproduction thereof or records in photographic form, including an optical disk storage system and the use of electronic data processing equipment that provides comparable records to those otherwise required and which are available for examination upon request shall constitute compliance with the requirements of this section.

5. Each licensee shall annually, on or before April first, file a report with the superintendent giving such information as the superintendent may require concerning the business and operations during the preceding calendar year of each licensed place of business conducted by such licensee within the state under authority of this article. Such report shall be subscribed and affirmed as true by the licensee under the penalties of perjury and shall be in the form prescribed by the superintendent.

6. In addition to annual reports, the superintendent may require such additional regular or special reports as may be deemed necessary to the proper supervision of licensees under this article. Such additional reports shall be in the form prescribed by the superintendent and shall be subscribed and affirmed as true under the penalties of perjury.

7. The expenses of every examination of the affairs of a consumer debt collector subject to this section shall be borne and paid by the licensee.

§ 300. Prohibited acts. 1. No consumer debt collector that is required to be licensed under this article shall engage in unfair, unconscionable, deceptive, false, misleading, abusive, or unlawful acts or practices.

2. Without limiting the general application of the prohibited acts in subdivision one of this section, it shall be unlawful for any consumer debt collector to:
   (a) engage in any act or practice which would be a violation of the federal Fair Debt Collection Practice Act, any other New York law or federal law which is applicable to the consumer debt collector, or any act or practice which would be prohibited under section six hundred one of the general business law if the consumer debt collector was a principal creditor;
   (b) engage or retain the services of any person who, being required to be licensed under this article, does not have a valid license issued by the department; or
   (c) cause any act to be done which violates this section.

3. No consumer debt collector licensed under this article shall:
   (a) without the prior written and revocable consent of the consumer debtor given directly to the debt collector or the express permission of
a court of competent jurisdiction, engage in any communication with a consumer debtor in connection with the collection of any debts:

(i) at any unusual time or place or a time or place known or which should be known to be inconvenient to the consumer debtor. In the absence of knowledge of circumstances to the contrary, a debt collector shall assume that the convenient time for communicating with a consumer debtor is after eight o'clock antemeridian and before eight o'clock postmeridian, local time at the consumer debtor's location;

(ii) if the debt collector knows the consumer debtor is represented by an attorney with respect to such debt and has knowledge of, or can readily ascertain, such attorney's name and address, unless the attorney fails to respond within a reasonable period of time to a communication from the debt collector or unless the attorney consents to direct communication with the consumer debtor;

(iii) at the consumer debtor's place of employment;

(iv) more than two times in a seven day period;

(v) by voicemail on a telephone that is known or which reasonably should be known may be received by someone other than the consumer debtor; or

(vi) by means of electronic communications, including but not limited to SMS text message, messaging applications on mobile telephones, electronic mail, Facebook, and other forms of social media.

(b) communicate with a consumer debtor by postcard;

(c) continue communication with a consumer debtor after the consumer debt collector's first communication if the debt collector fails to send the consumer debtor a notice in writing within five days of that first communication, which such notice shall be promulgated by the superintendent; or

(d) continue to communicate with a consumer debtor about a consumer debt that the consumer debtor disputes without providing the consumer debtor with documents that verify the disputed consumer debt.

§ 301. Regulations; minimum standards. The superintendent may promulgate rules and regulations giving effect to the provisions of this article. Such rules and regulations may include but shall not be limited to the establishment of minimum standards to be observed by consumer debt collectors acting within this state and further defining acts and practices which are unfair, unconscionable, deceptive, false, misleading, abusive, or unlawful under section three hundred of this article.

§ 302. Application for acquisition of control of a consumer debt collector. 1. No person shall acquire control of a licensee under this article without the prior approval of the superintendent.

2. Any person desirous of acquiring such control shall make written application to the superintendent, such application shall be in such form and shall contain such information, including the information required under section two hundred ninety-seven of this article, as the superintendent may require and such person, at the time of making such application if not licensed, shall pay to the superintendent an investigation fee as prescribed pursuant to section eighteen-a of this chapter.

3. In determining whether to approve or deny an application under this section, the superintendent shall consider:

(a) whether the financial responsibility, experience, character, and general fitness of the person seeking to acquire control, and of the members thereof if such person be a partnership or association, and of the officers, directors and controlling stockholders thereof if such person be a corporation, are such as to command the confidence of the
community and to warrant belief that the business will be operated
honestly, fairly, and efficiently within the purpose of this article;
(b) the effect the acquisition may have on competition; and
(c) whether the acquisition may be hazardous or prejudicial to consum-
er debtors or consumer creditors in this state.
4. If no such application has been made prior to the acquisition of
control, the license for each place of business maintained and operated
by the licensee shall, at the discretion of the superintendent, become
null and void and each such license shall be surrendered to the super-
intendent.
§ 303. Suspension and revocation. In addition to any other power
provided by law, the superintendent may suspend or revoke the license of
a consumer debt collector, if after notice and an opportunity to be
heard, the superintendent finds that a consumer debt collector has:
1. committed any fraud, engaged in any dishonest activities or made
any misrepresentation;
2. violated any provisions of this chapter or any regulation issued
pursuant thereto, or has violated any other law in the course of its or
his dealings as a consumer debt collector;
3. made a false statement or material omission in the application for
a license under this article or failed to give a true reply to a ques-
tion in such application; or
4. demonstrated incompetency or untrustworthiness to act as a consumer
debt collector.
§ 304. Bad actors. 1. In addition to any other power provided by law,
the superintendent may require any licensee to remove any director,
officer or employee or to refrain from engaging or retaining any inde-
pendent contractor or service provider if such director, officer,
employee, independent contractor or service provider has themselves had
a license under this chapter suspended or revoked, or has caused the
licensee to violate any provision of this chapter or regulations promul-
gated thereunder.
2. No person that is the subject of an order under this section remov-
ing them as a director, officer or employee or preventing a licensee
from engaging or retaining them as an independent contractor or service
provider, shall become engaged with any licensee without obtaining the
prior written approval of the superintendent. Nor shall such person fail
to disclose that it is the subject of an order under this section to any
licensee for which it is acting or seeking to act as a director, offi-

For the purposes of this subdivision, "reports of examinations and investigations, and any correspondence and memoranda concerning or arising out of such examinations and investigations", includes any such materials of a bank, insurance or securities regulatory agency or any unit of the federal government or that of this state any other state or that of any foreign government which are considered confidential by such agency or unit and which are in the possession of the department or which are otherwise confidential materials that have been shared by the department with any such agency or unit and are in the possession of such agency or unit.

Any waiver of the provisions of this article shall be void and unenforceable as contrary to public policy.

(d) The provisions of this article are not exclusive and are in addition to any other requirements, rights, remedies, and penalties provided by law.

PART 00

Section 1. The banking law is amended by adding a new section 4-d to

§ 4-d. Protecting vulnerable adults from financial exploitation. 1.
Definitions. As used in this section:
(a) "Banking institution" means any bank, trust company, savings bank,
savings and loan association, credit union, or branch of a foreign bank-
ing corporation, which is chartered, organized or licensed under the
laws of this state or any other state or the United States, and, in the
ordinary course of business takes deposit accounts in this state.
(b) "Vulnerable adult" means an individual who, because of mental
and/or physical impairment is potentially unable to manage his or her
own resources or protect himself or herself from financial exploitation.
(c) "Financial exploitation" means: (i) the improper taking, withhold-
ing, appropriation, or use of a vulnerable adult's money, assets, or
property; or (ii) any act or omission by a person, including through the
use of a power of attorney, guardianship, or any other authority regard-
ing a vulnerable adult to: (A) obtain control, through deception, intim-
idation or undue influence, over the vulnerable adult's money, assets,
or property or (B) convert the vulnerable adult's money, assets, or
property.
(d) "Transaction hold" means a delay in the completion of one or more
financial transactions pending an investigation by a banking institu-
tion, adult protective services, or a law enforcement agency.
(e) "Adult protective services" means the division of the New York
City Human Resources Administration and each county's department of
human services or department of social services responsible for provid-
ing adult protective services pursuant to section four hundred seventy-
three of the social services law.
(f) "Law enforcement agency" means any agency, including the financial frauds and consumer protection unit of the department of financial services, which is empowered by law to conduct an investigation or to make an arrest for a felony, and any agency which is authorized by law to prosecute or participate in the prosecution of a felony.

2. Application of transaction hold. (a) If a banking institution reasonably believes: (i) that financial exploitation of a vulnerable adult may have occurred, may have been attempted, or is being attempted; and (ii) that the placement of a transaction hold may be necessary to protect a vulnerable adult's money, assets, or property from financial exploitation, then the banking institution may, at its discretion, apply a transaction hold on the account of a vulnerable adult, the account on which a vulnerable adult is a beneficiary, including a trust or guardianship account, or the account of a person who is reasonably believed by the banking institution to be engaging in the financial exploitation of a vulnerable adult.

(b) A banking institution may also apply a transaction hold on the account of a vulnerable adult, the account on which a vulnerable adult is a beneficiary, including a trust or guardianship account, or the account of a person who is reasonably believed by the banking institution to be engaging in the financial exploitation of a vulnerable adult, if: (i) adult protective services or a law enforcement agency provides information to the banking institution establishing a reasonable basis to believe that financial exploitation of a vulnerable adult may have occurred, may have been attempted, or is being attempted; and (ii) the placement of a transaction hold may be necessary to protect a vulnerable adult's money, assets, or property from financial exploitation.

(c) A banking institution that applies a transaction hold shall:

(i) make a reasonable effort to provide notice, orally or in writing, to all parties authorized to transact business on the account on which a transaction hold was placed within two business days of when the transaction hold was placed;

(ii) immediately, but no later than one business day after the transaction hold is placed, report the transaction hold, including the basis for the banking institution's belief that the financial exploitation of a vulnerable adult may have occurred, may have been attempted, or is being attempted, to adult protective services and to a law enforcement agency;

(iii) at the request of adult protective services or a law enforcement agency, provide all information and documents that relate to the transaction hold within three business days of the request for the information or documents; and

(iv) notwithstanding the transaction hold, make funds available from the account on which a transaction hold is placed to allow the vulnerable adult or other account holder to meet his or her ongoing obligations such as housing and other living expenses or emergency expenses as determined by adult protective services, a law enforcement agency or a not-for-profit organization that regularly provides services to vulnerable adults in the community in which the vulnerable adult resides.

(d) During the pendency of a transaction hold, a banking institution may, in its discretion, also make funds available from the account on which a transaction hold is placed to allow the vulnerable adult or other account holder to meet his or her ongoing obligations such as housing and other living expenses or emergency expenses, provided the banking institution does not have a reasonable basis to believe that the
dispersal of such funds to the vulnerable adult or other account holder will result in the financial exploitation of the vulnerable adult. Any such dispersal of funds pursuant to this subdivision shall be reported within one business day after the dispersal is made to adult protective services and to a law enforcement agency.

(e) The superintendent may adopt regulations identifying the factors that a banking institution should consider in determining whether: (i) the financial exploitation of a vulnerable adult may have occurred, may have been attempted, or is being attempted; and (ii) the placement of a transaction hold is necessary to protect a vulnerable adult's money, assets, or property.

3. Duration of transaction hold. (a) Subject to paragraphs (b), (c) and (d) of this subdivision, a transaction hold that a banking institution places on an account pursuant to this section shall terminate five business days after the date on which the transaction hold is applied by the banking institution. A banking institution may terminate the transaction hold at any time during this five day period if the banking institution is satisfied that the termination of the transaction hold is not likely to result in financial exploitation of a vulnerable adult.

(b) A transaction hold may be extended beyond the period set forth in paragraph (a) of this subdivision for up to an additional fifteen days at the request of either adult protective services or a law enforcement agency.

(c) A transaction hold may be extended beyond the periods set forth in paragraphs (a) and (b) of this subdivision only pursuant to an order issued by a court of competent jurisdiction.

(d) A transaction hold may be terminated at any time pursuant to an order issued by a court of competent jurisdiction.

4. Immunity. A banking institution or an employee of a banking institution shall be immune from criminal, civil, and administrative liability for all good faith actions in relation to the application of this section including any good faith determination to apply or not apply a transaction hold on an account where there is reasonable basis to conclude:

(a) that financial exploitation of a vulnerable adult may have occurred, may have been attempted, or is being attempted; and

(b) that the placement of a transaction hold may be necessary to protect a vulnerable adult's money, assets, or property from financial exploitation, such immunity shall not apply to a determination not to apply a transaction hold when the banking institution or employee acts recklessly or engages in intentional misconduct in making the determination, or the determination results from a conflict of interest.

5. Certification program. The department may develop a financial exploitation certification program for banking institutions. Upon completion of the training components required by the program and after establishing the necessary internal policies, procedures, and in-house training programs, a banking institution shall receive from the department an adult financial exploitation prevention certificate demonstrating that staff at such banking institution have been trained on how to identify, help prevent, and report the financial exploitation of a vulnerable adult. At the discretion of the superintendent, the certification program may be mandatory for banking institutions licensed by the department.

6. Regulations. The superintendent may issue such rules and regulations that provide the procedures for the enforcement of the terms of
this section and any other rules and regulations that he or she deems necessary to implement the terms of this section.

§ 2. This act shall take effect October 1, 2020; provided, however, that the superintendent of financial services may promulgate any rules or regulations related to this act immediately.

§ 5. Subdivision 5 of section 24-0703 of the environmental conservation law, as amended by section 38 of part D of chapter 60 of the laws of 2012, is amended to read as follows:

Prior to the promulgation of the final freshwater wetlands map in a particular area and the implementation of a freshwater wetlands protection law or ordinance, no person shall conduct, or cause to be conducted, any activity for which a permit is required under section 24-0701 of this title on any freshwater wetland unless he has obtained a permit from the commissioner under this section. Any person may inquire of the department as to whether or not a given parcel of land [will be designated] includes a freshwater wetland subject to regulation. The department shall give a definite answer in writing within [thirty] sixty days of such request as to [whether] the status of such parcel [will or will not be so designated]. Provided that, in the event that weather or ground conditions prevent the department from making a determination within [thirty] sixty days, it may extend such period until a determination can be made. Such answer in the affirmative shall be reviewable; such an answer in the negative shall be a complete defense to the enforcement of this article as to such parcel of land. The commissioner may by regulation adopted after public hearing exempt categories or classes of wetlands or individual wetlands which he determines not to be critical to the furtherance of the policies and purposes of this article.

§ 6. Subdivision 1 of section 24-0901 of the environmental conservation law, as added by chapter 614 of the laws of 1975, is amended to read as follows:

The commissioner shall determine what uses of such wetlands are most compatible with the foregoing and shall prepare minimum land use regulations to permit only such compatible uses. The classifications may cover freshwater wetlands in more than one governmental subdivision. Permits pursuant to section 24-0701 of this article are required whether or not a classification has been promulgated.

5. Prior to the adoption of any land use regulations governing freshwater wetlands, the commissioner shall hold a public hearing thereon in the area in which the affected freshwater wetlands are located, and give fifteen days prior notice thereof by posting on the department’s website or by publication at least once in a newspaper having general circulation in the area of the local government involved. The commissioner

3. After considering the testimony given at such hearings and the potential erosion hazard in accordance with the purposes and policies of this article, and after consultation with affected local governments, the commissioner shall issue the final identification of the erosion hazard areas. Such final identification shall not be made less than sixty days from the date of the public hearing required by subdivision two hereof. A copy of such final identification shall be filed in the office of the clerk of each local government in which such area or any portion thereof is located. Notice that such final identification has been made shall be given each owner of lands included within the erosion hazard area, as such ownership is shown on the latest completed tax assessment rolls, by certified mail in any case where a notice by certified mail was not sent pursuant to subdivision two of this section, and in all other cases by first class mail. 13. "Plug and abandon" means the plugging, and replugging if necessary, and abandonment of a well or well bore including the placing of
all bridges, plugs, and fluids therein and the restoration and reclama-

reasonable condition consistent with the adjacent terrain unless such

restoration and reclamation of the surface is waived by the landowner

and approved by the department.

21. "Abandoned" means wells or affected land regulated pursuant to

titles 1, 3, 5, 7, 11, 13 and 19 of this article for which the responsi-

affected land, after notice and as determined by the department.

22. "Affected land" means land or lands in the immediate vicinity of

wells, including well pads and access roads, that are disturbed or

23. "Orphaned" means wells or affected land regulated pursuant to

titles 1, 3, 5, 7, 9, 11, 13 and 19 of this article for which no respon-

sible owner or operator exists or can be reasonably found, as determined

24. "Well" and "well bore" means an existing or proposed hole, drilled

or constructed, that is cased, uncased or both, for the purpose of

producing oil or gas or both, or for the purpose of a storage, solution

mining, injection, monitoring, stratigraphic, brine disposal or geother-

chapter 721 of the laws of 1989, and paragraph k as added by chapter 891

of the laws of 1984, is amended to read as follows:

8. With respect to oil pools or fields, natural gas pools or

fields, underground gas storage reservoirs, and wells and their affected

land regulated pursuant to titles one, three, five, seven, nine, eleven,
thirteen, and nineteen of this article, the department shall have power

to:

a. Make such investigations as it deems proper to determine whether

waste exists or is imminent.

b. Require identification of ownership of producing leases, tanks, plants, structures and facilities for the transportation and refining of

oil and gas.

c. Classify and reclassify wells or affected land as abandoned or

orphaned, pools as oil or gas pools, or wells as oil or gas injection, monitoring, or underground storage wells, and require iden-
tification of wells as an oil, gas, injection, monitoring, or under-

ground storage well, including the delineation of boundaries for

purposes material to the interpretation or administration of this arti-

cle.

d. Require the drilling, casing, operation, plugging and replugging of

wells and reclamation of surrounding land in accordance with rules and

regulations of the department in such manner as to prevent or remedy the

following, including but not limited to: the escape of oil, gas, brine

or water out of one stratum into another; the intrusion of water into

oil or gas strata other than during enhanced recovery operations; the

pollution of fresh water supplies by oil, gas, salt water or other

contaminants; and blowouts, cavings, seepages and fires.

e. Enter, take temporary possession of, repair, plug or replug any

abandoned or orphaned well as provided in the rules and regulations,
whenever any owner or operator neglects or refuses to comply with such rules and regulations. Such **repairing**, plugging or replugging by the department shall be at the expense of the owner or operator whose duty it may be to **repair or** plug the well and who shall hold harmless the state of New York for all accounts, damages, costs and judgments arising from the **repairing**, plugging or replugging of the well and the surface restoration of the affected land. Primary liability for the expense of such **repairing**, plugging or replugging and first recourse for the recovery thereof shall be to the operator unless a contract for the production, development, exploration or other working of the well, to which the lessor or other grantor of the oil and gas rights is a party, shall place such liability on the owner or on the owner of another interest in the land on which the well is situated. When an operator violates any provision of this article, any rule or regulation promulgated thereunder, or any order issued pursuant thereto in reference to **repairing**, plugging or replugging an abandoned or **orphaned** well, the operator may not transfer the operator's responsibility therefor by surrendering the lease. Prior to the commencement of drilling of any well, the operator shall be required to furnish to the department, and continuously maintain, a bond acceptable to it conditioned upon the performance of said operator's plugging responsibilities with respect to said well. Upon the approval of the department, in lieu of such bond, the operator may deposit cash or negotiable bonds of the United States Government of like amount in an escrow account conditioned upon the performance of said operator's plugging responsibilities with respect to said well. Any interest accruing as a result of the aforementioned escrow deposit shall be the exclusive property of the operator. The aforementioned bonding requirements shall remain the obligation of the original operator regardless of changes in operators unless a subsequent operator has furnished the appropriate bond or substitute as herein provided acceptable to the department and approval for the transfer of the well **operatorship, which includes** plugging and **surface restoration** responsibilities to the subsequent operator has been granted by the department. The failure of any operator to maintain a bond or other financial security as prescribed herein shall be deemed a breach of plugging **and surface restoration** responsibilities and entitle the department to claim the proceeds of the bond or other financial security. The cost of **repairing**, plugging or replugging any well, where such action is necessary or incident to the commencing or carrying on of storage operations pursuant to section 23-1103 or 23-1301 shall be borne by the operator of the storage facility.

f. Require that every person who produces, sells, purchases, acquires, stores or injects oil or gas and associated fluids and every person who transports oil or gas in this state shall keep and maintain complete and accurate records of the quantities thereof. Quantities of associated fluids injected or produced may be reported as estimated volumes. True copies or duplicates shall be kept or made available for examination within this state by the department or its agents at all reasonable times and every such person shall file with the department such reports concerning production, sales, purchases, acquisitions, injection, transportation or storage on a form provided by the department or approved by the department prior to submittal.

g. In addition to the powers provided for in titles 1, 3, 5 and 13 of article 71, order an immediate suspension of drilling or production operations whenever such operations are being carried on in violation of this article or any rule or regulation promulgated thereunder or order
issued pursuant thereto. Any order issued pursuant to this paragraph may be reviewed upon application of an aggrieved party by means of an order to show cause which order shall be issued by any justice of the supreme court in the judicial district in which any order applies and shall be returnable on the third succeeding business day following the issuance of such order. Service of such show cause order shall be made upon the regional office of the department for the region in which such order applies, and upon the attorney general by delivery of such order to an assistant attorney general at an office of the attorney general in the county in which venue of the proceeding is designated, or if there is no office of the attorney general within such county, at the office of the attorney general nearest such county. Except as hereinabove specified, the proceeding to review an order under this paragraph shall be governed by article seventy-eight of the civil practice law and rules.

h. Require the immediate reporting of any non-routine incident including but not limited to casing and drill pipe failures, casing cement failures, fishing jobs, fires, seepages, blowouts and other incidents during drilling, completion, producing, plugging or replugging operations that may affect the health, safety, welfare or property of any person. The department may require the operator, or any agent thereof, to record any data which the department believes may be of subsequent use for adequate evaluation of a non-routine incident.

i. Require the taking and making of well logs, well samples, directional surveys and reports on well locations and elevations, drilling and production, and further require their filing pursuant to the provisions of this article. Upon the request of the state geologist, the department shall cause such duplicate samples or copies of records and reports as may be required pursuant to this article to be furnished to him.

j. Give notice to persons engaged in underground mining operations of the commencement of any phase of oil or gas well operations which may affect the safety of such underground mining operations or of the mining properties involved. Rules and regulations promulgated under this article shall specify the distance from underground mining operations within which such notice shall be given and shall contain such other provisions as in the judgment of the department shall be necessary in the interest of safety. The department shall not be required to furnish any notice required by this paragraph unless the person or persons engaged in underground mining operations or having rights in mining properties have notified the department of the existence and location of such underground mining operations or properties.

   (d) for over one hundred wells, one hundred twenty-five thousand dollars, plus
       five thousand dollars per well in excess of one hundred wells, provided that
       the operator shall not be required to provide financial security under
       this item exceeding one hundred fifty thousand dollars.
(2) In the event that an operator shall have wells described in
    clauses (i) and (ii) of subparagraph (1) of this paragraph, in lieu of
    providing financial security under the provisions of each such clause,
    such operator may file financial security as if all such wells were
    between two thousand five hundred and six thousand feet in depth.
(3) For all wells [greater than six thousand feet in depth] that
    require financial security, the operator [may be required to] shall
    provide [additional] the department with financial security consistent
    with criteria contained in rules and regulations [to be adopted], and
    any subsequent rules and regulations adopted by the department to imple-
    ment this [subparagraph] article. The department is authorized to adopt
    rules and regulations determining the amount, type, conditions, and
    terms of the financial security.
§ 3. Subdivision 9 of section 23-0305 of the environmental conserva-
  tion law, as amended by chapter 846 of the laws of 1981, paragraph d as
  amended by chapter 721 of the laws of 1989, paragraph e as amended by
  chapter 386 of the laws of 2005, and paragraph f as added by chapter 891
  of the laws of 1984, is amended to read as follows:
  9. With respect to solution mining areas the department shall have the
     power to:
     a. Require identification of ownership of producing leases and
        solution mining equipment such as structures, tanks, gathering systems
        and facilities for the transportation of salt brine.
a-1. Classify and reclassify wells or affected land as abandoned or orphaned, or wells or unrestored lands regulated pursuant to titles 1, 3, 5, 7, 9, 11, 13, and 19 of this article, and require well identification as a solution mining well or monitoring well.

b. Require the drilling, casing, operation and plugging of wells in accordance with rules and regulations of the department in such a manner as to prevent the loss or escape of oil or gas reserves to the surface or to other strata; the intrusion of brine or water into commercial oil or gas reserves; the pollution of fresh water supplies by oil, gas or salt water, and to facilitate the efficient use of ground and surface waters in solution mining.

c. Give notice to persons engaging in underground mining operations of the commencing of any phase of solution mining well operations which may affect the safety of such underground mining operations or of the mining properties involved. Rules and regulations of the department adopted pursuant hereto shall specify the distance from such underground mining operations within which such notice shall be given and shall contain such other provisions as in the judgment of the department shall be necessary in the interest of safety. The department shall not be required to furnish any notice pursuant hereto unless the person or persons engaged in underground mining operations or having rights in mining properties have notified the department of the existence and location of such underground mining operations or properties.

d. Require metering or other measuring of brine produced by solution mining, and the maintenance of the records from each cavity or group of interconnected cavities until the wells in a cavity have been plugged and [abandoned] affected land restored. These records shall be given to the department on request.

e. Enter, take temporary possession of, repair, plug or replug any abandoned or orphaned well as provided in the rules and regulations, whenever any operator neglects or refuses to comply with such rules and regulations. Such repairing, plugging or replugging by the department shall be at the expense of the owner or operator whose duty it shall be to repair or plug the well and who shall hold harmless the state of New York for all accounts, damages, costs and judgments arising for the repairing, plugging or replugging of the well and the surface restoration of the affected land. Primary liability for the expense of such plugging or replugging and first recourse for the recovery thereof shall be to the operator unless a contract for the production, development, exploration or other working of the well, to which the lessor or other grantor of the solution salt rights is a party, shall place such liability on the owner or on the owner of another interest in the land on which the well is situated. When an operator violates any provision of this article, any rule or regulation promulgated thereunder, or any order issued pursuant thereto in reference to repairing, plugging or replugging an abandoned or orphaned well, the operator may not transfer the operator's responsibility therefor by surrendering the lease. Prior to the commencement of drilling of any well to which this subdivision applies, the operator shall be required to furnish to the department, and continuously maintain, a bond acceptable to it conditioned upon the performance of said operator's plugging and surface restoration responsibilities with respect to said well. Upon the approval of the department, in lieu of such bond, the operator may deposit cash or negotiable bonds of the United States Government of like amount in an escrow account conditioned upon the performance of said operator's plugging and surface restoration responsibilities with respect to said well. Any
interest accruing as a result of aforementioned escrow deposit shall be the exclusive property of the operator. The aforementioned bonding requirements shall remain the obligation of the original operator regardless of changes in operators unless a subsequent operator has furnished the appropriate bond or substitute as herein provided acceptable to the department and approval for the transfer of the well plugging responsibilities and surface restoration responsibilities to the subsequent operator has been granted by the department. The failure of any operator to maintain a bond or other financial security as prescribed herein shall be deemed a breach of plugging and surface restoration responsibilities and entitle the department to claim the proceeds of the bond or other financial security. Any order issued pursuant to this paragraph may be reviewed upon application of an aggrieved party by means of an order to show cause which order shall be issued by any justice of the supreme court in the judicial district in which any such order applies and shall be returnable on the third succeeding business day following the issuance of such order. Service of such show cause order shall be made upon the regional office of the department for the region in which such order applies, and upon the attorney general by delivery of such order to an assistant attorney general at an office of the attorney general in the county in which venue of the proceeding is designated, or if there is no office of the attorney general within such county, at the office of the attorney general nearest such county. Except as hereinabove specified, the proceeding to review an order under this paragraph shall be governed by article seventy-eight of the civil practice law and rules.

f. (1) In order to satisfy the financial security requirements contained in paragraph e of this subdivision for all wells for which the department either on or after October first, nineteen hundred sixty-three shall have issued or shall issue permits to drill, deepen, convert or plug back such wells or, on or after June fifth, nineteen hundred seventy-three, shall have issued acknowledgements of notices of intention to drill such wells or for all wells subject to this article for which requests for transfers of well operatorship, which includes plugging and surface restoration responsibilities, are approved by the department on or after the effective date of the chapter of the laws of two thousand twenty that amended this paragraph, without in any way affecting any obligation to plug such wells, the operator shall provide a bond or other financial security acceptable to the department in the following amount:

(i) for wells less than two thousand five hundred feet in depth:
(a) twenty-five hundred dollars per well, provided that the operator shall not be required to provide financial security under this item exceeding twenty-five thousand dollars for up to twenty-five wells;
(b) for twenty-six to fifty wells, twenty-five thousand dollars, plus twenty-five hundred dollars per well in excess of twenty-five wells, provided that the operator shall not be required to provide financial security under this item exceeding forty thousand dollars;
(c) for fifty-one to one hundred wells, forty thousand dollars, plus twenty-five hundred dollars per well in excess of fifty wells, provided that the operator shall not be required to provide financial security under this item exceeding seventy thousand dollars;
(d) for over one hundred wells, seventy thousand dollars, plus twenty-five hundred dollars per well in excess of one hundred wells, provided that the operator shall not be required to provide financial security under this item exceeding one hundred thousand dollars.
(ii) for wells between two thousand five hundred feet and six thousand feet in depth:

(a) five thousand dollars per well provided that the operator shall not be required to provide financial security under this item exceeding forty thousand dollars for up to twenty-five wells;

(b) for twenty-six to fifty wells, forty thousand dollars, plus five thousand dollars per well in excess of twenty-five wells, provided that the operator shall not be required to provide financial security under this item exceeding sixty thousand dollars;

(c) for fifty-one to one hundred wells, sixty thousand dollars, plus five thousand dollars per well in excess of fifty wells, provided that the operator shall not be required to provide financial security under this item exceeding one hundred fifty thousand dollars;

(d) for over one hundred wells, one hundred thousand dollars, plus five thousand dollars per well in excess of one hundred wells, provided that the operator shall not be required to provide financial security under this item exceeding one hundred fifty thousand dollars.

(2) [In the event that an operator shall have wells described in clauses (i) and (ii) of subparagraph (1) of this paragraph, in lieu of providing financial security under the provisions of each such clause, such operator may file financial security as if all such wells were between two thousand five hundred feet and six thousand feet in depth.

(3) For wells greater than six thousand feet in depth, the operator may be required to provide additional financial security consistent with criteria contained in rules and regulations to be adopted to implement this subparagraph.]

For all wells that require financial security, the operator shall provide the department with financial security consistent with criteria contained in rules and regulations, and any subsequent rules and regulations adopted by the department to implement this subparagraph.

§ 4. Subdivision 14 of section 23-0305 of the environmental conservation law, as added by chapter 410 of the laws of 1987 and paragraph f as amended by chapter 386 of the laws of 2005, is amended to read as follows:

14. With respect to wells drilled deeper than five hundred feet below the earth’s surface for the purpose of conducting stratigraphic tests, for finding or producing hot water or steam, for injecting fluids to recover heat from the surrounding geologic materials or for the disposal of brines, the department shall have the power to:

a. Require all exploration, drilling and development operations to be conducted in accordance with standards promulgated by the department in rules and regulations.

b. Conduct investigations to determine the extent of compliance with this section and all rules, regulations and orders issued pursuant thereto.

c. Classify a well as one subject to and reclassify wells or affected lands as abandoned or orphaned to wells or unrestored lands regulated pursuant to titles 1, 3, 5, 7, 9, 11, 13 and 19 of this section and require its well identification as a geothermal, stratigraphic or brine disposal well.

d. Require the drilling, casing, operation, plugging and replugging of wells subject to this section and reclamation of surrounding land in accordance with rules and regulations of the department.
e. Enter, take temporary possession of, repair, plug or replug any abandoned or orphaned well [subject to this section] as provided in the rules and regulations, whenever the well's owner or operator neglects or refuses to comply with such rules and regulations. Such repairing, plugging or replugging by the department shall be at the expense of the owner or operator whose duty it shall be to repair or plug the well and who shall hold harmless the state of New York for all accounts, damages, costs and judgments arising from the repairing, plugging or replugging of the well and the surface restoration of the affected land.

f. (1) Require that the operator furnish to the department, and continuously maintain, a bond or other financial security conditioned upon the satisfactory performance of the operator's plugging and surface restoration responsibilities with respect to said well[s] wells for which the department shall have issued or shall issue permits to drill, deepen, convert or plug back or, for all wells subject to this article for which requests for transfers of well operatorship, which includes plugging and surface restoration responsibilities, are approved by the department on or after the effective date of the chapter of the laws of two thousand twenty that amended this paragraph. The failure of any operator to maintain a bond or other financial security as prescribed herein shall be deemed a breach of plugging and surface restoration responsibilities and entitle the department to claim the proceeds of the bond or other financial security. Such bond or other financial security shall be for an amount as determined pursuant to the provisions of paragraph k of subdivision eight of this section by and acceptable to the department.

(2) For all wells that require financial security, the operator shall provide the department with financial security consistent with criteria contained in rules and regulations, and any subsequent rules and regulations adopted by the department to implement this article. The department is authorized to adopt rules and regulations determining the amount, type, conditions, and terms of the financial security.

g. In addition to the powers provided for in titles one, three, five and thirteen of article seventy-one of this chapter, order an immediate suspension of operations carried on in violation of the oil, gas and solution mining law or any rule or regulation promulgated thereunder or order issued pursuant thereto.

h. Require the immediate reporting of any non-routine incident, including but not limited to casing and drill pipe failures, casing cement failures, fishing jobs, fires, seepages, blowouts and other incidents during drilling, completion, producing, plugging or replugging operations that may affect the health, safety, welfare or property of any person or which may be injurious to plants or animals. The department may require the operator or any agent thereof to record and provide any data which the department believes may be of use for adequate evaluation of a non-routine incident.

i. Require the taking and making of logs, samples, directional surveys and reports on locations, elevations, drilling and production, and further require filing of such information pursuant to the provisions of the oil, gas and solution mining law. Upon the request of the state geologist, the department shall cause such samples or copies of records and reports to be furnished to the state geologist.

j. Give notice to persons engaged in underground mining operations of the commencement of any phase of geothermal, stratigraphic and brine disposal well operations which may affect the safety of such underground mining operations or of the mining properties involved. The department
shall not be required to furnish any notice required by this paragraph unless the person or persons engaged in underground mining operations or having rights in mining properties have notified the department of the existence and location of such underground mining operations or properties.

which regulate the manner in which an electric scooter is to be properly
operated shall, at the request of a police officer, submit to a breath
test to be administered by the police officer. If such test indicates
that such operator has consumed alcohol, the police officer may request
such operator to submit to a chemical test in the manner set forth in
subdivision five of this section.

5. Chemical tests. (a) Any person who operates an electric scooter
shall be requested to consent to a chemical test of one or more of the
following: breath, blood, urine, or saliva for the purpose of determin-
ing the alcoholic or drug content of his or her blood, provided that
such test is administered at the direction of a police officer: (i)
having reasonable cause to believe such person to have been operating in
violation of this subdivision or paragraph (a), (b), (c), (d) or (e) of
subdivision one of this section and within two hours after such person
has been placed under arrest for any such violation or (ii) within two
hours after a breath test as provided in paragraph (b) of subdivision
four of this section indicates that alcohol has been consumed by such
person and in accordance with the rules and regulations established by
the police force of which the officer is a member.
(b) For the purpose of this subdivision "reasonable cause" shall be determined by viewing the totality of circumstances surrounding the incident which, when taken together, indicate that the operator was operating an electric scooter in violation of any paragraph of subdivision one of this section. Such circumstances may include, but are not limited to: evidence that the operator was operating an electric scooter in violation of any provision of this chapter, local law, ordinance, order, rule or regulation which regulates the manner in which an electric scooter be properly operated at the time of the incident; any visible indication of alcohol or drug consumption or impairment by the operator; and other evidence surrounding the circumstances of the incident which indicates that the operator has been operating an electric scooter while impaired by the consumption of alcohol or drugs or was intoxicated at the time of the incident.

6. Chemical test evidence. (a) Upon the trial of any such action or proceeding arising out of actions alleged to have been committed by any person arrested for a violation of any paragraph of subdivision one of this section, the court shall admit evidence of the amount of alcohol or drugs in the defendant’s blood as shown by a test administered pursuant to the provisions of subdivision five of this section.

(b) The following effect shall be given to evidence of blood alcohol content, as determined by such tests, of a person arrested for a violation of any paragraph of subdivision one of this section and who was operating an electric scooter:

(i) evidence that there was .05 of one per centum or less by weight of alcohol in such person's blood shall be prima facie evidence that the ability of such person to operate an electric scooter was not impaired by the consumption of alcohol, and that such person was not in an intoxicated condition.

(ii) evidence that there was more than .05 of one per centum but less than .07 of one per centum by weight of alcohol in such person's blood shall be prima facie evidence that such person was not in an intoxicated condition, but such evidence shall be relevant evidence but not be given prima facie effect, in determining whether the ability of such person to operate an electric scooter was impaired by the consumption of alcohol.

(iii) evidence that there was .07 of one per centum or more but less than .08 of one per centum by weight of alcohol in his or her blood shall be prima facie evidence that such person was not in an intoxicated condition, but such evidence shall be given prima facie effect in determining whether the ability of such person to operate an electric scooter was impaired by the consumption of alcohol.

(c) Evidence of a refusal to submit to a chemical test or any portion thereof shall be admissible in any trial or hearing provided the request to submit to such a test was made in accordance with the provisions of subdivision five of this section.

7. Limitations. (a) An electric scooter operator may be convicted of a violation of paragraphs (a), (b), (d) and (e) of subdivision one of this section, notwithstanding that the charge laid before the court alleged a violation of paragraph (b), (c), (d) or (e) of subdivision one of this section, and regardless of whether or not such condition is based on a plea of guilty.

(b) In any case wherein the charge laid before the court alleges a violation of paragraph (b), (c), (d) or (e) of subdivision one of this section, any plea of guilty thereafter entered in satisfaction of such charge must include at least a plea of guilty to the violation of the provisions of one of the paragraphs of subdivision one of this section.
and no other disposition by plea of guilty to any other charge in satis-
faction of such charge shall be authorized; provided, however, if the
district attorney upon reviewing the available evidence determines that
the charge of a violation of subdivision one of this section is not
warranted, he or she may consent, and the court may allow, a disposition
by a plea of guilty to another charge in satisfaction of such charge.

8. Enforcement upon crash. Notwithstanding any provision of this
section, no part of this section may be enforced unless in conjunction
with a crash involving an operator of an electric scooter. For the
purposes of this subdivision, crash shall mean falling to the ground or
colliding with a vehicle, person, building or other object.

§ 5. This act shall take effect immediately.

PART BBB

Section 1. Section 410 of the economic development law is REPEALED.
§ 2. Section 3102-b of public authorities law, as added by chapter 562
of the laws of 1982 and as renumbered by chapter 291 of the laws of
1990, the opening paragraph as amended by chapter 616 of the laws of
1991, paragraph (a) of subdivision 1, subdivision 3 and paragraph (a) of
subdivision 6 as amended by chapter 191 of the laws of 2010, subdivi-
sions 5 and 6 as added by chapter 828 of the laws of 1987, is amended to
read as follows:
§ 3102-b. Centers for advanced technology. In order to encourage
greater collaboration between private industry and the universities of
the state in the development and application of new technologies, the
[foundation] department of economic development (hereinafter "depart-
ment") is authorized to designate for advanced technology such areas as
integrated electronics, optics, biotechnology, telecommunications, auto-
mation and robotics, electronics packaging, imaging technology and
others identified by the [foundation] department as having significant
potential for economic growth in New York, or in which the application
of new technologies could significantly enhance the productivity and
stability of New York businesses. Such designations shall be made in
accordance with the standards and criteria set forth in subdivision two
of this section. Centers so designated shall be eligible for support
from the [foundation] department in the manner provided for in subdivi-
sion three of this section, and for such additional support as may
otherwise be provided by law.

1. As used in this section:
   (a) "center for advanced technology" or "center" means a university or
   university-affiliated research institute or a consortium of such insti-
tutions, designated by the [foundation] department, which conducts a
   continuing program of basic and applied research, development, and tech-
nology commercialization in one or more technological areas, in collab-
oration with and through the support of private business and industry;
   and

   (b) "applicant" means a university or university-affiliated research
   institute or a consortium of such institutions which request designation
   as a center in accordance with such requirements as are established by
   the [foundation] department for this purpose. For the purposes of this
   subdivision, universities, university-affiliated research institutes or
   a consortium of such institutions designated as centers of excellence
   under section four hundred ten of the economic development law at the
time of the effective date of the chapter of the laws of two thousand
twenty that amended this subdivision may apply for designation as centers for advanced technology.

2. The [foundation] department shall:
   (a) identify technological areas for which centers should be designated including technological areas that are related to industries with significant potential for economic growth and development in New York state and technological areas that are related to the enhancement of productivity in various industries located in New York state.
   (b) establish criteria that applicants must satisfy for designation as a center, including, but not limited to the following:
      (i) an established record of research, development and instruction in the area or areas of technology involved;
      (ii) the capacity to conduct research and development activities in collaboration with business and industry;
      (iii) the capacity to secure substantial private and other governmental funding for the proposed center, in amounts at least equal to the total of support sought from the state;
      (iv) the ability and willingness to cooperate with other institutions in the state in conducting research and development activities, and in disseminating research results; and to work with technical and community colleges in the state to enhance the quality of technical education in the area or areas of technology involved;
      (v) the ability and willingness to cooperate with the [foundation] department and other economic development agencies in promoting the growth and development in New York state of industries based upon or benefiting from the area or areas of technology involved.
   (c) establish such requirements as it deems appropriate for the format, content and filing of applications for designation as centers for advanced technology.
   (d) establish such procedures as it deems appropriate for the evaluation of applications for designation as centers for advanced technology, including the establishment of peer review panels composed of nationally recognized experts in the technological areas and industries to which the application is related.

3. (a) From such funds as may be appropriated for this purpose by the legislature, the [foundation] department may provide financial support, through contracts or other means, to designated centers for advanced technology, in order to enhance and accelerate the development of such centers. Funds received pursuant to this subdivision may be used for purchase of equipment and fixtures, employment of faculty and support staff, provision of graduate fellowships, and other purposes approved by the [foundation] department, but may not be used for capital construction. In each case, the amount provided by the [foundation] department to a center shall be matched by commitments of support from private and governmental other than state sources provided that:
      (i) funds or in-kind resources provided by the public or private university of which the center is a part may be counted towards the match;
      (ii) such match shall not be required on a project-by-project basis;
      (iii) matching funds received from businesses with no more than one hundred employees shall count as double the actual dollar amount toward the center's overall match requirement;
      (iv) funds used by the center for any workforce development activities required by the [foundation] department shall not be included as part of the center's award when determining the amount of matching funds required by the [foundation] department. Such activities shall include,
but are not limited to, helping incumbent workers expand their skill sets through short courses, seminars, and workshops; providing industry-driven research assistant opportunities for students, and aiding in the development of undergraduate and graduate courses in the center's technology focus to help ensure that students are trained to meet the needs of industry;

(v) centers may use not more then twenty-five percent of indirect costs towards any match requirements.

(b) The amount provided by the [foundation] department shall be made in accordance with the following:

(i) for the academic year in which it is first funded as a designated center, and the five subsequent years, the amount provided by the [foundation] department to a center shall be matched equally by the center;

(ii) beginning in the sixth academic year following the academic year in which a center is first funded as a designated center and for each academic year thereafter, amounts provided by the [foundation] department of up to seven hundred fifty thousand dollars shall be matched equally by the center, amounts in excess of seven hundred fifty thousand dollars shall be matched by the center in amounts of at least the percentage set forth herein: in the sixth year, one hundred twenty percent; in the seventh year, one hundred forty percent; in the eighth year, one hundred sixty percent; in the ninth year, one hundred eighty percent; in the tenth year and each year thereafter, two hundred percent;

(iii) beginning in the ninth academic year following the academic year in which a center is first funded as a designated center, the [foundation] department shall evaluate such center's area of advanced technology to determine whether it has continued significant potential for enhancing economic growth in New York, or whether the application of technologies in the area could significantly enhance the productivity and stability of New York businesses;

(iv) upon a finding by the [foundation] department that an area of advanced technology has continued significant potential for enhancing economic growth in New York, or that the application of technologies in the area could significantly enhance the productivity and stability of New York businesses, the [foundation] department will initiate a redesignation process in accordance with the standards and criteria set forth in paragraph (b) of subdivision two and in accordance with paragraphs (c) and (d) of subdivision two of this section.

(1) In the event a new center is selected in the redesignation process, the [foundation] department shall provide funds to such new center in accordance with the funding match requirements set forth in subparagraphs (i) and (ii) of paragraph (a) of this subdivision.

(2) In the event a previously designated center is redesignated in the same area of technology, which redesignation is effective for the tenth academic year following the first academic year of both designation and funding, then, in that year and in each year thereafter, the [foundation] department shall provide funds of up to seven hundred fifty thousand dollars to be matched equally by the center, amounts in excess of seven hundred fifty thousand dollars shall be matched by the center in amounts of at least two hundred percent.

(3) In the event a currently designated center is not selected in the redesignation process for an additional term, or upon a finding by the [foundation] department that the area of advanced technology does not have significant potential for enhancing economic growth in New York, or upon a finding that the application of technologies in that area would
not significantly enhance the productivity and stability of New York businesses, then the [foundation] department shall, in the tenth academic year following such center's first both designation and funding, which year shall be the final year of funding for such center, provide an amount of up to five hundred thousand dollars.

(c) Continued funding of the operations of each center shall be based upon a showing that: the center continues to comply with the criteria established by the [foundation] department pursuant to paragraph (b) of subdivision two of this section; a demonstration of assistance to small businesses in New York state through research, technology transfer or other means as approved by the [foundation] department; evidence of partnerships with other appropriate entities to develop outreach networks and ensure that companies receive access to appropriate federal funding for technology development and commercialization as well as non-research assistance such as general business consulting. Appropriate partners are those with which the center demonstrates a relationship that enhances and advances the center's ability to aid economic growth in New York state; and compliance with the rules, regulations and guidelines of the [foundation] department; and, compliance with any contracts between the [foundation] department and the designated center.

(d) Each center shall report on its activities to the [foundation] department in a manner and according to the schedule established by the [foundation] department, and shall provide such additional information as the [foundation] department may require provided, that quantifiable economic development impact measures are not restricted to any period less than five years and that centers provide a full description of all non-quantifiable measures. The [foundation] department shall evaluate center operations using methods such as site visits, reporting of specified information and peer review evaluations using experts in the field of technology in which the center was designated. The [foundation] department shall notify each center of the results of its evaluations and findings of deficiencies in the operation of such center or its research, education, or technology commercialization activities and shall work with such centers to remedy such findings. If such factors are not remedied, the [foundation] department may withdraw the state funding support, in whole or in part, or withdraw the center designation.

(e) In order to encourage that the results of center research benefit New York state, designation and continued funding of each center shall be contingent upon each center's establishing within its licensing guidelines the following: after payment of the inventor's share, a reduced payment due to the university of any royalty, income or other consideration earned from the license or sale of intellectual property rights created or developed at, or through the use of, the facilities of the center by any person or entity if the manufacturing or use resulting from such intellectual property rights occurs within New York state. The [foundation] department shall promulgate rules and regulations regarding the provisions of the licensing guidelines described herein as they apply to such reduced payment, and such provisions shall be subject to the approval of the [foundation] department.

4. From such funds as may be appropriated for this purpose by the legislature, the [foundation] department may provide grants to any one university or university-affiliated research institution for purposes of planning and program development aimed at enabling such university or university-affiliated research institution to qualify for designation as a center. Such grants shall be awarded on a competitive basis, and shall
be available only to those applicants which in the judgment of the "foundation" department may reasonably be expected to be designated as centers. No applicant shall receive more than one such grant.

5. (a) From such funds as may be appropriated for the purpose of incentive grants or other funds which may be available from the "foundation" department to enhance center activities in areas of crucial interest in the state's economic development, the "foundation" department may provide grants, on a competitive basis, to centers for projects including, but not limited to, those which:
   (i) explore new technologies with commercial application conducted jointly by two or more centers or a center and non-center university, college or community college;
   (ii) are aimed at enhancing or accelerating the process of bringing new products, particularly those under development by new small businesses, to the marketplace; or
   (iii) increase technology transfer projects with the state's mature manufacturing industries in applying technology in their manufacturing processes or for new product development.

(b) State support for incentive grants may be matched on an individual basis by the "foundation" department, which may consider the type of project and the availability of amounts from private, university and governmental, other than state, sources.

6. (a) The "foundation" department shall make an annual report of the centers for advanced technology program to the governor and the legislature not later than September first of each year. Such report shall include, but not be limited to, the results of the "foundation's" department's evaluation of each center, a description of the achievement of each center, any deficiencies in the operation of each center or its research, education and technology commercialization activities, remedial actions recommended by the "foundation" department, remedial actions taken by each center, a description of the small business assistance provided by each center, a description of any incentive grant program awarded a grant by the "foundation" department and the achievements of such program, and the amount of financial assistance provided by each center and the uses of such monies.

(b) Annual reports shall include a discussion of any fields of technology that the "foundation" department has identified as having significant potential for economic growth or improved productivity and stability of New York businesses and in which no center for advanced technology has been designated and recommendations of the "foundation" department as to actions that should be taken.

§ 3. This act shall take effect immediately; provided, however that section one of this act shall not take effect until June 30, 2021.

As detailed in the 1998 law creating the park and the trust, chapter 592 of the laws of 1998, the creation, development, operation and maintenance of the Hudson River Park will enhance and protect the natural, cultural and historic aspects of the Hudson River, enhance and afford quality public access to the river, allow for an array of cultural and recreational programs and provide a host of other public benefits. The changes to the 1998 law by this act are intended to, after decades of delay and inaction, finally effectuate the park's general project plan as defined in chapter 592 of the laws of 1998, which continues to be the operative planning document guiding park development, protection and reuse of a portion of the Hudson River waterfront in lower Manhattan south of 59th street, and are intended to ensure the realization of that vision and the park's continuing viability for years to come. Nothing herein is intended to alter or override any prior determinations concerning park planning, development or operation.

Upon such conveyance, Pier 76 shall become part of the park.

(i) On or before December 31, 2020, the city of New York shall convey to the trust a possessory interest in Pier 76 consistent with such interest previously conveyed with respect to other portions of the park. Upon such conveyance, Pier 76 shall become part of the park and following redevelopment at least fifty percent of the Pier 76 footprint shall be used for park uses that are limited to passive and active open space and which shall be contiguous to water; and provided further that the remaining portion shall be for park/commercial use. (ii) The city of New York shall, prior to December 31, 2020, cease using Pier 76 for any purpose. Should the city of New York continue to occupy Pier 76 for any purpose subsequent to the conveyance of December 31, 2020, the city of New York shall (A) compensate the trust in the amount of twelve million dollars, and (B) beginning February 1, 2021, pay rent in the amount of three million dollars for each complete or partial month of occupancy. (iii) On or after the effective date of the chapter of the laws of 2020 which amended this paragraph, the trust shall be entitled to reasonable access to Pier 76 for the purpose of conducting assessments and inspections necessary to further redevelopment of Pier 76 following its inclusion in the park.

4. In making its recommendations, the board shall examine the impact
of such thresholds and circumstances on private development in light of
available public subsidies, existing labor market conditions, prevailing
wage and supplement practices, and shall consider the extent to which
adjustments to such thresholds and circumstances could ameliorate
adverse impacts, if any, or expand opportunities for prevailing wage and
supplement standards on publicly subsidized private construction
projects in any region or regions of the state.

5. The board shall be empowered to issue binding determinations to any
public entity, or any private or not-for-profit owner or developer as to

It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid provisions had not been included herein.

§ 5. This act shall take effect on July 1, 2021 and shall apply to contracts for construction executed, incentive agreements executed, procurements or solicitations issued, or applications for building permits on or after such date; provided however that this act shall not apply to any appropriations of public funds made prior to the day on which this act shall have become a law, or to re-appropriations of such funds first appropriated prior to the day on which this act shall have become a law. PART JJJ

Section 1. This act shall be known as the "accelerated renewable ener-
gy growth and community benefit act".
§ 2. Legislative findings and statement of purpose. The legislature
hereby finds, determines and declares:
1. Chapter 106 of the laws of 2019 enacted the New York state climate
leadership and community protection act (the "CLCPA") among other
things:
(a) directed the department of environmental conservation to establish
a statewide greenhouse gas emissions limit as a percentage of 1990 emis-
sessions as follows: (i) 2030: 60% of 1990 emissions; and (ii) 2050: 15% of
1990 emissions;
(b) directed the public service commission ("commission") to establish
programs to require that a minimum of 70% statewide electric generation
be produced by renewable energy systems by 2030, and that by the year
2040 the statewide electrical demand system will generate zero emis-
sions; and
(c) directed the commission to require the procurement by the state's
jurisdictional load serving entities of at least 9 gigawatts of offshore
wind electricity generation by 2035 and six gigawatts of photovoltaic
solar generation by 2025, and to support three gigawatts of statewide
energy storage capacity by 2030 (collectively, the "CLCPA targets").
2. In order to achieve the CLCPA targets, the state shall take appro-
priate action to ensure that:
(a) new renewable energy generation projects can be sited in a timely
and cost-effective manner; and
(b) renewable energy can be efficiently and cost effectively injected
into the state's distribution and transmission system for delivery to
regions of the state where it is needed. In particular, the state shall
provide for timely construction of new, expanded and upgraded distrib-
ution and transmission infrastructure as may be needed to access and
deliver renewable energy resources, which may include alternating
current transmission facilities, high voltage direct current trans-
mission infrastructure facilities, and submarine transmission facilities
needed to interconnect off-shore renewable generation resources to the
state's transmission system.
3. A public policy purpose would be served and the interests of the
people of the state would be advanced by directing the public service
commission to make a comprehensive study of the state's power grid to
identify distribution and transmission infrastructure needed to enable
the state to meet the CLCPA targets, and based on such study, develop
definitive plans that: (a) provide for the timely development of local
transmission and distribution system upgrades by the state's regulated
utilities and the Long Island power authority; (b) identify bulk trans-
mission investments that should be undertaken, including projects that
should be undertaken immediately and on an expedited basis by the power
authority of the state of New York; and (c) otherwise advance the poli-
cies of this act.
4. A public policy purpose would be served and the interests of the
people of the state would be advanced by:
(a) expediting the regulatory review for the siting of major renewable
energy facilities and transmission infrastructure necessary to meet the
CLCPA targets, in recognition of the importance of these facilities and
their ability to lower carbon emissions;
(b) making available to developers of clean generation resources
build-ready sites for the construction and operation of such renewable
energy facilities;
(c) developing uniform permit standards and conditions that are appli-
cable to classes and categories of renewable energy facilities, that
reflect the environmental benefits of such facilities and addresses
common conditions necessary to minimize impacts to the surrounding
community and environment;
(d) providing for workforce training, especially in disadvantaged
communities;
(e) implementing one or more programs to provide benefits to owners of land and communities where renewable energy facilities and transmission infrastructure would be sited;

(f) incentivizing the re-use or adaptation of sites with existing or abandoned commercial or industrial uses, such as brownfields, landfills, and former commercial or industrial sites, for the development of major renewable energy facilities and to restore and protect the value of taxable land and leverage existing resources; and

(g) establishing additional mechanisms to facilitate the achievement of a net conservation benefit to endangered or threatened species which may be impacted by the construction or operation of major renewable energy facilities.

§ 3. Paragraphs (c) and (d) of subdivision 4 of section 162 of the public service law, as added by chapter 388 of the laws of 2011, are amended and a new subdivision (e) is added to read as follows:

(c) To a major electric generating facility (i) constructed on lands dedicated to industrial uses, (ii) the output of which shall be used solely for industrial purposes, on the premises, and (iii) the generating capacity of which does not exceed two hundred thousand kilowatts;

(d) To a major electric generating facility if, on or before the effective date of the rules and regulations promulgated pursuant to this article and section 19-0312 of the environmental conservation law, an application has been made for a license, permit, certificate, consent or approval from any federal, state or local commission, agency, board or regulatory body, in which application the location of the major electric generating facility has been designated by the applicant; or if the facility is under construction at such time;

(e) To a major renewable energy facility as such term is defined in article twenty-three of the economic development law. Any person intending to construct a major renewable energy facility that has filed an application for a certificate pursuant to section one hundred sixty-four of this article which is pending with the commission as of the effective date of this paragraph, may, by written notice to the secretary of the commission, elect to become subject to the provisions of article twenty-three of the economic development law.

§ 4. Section 1 of chapter 174 of the laws of 1968, constituting the New York state urban development corporation act, is amended by adding a new section 16-bb to read as follows:

§ 16-bb. Green energy siting. There is hereby established within the corporation an office to implement the goals and objectives of title nine-B of article eight of the public authorities law. Such office shall work collaboratively with the New York state energy research and development authority, department of environmental conservation, and the New York state department of public service in the location, identification, assessment, acquisition, development, marketing and disposition of sites within the state that appear suitable for the development of major renewable energy facilities including sites to be developed as build-ready sites; to enter into any contract necessary to effectuate the parties responsibilities under this section and other applicable law; to request and receive assistance from any department, division, office, commission or other agency of the state or any political subdivision thereof to support the administration of the activities set forth here-in; and to talk to all other actions that may be deemed necessary or convenient to implement the purposes of this section.
§ 5. Section 100 of the economic development law is amended by adding a new subdivision 46-a to read as follows:

46-a. The department, by and through the commissioner, shall be authorized to conduct hearings and dispute resolution proceedings, issue permits, and adopt such rules, regulations and procedures as may be necessary, convenient, or desirable to effectuate the purposes of article twenty-three of this chapter.

§ 6. The economic development law is amended by adding a new article 23 to read as follows:

specific proposed major renewable energy facility and are unable to be
addressed in accordance with the uniform standards and conditions. Where
appropriate, the department shall draft site specific permit terms and
conditions for such impacts, including provisions for the mitigation
thereof, taking into account the CLCPA targets and the environmental
benefits of the proposed major renewable energy facility. Such terms and
conditions may provide for an applicant’s payment of a specified amount
in lieu of physical mitigation. Amounts paid by an applicant pursuant to
such terms and conditions for mitigation of impacts to endangered and
threatened species shall be deposited into the endangered and threatened
species mitigation fund established pursuant to section ninety-nine-hh
of the state finance law.

5. The department shall promulgate rules and regulations with respect
to all necessary requirements to implement the siting permit program
established in this article and promulgate modifications to such rules
and regulations as it deems necessary.

6. At the request of the office, all other state agencies and authori-
ties are hereby authorized to provide support and render services to the
office within their respective functions.

§ 457. Applicability. 1. Following the effective date of this article,
no person shall commence the physical preparation of a site for, or
begin the construction of a major renewable energy facility in the
state, or increase the capacity of an existing major renewable energy
facility, without having first obtained a siting permit pursuant to this
article. Any such major renewable energy facility with respect to which
a siting permit is issued shall not thereafter be built, maintained, or
operated except in conformity with such siting permit and any terms,
limitations, or conditions contained therein, provided that nothing in
this section shall exempt such major renewable energy facility from
compliance with federal laws and regulations.

2. A siting permit issued by the office may be transferred or
assigned, subject to the prior written approval of the office, to a
person that agrees to comply with the terms, limitations and conditions
contained in such siting permit.

3. The office may amend any siting permit issued under this article.

4. Any hearings or dispute resolution proceedings initiated under this
article or pursuant to rules or regulations promulgated pursuant to this
article may be conducted by the commissioner or any person to whom the
commissioner shall delegate the power and authority to conduct such
hearings or proceedings in the name of the department at any time and
place.

5. This article shall not apply:
   (a) to a major renewable energy facility, or any portion thereof, over
which any agency or department of the federal government has exclusive
siting jurisdiction, or has siting jurisdiction concurrent with that of
the state and has exercised such jurisdiction to the exclusion of regu-
lation of the facility by the state; provided, however, nothing herein
shall be construed to expand federal jurisdiction;
   (b) to normal repairs, maintenance, replacements, non-material modifi-
cations and improvements of a major renewable energy facility, whenever
built, which are performed in the ordinary course of business and which
do not constitute a violation of any applicable existing permit;
   (c) to a major renewable energy facility if, on or before the effec-
tive date of this article, an application has been made or granted for a
license, permit, certificate, consent or approval from any federal, state
or local commission, agency, board or regulatory body, including
article ten of the public service law, in which application the location
of the major renewable energy facility has been designated by the appli-
cant, except in the case of a person who elects to be subject to this
article as authorized by paragraph e of subdivision four of section one
hundred sixty-two of the public service law.

6. Any person intending to construct a major renewable energy facility
excluded from this article pursuant to paragraph (b) or (c) of subdivi-
sion five of this section may elect to become subject to the provisions
of this article by filing an application for a siting permit. This arti-
cle shall thereafter apply to each major renewable energy facility iden-
tified in such notice from the date of its receipt by the office. With
respect to such major renewable energy facilities, the rules and regu-
lations promulgated pursuant to this article shall set forth an exped-
dited permitting process to account for matters and issues already
presented in relevant alternative permitting proceedings.

7. Any person intending to construct a facility that is a renewable
energy system, as such term is defined in section sixty-six-p of the
public service law as added by chapter one hundred six of the laws of
two thousand nineteen, with a nameplate capacity of at least ten thou-
sand but less than twenty-five thousand kilowatts or more, may apply to
become subject to the provisions of this article by filing an applica-
tion for a siting permit. Upon submission of such application, the
subject renewable energy facility shall be treated as a "major renewable
energy facility" exclusively for purposes of permitting under this article.

§ 459. Application and review. 1. Until the department establishes uniform standards and conditions required by section four hundred fifty-five of this article or promulgates regulations specifying the content of an application for a siting permit, an application for a siting permit submitted to the department shall conform substantially to the form and content of an application required by section one hundred sixty-four of the public service law.

2. Notwithstanding any law to the contrary, the office shall, within sixty days of its receipt of an application for a siting permit determine whether the application is complete and notify the applicant of its determination. If the department does not deem the application complete, the department shall set forth in writing delivered to the applicant all of the reasons why it has determined the application to be incomplete. If the department fails to make a determination within the foregoing sixty-day time period, the application shall be deemed complete.

3. a. No later than sixty days following the date upon which an application has been deemed complete, and following consultation with any relevant state agency or authority, the department shall publish for public comment draft permit conditions prepared by the department, which comment period shall be for a minimum of sixty days from public notice thereof.

b. For any municipality, political subdivision or an agency thereof that has received notice of the filing of an application, the municipality shall within the timeframes established by this subdivision submit a statement to the office indicating whether the proposed facility is designed to operate in compliance with applicable local laws and regulations, if any, concerning the environment, public health and safety.

4. General expressions of disagreement with or general opposition to the siting, design, construction and/or operation of a major renewable energy facility during the public comment period shall not be considered to be substantive or significant for purposes of this section. If public comment on a draft permit condition published by the department pursuant to this section, including comments provided by a municipality, raises a substantive and significant issue that requires adjudication, the department shall promptly fix a date for hearing to hear arguments and consider evidence with respect thereto.

5. Following the expiration of the public comment period set forth in this section, or following the conclusion of a hearing undertaken pursuant to this section, as applicable the office shall promptly issue a final siting permit to the applicant that includes such conditions the office determines to be necessary to mitigate any potential significant adverse environmental impact, and the office may elect not to apply, in whole or in part, any local law or ordinance which would otherwise be applicable if it finds that, as applied to the proposed major renewable energy facility, is unreasonably burdensome in view of the CLCPA targets and the environmental benefits of the proposed major renewable energy facility.

6. In all respects, and notwithstanding any other deadline made applicable by this article, the office shall make a final decision on a siting permit for any major renewable energy project within one year from the date the application was deemed complete, or within six months from the date the application was deemed complete if the major renewable energy facility is proposed to be sited on an existing or abandoned
commercial use, including without limitation, brownfields, landfills, former commercial or industrial sites, and abandoned or otherwise under-utilized sites, as further defined by the regulations promulgated by this article. If a final siting permit decision has not been made by the office within such time period then such siting permit shall be deemed to have been automatically granted for all purposes set forth in this article and all uniform conditions or site specific permit conditions issued for public comment shall constitute enforceable provisions of the siting permit.

7. Any party aggrieved by the issuance or denial of a permit under this article may seek judicial review thereof only in a proceeding pursuant to article seventy-eight of the civil practice law and rules by filing of a petition within thirty days of the issuance or denial of the permit.

§ 461. Powers of municipalities and state agencies and authorities; scope of article. 1. Notwithstanding any other provision of law, including without limitation article eight of the environmental conservation law and article seven of the public service law, no other state agency, department or authority, or any local agency or political subdivision or any agency thereof may, except as expressly authorized under this article, require any approval, consent, permit, certificate, contract, agreement, or other condition for the development, design, construction, operation, or decommissioning of a major renewable energy facility with respect to which an application for a siting permit has been filed, provided in the case of a municipality, political subdivision or an agency thereof, such entity has received notice of the filing of the application therefor. Notwithstanding the foregoing, the department of environmental conservation shall be the permitting agency for permits issued pursuant to federally delegated or federally approved programs.

2. This article shall not impair or abrogate any federal, state or local labor laws or any otherwise applicable state law for the protection of employees engaged in the construction and operation of a major renewable energy facility.

§ 463. Fees; local agency account. 1. Each application for a siting permit shall be accompanied by a fee in an amount equal to one thousand dollars for each thousand kilowatts of capacity of the proposed major renewable energy facility, and the office may update the fee periodically solely to account for inflation, to be deposited in an account to be known as the local agency account established for the benefit of local agencies by the New York state energy research and development authority and maintained in a segregated account in the custody of the commissioner of taxation and finance. The proceeds of such account shall be disbursed by the office, in accordance with eligibility and procedures established by the rules and regulations promulgated by the department pursuant to this article, for the participation of local agencies in public comment periods or hearing procedures established by this article, including the rules and regulations promulgated hereto.

2. All funds so held by the New York state energy research and development authority shall be subject to an annual independent audit as part of such authority's audited financial statements, and such authority shall prepare an annual report summarizing account balances and activities for each fiscal year ending March thirty-first and provide such report to the office no later than ninety days after commencement of such fiscal year.
3. With respect to a person who has filed an application for a siting permit pursuant to section four hundred fifty-seven of this article, the department of public service is hereby directed to refund to that person any amounts held in an intervenor account established pursuant to articles seven and ten of the public service law, as applicable, and with respect to such persons, the office shall address the appropriate treatment of funds already disbursed from the intervenor fund in taking and assessing application fees pursuant to this section.

4. In addition to the fees established pursuant to subdivision one of this section, the department, pursuant to regulations adopted pursuant to this section, may assess a fee for the purpose of recovering the costs the department incurs related to reviewing and processing an application submitted under this article.

§ 7. Subdivision 7 of section 487 of the real property tax law, as amended by chapter 515 of the laws of 2002, is amended to read as follows:

7. If the assessor is satisfied that the applicant is entitled to an exemption pursuant to this section, he or she shall approve the application and enter the taxable assessed value of the parcel for which an exemption has been granted pursuant to this section on the assessment roll with the taxable property, with the amount of the exemption set forth in a separate column as computed pursuant to subdivision two of this section and, if applicable section five hundred seventy-five-b of this chapter in a separate column. In the event that real property granted an exemption pursuant to this section ceases to be used primarily for eligible purposes, the exemption granted pursuant to this section shall cease.

§ 8. Subparagraph (a) of subdivision 9 of section 487 of the real property tax law, as amended by chapter 344 of the laws of 2014, is amended and a new subparagraph (c) is added to read as follows:

(a) A county, city, town, village or school district, except a school district under article fifty-two of the education law, that has not acted to remove the exemption under this section may require the owner of a property which includes a solar or wind energy system which meets the requirements of subdivision four of this section, to enter into a contract for payments in lieu of taxes. Such contract may require annual payments in an amount not to exceed the amounts which would otherwise be payable but for the exemption under this section. [If the owner or developer of such a system provides written notification to a taxing jurisdiction of its intent to construct such a system, then in order to require the owner or developer of such system to enter into a contract for payments in lieu of taxes, such taxing jurisdiction must notify such owner or developer of its intent to require a contract for payments in lieu of taxes within sixty days of receiving the written notification.]

(c) A county, city, town, village or school district that intends to require a contract for payments in lieu of taxes pursuant to this section shall, prior to execution of such contract, consult with the New York state energy research and development authority in determining the annual payments to be required in such contracts.

§ 9. The real property tax law is amended by adding a new section 575-b to read as follows:

§ 575-b. Solar or wind energy systems. The assessed value for solar or wind energy system, as such term is defined in section four hundred eighty-seven of this chapter, shall be determined by an income capital-ization or discounted cash flow approach that includes the following:
1. An appraisal model identified and published by the department and the New York state energy research and development authority; and
2. A discount rate published annually by the department and the New York state energy research and development authority.

§ 10. The third undesignated paragraph of section 852 of the general municipal law, as amended by chapter 630 of the laws of 1977, is amended to read as follows:

It is hereby further declared to be the policy of this state to protect and promote the health of the inhabitants of this state and to increase trade through promoting the development of facilities to provide recreation for the citizens of the state and to attract tourists from other states and to promote the development of renewable energy projects to support the state's renewable energy goals as may be established or amended from time to time.

department of labor and other state agencies and authorities having
experience with job training programs, assess the need for and avail-
ability of workforce training in the local area of build-ready sites to
support renewable energy development with special attention to disadvan-
taged communities and, subject to available funding, establish one or
more programs pursuant to which financial support can be made available
for the local workforce and under-employed populations in the area;

§ 19. State power grid study and program to achieve CLCPA targets. 1.
As used in this section:

(a) "CLCPA targets" means the public policies established in the
climate leadership and community protection act enacted in chapter 106
of the laws of 2019, including the requirements that a minimum of 70% statewide electric generation be produced by renewable energy systems by
2030, by the year 2040 the statewide electrical demand system will
generate zero emissions, and the state's jurisdictional load serving
entities will procure at least 9 gigawatts of offshore wind electricity
generation by 2035, six gigawatts of photovoltaic solar generation by
2025, and support 3 gigawatts of statewide energy storage capacity by
2030, as such policies may from time to time be amended.
(b) "Commission" means the public service commission.
(c) "Department" means the department of public service.
(d) "Distribution upgrade" means a new distribution facility or an
improvement, enhancement, replacement, or other modification to the
electric power grid at the distribution level in a utility's service
territory that facilitates achievement of the CLCPA targets.
(e) "Local transmission upgrade" means a new transmission facility
that is identified within a utility's local transmission capital plan,
an upgrade to local transmission facility as defined in the tariff of
the state grid operator, or an improvement, enhancement, replacement, or
other modification to a transmission facility in a utility's service
territory that facilitates achievement of the CLCPA targets.
(f) "Major renewable energy facility" has the same meaning as in
subdivision 6 of section 453 of the economic development law.
(g) "Bulk transmission investment" means a new transmission facility
or an improvement, enhancement, replacement, or other modification to
the state's bulk electric transmission grid that facilitates achievement
of the CLCPA targets and includes without limitation alternating current
facilities and high voltage direct current facilities, including subma-
rine transmission facilities.
(h) "State grid operator" means the federally designated electric bulk
system operator for New York state.
(i) "Utility" means an electric transmission or delivery utility or any other person owning or maintaining an electric transmission or delivery system, over which the commission has jurisdiction.

2. The department, in consultation with the New York state energy research and development authority, the power authority of the state of New York, the Long Island power authority, the state grid operator, and the utilities shall undertake a comprehensive study for the purpose of identifying distribution upgrades, local transmission upgrades and bulk transmission investments that are necessary or appropriate to facilitate the timely achievement of the CLCPA targets (collectively, "power grid study"). The power grid study shall address needed distribution upgrades and local transmission upgrades for each utility service territory and separately address needed bulk transmission system investments. In performing the study, the department may consider such issues it determines to be appropriate including by way of example system reliability; safety; cost-effectiveness of upgrades and investments in promoting development of major renewable energy facilities and relieving or avoiding constraints; and factors considered by the office of renewable energy siting in issuing and enforcing renewable energy siting permits pursuant to article 23 of the economic development law. In carrying out the study, the department is authorized to gather input from owners and developers of competitive transmission projects, the state grid operator, and providers of transmission technology and smart grid solutions, and to utilize information available to the department from other pertinent studies or research relating to modernization of the state's power grid. To enable the state to meet the CLCPA targets in an orderly and cost-effective manner, the department may issue findings and recommendations as part of the power grid study at reasonable intervals but shall make an initial report of findings and recommendations within 270 days of the effective date of this section.

3. The commission shall, within 30 days of the initial findings and recommendations required by subdivision 2 of this section, or at such earlier time as the commission determines to be appropriate, commence a proceeding to establish a distribution and local transmission capital plan for each utility in whose service territory the power grid study identified distribution upgrades and local transmission upgrades that the department determines are necessary or appropriate to achieve the CLCPA targets (the "state distribution and local transmission upgrade programs"). The state distribution and local transmission upgrade programs shall establish a prioritized schedule upon which each such upgrade shall be accomplished. Concurrently, the Long Island power authority shall establish a capital program to address identified distribution and local transmission upgrades in its service territory.

4. The commission shall, within thirty days of the initial findings and recommendations required by subdivision 2 of this section, commence a proceeding to establish a bulk transmission system investment program that identifies bulk transmission investments that the commission determines are necessary or appropriate to achieve the CLCPA targets (the "state bulk transmission investment plan"). The commission shall establish a prioritized schedule for implementation of the state bulk transmission investment plan, and in particular shall identify projects which shall be completed expeditiously to meet the CLCPA targets. The commission shall periodically review and update the state bulk transmission investment plan, and its designation of projects in that plan which shall be completed expeditiously. The state bulk transmission investment plan shall be submitted by the commission to the state grid opera-
5. The legislature finds and determines that timely development of the bulk transmission investments identified in the state bulk transmission investment plan is in the public interest of the people of the state of New York. The legislature further finds and determines that the power authority of the state of New York owns and operates backbone electric transmission assets in New York, has rights-of-way that can support in whole or in part bulk transmission investment projects, and has the financial stability, access to capital, technical expertise and experience to effectuate expeditious development of bulk transmission investments needed to help the state meet the CLCPA targets, and thus it is appropriate for the power authority of the state of New York, subject to the approval of its trustees, by itself or in collaboration with other parties as it determines to be appropriate, to develop those bulk transmission improvements found by the commission to be needed expeditiously to achieve CLCPA targets.

6. For the state distribution and local transmission upgrade program, the commission shall address implementation of such upgrades pursuant to the existing processes under the public service law. The department shall also make recommendations to the Long Island power authority for upgrades for purposes of assisting the state to achieve the CLCPA targets.

7. No later than January 1, 2023, and every 4 years thereafter, the commission shall, after notice and provision for the opportunity to comment, issue a comprehensive review of the actions taken pursuant to this section and their impacts on grid congestion and achievement of the CLCPA targets, and shall institute new proceedings as the commission determines to be necessary to address any deficiencies identified therewith.

8. The power authority of the state of New York and the New York state energy research and development authority, are each authorized, as deemed feasible and advisable by their respective boards, to contribute to the cost of the power grid study required by subdivision 2 of this section.

9. The power authority of the state of New York is authorized and directed to use existing rights-of-way when undertaking bulk transmission investments identified in the state bulk transmission investment plan.

10. Nothing in this section is intended to:
(a) limit, impair, or affect the legal authority of the power authority that existed as of the effective date of this section; or
(b) limit the authority of the power authority to undertake any transmission project, including bulk transmission investments, and recover costs under any other process or procedure authorized by state or federal law as the authority determines to be appropriate.

§ 20. Host community benefit. 1. Definitions. As used in this section, the following terms shall have the following meanings:
(a) "Renewable host community" shall mean any municipality within which a major renewable energy facility defined in article 23 of the economic development law, or any portion thereof, has been proposed for development.
(b) "Renewable owner" shall mean the owner of a major renewable energy facility constructed after the effective date of this section that is proposed to be located in a host community, for which the New York state energy research and development authority has executed an agreement for
1 the acquisition of environmental attributes related to a solicitation
2 issued by such authority after the effective date of this section.
3 (c) "Utility" means an electric distribution utility regulated pursuant
4 to section 66 of the public service law and serving customers within
5 a host community.
6 2. The public service commission shall, within 60 days from the effec-
7 tive date hereof, commence a proceeding to establish a program under
8 which renewable owners would fund a program to provide a discount or
9 credit on the utility bills of the utility's customers in a renewable
10 host community, or a compensatory or environmental benefit to such
11 customers. Such proceeding shall determine the amount of such discount,
12 credit, compensatory or environmental benefit based on all factors
13 deemed appropriate by the commission, including the expected average
14 electrical output of the facility, the average number of customers with-
15 in the renewable host community, and the expected aggregate annual elec-
16 tric consumption within such renewable host community, the potential
17 impact on disadvantaged communities, and the role of utilities, if any, in implementing any aspect of such program. The Long Island power
18 authority shall establish a program for renewable facilities in its
19 service territory to achieve the same objectives.
20 § 21. Subdivision 3 of section 123 of the public service law, as added
21 by chapter 252 of the laws of 2002, is amended to read as follows:
22 3. Unless otherwise stipulated by the applicant, a final determi-
23 nation regarding an application for a certificate to construct trans-
24 mission facilities for interconnection with a wind energy production
25 facility located in the county of Lewis shall be rendered within six
26 months from the date of receipt of a compliant application.
27 (a) proceedings on an application for a major utility transmission
28 facility as defined in paragraph a of subdivision two of section one
29 hundred twenty of this article shall be completed in all respects,
30 including a final decision by the commission, within twelve months from
31 the date of a determination by the secretary of the commission that an
32 application complies with section one hundred twenty-two of this arti-
33 cle; provided, however, the commission may extend the deadline in
34 reasonable circumstances by no more than six months in order to give
35 consideration to specific issues necessary to develop an adequate
36 record, because the applicant has been unable to obtain necessary
37 approvals and/or consents related to highway crossings or for other
38 reasons deemed in the public interest. The commission shall render a
39 final decision on the application by the aforementioned deadlines unless
40 such deadlines are waived by the applicant or if the applicant notices
41 the application for settlement, in which case the timeframes established
42 in this paragraph are tolled until such time that settlement discussions
43 are suspended. If, at any time subsequent to the commencement of the
44 hearing, there is a substantive and significant amendment to the appli-
45 cation, the deadlines may be extended by no more than six months, unless
46 such deadline is waived by the applicant, to consider such amendment.
47 (b) the commission shall promulgate rules or regulations to establish
48 an expedited process for proceedings on applications for a major utility
49 transmission facility as defined in paragraph a of subdivision two of
50 section one hundred twenty of this article that (i) would be constructed
51 within existing rights of way, (ii) the commission determines would not
52 result in any significant adverse environmental impacts considering
53 current uses and conditions existing at the site, or (iii) would neces-
54 sitate expanding the existing rights-of-way but such expansion is only
for the purpose of complying with law, regulations, or industry prac-
tices relating to electromagnetic fields.

(c) for purposes of this subdivision, the following terms shall have
the following meanings:

(i) "Expedited process" shall mean a process for proceedings on appli-
cations for a major electric transmission facility that is completed in
all respects, including a final decision by the commission, within nine
months from the date of a determination by the secretary of the commis-
sion that an application complies with section one hundred twenty-two of
this article; provided, however, that if the applicant notices the
application for settlement, the timeframe established in this paragraph
shall be tolled until such time that settlement discussions are
suspended.

(ii) "Right-of-way" shall mean (a) real property that is used or
authorized to be used for electric utility purposes, or (b) real proper-
ty owned or controlled by or under the jurisdiction of the state, a
distribution utility, or a state public authority including by means of
ownership, lease or easement, that is used or authorized to be used for
transportation or canal purposes.

and river corridors traversed;

(d) that the facility represents a minimum minimizes to the extent
practicable any significant adverse impact on active farming operations

various alternatives, and the ownership and easement rights of the
impacted property;

(h) with respect to any bulk transmission investment identified in the
state bulk transmission investment plan developed under the act that
added this subdivision for which the commission has found that expes-
ditous construction is necessary to meet the climate leadership and
community protection act targets and for which the power authority of
the state of New York alone or in collaboration with other parties is
the applicant;

§ 23. Notwithstanding any other law to the contrary, including
sections 2879-a and 2897 of the public authorities law, the power
authority of the state of New York, the Long Island power authority and
the New York state energy research and development authority may each
negotiate and enter into agreements with other parties providing for the
conveyance of interests in real property provided that in the case of
any such conveyance such entity determines that the conveyance will
further the purposes of this act or provide other benefits to the entity
or the state.
