(a) "Business" shall mean any business acting within the state of New York that sells goods to any individual or entity including, but not limited to, retailers, suppliers, manufacturers, or distributors;

A difference in coloring among any good shall not be construed as a substantial difference for the purposes of this paragraph.

3. No person, firm, partnership, company, corporation, or business shall charge a price for any services that are substantially similar if such services are priced differently based upon the gender of the individuals for whom the services are performed, offered, or marketed.

If it shall appear to the satisfaction of the court or justice that the defendant has, in fact, violated this section, an injunction may be issued by such court or justice, enjoining or restraining any violation, without requiring proof that any person has, in fact, been injured or damaged thereby. The secretary of state may appoint and commission as many notaries public for the state of New York as in his or her judgment may be deemed best, whose jurisdiction shall be co-extensive with the boundaries of the state. The appointment of a notary public shall be for a term of four years. An application for an appointment as notary public shall be in form and set forth such matters as the secretary of state shall prescribe. Every person appointed as notary public must, at the time of his or her appointment, be [a citizen of the United States and either] a resident of the state of New York or have an office or place of business in New York state. A notary public who is a resident of the state and who moves out of the state but still maintains a place of business or an office in New York state does not vacate his or her office as a notary public. A notary public who is a nonresident and who ceases to have an office or place of business in this state, vacates his or her office as a notary public. A notary public who is a resident of New York state and moves out of the state and who does not retain an office or place of business in this state shall vacate his or her office as a notary public. A non-resident who accepts the office of notary public in this state thereby appoints the secretary of state as the person upon whom process can be served on him or her behalf. Before issuing to any applicant a commission as notary public, unless he or she be an attorney and counsellor at law duly admitted to practice in this state or a court clerk of the unified court system who has been appointed to such position after taking a civil service promotional examination in the court clerk series of titles, the secretary of state shall satisfy himself or herself that the applicant is of good moral character, has the equivalent of a common school education and is familiar with the duties and responsibilities of a notary public; provided, however, that where a notary public applies, before the expiration of his or her term, for reappointment with the county clerk or where a person whose term as notary public shall have expired applies within six months thereafter for reappointment as a notary public with the county clerk, such qualifying requirements may be waived by the secretary of state, and further, where an application for reappointment is filed with the county clerk after the expiration of the aforementioned renewal period by a person
who failed or was unable to re-apply by reason of his or her induction or enlistment in the armed forces of the United States, such qualifying requirements may also be waived by the secretary of state, provided such application for reappointment is made within a period of one year after the military discharge of the applicant under conditions other than dishonorable. In any case, the appointment or reappointment of any applicant is in the discretion of the secretary of state. The secretary of state may suspend or remove from office, for misconduct, any notary public appointed by him or her but no such removal shall be made unless the person who is sought to be removed shall have been served with a copy of the charges against him or her and have an opportunity of being heard. No person shall be appointed as a notary public under this article who has been convicted, in this state or any other state or territory, of a crime, unless the secretary makes a finding in conformance with all applicable statutory requirements, including those contained in article twenty-three-A of the correction law, that such convictions do not constitute a bar to appointment.

§ 2. Subdivision 1 of section 130 of the executive law, as amended by chapter 490 of the laws of 2019, is amended to read as follows:

1. The secretary of state may appoint and commission as many notaries public for the state of New York as in his or her judgment may be deemed best, whose jurisdiction shall be co-extensive with the boundaries of the state. The appointment of a notary public shall be for a term of four years. An application for an appointment as notary public shall be in form and set forth such matters as the secretary of state shall prescribe. Every person appointed as notary public must, at the time of his or her appointment, be a citizen of the United States and either a resident of the state of New York or have an office or place of business in New York state. A notary public who is a resident of the state and who moves out of the state but still maintains a place of business or an office in New York state does not vacate his or her office as a notary public. A notary public who is a nonresident and who ceases to have an office or place of business in this state, vacates his or her office as a notary public. A notary public who is a resident of New York state and moves out of the state and who does not retain an office or place of business in this state shall vacate his or her office as a notary public. A non-resident who accepts the office of notary public in this state thereby appoints the secretary of state as the person upon whom process can be served on his or her behalf. Before issuing to any applicant a commission as notary public, unless he or she be an attorney and counsellor at law duly admitted to practice in this state or a court clerk of the unified court system who has been appointed to such position after taking a civil service promotional examination in the court clerk series of titles, the secretary of state shall satisfy himself or herself that the applicant is of good moral character, has the equivalent of a common school education and is familiar with the duties and responsibilities of a notary public; provided, however, that where a notary public applies, before the expiration of his or her term, for reappointment with the county clerk or where a person whose term as notary public shall have expired applies within six months thereafter for reappointment as a notary public with the county clerk, such qualifying requirements may be waived by the secretary of state, and further, where an application for reappointment is filed with the county clerk after the expiration of the aforementioned renewal period by a person who failed or was unable to re-apply by reason of his or her induction or enlistment in the armed forces of the United States, such qualifying
requirements may also be waived by the secretary of state, provided such application for reappointment is made within a period of one year after the military discharge of the applicant under conditions other than dishonorable, or if the applicant has a qualifying condition, as defined in section three hundred fifty of this chapter, within a period of one year after the applicant has received a discharge other than bad conduct or dishonorable from such service, or if the applicant is a discharged LGBT veteran, as defined in section three hundred fifty of this chapter, within a period of one year after the applicant has received a discharge other than bad conduct or dishonorable from such service. In any case, the appointment or reappointment of any applicant is in the discretion of the secretary of state. The secretary of state may suspend or remove from office, for misconduct, any notary public appointed by him or her but no such removal shall be made unless the person who is sought to be removed shall have served with a copy of the charges against him or her and have an opportunity of being heard. No person shall be appointed as a notary public under this article who has been convicted, in this state or any other state or territory, of a crime, unless the secretary makes a finding in conformance with all applicable statutory requirements, including those contained in article twenty-three-A of the correction law, that such convictions do not constitute a bar to appointment.

No person shall be entitled to a license as a real estate broker or real estate salesman under this article who has been convicted in this state or elsewhere of a crime, unless the secretary makes a finding in conformance with all applicable statutory requirements, including those contained in article twenty-three-A of the correction law, that such convictions do not constitute a bar to licensure. No person shall be entitled to a license as a real estate broker or real estate salesman under this article who does not meet the requirements of section 3-503 of the general obligations law.

Notwithstanding anything to the contrary in this section, tenant associations and not-for-profit corporations authorized in writing by the commissioner of the department of the city of New York charged with enforcement of the housing maintenance code of such city to manage residential property owned by such city or appointed by a court of competent jurisdiction to manage residential property owned by such city shall be exempt from the licensing provisions of this section with respect to the properties so managed.

alcohol in such person's blood shall be prima facie evidence that the
ability of such person to operate a bicycle with electric assist was not
impaired by the consumption of alcohol, and that such person was not in
an intoxicated condition;

(ii) evidence that there was more than .05 of one per centum but less
than .07 of one per centum by weight of alcohol in such person's blood
shall be prima facie evidence that such person was not in an intoxicated
condition, but such evidence shall be relevant evidence, but shall not
be given prima facie effect, in determining whether the ability of such
person to operate a bicycle with electric assist was impaired by the
consumption of alcohol; and

(iii) evidence that there was .07 of one per centum or more but less
than .08 of one per centum by weight of alcohol in such person's blood
shall be prima facie evidence that such person was not in an intoxicated

§ 1282. Operating electric scooters. 1. No electric scooter shall be used to carry more than one person at one time. No person operating an electric scooter shall carry any person as a passenger in a pack fastened to the operator or fastened to the electric scooter. The failure of any person to comply with the provisions of this subdivision shall not constitute contributory negligence or assumption of risk, and shall not in any way bar, preclude or foreclose an action for personal injury or wrongful death by or on behalf of such person, nor in any way diminish or reduce the damages recoverable in any such action.

2. No person operating an electric scooter shall carry any package, bundle or article which prevents the operator from keeping at least one hand upon the handle bars or which obstructs his or her vision in any direction.

3. Every person operating an electric scooter shall yield the right of way to pedestrians.

4. No person less than sixteen years of age shall operate or ride as a passenger upon an electric scooter, and no person sixteen years of age
or older shall allow any person less than sixteen years of age to operate or ride as a passenger upon such scooter.

5. A city, town or village having jurisdiction over such sidewalk shall provide a method by which an electric scooter owned by a natural person may be identified as such.

8. (a) No person shall operate an electric scooter on any public lands or property, other than a highway exclusive of any greenway running adjacent to or connected with a highway, except that an electric scooter may be operated on any such lands that have been designated and posted for travel by electric scooters in accordance with the provisions of paragraph (b) of this subdivision. 1. purchased prior to June first, two thousand twenty-two and installation
2. instructions from such manufacturers and distributors.

3. (b) No person shall operate an electric scooter on any public highway

44. er, that nothing contained in this paragraph shall be deemed to preclude
45. the exchange of such data, information or recorded images solely for the
46. purpose of administering such authorized shared system.

For the purposes of this subdivision, "personal information" shall
48. mean information that identifies an individual, including but not limit-
49. ed to name, address, telephone number, and the type and form of payment
50. including credit card number, debit card number, or other payment meth-

the right-hand curb or edge of the roadway or upon a usable right-hand
shoulder in such a manner as to prevent undue interference with the flow
of traffic except when preparing for a left turn or when reasonably
necessary to avoid conditions that would make it unsafe to continue
along near the right-hand curb or edge. Conditions to be taken into
consideration include, but are not limited to, fixed or moving objects,
vehicles, bicycles, in-line skates, pedestrians, animals, surface
hazards or traffic lanes too narrow for a person operating an electric
scooter and a vehicle to travel safely side-by-side within the lane.
2. Persons operating electric scooters upon a roadway shall ride
single file. Persons operating electric scooters upon a shoulder, bicy-
cycle or in-line skate lane, or bicycle or in-line skate path intended for
the use of bicycles, in-line skates or electric scooters may ride two or

such scooters single file.
3. Any person operating an electric scooter who is entering a roadway

subdivision two-a of section twelve hundred thirty-eight of this title.
As used in this subdivision, wearing a helmet means having a properly
fitting helmet fixed securely on the head of such wearer with the helmet straps securely fastened.

2. Any person who violates the provisions of subdivision one of this section shall pay a civil fine not to exceed fifty dollars.

3. The court shall waive any fine for which a person who violates the provisions of subdivision one of this section would be liable if such person supplies the court with proof that between the date of violation and the appearance date for such violation such person purchased or rented a helmet, which meets the requirements of subdivision one of this section, or if the court finds that due to reasons of economic hardship such person was unable to purchase a helmet or due to such economic hardship such person was unable to obtain a helmet from the statewide in-line skate and bicycle helmet distribution program, as established in section two hundred six of the public health law or a local distribution program. Such waiver of fine shall not apply to a second or subsequent violation of subdivision one of this section.

§ 2. This act shall take effect immediately.

PART JJJ
Section 1. This act shall be known as the "accelerated renewable energy growth and community benefit act".

§ 2. Legislative findings and statement of purpose. The legislature hereby finds, determines and declares:
1. Chapter 106 of the laws of 2019 enacted the New York state climate leadership and community protection act (the "CLCPA") that among other things:
   (a) directed the department of environmental conservation to establish a statewide greenhouse gas emissions limit as a percentage of 1990 emissions as follows: (i) 2030: 60% of 1990 emissions; and (ii) 2050: 15% of 1990 emissions;
   (b) directed the public service commission ("commission") to establish programs to require that a minimum of 70% statewide electric generation be produced by renewable energy systems by 2030, and that by the year 2040 the statewide electrical demand system will generate zero emissions; and
   (c) directed the commission to require the procurement by the state's jurisdictional load serving entities of at least 9 gigawatts of offshore wind electricity generation by 2035 and six gigawatts of photovoltaic solar generation by 2025, and to support three gigawatts of statewide energy storage capacity by 2030 (collectively, the "CLCPA targets").
2. In order to achieve the CLCPA targets, the state shall take appropriate action to ensure that:
   (a) new renewable energy generation projects can be sited in a timely and cost-effective manner that includes consideration of local laws concerning zoning, the environment or public health and safety and avoids or minimizes, to the maximum extent practicable, adverse environmental impacts; and
   (b) renewable energy can be efficiently and cost effectively injected into the state's distribution and transmission system for delivery to regions of the state where it is needed. In particular, the state shall provide for timely and cost effective construction of new, expanded and upgraded distribution and transmission infrastructure as may be needed to access and deliver renewable energy resources, which may include alternating current transmission facilities, high voltage direct current transmission infrastructure facilities, and submarine transmission facilities needed to interconnect off-shore renewable generation resources to the state's transmission system.
3. A public policy purpose would be served and the interests of the people of the state would be advanced by directing the public service commission to make a comprehensive study of the state's power grid to identify distribution and transmission infrastructure needed to enable the state to meet the CLCPA targets, and based on such study, develop definitive plans that: (a) provide for the timely development of local transmission and distribution system upgrades by the state's regulated utilities and the Long Island power authority; (b) identify bulk transmission investments that should be undertaken, including projects that should be undertaken immediately and on an expedited basis in cooperation with the power authority of the state of New York; and (c) otherwise advance the policies of this act.
4. A public policy purpose would be served and the interests of the people of the state would be advanced by:
   (a) expediting the regulatory review for the siting of major renewable energy facilities and transmission infrastructure necessary to meet the CLCPA targets, in recognition of the importance of these facilities and their ability to lower carbon emissions;
(b) making available to developers of clean generation resources build-ready sites for the construction and operation of such renewable energy facilities;

(c) developing uniform permit standards and conditions that are applicable to classes and categories of renewable energy facilities, that reflect the environmental benefits of such facilities and address common conditions necessary to minimize impacts to the surrounding community and environment;

(d) providing for workforce training, especially in disadvantaged communities;

(e) implementing one or more programs to provide benefits to owners of land and communities where renewable energy facilities and transmission infrastructure would be sited;

(f) incentivizing the re-use or adaptation of sites with existing or abandoned commercial or industrial uses, such as brownfields, landfills, dormant electric generating sites and former commercial or industrial sites, for the development of major renewable energy facilities and to restore and protect the value of taxable land and leverage existing resources; and

(g) implementing the state's policy to protect, conserve and recover endangered and threatened species while establishing additional mechanisms to facilitate the achievement of a net conservation benefit to endangered or threatened species which may be impacted by the construction or operation of major renewable energy facilities.

§ 3. Paragraphs (c) and (d) of subdivision 4 of section 162 of the public service law, as added by chapter 388 of the laws of 2011, are amended and a new subdivision (e) is added to read as follows:

(c) To a major electric generating facility (i) constructed on lands dedicated to industrial uses, (ii) the output of which shall be used solely for industrial purposes, on the premises, and (iii) the generating capacity of which does not exceed two hundred thousand kilowatts;

(d) To a major electric generating facility if, on or before the effective date of the rules and regulations promulgated pursuant to this article and section 19-0312 of the environmental conservation law, an application has been made for a license, permit, certificate, consent or approval from any federal, state or local commission, agency, board or regulatory body, in which application the location of the major electric generating facility has been designated by the applicant; or if the facility is under construction at such time;

(e) To a major renewable energy facility as such term is defined in section ninety-four-c of the executive law; provided, however, that any person intending to construct a major renewable energy facility, that has a draft pre-application public involvement program plan pursuant to section one hundred sixty-three of this article and the regulations implementing this article, which is pending with the siting board as of the effective date of this paragraph may remain subject to the provisions of this article or, may, by written notice to the secretary of the commission, elect to become subject to the provisions of section ninety-four-c of the executive law.

§ 4. The executive law is amended by adding a new section 94-c to read as follows:

§ 94-c. Major renewable energy development program. 1. Purpose. It is the purpose of this section to consolidate the environmental review and permitting of major renewable energy facilities in this state and to provide a single forum in which the office of renewable energy siting
created by this section may undertake a coordinated and timely review of
proposed major renewable energy facilities to meet the state’s renewable
energy goals while ensuring the protection of the environment and
consideration of all pertinent social, economic and environmental
factors in the decision to permit such facilities as more specifically
provided in this section.

system will generate zero emissions and the procurement of at least nine
gigawatts of offshore wind electricity generation by two thousand thir-
ty-five, six gigawatts of photovoltaic solar generation by two thousand
twenty-five and to support three gigawatts of statewide energy storage

sand kilowatts or more, and any co-located system storing energy gener-
ated from such a renewable energy system prior to delivering it to the
bulk transmission system, including all associated appurtenances to
electric plants as defined under section two of the public service law,
including electric transmission facilities less than ten miles in length
in order to provide access to load and to integrate such facilities into
the state’s bulk electric transmission system.
(i) "Siting permit" shall mean the major renewable energy facility
siting permit established pursuant to this section and the rules and
regulations promulgated by the office.
(j) "Dormant electric generating site" shall mean a site at which one
or more electric generating facilities produced electricity but has
permanently ceased operating.

3. Office of renewable energy siting; responsibilities. (a) There is
hereby established within the department an office of renewable energy
siting which is charged with accepting applications and evaluating,
issuing, amending, approving the assignment and/or transfer of siting
permits. The office shall exercise its authority by and through the
executive director.
(b) The office shall within one year of the effective date of this
section establish a set of uniform standards and conditions for the
siting, design, construction and operation of each type of major renewa-
ble energy facility relevant to issues that are common for particular
classes and categories of major renewable energy facilities, in consul-
ration with the New York state energy research and development authori-
ty, the department of environmental conservation, the department of
public service, the department of agriculture and markets, and other
relevant state agencies and authorities with subject matter expertise.
Prior to adoption of uniform standards and conditions, the office shall
hold four public hearings in different regions of the state to solicit
comment from municipal, or political subdivisions, and the public on
proposed uniform standards and conditions to avoid, minimize or mitigate
potential adverse environmental impacts from the siting, design,
construction and operation of a major renewable energy facility.

(c) The uniform standards and conditions established pursuant to this
section shall be designed to avoid or minimize, to the maximum extent
practicable, any potential significant adverse environmental impacts
related to the siting, design, construction and operation of a major
renewable energy facility. Such uniform standards and conditions shall
apply to those environmental impacts the office determines are common to
each type of major renewable energy facility.

(d) In its review of an application for a permit to develop a major
renewable energy facility, the office, in consultation with the depart-
ment of environmental conservation, shall identify those site-specific
environmental impacts, if any, that may be caused or contributed to by a
specific proposed major renewable energy facility and are unable to be
addressed by the uniform standards and conditions. The office shall
draft in consultation with the department of environmental conservation
site specific permit terms and conditions for such impacts, including
provisions for the avoidance or mitigation thereof, taking into account
the CLCPA targets and the environmental benefits of the proposed major
renewable energy facility, provided, however, that the office shall
require that the application of uniform standards and conditions and
site-specific conditions shall achieve a net conservation benefit to any
impacted endangered and threatened species.

(e) To the extent that environmental impacts are not completely
addressed by uniform standards and conditions and site-specific permit
conditions proposed by the office, and the office determines that miti-
gation of such impacts may be achieved by off-site mitigation, the
office may require payment of a fee by the applicant to achieve such
off-site mitigation. If the office determines, in consultation with the
department of environmental conservation, that mitigation of impacts to
endangered or threatened species that achieves a net conservation bene-
fit can be achieved by off-site mitigation, the amount to be paid for
such off-site mitigation shall be set forth in the final siting permit.
The office may require payment of funds sufficient to implement such
off-site mitigation into the endangered and threatened species miti-
gation fund established pursuant to section ninety-nine-hh of the state
finance law.

(f) The office, by and through the executive director, shall be
authorized to conduct hearings and dispute resolution proceedings, issue
permits, and adopt such rules, regulations and procedures as may be
necessary, convenient, or desirable to effectuate the purposes of this
section.

(g) The office shall within one year of the effective date of this
section promulgate rules and regulations with respect to all necessary
requirements to implement the siting permit program established in this
section and promulgate modifications to such rules and regulations as it
deems necessary; provided that the office shall promulgate regulations
requiring the service of applications on affected municipalities and
political subdivisions simultaneously with submission of the application to the office.

(h) At the request of the office, all other state agencies and author-
ities are hereby authorized to provide support and render services to
the office within their respective functions.

(i) Notwithstanding any other provision of law, rule, or regulation to
the contrary and consistent with appropriations therefor, employees of
any state agency who are necessary to the functions of the office and
who may be substantially engaged in the performance of its functions
shall be transferred to the office in accordance with the provisions of
section seventy-eight of the civil service law. Employees transferred
pursuant to this section shall be transferred without further examina-
tion or qualification and shall retain their respective civil service
classifications. Nothing set forth in this subdivision shall be
construed to impede, infringe, or diminish the rights and benefits that
accrue to employees through collective bargaining agreements, impact or
change an employee’s membership in a bargaining unit, or otherwise
diminish the integrity of the collective bargaining relationship.

4. Applicability. (a) On and after the effective date of this section,
no person shall commence the preparation of a site for, or begin the
construction of, a major renewable energy facility in the state, or
increase the capacity of an existing major renewable energy facility,
without having first obtained a siting permit pursuant to this section.
Any such major renewable energy facility with respect to which a siting
permit is issued shall not thereafter be built, maintained, or operated
except in conformity with such siting permit and any terms, limitations,
or conditions contained therein, provided that nothing in this subdivi-
sion shall exempt such major renewable energy facility from compliance
with federal laws and regulations.

(b) A siting permit issued by the office may be transferred or
assigned, subject to the prior written approval of the office, to a
person that agrees to comply with the terms, limitations and conditions
contained in such siting permit.

(c) The office or a permittee may initiate an amendment to a siting
permit under this section. An amendment initiated by the office or
permittee that is likely to result in any material increase in any envi-
ronmental impact or involves a substantial change to the terms or condi-
tions of a siting permit shall comply with the public notice and hearing
requirements of this section.

(d) Any hearings or dispute resolution proceedings initiated under
this section or pursuant to rules or regulations promulgated pursuant to
this section may be conducted by the executive director or any person to
whom the executive director shall delegate the power and authority to
conduct such hearings or proceedings in the name of the office at any
time and place.

(e) This section shall not apply:

(i) to a major renewable energy facility, or any portion thereof, over
which any agency or department of the federal government has exclusive
siting jurisdiction, or has siting jurisdiction concurrent with that of
the state and has exercised such jurisdiction to the exclusion of regu-
lation of the facility by the state; provided, however, nothing herein
shall be construed to expand federal jurisdiction;

(ii) to normal repairs, maintenance, replacements, non-material
modifications and improvements of a major renewable energy facility,
whenever built, which are performed in the ordinary course of business
and which do not constitute a violation of any applicable existing permit;

(iii) to a major renewable energy facility if, on or before the effective date of this section, an application has been made or granted for a license, permit, certificate, consent or approval from any federal, state or local commission, agency, board or regulatory body, including the submission of a pre-application public involvement program plan under article ten of the public service law and its implementing regulations, in which application the location of the major renewable energy facility has been designated by the applicant, except in the case of a person who elects to be subject to this section as authorized by paragraph e of subdivision four of section one hundred sixty-two of the public service law.

(f) Any person intending to construct a major renewable energy facility excluded from this section pursuant to paragraph (ii) or (iii) of paragraph (e) of this subdivision may elect to become subject to the provisions of this section by filing an application for a siting permit. This section shall thereafter apply to each major renewable energy facility identified in such notice from the date of its receipt by the office. With respect to such major renewable energy facilities, the rules and regulations promulgated pursuant to this section shall set forth an expedited permitting process to account for matters and issues already presented and resolved in relevant alternative permitting proceedings.

(i) With respect to a major renewable energy facility for which an application was previously reviewed pursuant to article ten of the public service law, and for which a completeness determination had already been issued at the time an application was filed pursuant to this section, such application shall be considered complete pursuant to this section upon filing.

(ii) With respect to a major renewable energy facility for which an application was previously reviewed pursuant to article ten of the public service law, and for which a completeness determination had not been issued at the time the application was filed pursuant to this section, the sixty-day time period provided in paragraph (b) of subdivision five of this section shall commence upon filing.

(g) Any person intending to construct a facility that is a renewable energy system, as such term is defined in section sixty-six-p of the public service law as added by chapter one hundred six of the laws of two thousand nineteen, with a nameplate capacity of at least twenty thousand but less than twenty-five thousand kilowatts, may apply to become subject to the provisions of this section by filing an application for a siting permit. Upon submission of such application, the subject renewable energy facility shall be treated as a "major renewable energy facility" exclusively for purposes of permitting under this section.

5. Application, municipal notice and review. (a) Until the office establishes uniform standards and conditions required by subdivision three of this section and promulgates regulations specifying the content of an application for a siting permit, an application for a siting permit submitted to the office shall conform substantially to the form and content of an application required by section one hundred sixty-four of the public service law.

(b) Notwithstanding any law to the contrary, the office shall, within sixty days of its receipt of an application for a siting permit determine whether the application is complete and notify the applicant of its
determination. If the office does not deem the application complete, the office shall set forth in writing delivered to the applicant the reasons why it has determined the application to be incomplete. If the office fails to make a determination within the foregoing sixty-day period, the application shall be deemed complete; provided, however, that the applicant may consent to an extension of the sixty-day time period for determining application completeness. Provided, further, that no application may be complete without proof of consultation with the municipality or political subdivision where the project is proposed to be located, or an agency thereof, prior to submission of an application to the office, related to procedural and substantive requirements of local law.

(c) (i) No later than sixty days following the date upon which an application has been deemed complete, and following consultation with any relevant state agency or authority, the office shall publish for public comment draft permit conditions prepared by the office, which comment period shall be for a minimum of sixty days from public notice thereof. Such public notice shall include, at a minimum, written notice to the municipality or political subdivision in which the major renewable energy facility is proposed to be located; publication in a newspaper or in electronic form, having general circulation in such municipality or political subdivision; and posted on the office’s website.

(ii) For any municipality, political subdivision or an agency thereof that has received notice of the filing of an application, pursuant to regulations promulgated in accordance with this section, the municipality or political subdivision or agency thereof shall within the time-frames established by this subdivision submit a statement to the office indicating whether the proposed facility is designed to be sited, constructed and operated in compliance with applicable local laws and regulations, if any, concerning the environment, or public health and safety. In the event that a municipality, political subdivision or an agency thereof submits a statement to the office that the proposed facility is not designed to be sited, constructed or operated in compliance with local laws and regulations and the office determines not to hold an adjudicatory hearing on the application, the department shall hold non-adjudicatory public hearing in the affected municipality or political subdivision.

(d) If public comment on a draft permit condition published by the office pursuant to this subdivision, including comments provided by a municipality or political subdivision or agency thereof, or members of the public raises a substantive and significant issue, as defined in regulations adopted pursuant to this section, that requires adjudication, the office shall promptly fix a date for an adjudicatory hearing to hear arguments and consider evidence with respect thereto.

(e) Following the expiration of the public comment period set forth in this subdivision, or following the conclusion of a hearing undertaken pursuant to this subdivision, the office shall, in the case of a public comment period, issue a written summary of public comment and an assessment of comments received, and in the case of an adjudicatory hearing, the administrative officer or any person to whom the executive director has delegated such authority, shall issue a final written hearing report. A final siting permit may only be issued if the office makes a finding that the proposed project, together with any applicable uniform and site-specific standards and conditions would comply with applicable laws and regulations. In making this determination, the office may elect not to apply, in whole or in part, any local law or ordinance which would
otherwise be applicable if it makes a finding that, as applied to the
proposed major renewable energy facility, it is unreasonably burdensome
in view of the CLCPA targets and the environmental benefits of the
proposed major renewable energy facility.

(f) Notwithstanding any other deadline made applicable by this
section, the office shall make a final decision on a siting permit for
any major renewable energy project within one year from the date the
application was deemed complete, or within six months from the date the
application was deemed complete if the major renewable energy facility
is proposed to be sited on an existing or abandoned commercial use,
including without limitation, brownfields, landfills, former commercial
or industrial sites, dormant electric generating sites, and abandoned or
otherwise underutilized sites, as further defined by the regulations
promulgated by this section. Unless the office and the applicant have
agreed to an extension, with such extension limited to thirty days, and
if a final siting permit decision has not been made by the office within
such time period, then such siting permit shall be deemed to have been
automatically granted for all purposes set forth in this section and all
uniform conditions or site specific permit conditions issued for public
comment shall constitute enforceable provisions of the siting permit.
The final siting permit shall include a provision requiring the permit-
tee to provide a host community benefit, which may be a host community
benefit as determined by the public service commission pursuant to
section eight of the chapter of the laws of two thousand twenty that
added this section or such other project as determined by the office or
as subsequently agreed to between the applicant and the host community.

(g) Any party aggrieved by the issuance or denial of a permit under
this section may seek judicial review of such decision as provided in
this paragraph. (i) A judicial proceeding shall be brought in the appel-
late division of the supreme court of the state of New York in the judi-
cial department embracing the county wherein the facility is to be
located or, if the application is denied, the county wherein the appli-
cant has proposed to locate the facility. Such proceeding shall be
initiated by the filing of a petition in such court within ninety days
after the issuance of a final decision by the office together with proof
of service of a demand on the office to file with said court a copy of a
written transcript of the record of the proceeding and a copy of the
office's decision and opinion. The office's copy of said transcript,
decision and opinion, shall be available at all reasonable times to all
parties for examination without cost. Upon receipt of such petition and
demand the office shall forthwith deliver to the court a copy of the
record and a copy of the office's decision and opinion. Thereupon, the
court shall have jurisdiction of the proceeding and shall have the power
to grant such relief as it deems just and proper, and to make and enter
an order enforcing, modifying and enforcing as so modified, remanding
for further specific evidence or findings or setting aside in whole or
in part such decision. The appeal shall be heard on the record, without
requirement of reproduction, and upon briefs to the court. The findings
of fact on which such decision is based shall be conclusive if supported
by substantial evidence on the record considered as a whole and matters
of judicial notice set forth in the opinion. The jurisdiction of the
appellate division of the supreme court shall be exclusive and its judg-
ment and order shall be final, subject to review by the court of appeals
in the same manner and form and with the same effect as provided for
appeals in a special proceeding. All such proceedings shall be heard and
determined by the appellate division of the supreme court and by the
court of appeals as expeditiously as possible and with lawful precedence
over all other matters.

(ii) The grounds for and scope of review of the court shall be limited
to whether the decision and opinion of the office are:

(A) In conformity with the constitution, laws and regulations of the
state and the United States;

(B) Supported by substantial evidence in the record and matters of
judicial notice properly considered and applied in the opinion;

(C) Within the office's statutory jurisdiction or authority;

(D) Made in accordance with procedures set forth in this section or
established by rule or regulation pursuant to this section;

(E) Arbitrary, capricious or an abuse of discretion; or

(F) Made pursuant to a process that afforded meaningful involvement of
citizens affected by the facility regardless of age, race, color,
national origin and income.

(iii) Except as herein provided article seventy-eight of the civil
practice law and rules shall apply to appeals taken hereunder.

6. Powers of municipalities and state agencies and authorities; scope
of section. (a) Notwithstanding any other provision of law, including
without limitation article eight of the environmental conservation law
and article seven of the public service law, no other state agency,
department or authority, or any municipality or political subdivision or
any agency thereof may, except as expressly authorized under this
section or the rules and regulations promulgated under this section,
require any approval, consent, permit, certificate, contract, agreement,
or other condition for the development, design, construction, operation,
or decommissioning of a major renewable energy facility with respect to
which an application for a siting permit has been filed, provided in the
case of a municipality, political subdivision or an agency thereof, such
entity has received notice of the filing of the application therefor.
Notwithstanding the foregoing, the department of environmental conserva-
tion shall be the permitting agency for permits issued pursuant to
federally delegated or federally approved programs.

(b) This section shall not impair or abrogate any federal, state or
local labor laws or any otherwise applicable state law for the
protection of employees engaged in the construction and operation of a
major renewable energy facility.

(c) The department of public service or the public service commission
shall monitor, enforce and administer compliance with any terms and
conditions set forth in a permit issued pursuant to this section and in
doing so may use and rely on authority otherwise available under the
public service law.

7. Fees; local agency account. (a) Each application for a siting
permit shall be accompanied by a fee in an amount equal to one thousand
dollars for each thousand kilowatts of capacity of the proposed major
renewable energy facility, to be deposited in an account to be known as
the local agency account established for the benefit of local agencies
and community intervenors by the New York state energy research and
development authority and maintained in a segregated account in the
custody of the commissioner of taxation and finance. The office may
update the fee periodically solely to account for inflation. The
proceeds of such account shall be disbursed by the office, in accordance
with eligibility and procedures established by the rules and regulations
promulgated by the office pursuant to this section, for the partic-
ipation of local agencies and community intervenors in public comment
periods or hearing procedures established by this section, including the
rules and regulations promulgated hereto; provided that fees must be
disbursed for municipalities, political subdivisions or an agency there-
of, to determine whether a proposed facility is designed to be sited,
constructed and operated in compliance with the applicable local laws
and regulations.

(b) All funds so held by the New York state energy research and devel-
opment authority shall be subject to an annual independent audit as part
of such authority's audited financial statements, and such authority
shall prepare an annual report summarizing account balances and activ-
ities for each fiscal year ending March thirty-first and provide such
report to the office no later than ninety days after commencement of
such fiscal year and post on the authority's website.

(c) With respect to a person who has filed an application for a siting
permit pursuant to subdivision four of this section, any amounts held in
an intervenor account established pursuant to articles seven and ten of
the public service law shall be applied to the intervenor account estab-
lished by this subdivision.

(d) In addition to the fees established pursuant to paragraph (a) of
this subdivision, the office, pursuant to regulations adopted pursuant
to this section, may assess a fee for the purpose of recovering the
costs the office incurs related to reviewing and processing an applica-
tion submitted under this section.

§ 5. The opening paragraph of section 1854 of the public authorities
law, as amended by chapter 558 of the laws of 1980, is amended to read
as follows:
The purposes of the authority shall be to develop and implement new
energy technologies and invest in build-ready sites, as defined in
subdivision eight of section nineteen hundred one of this article,
consistent with economic, social and environmental objectives, to devel-
op and encourage energy conservation technologies, to promote, develop,
encourage and assist in the acquiring, constructing, improving, main-
taining, equipping and furnishing of industrial, manufacturing, ware-
housing, commercial, research and industrial pollution control facili-
ties at the Saratoga Research and Development Center, and to promote,
develop, encourage and assist special energy projects and thereby
advance job opportunities, health, general prosperity and economic
welfare of the people of the state of New York. In carrying out such
purposes, the authority shall, with respect to the activities specified,
have the following powers:

§ 6. Article 8 of the public authorities law is amended by adding a
new title 9-B to read as follows:

Title 9-B

CLEAN ENERGY RESOURCES DEVELOPMENT AND INCENTIVES PROGRAM

Section 1900. Statement of legislative intent.
1901. Definitions.
1902. Powers and duties.
1903. Eligibility.
1904. Funding.
1905. Reporting.

§ 1900. Statement of legislative intent. It is the intent of the
legislature in enacting this title to empower the New York state energy
research and development authority to establish effective programs and
other mechanisms to: (1) foster and encourage the orderly and expedient
siting and development of renewable energy facilities, particularly at
sites which are difficult to develop, consistent with applicable law for
the purpose of enabling the state to meet CLCPA targets as defined in
subdivision two of section ninety-four-c of the executive law; (2)
incentivize the re-use of previously developed sites for renewable ener-
gy facilities to protect the value of taxable land, capitalize on exist-
ing infrastructure; (3) support the provision of benefits to communities
that host renewable energy facilities; and (4) protect environmental
justice areas from adverse environmental impacts.
§ 1901. Definitions. As used in this title, the following terms shall
have the following meanings:
1. "Authority" shall have the same meaning as in subdivision two of
section eighteen hundred fifty-one of this article.
2. "Commission" shall mean the public service commission.
3. "Departments" shall mean the department of environmental conserva-
tion, the department of agriculture and markets, the department of
economic development and the department of public service.
4. "Environmental justice area" shall mean a minority or low-income
community that may bear a disproportionate share of the negative envi-
ronmental consequences resulting from industrial, municipal, and commer-
cial operations or the execution of federal, state, local, and tribal
programs and policies.
5. "Host community" shall mean any municipality within which a major
renewable energy facility, or any portion thereof, has been proposed for
development.
6. "Renewable energy facility" shall have the same meaning as renewa-
ble energy systems defined in section sixty-six-p of the public service
law.
7. "Municipality" shall mean a county, city, town or village or poli-
tical subdivision.
8. "Build-ready site" shall mean a site for which the authority has
secured permits, property interests, agreements and/or other authori-
zations necessary to offer such site for further development,
construction and operation of a renewable energy facility in accordance
with the other provisions of this title.
§ 1902. Powers and duties. The authority is hereby authorized and
directed to undertake such actions it deems necessary or convenient to
foster and encourage the siting and development of build-ready sites
throughout the state in accordance with this title, work in collab-
oration with the department of public service and the New York state
urban development corporation and any of their affiliates, including
without limitation:
1. (a) Locate, identify and assess sites within the state that appear
suitable for the development of build-ready sites with a priority given
to previously developed sites. Such assessment may include but need not
be limited to the following considerations:
(i) natural conditions at the site that are favorable to renewable
energy generation;
(ii) current land uses at or near the site;
(iii) environmental conditions at or near the site;
(iv) the availability and characteristics of any transmission or
distribution facilities on or near the site that could be used to facil-
itate the delivery of energy from the site, including existing or poten-
tial constraints on such facilities;
(v) the potential for the development of energy storage facilities at
or near the site;
(vi) potential impacts of development on environmental justice commu-
nities; and
(vii) expressions of commercial interest in the site or general location by developers of major renewable energy facilities.

(b) In making such assessment the authority shall give priority to previously developed sites, existing or abandoned commercial sites, including without limitation brownfields, landfills, former commercial or industrial sites, dormant electric generating sites, or otherwise underutilized sites;

2. Notwithstanding any provision of law to the contrary that would require the authority to locate sites through a competitive procurement, negotiate and enter into agreements with persons who own or control interests in favorable sites for the purpose of securing the rights and interests necessary to enable the authority to establish build-ready sites;

3. Establish procedures and protocols for the purpose of establishment and transfer of build-ready sites which shall include, at a minimum: (a) written notice at the earliest practicable time to a municipality in which a potential build-ready site has been identified; and (b) a preliminary screening process to determine, in consultation with the department of environmental conservation, whether the potential build-ready site is located in or near an environmental justice area and whether an environmental justice area would be adversely affected by development of a build-ready site;

4. Undertake all work and secure such permits as the authority deems necessary or convenient to facilitate the process of establishing build-ready sites and for the transfer of the build-ready sites to developers selected pursuant to a publicly noticed, competitive bidding process authorized by law;

5. Notwithstanding title five-A of article nine of this chapter, establish a build-ready program, including eligibility and other criteria, pursuant to which the authority would, through a competitive and transparent bidding process, transfer rights and other interests in build-ready sites and development rights to developers for the purpose of facilitating the development of renewable energy facilities on such build-ready sites. Such transactions may include the transfer of rights, interests and obligations existing under agreements providing for host community benefits negotiated by the authority pursuant to programs established pursuant to subdivision six of this section on such terms and conditions as the authority deems appropriate;

6. Establish one or more programs pursuant to which property owners and communities would receive incentives to host major renewable energy facilities developed for the purpose of advancing the state policies embodied in this article. Such program may include without limitation, and notwithstanding any other provision of law to the contrary, provisions for the authority to negotiate and enter into agreements with property owners and host communities providing for incentives, including a payment in lieu of taxes, the transfer of the authority’s interests in such agreements to developers to whom build-ready sites are transferred, and the provision of information and guidance to stakeholders concerning incentives. The authority shall maintain a record of such programs and incentives, and shall publish such record on the authority’s website;

7. Procure the services of one or more service providers, including without limitation environmental consultants, engineers and attorneys, to support the authority’s responsibilities under this section and perform such other functions as the authority deems appropriate;

8. In consultation with the department of economic development, the department of labor and other state agencies and authorities having
experience with job training programs, assess the need for and availability of workforce training in the local area of build-ready sites to support green jobs development with special attention to environmental justice communities and, subject to available funding, establish one or more programs pursuant to which financial support can be made available for the local workforce and under-employed populations in the area;

9. Manage, allocate and spend any monies made available to the authority in furtherance of this title as the authority determines to be appropriate for the proper administration of programs created pursuant to this title. The authority shall, in identifying build-ready sites, consider the ability to recoup funds allocated or spent in furtherance of the programs created pursuant to this title. Any proceeds, less program expenses and administration, so earned by the authority pursuant to this title shall be reinvested in accordance with a plan approved by the commission;

10. Where the authority determines that it would be beneficial to the policy embodied in this title, offer financing or other incentives to eligible developers through a competitive process, including without limitation measures and activities undertaken by the authority in conjunction with its administration of the state's clean energy standard or similar program as established in commission orders, including without limitation orders issued in commission case number 15-E-0302; and

11. Request and receive the assistance of, the departments or any other state agency or authority, within their respective relevant subject matter expertise, to support the administration of the program created pursuant to this title.

§ 1903. Eligibility. The authority may establish and revise any eligibility and evaluation criteria it deems appropriate for the proper administration of the programs created pursuant to this title.

§ 1904. Funding. 1. The authority may seek funding from any authorized or other available source to administer this program.

2. Without limiting the foregoing, the authority shall submit a petition or other appropriate filing to the commission describing the activities it has taken and plans to undertake in furtherance of the policy embodied in this title. Such filing may include a request for funding to allow such activities to proceed promptly and for a period of at least five years from the date of the order responding to such petition. The commission shall, in accordance with and as promptly as authorized by existing law and regulation but in no event more than four months following the submission of the petition, issue an order responding to such petition subject to any necessary and reasonable limitations based on the public service law.

§ 1905. Reporting. 1. Effective April first, two thousand twenty-one, the authority shall issue an annual report specifying:

(a) any proceeds, less program expenses and administration, so earned by the authority pursuant to this title;

(b) the sites auctioned for development pursuant to subdivision 5 of section nineteen hundred two of this title;

(c) the identity of developers to whom rights have been transferred pursuant to section nineteen hundred two of this title; and,

(d) the resulting renewable energy production.

2. The authority shall submit such report to the governor, the temporary president of the senate, and the speaker of the assembly. A copy of the report shall also be posted on the authority's website.

§ 7. State power grid study and program to achieve CLCPA targets. 1.

As used in this section:
(a) "CLCPA targets" means the public policies established in the climate leadership and community protection act enacted in chapter 106 of the laws of 2019, including the requirements that a minimum of 70% statewide electric generation be produced by renewable energy systems by 2030, by the year 2040 the statewide electrical demand system will generate zero emissions, and the state's jurisdictional load serving entities will procure at least 9 gigawatts of offshore wind electricity generation by 2035, 6 gigawatts of photovoltaic solar generation by 2025, and support 3 gigawatts of statewide energy storage capacity by 2030, as such policies may from time to time be amended.

(b) "Commission" means the public service commission.

(c) "Department" means the department of public service.

(d) "Distribution upgrade" means a new distribution facility or an improvement, enhancement, replacement, or other modification to the electric power grid at the distribution level in a utility's service territory that facilitates achievement of the CLCPA targets.

(e) "Local transmission upgrade" means a new transmission facility that is identified within a utility's local transmission capital plan, an upgrade to a local transmission facility as defined in the tariff of the state grid operator, or an improvement, enhancement, replacement, or other modification to a transmission facility in a utility's service territory that facilitates achievement of the CLCPA targets.

(f) "Major renewable energy facility" has the same meaning as in paragraph (g) of subdivision 2 of section 94-c of the executive law.

(g) "Bulk transmission investment" means a new transmission facility or an improvement, enhancement, replacement, or other modification to the state's bulk electric transmission grid that facilitates achievement of the CLCPA targets and includes without limitation alternating current facilities and high voltage direct current facilities, including submarine transmission facilities.

(h) "State grid operator" means the federally designated electric bulk system operator for New York state.

(i) "Utility" means an electric transmission or delivery utility or any other person owning or maintaining an electric transmission or delivery system, over which the commission has jurisdiction.

2. The department, in consultation with the New York state energy research and development authority, the power authority of the state of New York, the Long Island power authority, the state grid operator, and the utilities shall undertake a comprehensive study for the purpose of identifying distribution upgrades, local transmission upgrades and bulk transmission investments that are necessary or appropriate to facilitate the timely achievement of the CLCPA targets (collectively, "power grid study"). The power grid study shall identify needed distribution upgrades and local transmission upgrades for each utility service territory and separately address needed bulk transmission system investments. In performing the study, the department may consider such issues it determines to be appropriate including by way of example system reliability; safety; cost-effectiveness of upgrades and investments in promoting development of major renewable energy facilities and relieving or avoiding constraints; and factors considered by the office of renewable energy siting in issuing and enforcing renewable energy siting permits pursuant to section 94-c of the executive law. In carrying out the study, the department shall gather input from owners and developers of competitive transmission projects, the state grid operator, and providers of transmission technology and smart grid solutions and to utilize information available to the department from other pertinent
studies or research relating to modernization of the state's power grid. To enable the state to meet the CLCPA targets in an orderly and cost-effective manner, the department may issue findings and recommendations as part of the power grid study at reasonable intervals but shall make an initial report of findings and recommendations within 270 days of the effective date of this section.

3. The commission shall, within 60 days of the initial findings and recommendations required by subdivision two of this section, or at such earlier time as the commission determines to be appropriate, commence a proceeding to establish a distribution and local transmission capital plan for each utility in whose service territory the power grid study identified distribution upgrades and local transmission upgrades that the department determines are necessary or appropriate to achieve the CLCPA targets (the "state distribution and local transmission upgrade programs"). The state distribution and local transmission upgrade programs shall establish a prioritized schedule upon which each such upgrade shall be accomplished. Concurrently, the Long Island power authority shall establish a capital program to address identified distribution and local transmission upgrades in its service territory.

4. The commission shall, within 60 days of the initial findings and recommendations required by subdivision two of this section, commence a proceeding to establish a bulk transmission system investment program, consistent with the commissions siting authority in article 7 of the public service law that identifies bulk transmission investments that the commission determines are necessary or appropriate to achieve the CLCPA targets (the "state bulk transmission investment plan"). The commission shall establish a prioritized schedule for implementation of the state bulk transmission investment plan and, in particular shall identify projects which shall be completed expeditiously to meet the CLCPA targets. The state bulk transmission investment plan shall be submitted by the commission to the state grid operator for appropriate incorporation into the state grid operator's studies and plans. The commission shall utilize the state grid operator's public policy transmission planning process to select a project necessary for implementation of the state bulk transmission investment plan, and shall identify such projects no later than eight months following a notice of the state grid operator's public policy transmission planning process cycle, except that for those projects for which the commission determines there is a need to proceed expeditiously to promote the state's public policy goals, such projects shall be designated and proceed in accordance with subdivision five of this section. The commission shall periodically review and update the state bulk transmission investment plan, and its designation of projects in that plan which shall be completed expeditiously.

5. The legislature finds and determines that timely development of the bulk transmission investments identified in the state bulk transmission investment plan is in the public interest of the people of the state of New York. The legislature further finds and determines that the power authority of the state of New York ("power authority") owns and operates backbone electric transmission assets in New York, has rights-of-way that can support in whole or in part bulk transmission investment projects, and has the financial stability, access to capital, technical expertise and experience to effectuate expeditious development of bulk transmission investments needed to help the state meet the CLCPA targets, and thus it is appropriate for the power authority as deemed feasible and advisable by its trustees, by itself or in collaboration
with other parties as it determines to be appropriate, to develop those
bulk transmission investments found by the commission to be needed expe-
ditiously to achieve CLCPA targets ("priority transmission projects").
The power authority shall, through a public process, solicit interest
from potential co-participants in each project it has agreed to develop
and assess whether any joint development would provide for significant
additional benefits in achieving the CLCPA targets. The power authority
may thereafter determine to undertake the development of the project on
its own, or undertake the project jointly with one or more other parties
on such terms and conditions as the power authority finds to be appro-
priate and, notwithstanding any other law to the contrary, enter into
such agreements and take such other actions the power authority deter-
mines to be necessary in order to undertake and complete timely develop-
ment of the project. The intent of this act is for the power authority
to develop priority transmission projects authorized in this subdivi-
sion. For priority projects that the authority determines to undertake
and that are not substantially within the power authority's existing
rights of way, the authority shall, as deemed feasible and advisable by
its board of trustees, select private sector participants through a
competitive bidding process, provided however that priority transmission
projects is not intended to include generation lead lines, or repairs
to, replacement of or upgrades to the power authority's own transmission
assets.

6. For the state distribution and local transmission upgrade program,
the commission shall address implementation of such upgrades pursuant to
the existing processes under the public service law. The department
shall also make recommendations to the Long Island power authority for
upgrades for purposes of assisting the state to achieve the CLCPA
targets.

7. No later than January 1, 2023, and every 4 years thereafter, the
commission shall, after notice and provision for the opportunity to
comment, issue a comprehensive review of the actions taken pursuant to
this section and their impacts on grid congestion and achievement of the
CLCPA targets, and shall institute new proceedings as the commission
determines to be necessary to address any deficiencies identified there-
with.

8. The power authority of the state of New York and the New York state
energy research and development authority, are each authorized, as
deemed feasible and advisable by their respective boards, to contribute
to the cost of the power grid study required by subdivision two of this
section.

9. Nothing in this section is intended to:
(a) limit, impair, or affect the legal authority of the power authori-

ty that existed as of the effective date of this section; or
(b) limit the authority of the power authority to undertake any trans-
mission project, including bulk transmission investments, and recover
costs under any other process or procedure authorized by state or feder-
al law as the authority determines to be appropriate.

§ 8. Host community benefit. 1. Definitions. As used in this section,
the following terms shall have the following meanings:
(a) "Renewable host community" shall mean any municipality within
which a major renewable energy facility defined in paragraph (h) of
subdivision 2 of section 94-c of the executive law, or any portion ther-
 eof, has been proposed for development.
(b) "Renewable owner" shall mean the owner of a major renewable energy
c facility constructed after the effective date of this section that is
proposed to be located in a host community, for which the New York state
energy research and development authority has executed an agreement for
the acquisition of environmental attributes related to a solicitation
issued by such authority after the effective date of this section.
(c) "Utility" means an electric distribution utility regulated pursuant
to section 66 of the public service law and serving customers within
a host community.

2. The public service commission shall, within 60 days from the effective
date hereof, commence a proceeding to establish a program under
which renewable owners would fund a program to provide a discount or
credit on the utility bills of the utility's customers in a renewable
host community, or a compensatory or environmental benefit to such
customers. Such proceeding shall determine the amount of such discount,
credit, compensatory or environmental benefit based on all factors
deemed appropriate by the commission, including the expected average
electrical output of the facility, the average number of customers within
the renewable host community, and the expected aggregate annual electric
consumption within such renewable host community, the potential
impact on environmental justice communities, and the role of utilities,
if any, in implementing any aspect of such program. The Long Island
power authority shall establish a program for renewable facilities in
its service territory to achieve the same objectives.
§ 9. Subdivision 3 of section 123 of the public service law, as added
by chapter 252 of the laws of 2002, is amended to read as follows:
3. Unless otherwise stipulated by the applicant, a final determi-
nation regarding an application for a certificate to construct trans-
mission facilities for interconnection with a wind energy production
facility located in the county of Lewis shall be rendered within six
months from the date of receipt of a compliant application.
(a) proceedings on an application for a major utility transmission
facility as defined in paragraph a of subdivision two of section one
hundred twenty of this article shall be completed in all respects,
including a final decision by the commission, within twelve months from
the date of a determination by the secretary of the commission that an
application complies with section one hundred twenty-two of this arti-
cle; provided, however, the commission may extend the deadline in
reasonable circumstances by no more than six months in order to give
consideration to specific issues necessary to develop an adequate
record, because the applicant has been unable to obtain necessary
approvals and/or consents related to highway crossings or for other
reasons deemed in the public interest. The commission shall render a
final decision on the application by the aforementioned deadlines unless
such deadlines are waived by the applicant or if the applicant notices
the application for settlement, in which case the timeframes established
in this paragraph are tolled until such time that settlement discussions
are suspended. If, at any time subsequent to the commencement of the
hearing, there is a substantive and significant amendment to the appli-
cation, the commission shall promptly fix a date for commencement of a
public hearing thereon, such public hearing to commence no later than
sixty days after receipt of such amendment. The commission shall issue a
final decision thereon no later than six months after the conclusion of
the public hearing, unless such deadline is waived by the applicant.
(b) the commission shall, for the purpose of meeting the goals of
chapter one hundred six of the laws of two thousand nineteen, promulgate
rules or regulations to establish an expedited process for proceedings
on applications for a major utility transmission facility as defined in
paragraph a of subdivision two of section one hundred twenty of this article that (i) would be constructed within existing rights-of-way, (ii) the commission determines in consultation with the department of environmental conservation would not result in any significant adverse environmental impacts considering current uses and conditions existing at the site, or (iii) would necessitate expanding the existing rights-of-way but such expansion is only for the purpose of complying with law, regulations, or industry practices relating to electromagnetic fields. (c) for purposes of this subdivision, the following terms shall have the following meanings: (i) "Expedited process" shall mean a process for proceedings on applications for a major electric transmission facility that is completed in all respects, including a final decision by the commission, within nine months from the date of a determination by the secretary of the commission that an application complies with section one hundred twenty-two of this article; provided, however, that if the applicant notices the application for settlement, the timeframe established in this paragraph shall be tolled until such time that settlement discussions are suspended. (ii) "Right-of-way" shall mean (a) real property that is used or authorized to be used for electric utility purposes, or (b) real property owned or controlled by or under the jurisdiction of the state, a distribution utility, or a state public authority including by means of ownership, lease or easement, that is used or authorized to be used for transportation or canal purposes. § 10. Paragraphs (c) and (d) of subdivision 1 of section 126 of the public service law, paragraph (c) as amended by chapter 406 of the laws of 1987 and paragraph (d) as amended by chapter 521 of the laws of 2015, are amended to read as follows: (c) that the facility [represents-the-minimum] avoids or minimizes to the extent practicable any significant adverse environmental impact, considering the state of available technology and the nature and economics of the various alternatives, and other pertinent considerations including but not limited to, the effect on agricultural lands, wetlands, parklands and river corridors traversed; (d) that the facility [represents-a-minimum] avoids or minimizes to the extent practicable any significant adverse impact on active farming operations that produce crops, livestock and livestock products, as defined in section three hundred one of the agriculture and markets law, considering the state of available technology and the nature and economics of various alternatives, and the ownership and easement rights of the impacted property; § 11. Notwithstanding section 2897 of the public authorities law, the power authority of the state of New York and the New York state energy research and development authority may each negotiate and enter into agreements with other parties providing for the conveyance of interests in real property provided that in the case of any such conveyance such entity determines that the conveyance will further the purposes of this act or provide other benefits to the entity or the state. § 12. The environmental conservation law is amended by adding a new section 11-0535-c to read as follows: § 11-0535-c. Endangered and threatened species mitigation bank fund. 1. The department is hereby authorized to utilize funds in the endangered and threatened species mitigation bank fund, established pursuant to section ninety-nine-hh of the state finance law, for the purposes of
implementing an endangered and threatened species mitigation plan
approved by the department.

2. Such fund shall consist of contributions, in an amount determined
by the department, deposited by an applicant granted a siting permit to
construct a major renewable energy facility, where such applicant has
been ordered to mitigate harm to a threatened or endangered species or
its habitat.

3. In administering the provisions of this article, the commissioner:
a. May, in the name of the state, enter into contracts with not-for-
profit corporations, private or public universities, and private
contractors for services contemplated by this title. Such contracts
shall be subject to approval by the state comptroller and, as to form,
by the attorney general.
b. Shall approve vouchers for payments pursuant to an approved
contract. All such payments shall be paid on the audit and warrant of
the state comptroller;
c. May, in the name of the state, enter into contracts with a not-for-
profit corporation to administer grants made pursuant to this title,
including the approval and payment of vouchers for approved contracts;
and
d. May perform such other and further acts as may be necessary, prop-
er, or desirable to carry out the provisions of this article.

4. Nothing in this article shall be construed to limit or restrict any
powers of the commissioner or any other agency pursuant to any other
provision of law.

5. The commissioner is authorized and directed to promulgate any regu-
lations deemed necessary to implement this section.

§ 13. The state finance law is amended by adding a new section 99-hh
to read as follows:

There is hereby established in the joint custody of the comptroller and
the commissioner of taxation and finance a special fund to be known as
the "Endangered and threatened species mitigation bank fund".

2. Such fund shall consist of all revenues received pursuant to the
provisions of section 11-0535-c of the environmental conservation law
and all other moneys appropriated, credited, or transferred thereto from
any other fund or source pursuant to law.

3. All moneys deposited in the endangered and threatened species miti-
gation bank fund shall be available for projects undertaken to facili-
tate a net conservation benefit to endangered and threatened species
potentially impacted by a major renewable energy facility.

4. Monies shall be payable from the fund on the audit and warrant of
the comptroller on vouchers approved and certified by the commissioner
of environmental conservation.

§ 14. Severability. If any clause, sentence, paragraph, section or
part of this act shall be adjudged by any court of competent jurisdic-
tion to be invalid, such judgment shall not affect, impair or invalidate
the remainder thereof, but shall be confined in its operation to the
clause, sentence, paragraph, section or part thereof directly involved
in the controversy in which such judgment shall have been rendered.

§ 15. This act shall take effect immediately and shall expire December
31, 2030 when upon such date this act shall be deemed repealed; provided
that such repeal shall not affect or impair any act done, any applica-
tion filed, any right, permit or authorization awarded, accrued,
received or acquired, or any liability incurred, prior to the time such
repeal takes effect, and provided further that any project for which the
New York state energy research and development authority has expended, or committed to a third party to expend, funds towards the development of a build-ready site prior to such repeal shall be permitted to continue in accordance with title 9-B of article 8 of the public authorities law notwithstanding such repeal; provided further that any bulk transmission investments the power authority of the state of New York has notified the public service commission of its intent to develop individually or jointly prior to such repeal shall be permitted to continue under this act notwithstanding such repeal, and provided further that on the effective date of this act, the office of renewable energy siting shall be authorized to promulgate any rules or regulations necessary to implement section four of this act.

PART KKK

Section 1. Subdivision 1 of section 436 of the economic development law, as added by section 1 of part A of chapter 68 of the laws of 2013, is amended to read as follows:

Any business that wants to locate in a tax-free NY area must submit an application to the campus, university or college which is sponsoring the tax-free NY area by December thirty-first, two thousand [twenty] twenty-five. Prior to such date, the commissioner shall prepare an evaluation on the effectiveness of the START-UP NY program and deliver it to the governor and the legislature to determine continued eligibility for application submissions.

§ 2. This act shall take effect immediately.

shall be posted on the authority's website and be submitted to the
governor, the temporary president of the senate, the speaker of the
assembly, the mayor and council of the city of New York, the metropol-
itan transportation authority board, and the metropolitan transportation
authority capital program review board.
§ 2. This act shall take effect immediately, provided that paragraph
(a) of subdivision 3-a of section 1265 of the public authorities law as
added by section one of this act shall expire and be deemed repealed
three years after such effective date, provided that such repeal shall

of the laws of 2019, are amended to read as follows:
2. Monies in the fund shall be applied, subject to agreements with
bondholders and applicable federal law, to the payment of operating,
administration, and other necessary expenses of the authority, or to the
city of New York subject to the memorandum of understanding executed
pursuant to subdivision two-a of section seventeen hundred four of the
vehicle and traffic law properly allocable to such program, including
the planning, designing, constructing, installing or maintaining of the
central business district tolling program, including, without limita-
tion, the central business district tolling infrastructure, the central
business district tolling collection system and the central business
district tolling customer service center, and the costs of any metropol-
itan transportation authority capital projects included within the 2020
to 2024 MTA capital program or any successor programs. Such obligation to repay shall be limited to the availability
of any excess monies, and any such funds or reimbursements in excess of
the amounts needed to fully repay such amounts shall be transferred to
the fund and used for the purposes originally intended for such fund.

4. The authority shall report annually on all receipts and expendi-
tures of the fund. The report shall detail operating expenses of the
central business district tolling program and all fund expenditures
including capital projects. If, during the period of the report, any

part due to the state disaster emergency caused by novel coronavirus.
COVID-19, or increases in operating costs in whole due to the novel
coronavirus, COVID-19, the report shall also provide: (a) details of
such decreases in revenue in whole, (b) details of such decreases in
revenue in part, (c) details of such increases in costs, (d) the method-

website and be submitted to the governor, the temporary president of the
senate, the speaker of the assembly, the comptroller, the director of
the budget, the mayor and council of the city of New York, the metropol-
itan transportation authority board, and the metropolitan transportation
authority capital program review board.

§ 2. This act shall take effect immediately; provided, however, that
the amendments to subdivision 2 of section 553-j of the public authori-
ties law made by section one of this act shall expire and be deemed
repealed two years after such effective date; and provided further, that
such repeal shall not affect the terms of any bonds, notes, or other
obligations issued prior to such repeal.

payments required by section two of such part, as soon as practicable
but not more than five days from the date the comptroller determines
that the full amount of the unpaid balance of any payment required by
section three of such part has been deposited into the fund.

§ 5. Starting July 1, 2020, the city will fund a fifty percent share
of the net paratransit operating expenses of the MTA, provided that such
contribution shall not exceed $215 million in 2020, $277 million in
2021, $290 million in 2022, and $310 million in 2023. Net paratransit
operating expenses shall be calculated monthly by the MTA and will
consist of the total paratransit operating expenses of the program minus
the six percent of the urban tax dedicated to paratransit services as of
the date of this act and minus any money collected as passenger fares
from paratransit operations.

§ 6. The city's share of funds provided pursuant to section five of
this act shall be paid to the MTA monthly. Such schedule shall include
an annual reconciliation process to adjust for any overpayment or under-
payment. The city shall certify to the state comptroller and the New
York state director of the budget, no later than seven days after making
each payment pursuant to this section, the amount of the payments and
the date upon which such payments were made.

§ 7. (a) Notwithstanding any provision of law to the contrary, in the
event the city fails to certify to the state comptroller and the New
York state director of the budget that the city has paid in full any
payment required by section six of this act, the New York state director
of the budget shall direct the state comptroller to transfer, collect,
or deposit funds in accordance with subdivision (b) of this section in an amount equal to the unpaid balance of any payment required by section six of this act, and any such deposits shall be counted against the city's fifty percent share of the net paratransit operating expenses of the MTA pursuant to section five of this act. Such direction shall be pursuant to a written plan or plans filed with the state comptroller, the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee.

(b) Notwithstanding any provision of law to the contrary and as set forth in a plan or plans submitted by the New York state director of the budget pursuant to subdivision (a) of this section, the state comptroller is hereby directed and authorized to: (i) transfer funds authorized by any undisbursed general fund aid to localities appropriations or state special revenue fund aid to localities appropriations, excluding debt service, fiduciary, and federal fund appropriations, to the city to the Metropolitan Transportation Authority paratransit assistance fund established by section 92- jj of the state finance law in accordance with such plan; and/or (ii) collect and deposit into the Metropolitan Transportation Authority paratransit assistance fund established by section 92- jj of the state finance law funds from any other revenue source of the city, including the sales and use tax, in accordance with such plan. The state comptroller is hereby authorized and directed to make such transfers, collections and deposits as soon as practicable but not more than 3 days following the transmittal of such plan to the comptroller in accordance with subdivision (a) of this section.

c Security and or liability to fund any program included in general fund aid to localities appropriations or state special revenue fund aid to localities appropriations from which funds are transferred pursuant to subdivision (b) of this section shall be reduced in an amount equal to such transfer or transfers.

§ 8. The state finance law is amended by adding a new section 92- jj to read as follows:

§ 92- jj. Metropolitan transportation authority paratransit assistance fund. 1. There is hereby established in the custody of the comptroller a special fund to be known as the metropolitan transportation authority paratransit assistance fund.

2. Such fund shall consist of any monies directed thereto pursuant to the provisions of section seven of the part of the chapter of the laws of two thousand twenty which added this section.

3. All monies deposited into the fund pursuant to the part of the chapter of the laws of two thousand twenty which added this section shall be paid to the metropolitan transportation authority by the comptroller, without appropriation, for use in the same manner as the payments required by section six of such part, as soon as practicable but not more than five days from the date the comptroller determines that the full amount of the unpaid balance of any payment required by section seven of such part has been deposited into the fund.

§ 9. This act shall take effect immediately; provided that sections five through seven of this act shall expire and be deemed repealed June 30, 2024; and provided further that such repeal shall not affect or otherwise reduce amounts owed to the metropolitan transportation authority paratransit assistance fund to meet the city's share of the net paratransit operating expenses of the MTA for services provided prior to June 30, 2024.
Section 1. Legislative findings and declaration of purpose. It is hereby found and declared that it is a matter of substantial and imperative state concern that the metropolitan transportation authority be enabled to deliver as quickly and efficiently as practicable the capital projects included in its 2015 to 2019 and 2020 to 2024 approved capital programs, which together will make the subway, bus, and commuter rail systems it operates in the metropolitan transportation commuter district safer, more reliable, cleaner, more modern, and more accessible for all its customers. The people of the state through their legislature have made substantial commitments to ensure stable and reliable capital funding to repair and revitalize the metropolitan transportation authority's subway, bus, and commuter rail systems including most recently the program to establish tolls for vehicles entering or remaining in New York city's central business district, which is expected to fund fifteen billion dollars for capital projects.

The legislature further finds and declares that the metropolitan transportation authority anticipates that some projects in an approved capital program plan will require that it acquire from the city of New York through negotiation temporary and permanent interests in real property for transportation facilities or transit projects. So as not to unduly delay the commencement of such capital projects and to ensure that their cost is not undue, the city of New York must not unreasonably withhold its consent to such acquisitions nor must it try to use the metropolitan transportation authority's urgent need for the interests in real property unreasonably as a lever to obtain an undue price. Otherwise, the metropolitan transportation authority's efforts to make its transportation system more accessible and more reliable and efficient will be significantly impeded. Valuations of the property interests and negotiations to determine the fair market value shall be conducted only after the metropolitan transportation authority has identified the need for such property interests and the city of New York has consented to their transfer or acquisition. Under the valuation procedure enacted herein, those negotiations will be swift and lead to a reasonable price. It is therefore the intent of the legislature to provide a means that fairly determines the fair market value of property interests to be acquired by the authority from the city of New York while at the same time ensuring that the metropolitan transportation authority be able to efficiently and cost-effectively deliver capital projects that will make the subway system more accessible and more reliable. In doing so, the legislature further finds and declares that it is acting on a matter of substantial state concern.

§ 2. Section 1266 of the public authorities law is amended by adding a new subdivision 12-a to read as follows:

12-a. (a) Whenever the authority determines in consultation with the city of New York that it is necessary to obtain the temporary or permanent use, occupancy, control or possession of vacant or undeveloped or underutilized but replaceable real property, or any interest therein, or subsurface real property or any interest therein then owned by the city of New York for a project in the two thousand fifteen to two thousand nineteen or the two thousand twenty to two thousand twenty-four approved capital programs to (i) install one or more elevators to make one or more subway stations more accessible, (ii) construct or reconstruct an electrical substation to increase available power to the subway system to expand passenger capacity or reliability, or (iii) in connection with
the capital project to construct four commuter railroad passengers
stations in the borough of the Bronx known as Penn Station access, the
authority upon approval by the board of the metropolitan transportation
authority and upon suitable notice and with the consent of the city of
New York may cause the title to such real property, or any interest
therein, to be transferred to the authority by adding it to the agree-
ment of lease dated June first, nineteen hundred fifty-three, as
amended, renewed and supplemented, authorized by section twelve hundred
three of this article, or may itself acquire title to such property from
the city of New York, and any such transfer or acquisition of real prop-
erty shall be subject to the provisions of subdivision five of section
twelve hundred sixty-six-c of this title. Nothing in this subdivision
shall be deemed to authorize any temporary or permanent transfer or
acquisition of real property, or interest therein, that is dedicated
parkland without separate legislative approval of such alienation.

(b) (i) Upon the execution of any transfer or acquisition pursuant to
this subdivision, which shall be final upon the approval by the board of
the metropolitan transportation authority and consent of the city of New
York, the fair market value shall be determined pursuant to this para-
graph. The authority shall make a written offer to pay to the city of New
York the fair market value of the authority's use, occupancy,
control, possession or acquisition of such property. The offer by the
authority shall be based on an appraisal of the value of such property
and a copy of such appraisal shall be included with the offer. Such
appraisal shall be done by an independent New York state licensed or
certified appraiser, who may not be employed by the authority, selected
at random from a panel of appraisers maintained by it for such purpose.
Such appraisal and a second appraisal, if required pursuant to subpara-
graph (ii) of this paragraph, shall consider only the reasonably antic-
ipated lawful use of the property and its zoning designation under the
zoning resolution of the city of New York at the time the authority
notified the city of New York of its determination to use, occupy,
control, possess or acquire such property.

(ii) Within thirty days of receipt of the offer by the authority, the
city of New York may accept it, agree with the authority on another
amount, or request a second appraisal by an independent New York state
licensed or certified appraiser, who may not be employed by the city of
New York, selected at random by the city of New York from a panel of
apraisers maintained by it for such purpose. Such second appraisal
shall be completed within thirty days. If the second appraisal produces
an estimate of the fair market value of the property that is greater
than that of the first appraisal, the authority shall have ten days to
increase its offer to such higher amount, otherwise the two appraisers
shall reconcile their valuations and agree on a final valuation within
ten days, which shall be an amount not less than the first appraisal nor
greater than the second appraisal.

(c) Nothing in this subdivision shall be construed to affect or limit
the authority's power under subdivision twelve of this section.

§ 3. This act shall take effect immediately and shall expire and be
deemed repealed on December 31, 2025; provided, however, that the repeal
of this act shall not affect any transfer or acquisition pursuant to all
of the terms of section two of this act that has been approved by the
board of the metropolitan transportation authority before such repeal
date.
Section 1. Paragraph (b) of subdivision 9 of section 208 of the tax law is amended by adding a new subparagraph 26 to read as follows:

§ 2. Subsection (a) of section 607 of the tax law, as amended by chapter 28 of the laws of 1987, is amended to read as follows:

(a) General. Any term used in this article shall have the same meaning as when used in a comparable context in the laws of the United States relating to federal income taxes, unless a different meaning is clearly required but such meaning shall be subject to the exceptions or modifications prescribed in this article or by statute. Any reference in this article to the laws of the United States shall mean the provisions of the internal revenue code of nineteen hundred eighty-six (unless a reference to the internal revenue code of nineteen hundred fifty-four is clearly intended), and amendments thereto, and other provisions of the laws of the United States relating to federal income taxes, as the same may be or become effective at any time or from time to time for the taxable year. Provided however, for taxable years beginning before January first, two thousand twenty-two, any amendments made to the internal revenue code of nineteen hundred eighty-six after March first, two thousand twenty shall not apply to this article.

§ 3. Subdivision (a) of section 11-1707 of the administrative code of the city of New York, as amended by chapter 333 of the laws of 1987, is amended to read as follows:

(a) General. Any term used in this chapter shall have the same meaning as when used in a comparable context in the laws of the United States relating to federal income taxes, unless a different meaning is clearly required but such meaning shall be subject to the exceptions or modifications prescribed in this chapter or by statute. Any reference in this chapter to the laws of the United States shall mean the provisions of the internal revenue code of nineteen hundred eighty-six (unless a reference to the internal revenue code of nineteen hundred fifty-four is clearly intended), and amendments thereto, and other provisions of the laws of the United States relating to federal income taxes, as the same may be or become effective at any time or from time to time for the taxable year, as included and quoted in the appendices (including any supplements and additions thereto) to this chapter. Provided however, for taxable years beginning before January first, two thousand twenty-two, any amendments made to the internal revenue code of nineteen hundred eighty-six after March first, two thousand twenty shall not apply to this chapter. (Such quotation of the aforesaid laws of the United States is intended to make them a part of this chapter and to avoid constitutional uncertainties which might result if such laws were merely incorporated by reference. The quotation of a provision of the internal revenue code or of any other law of the United States in such appendices shall not necessarily mean that it is applicable or has relevance to this chapter).

§ 4. Paragraph (b) of subdivision 8 of section 11-652 of the administrative code of the city of New York is amended by adding a new subparagraph 22 to read as follows:

§ 3. This act shall take effect December 31, 2020. Effective immediately, the addition, amendment and/or repeal of any rule or regulation necessary for the implementation of this act on its effective date are authorized and directed to be made and completed on or before such effective date.

§ 2. Severability clause. If any clause, sentence, paragraph, subdivision, section, or item of this subpart shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or item thereof directly involved in the controversy in which such judgment shall have been rendered. It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid provisions had not been included herein.

§ 3. This act shall take effect immediately provided, however, that the applicable effective date of Items A through R of this act shall be as specifically set forth in the last section of such Items.

SUBPART B

Section 1. This Subpart enacts into law major components of legislation relating to issues deemed necessary for the state. Each component is wholly contained within an Item identified as Items A through UUU.
The effective date for each particular provision contained within such Item is set forth in the last section of such Item. Any provision in any section contained within an Item, including the effective date of the Item, which makes reference to a section "of this act", when used in connection with that particular component, shall be deemed to mean and refer to the corresponding section of the Item in which it is found. Section three of this Subpart sets forth the general effective date of this Subpart.

ITEM A

Section 1. Notwithstanding any inconsistent provision of law, any person who is licensed or certified to practice as a physician, physician’s assistant, massage therapist, physical therapist, chiropractor, dentist, optometrist, nurse, nurse practitioner, emergency medical technician, podiatrist or athletic trainer in another state or territory, who is in good standing in such state or territory and who has been appointed by the World Triathlon Corporation to provide professional services at an event in this state sanctioned by the World Triathlon Corporation, may provide such professional services to athletes and team personnel registered to train at a location in this state or registered to compete in an event conducted under the sanction of the World Triathlon Corporation in the state without first being licensed pursuant to the provisions of title 8 of the education law or certified pursuant to the provisions of the public health law, as may be applicable. Such services shall be provided only four days before through one day after each of the following events:

b. Ironman 70.3 Lake Placid scheduled to be held on September 13, 2020.

§ 2. This act shall take effect immediately and shall expire and be deemed repealed September 17, 2020.

ITEM B

Section 1. Section 3 of chapter 510 of the laws of 2013, authorizing the city of Middletown to enter into a contract to sell or pledge as collateral for a loan some or all of the delinquent liens held by such city to a private party or engage a private party to collect some or all of the delinquent tax liens held by it, as amended by chapter 391 of the laws of 2017, is amended to read as follows:

§ 3. This act shall take effect immediately and shall expire and be deemed repealed on and after December 31, [2019] 2021.

§ 2. This act shall take effect immediately.

ITEM C

Section 1. Short title. This act shall be known and may be cited as the "private activity bond allocation act of 2020".

§ 2. Legislative findings and declaration. The legislature hereby finds and declares that the federal tax reform act of 1986 established a statewide bond volume ceiling on the issuance of certain tax exempt private activity bonds and notes and, under certain circumstances, governmental use bonds and notes issued by the state and its public authorities, local governments, agencies which issue on behalf of local governments, and certain other issuers. The federal tax reform act
establishes a formula for the allocation of the bond volume ceiling which was subject to temporary modification by gubernatorial executive order until December 31, 1987. That act also permits state legislatures to establish, by statute, an alternative formula for allocating the volume ceiling. Bonds and notes subject to the volume ceiling require an allocation from the state's annual volume ceiling in order to qualify for federal tax exemption.

It is hereby declared to be the policy of the state to maximize the public benefit through the issuance of private activity bonds for the purposes of, among other things, allocating a fair share of the bond volume ceiling upon initial allocation and from a bond reserve to local agencies and for needs identified by local governments; providing housing and promoting economic development; job creation; an economical energy supply; and resource recovery and to provide for an orderly and efficient volume ceiling allocation process for state and local agencies by establishing an alternative formula for making such allocations.

§ 3. Definitions. As used in this act, unless the context requires otherwise:
1. "Bonds" means bonds, notes or other obligations.
2. "Carryforward" means an amount of unused private activity bond ceiling available to an issuer pursuant to an election filed with the internal revenue service pursuant to section 146(f) of the code.
4. "Commissioner" means the commissioner of the New York state department of economic development.
5. "Covered bonds" means those tax exempt private activity bonds and that portion of the non-qualified amount of an issue of governmental use bonds for which an allocation of the statewide ceiling is required for the interest earned by holders of such bonds to be excluded from the gross income of such holders for federal income tax purposes under the code.
6. "Director" means the director of the New York state division of the budget.
7. "Issuer" means a local agency, state agency or other issuer.
8. "Local agency" means an industrial development agency established or operating pursuant to article 18-A of the general municipal law, the Troy industrial development authority and the Auburn industrial development authority.
9. "Other issuer" means any agency, political subdivision or other entity, other than a local agency or state agency, that is authorized to issue covered bonds.
10. "Qualified small issue bonds" means qualified small issue bonds, as defined in section 144(a) of the code.
11. "State agency" means the state of New York, the New York state energy research and development authority, the New York job development authority, the New York state environmental facilities corporation, the New York state urban development corporation and its subsidiaries, the Battery Park city authority, the port authority of New York and New Jersey, the power authority of the state of New York, the dormitory authority of the state of New York, the New York state housing finance agency, the state of New York mortgage agency, and any other public benefit corporation or public authority designated by the governor for the purposes of this act.
12. "Statewide ceiling" means for any calendar year the highest state ceiling (as such term is used in section 146 of the code) applicable to New York state.
13. "Future allocations" means allocations of statewide ceiling for up
to two future years.

14. "Multi-year housing development project" means a project (a) which
qualifies for covered bonds; (b) which is to be constructed over two or
more years and (c) in which at least twenty percent of the dwelling
units will be occupied by persons and families of low income.

§ 4. Local agency set-aside. A set-aside of statewide ceiling for
local agencies for any calendar year shall be an amount which bears the
same ratio to one-third of the statewide ceiling as the population of
the jurisdiction of such local agency bears to the population of the
entire state. The commissioner shall administer allocations of such
set-aside to local agencies.

§ 5. State agency set-aside. A set-aside of statewide ceiling for all
state agencies for any calendar year shall be one-third of the statewide
ceiling. The director shall administer allocations of such set-aside to
state agencies and may grant an allocation to any state agency upon
receipt of an application in such form as the director shall require.

§ 6. Statewide bond reserve. One-third of the statewide ceiling is
hereby set aside as a statewide bond reserve to be administered by the
director.

1. Allocation of the statewide bond reserve among state agencies,
local agencies and other issuers. The director shall transfer a portion
of the statewide bond reserve to the commissioner for allocation to and
use by local agencies and other issuers in accordance with the terms of
this section. The remainder of the statewide bond reserve may be allo-
cated by the director to state agencies in accordance with the terms of
this section.

2. Allocation of statewide bond reserve to local agencies or other
issuers.

(a) Local agencies or other issuers may at any time apply to the
commissioner for an allocation from the statewide bond reserve. Such
application shall demonstrate:
(i) that the requested allocation is required under the code for the
interest earned on the bonds to be excluded from the gross income of
bondholders for federal income tax purposes;
(ii) that the local agency's remaining unused allocation provided
pursuant to section four of this act, and other issuer's remaining
unused allocation, or any available carryforward will be insufficient
for the specific project or projects for which the reserve allocation is
requested; and
(iii) that, except for those allocations made pursuant to section
thirteen of this act to enable carryforward elections, the requested
allocation is reasonably expected to be used during the calendar year,
and the requested future allocation is reasonably expected to be used in
the calendar year to which the future allocation relates.

(b) In reviewing and approving or disapproving applications, the
commissioner shall exercise discretion to ensure an equitable distrib-
ution of allocations from the statewide bond reserve to local agencies
and other issuers. Prior to making a determination on such applications,
the commissioner shall notify and seek the recommendation of the presi-
dent and chief executive officer of the New York state housing finance
agency in the case of an application related to the issuance of multi-
family housing or mortgage revenue bonds, and in the case of other
requests, such state officers, departments, divisions and agencies as
the commissioner deems appropriate.
(c) Applications for allocations shall be made in such form and contain such information and reports as the commissioner shall require.

(d) On or before September fifteenth of each year, the commissioner shall publish the total amount of local agency set-aside that has been recaptured pursuant to section twelve of this act for that year on the department of economic development’s website.

3. Allocation of statewide bond reserve to state agencies. The director may make an allocation from the statewide bond reserve to any state agency. Before making any allocation of statewide bond reserve to state agencies the director shall be satisfied:

(a) that the allocation is required under the code for the interest earned on the bonds to be excluded from the gross income of bondholders for federal income tax purposes;

(b) that the state agency’s remaining unused allocation provided pursuant to section five of this act or any available carryforward will be insufficient to accommodate the specific bond issue or issues for which the reserve allocation is requested; and

(c) that, except for those allocations made pursuant to section thirteen of this act to enable carryforward elections, the requested allocation is reasonably expected to be used during the calendar year, and the requested future allocation is reasonably expected to be used in the calendar year to which the future allocation relates.

§ 7. Access to employment opportunities. 1. All issuers shall require that any new employment opportunities created in connection with industrial or manufacturing projects financed through the issuance of qualified small issue bonds shall be listed with the New York state department of labor and with the one-stop career center established pursuant to the federal Workforce Innovation and Opportunity Act (Pub. L. No. 113-128) serving the locality in which the employment opportunities are being created. Such listing shall be in a manner and form prescribed by the commissioner. All issuers shall further require that for any new employment opportunities created in connection with an industrial or manufacturing project financed through the issuance of qualified small issue bonds by such issuer, industrial or manufacturing firms shall first consider persons eligible to participate in the Workforce Innovation and Opportunity Act (Pub. L. No. 113-128) programs who shall be referred to the industrial or manufacturing firm by one-stop centers in local workforce investment areas or by the department of labor. Issuers of qualified small issue bonds are required to monitor compliance with the provisions of this section as prescribed by the commissioner.

2. Nothing in this section shall be construed to require users of qualified small issue bonds to violate any existing collective bargaining agreement with respect to the hiring of new employees. Failure on the part of any user of qualified small issue bonds to comply with the requirements of this section shall not affect the allocation of bonding authority to the issuer of the bonds or the validity or tax exempt status of such bonds.

§ 8. Overlapping jurisdictions. In a geographic area represented by a county local agency and one or more sub-county local agencies, the allocation granted by section four of this act with respect to such area of overlapping jurisdiction shall be apportioned one-half to the county local agency and one-half to the sub-county local agency or agencies. Where there is a local agency for the benefit of a village within the geographic area of a town for the benefit of which there is a local agency, the allocation of the village local agency shall be based on the population of the geographic area of the village, and the allocation of
the town local agency shall be based upon the population of the
geographic area of the town outside of the village. Notwithstanding the
foregoing, a local agency may surrender all or part of its allocation
for such calendar year to another local agency with an overlapping
jurisdiction. Such surrender shall be made at such time and in such
manner as the commissioner shall prescribe.
§ 9. Ineligible local agencies. To the extent that any allocation of
the local agency set-aside would be made by this act to a local agency
which is ineligible to receive such allocation under the code or under
regulations interpreting the state volume ceiling provisions of the
code, such allocation shall instead be made to the political subdivision
for whose benefit that local agency was created.
§ 10. Municipal reallocation. The chief executive officer of any poli-
tical subdivision or, if such political subdivision has no chief execu-
tive officer, the governing board of the political subdivision for the
benefit of which a local agency has been established, may withdraw all
or any portion of the allocation granted by section four of this act to
such local agency. The political subdivision may then reallocate all or
any portion of such allocation, as well as all or any portion of the
allocation received pursuant to section nine of this act, to itself or
any other issuer established for the benefit of that political subdivi-
sion or may assign all or any portion of the allocation received pursu-
ant to section nine of this act to the local agency created for its
benefit. The chief executive officer or governing board of the political
subdivision, as the case may be, shall notify the commissioner of any
such reallocation.
§ 11. Future allocations for multi-year housing development projects.
1. In addition to other powers granted under this act, the commissioner
is authorized to make the following future allocations of statewide
ceiling for any multi-year housing development project for which the
commissioner also makes an allocation of statewide ceiling for the
current year under this act or for which, in the event of expiration of
provisions of this act described in section eighteen of this act, an
allocation of volume cap for a calendar year subsequent to such expira-
tion shall have been made under section 146 of the code: (a) to local
agencies from the local agency set-aside (but only with the approval of
the chief executive officer of the political subdivision to which the
local agency set-aside relates or the governing body of a political
subdivision having no chief executive officer) and (b) to other issuers
from that portion, if any, of the statewide bond reserve transferred to
the commissioner by the director. Any future allocation made by the
commissioner shall constitute an allocation of statewide ceiling for the
future year specified by the commissioner and shall be deemed to have
been made on the first day of the future year so specified.
2. In addition to other powers granted under this act, the director is
authorized to make future allocations of statewide ceiling from the
state agency set-aside or from the statewide bond reserve to state agen-
cies for any multi-year housing development project for which the direc-
tor also makes an allocation of statewide ceiling from the current year
under this act or for which, in the event of expiration of provisions of
this act described in section eighteen of this act, an allocation of
volume cap for a calendar year subsequent to such expiration shall have
been made under section 146 of the code, and is authorized to make
transfers of the statewide bond reserve to the commissioner for future
allocations to other issuers for multi-year housing development projects
for which the commissioner has made an allocation of statewide ceiling
for the current year. Any such future allocation or transfer of the statewide bond reserve for future allocation made by the director shall constitute an allocation of statewide ceiling or transfer of the statewide bond reserve for the future years specified by the director and shall be deemed to have been made on the first day of the future year so specified.

3. (a) If an allocation made with respect to a multi-year housing development project is not used by September fifteenth of the year to which the allocation relates, the allocation with respect to the then current year shall be subject to recapture in accordance with the provisions of section twelve of this act, and in the event of such a recapture, unless a carryforward election by another issuer shall have been approved by the commissioner or a carryforward election by a state agency shall have been approved by the director, all future allocations made with respect to such project pursuant to subdivision one or two of this section shall be canceled.

(b) The commissioner and the director shall have the authority to make future allocations from recaptured current year allocations and canceled future allocations to multi-year housing development projects in a manner consistent with the provisions of this act. Any such future allocation shall, unless a carryforward election by another issuer shall have been approved by the commissioner or a carryforward election by a state agency shall have been approved by the director, be canceled if the current year allocation for the project is not used by December 31, 2021.

(c) The commissioner and the director shall establish procedures consistent with the provisions of this act relating to carryforward of future allocations.

4. The aggregate future allocations from either of the two succeeding years shall not exceed six hundred fifty million dollars for each such year.

§ 12. Year end allocation recapture. On or before September first of each year, each state agency shall report to the director and each local agency and each other issuer shall report to the commissioner the amount of bonds subject to allocation under this act that will be issued prior to the end of the then current calendar year, and the amount of the issuer's then total allocation that will remain unused. As of September fifteenth of each year, the unused portion of each local agency's and other issuer's then total allocation as reported and the unallocated portion of the set-aside for state agencies shall be recaptured and added to the statewide bond reserve and shall no longer be available to covered bond issuers except as otherwise provided herein. From September fifteenth through the end of the year, each local agency or other issuer having an allocation shall immediately report to the commissioner and each state agency having an allocation shall immediately report to the director any changes to the status of its allocation or the status of projects for which allocations have been made which should affect the timing or likelihood of the issuance of covered bonds therefor. If the commissioner determines that a local agency or other issuer has overestimated the amount of covered bonds subject to allocation that will be issued prior to the end of the calendar year, the commissioner may recapture the amount of the allocation to such local agency or other issuer represented by such overestimation by notice to the local agency or other issuer, and add such allocation to the statewide bond reserve. The director may likewise make such determination and recapture with respect to state agency allocations.
§ 13. Allocation carryforward. 1. No local agency or other issuer shall make a carryforward election utilizing any unused allocation (pursuant to section 146(f) of the code) without the prior approval of the commissioner. Likewise no state agency shall make or file such an election, or elect to issue or carryforward mortgage credit certificates, without the prior approval of the director.

2. On or before November fifteenth of each year, each state agency seeking unused statewide ceiling for use in future years shall make a request for an allocation for a carryforward to the director, whose approval shall be required before a carryforward election is filed by or on behalf of any state agency. A later request may also be considered by the director, who may file a carryforward election for any state agency with the consent of such agency.

3. On or before November fifteenth of each year, each local agency or other issuer seeking unused statewide ceiling for use in future years shall make a request for an allocation for a carryforward to the commissioner, whose approval shall be required before a carryforward election is filed by or on behalf of any local or other agency. A later request may also be considered by the commissioner.

4. On or before January fifteenth of each year, the director shall publish the total amount of unused statewide ceiling from the prior year on the division of budget's website.

§ 14. New York state bond allocation policy advisory panel. 1. There is hereby created a policy advisory panel and process to provide policy advice regarding the priorities for distribution of the statewide ceiling.

2. The panel shall consist of five members, one designee being appointed by each of the following: the governor, the temporary president of the senate, the speaker of the assembly, the minority leader of the senate and the minority leader of the assembly. The designee of the governor shall chair the panel. The panel shall monitor the allocation process through the year, and in that regard, the division of the budget and the department of economic development shall assist and cooperate with the panel as provided in this section. The advisory process shall operate through the issuance of advisory opinions by members of the panel as provided in subdivisions six and seven of this section. A meeting may be held at the call of the chair with the unanimous consent of the members.

3. (a) Upon receipt of a request for allocation or a request for approval of a carryforward election from the statewide reserve from a local agency or other issuer, the commissioner shall, within five working days, notify the panel of such request and provide the panel with copies of all application materials submitted by the applicant.

(b) Upon receipt of a request for allocation or a request for approval of carryforward election from the statewide reserve from a state agency, the director shall, within five working days, notify the panel of such request and provide the panel with copies of all application materials submitted by the applicant.

4. (a) Following receipt of a request for allocation from a local agency or other issuer, the commissioner shall notify the panel of a decision to approve or exclude from further consideration such request, and the commissioner shall state the reasons. Such notification shall be made with or after the transmittal of the information specified in subdivision three of this section and at least five working days before formal notification is made to the applicant.
(b) Following receipt of a request for allocation from a state agency, the director shall notify the panel of a decision to approve or exclude from further consideration such request, and shall state the reasons. Such notification shall be made with or after the transmission of the information specified in subdivision three of this section and at least five working days before formal notification is made to the state agency.

5. The requirements of subdivisions three and four of this section shall not apply to adjustments to allocations due to bond sizing changes.

6. In the event that any decision to approve or to exclude from further consideration a request for allocation is made within ten working days of the end of the calendar year and in the case of all requests for consent to a carryforward election, the commissioner or director, as is appropriate, shall provide the panel with the longest possible advance notification of the action, consistent with the requirements of the code, and shall, wherever possible, solicit the opinions of the members of the panel before formally notifying any applicant of the action. Such notification may be made by means of telephone communication to the members or by written notice delivered to the Albany office of the appointing authority of the respective members.

7. Upon notification by the director or the commissioner, any member of the panel may, within five working days, notify the commissioner or the director of any policy objection concerning the expected action. If three or more members of the panel shall submit policy objections in writing to the intended action, the commissioner or the director shall respond in writing to the objection prior to taking the intended action unless exigent circumstances make it necessary to respond after the action has been taken.

8. On or before the first day of July, in any year, the director shall report to the members of the New York state bond allocation policy advisory panel on the actual utilization of volume cap for the issuance of bonds during the prior calendar year and the amount of such cap allocated for carryforwards for future bond issuance. The report shall include, for each local agency or other issuer and each state agency the initial allocation, the amount of bonds issued subject to the allocation, the amount of the issuer's allocation that remained unused, the allocation of the statewide bond reserve, carryforward allocations and recapture of allocations. Further, the report shall include projections regarding private activity bond issuance for state and local issuers for the calendar year, as well as any recommendations for legislative action. The director shall publish the report on the division of budg-et's website concurrently with the release of the report to the panel.

§ 15. Severability. If any clause, sentence, paragraph, section, or item of this subpart shall be adjudged by any court of competent juris-diction to be invalid, such judgment shall not affect, impair, or inval-idate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or item thereof directly involved in the controversy in which such judgment shall have been rendered.

§ 16. Notwithstanding any provisions of this act to the contrary (1) provided that a local agency or other issuer certifies to the commis-sioner on or before October 1, 2020 that it has issued private activity bonds described in this act and the amount thereof which used statewide ceiling, a commitment or allocation of statewide ceiling to a local agency or other issuer made to or so used by such local agency or other

§ 18. This act shall take effect immediately; provided, however, that sections three, four, five, six, seven, eight, nine, ten, twelve, thirteen and fourteen of this act shall expire July 1, 2022 when upon such date the provisions of such sections shall be deemed repealed; except that the provisions of subdivisions two and three of section thirteen of this act shall expire and be deemed repealed February 15, 2022.

Section 3. This act shall take effect July 1, 2020.

FISCAL NOTE.—Pursuant to Legislative Law, Section 50:

This bill would amend both the General Municipal Law and the Retirement and Social Security Law to increase the salary used in the computation of the special accidental death benefit by 3% in cases where the date of death was before 2020.

Insofar as this bill would amend the Retirement and Social Security Law, it is estimated that there would be an additional annual cost of approximately $606,000 above the approximately $13.6 million current annual cost of this benefit. This cost would be shared by the State of New York and all participating employers of the New York State and Local Police and Fire Retirement System.

Summary of relevant resources:

The membership data used in measuring the impact of the proposed change was the same as that used in the March 31, 2019 actuarial valuation. Distributions and other statistics can be found in the 2019 Report of the Actuary and the 2019 Comprehensive Annual Financial Report.

The actuarial assumptions and methods used are described in the 2015, 2016, 2017, 2018, and 2019 Annual Report to the Comptroller on Actuarial Assumptions, and the Codes, Rules and Regulations of the State of New York: Adult and Control.

The Market Assets and GASB Disclosures are found in the March 31, 2019 New York State and Local Retirement System Financial Statements and Supplementary Information.

I am a member of the American Academy of Actuaries and meet the Qualification Standards to render the actuarial opinion contained herein.

This fiscal note does not constitute a legal opinion on the viability of the proposed change nor is it intended to serve as a substitute for the professional judgment of an attorney.

This estimate, dated February 24, 2020, and intended for use only during the 2020 Legislative Session, is Fiscal Note No. 2020-57, prepared by the Actuary for the New York State and Local Retirement System.

FISCAL NOTE.—Pursuant to Legislative Law, Section 50:

SUMMARY OF BILL: This proposed legislation would amend General Municipal Law (GML) Section 208-f(c) to increase certain Special Accidental Death Benefits (SADB) for surviving spouses, dependent children, and certain other individuals (Eligible Beneficiaries) of former uniformed employees of the City of New York and the New York City Health and Hospitals Corporation, and for certain former employees of the Triborough Bridge and Tunnel Authority, who were members of certain New York City Pension Funds or Retirement Systems (NYCRS) and died as a natural
Effective Date: July 1, 2020.

BACKGROUND: Under the GML, the basic SADB is defined as:
The salary of the deceased member at date of death (or, in certain instances, a greater salary based on a higher rank or other status) (Final Salary), less the following payments to an Eligible Beneficiary:
- Any NYCRS death benefit as adjusted by any Supplementation or Cost-of-Living Adjustment (COLA),
- Any Social Security death benefit, and
- Any Workers' Compensation benefit.

The SADB is paid to the deceased member's surviving spouse, if alive. If the spouse is no longer alive, the SADB is paid to the deceased member's children until age eighteen or until age twenty-three if a student. If neither a spouse nor a dependent child is alive, the SADB may be paid to certain other individuals, if eligible, in accordance with certain laws related to the World Trade Center attack.

The GML also provides that the SADB is subject to escalation based on the calendar year in which the former member died. The SADB has traditionally been increased by a cumulative, incremental percentage of Final Salary based on the calendar year of the member's death.

IMPACT ON BENEFITS: With respect to the NYCRS, the proposed legislation would impact the SADB payable to certain survivors of members of the:
- New York City Employees' Retirement System (NYCERS),
- New York City Police Pension Fund (POLICE), or
- New York City Fire Pension Fund (FIRE),

and who were employed by one of the following employers in certain positions:
- New York City Police Department - Uniformed Position,
- New York City Fire Department - Uniformed Position,
- New York City Department of Sanitation - Uniformed Position,
- New York City Housing Authority - Uniformed Position,
- New York City Transit Authority - Uniformed Position,
- New York City Department of Correction - Uniformed Position,
- New York City - Uniformed Position as Emergency Medical Technician (EMT),
- New York City Health and Hospitals Corporation - Uniformed Position as EMT, or
- Triborough Bridge and Tunnel Authority - Bridge and Tunnel Position.

Under the proposed legislation, effective July 1, 2020, an additional 3.0% of Final Salary would be applied to the SADB paid due to deaths occurring in each calendar year on and after 1977. The SADB for deaths occurring prior to 1977 would receive the same escalation as deaths occurring in 1977.

FINANCIAL IMPACT - PRESENT VALUES: Based on the Eligible Beneficiaries of deceased NYCRS members who would be impacted by this proposed legislation and the actuarial assumptions and methods described herein, the enactment of this proposed legislation would increase the Present Value of Future Benefits (PVFB) by approximately $52.0 million.

FINANCIAL IMPACT - ANNUAL EMPLOYER CONTRIBUTIONS: As a result of the past four decades' practice of providing 3.0% COLAs on the SADB each year, and the likelihood that COLAs will continue to be granted in the future, the Actuary assumes that the SADB benefit will continue to increase 3.0% per year in the future in determining NYCRS employer contributions. Therefore, the costs of this proposed legislation have
already been accounted for and will not result in a further increase in employer contributions. There will, however, be a decrease in employer contributions if the proposed legislation is not enacted.

In accordance with Section 13-638.2(k-2) of the Administrative Code of the City of New York (ACCNY), new Unfunded Accrued Liability to benefit changes are to be amortized as determined by the Actuary, but are generally amortized over the remaining working lifetime of those impacted by the benefit changes. However, since changes in the SADB COLA paid are not known in advance, the decrease in expected pension payments due to this legislation not passing would be treated as an actuarial gain. These actuarial gains would be amortized over a 15-year period (14 payments under the One-Year Lag Methodology (OYLM)) using level dollar payments. This would result in a decrease in NYCRS annual employer contributions of approximately $6.2 million each year.

CONTRIBUTION TIMING: For the purposes of this Fiscal Note, it is assumed that the changes in the PVFB and annual employer contributions if this proposed legislation fails to pass, would be reflected for the first time in the Final June 30, 2021 actuarial valuations of NYCERS, POLICE, and FIRE. In accordance with the OYLM used to determine employer contributions, the decrease in employer contributions would first be reflected in Fiscal Year 2023.

CENSUS DATA: The estimates presented herein are based upon the census data for such Eligible Beneficiaries provided by NYCRS.

ACTUARIAL ASSUMPTIONS AND METHODS: The changes in the PVFB and annual employer contributions presented herein have been calculated based on the actuarial assumptions and methods in effect for the June 30, 2019 (Lag) actuarial valuations used to determine the Preliminary Fiscal Year 2021 employer contributions of NYCERS, POLICE, and FIRE.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the realization of the actuarial assumptions used, as well as certain demographic characteristics of NYCERS, POLICE and FIRE and other exogenous factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Costs are also dependent on the actuarial methods used, and therefore different actuarial methods could produce different results. Quantifying these risks is beyond the scope of this Fiscal Note.

Not measured in this Fiscal Note are the following:

* The initial, additional administrative costs of NYCERS, POLICE, and FIRE and other New York City agencies to implement the proposed legislation.

STATEMENT OF ACTUARIAL OPINION: I, Sherry S. Chan, am the Chief Actuary for, and independent of, the New York City Retirement Systems and Pension Funds. I am a Fellow of the Society of Actuaries, an Enrolled
Actuary under the Employee Retirement Income and Security Act of 1974, a Member of the American Academy of Actuaries, and a Fellow of the Conference of Consulting Actuaries. I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein. To the best of my knowledge, the results contained herein have been prepared in accordance with generally accepted actuarial principles and procedures and with the Actuarial Standards of Practice issued by the Actuarial Standards Board.

§ 4. Article 14 of the election law is amended by adding a new title
II to read as follows:

TITLE II
PUBLIC FINANCING

Section 14-200. Legislative findings and intent.

14-201. Political committee registration.

14-203. Eligibility.

14-204. Limits on public financing.

14-205. Payment of public matching funds.

14-206. Use of public matching funds; qualified campaign
expenditures.

14-207. Composition, powers, and duties of the public campaign
finance board.

14-208. Audits and repayments.

14-209. Enforcement and penalties for violations and other
proceedings.

14-210. Reports.

14-211. Debates for candidates for statewide office.

14-212. Severability.

§ 14-200. Legislative findings and intent. The legislature finds that
reform of New York state's campaign finance system is crucial to improv-
ing public confidence in the state's democratic processes and continuing
to ensure a government that is accountable to all of the voters of the
state regardless of wealth or position. The legislature finds that New
York's current system of campaign finance, with its large contributions
to candidates for office and party committees, has created the potential
for and the appearance of corruption. The legislature further finds
that, whether or not this system creates actual corruption, the appear-
ance of such corruption can give rise to a distrust in government and
citizen apathy that undermines the democratic operation of the political
process.

The legislature also finds that the high cost of running for office in
New York discourages qualified candidates from running for office and
creates an electoral system that encourages candidates to spend too much
time raising money rather than attending to the duties of their office,
representing the needs of their constituents, and communicating with
voters.

The legislature amends this article creating a new title to this arti-
cle to reduce the possibility and appearance that special interests
exercise undue influence over state officials; to increase the actual
and apparent responsiveness of elected officials to all voters; to
encourage qualified candidates to run for office; and to reduce the
pressure on candidates to spend large amounts of time raising large
contributions for their campaigns.

The legislature also finds that the system of voluntary public financ-
ing furthers the government's interest in encouraging qualified candi-
dates to run for office. The legislature finds that the voluntary public
funding program will enlarge the public debate and increase partic-
ipation in the democratic process. In addition, the legislature finds
that the voluntary expenditure limitations and matching fund program
reduce the burden on candidates and officeholders to spend time raising
money for their campaigns.

Therefore, the legislature declares that these amendments further the
important and valid government interests of reducing voter apathy,
building confidence in government, reducing the reality and appearance
of corruption, and encouraging qualified candidates to run for office,
while reducing candidates' and officeholders' fundraising burdens.

(x) contributions from vendors for campaigns hired by the candidate for such election cycle;
(xi) contributions from lobbyists registered pursuant to subdivision (a) of section one-c of the legislative law; and
(xii) any portion of a contribution when the aggregate contributions are in excess of two hundred fifty dollars from any one contributor to such participating candidate for nomination or election.

13. "nonparticipating candidate" means a candidate for a covered election who fails to file a written certification in the form of an affidavit pursuant to these recommendations by the applicable deadline.

14. "participating candidate" means any candidate for nomination for election, or election, to the office of governor, lieutenant governor, attorney general, state comptroller, state senator, or member of the assembly, who files a written certification in the form determined by the PCFB.

15. "post-election period" means the period following an election when a candidate is subject to an audit.

16. "qualified campaign expenditure" means an expenditure for which public matching funds may be used.

17. "threshold for eligibility" means the amount of matchable contributions that a candidate's authorized committee must receive in total in order for such candidate to qualify for voluntary public financing under this title.

18. "transfer" means any exchange of funds between a party or constituted committee and a candidate or any of his or her authorized committees.

19. "surplus" means those funds where the total sum of contributions received and public matchable funds received by a participating candidate and his or her authorized committee exceeds the total campaign expenditures of such candidate and authorized committee for all covered elections held in the same calendar year or for a special election to fill a vacancy.

§ 14-201. Political committee registration. 1. Political committees, as defined pursuant to subdivision one of section 14-100 of this article, shall register with the state board of elections before making any contribution or expenditure. The state board of elections shall publish a cumulative list of political committees that have registered, including on its webpage, and regularly update it.

2. Only one authorized committee per candidate per elective office sought. Before receiving any contribution or making any expenditure for a covered election, each candidate shall notify the PCFB as to the existence of his or her authorized committee that has been approved by such candidate. Each candidate shall have one and only one authorized
committee per elective office sought. Each authorized committee shall have a treasurer.

3. (a) In addition to each authorized and political committee reporting to the PCFB every contribution and loan received and every expenditure made in the time and manner prescribed by sections 14-102, 14-104, and 14-108 of this article, each authorized and political committee for participating candidates shall also submit disclosure reports on March fifteenth of each election year reporting to the PCFB every contribution and loan received and every expenditure made. For contributors who make aggregate contributions of one hundred dollars or more, each authorized and political committee shall report to the PCFB the occupation and business address of each contributor and lender. The PCFB shall revise, prepare, and post forms on its webpage that facilitate compliance with the requirements of this section.

(b) The PCFB shall review each disclosure report filed and shall inform authorized and political committees of relevant questions it has concerning: (i) compliance with requirements of this title and of the rules issued by the PCFB, and (ii) qualification for receiving public matching funds pursuant to this title. In the course of this review, it shall give authorized and political committees an opportunity to respond to and correct potential violations and give candidates an opportunity to address questions it has concerning their matchable contribution claims or other issues concerning eligibility for receiving public matching funds pursuant to this title.

(c) Contributions that are not itemized in reports filed with the PCFB shall not be matchable.

(d) Participating candidates may file reports of contributions as frequently as once a week on Monday so that their matching funds may be paid at the earliest allowable date.

§ 14-202. Proof of compliance. Authorized and political committees shall maintain such records of receipts and expenditures for a covered election as required by the PCFB. Authorized and political committees shall obtain and furnish to the PCFB any information it may request relating to financial transactions or contributions and furnish such documentation and other proof of compliance with this title as may be requested. In compliance with section 14-108 of this article, authorized and political committees shall maintain copies of such records for a period of five years.

§ 14-203. Eligibility. 1. Terms and conditions. To be eligible for voluntary public financing under this title, a candidate must:

(a) be a candidate in a covered election;
(b) meet all the requirements of law to have his or her name on the ballot, subject to the requirements of subdivision three of section 1-104 and subdivision one of section 6-142 of this chapter;
(c) in the case of a covered general or special election, be opposed by another candidate on the ballot who is not a write-in candidate;
(d) submit a certification in the form of an affidavit, in such form as may be prescribed by the PCFB, that sets forth his or her acceptance of and agreement to comply with the terms and conditions for the provision of such funds in each covered election and such certification shall be submitted at least four months before a primary election and on the last day in which a certification of nomination is filed in a special election pursuant to a schedule promulgated by the PCFB;
(e) be certified as a participating candidate by the PCFB;
(f) not make, and not have made, expenditures from or use his or her personal funds or property or the personal funds or property jointly
held with his or her spouse, or unemancipated children in connection
with his or her nomination for election or election to a covered office,
but may make a contribution to his or her authorized committee in an
amount that does not exceed three times the applicable contribution
limit from an individual contributor to candidates for the office that
he or she is seeking;

(g) meet the threshold for eligibility set forth in subdivision two of
this section;

(h) continue to abide by all requirements during the post-election
period; and

(i) not have accepted contributions in amounts exceeding the contrib-
ution limits set forth in paragraphs a and b of subdivision one of section 14-114 of this article during the election cycle for
which the candidate seeks certification:

(i) Provided however, that, if a candidate accepted contributions
exceeding such limits, such acceptance shall not prevent the candidate
from being certified by the PCFB if the candidate in a reasonable time,
as determined by rule, pays to the fund or returns to the contributor
the portion of any contribution that exceeded the applicable contrib-
ution limit.

(ii) If the candidate is unable to return such funds in a reasonable
time, as determined by rule, because they have already been spent,
acceptance of contributions exceeding the limits shall not prevent the
candidate from being certified by the PCFB if the candidate submits an
affidavit agreeing to pay to the fund all portions of any contributions
that exceeded the limit no later than thirty days before the general
election. If a candidate provides the PCFB with such an affidavit, any
disbursement of public funds to the candidate shall be reduced by no
more than twenty-five percent until the total amount owed by the candi-
date is repaid.

(iii) Nothing in this section shall be interpreted to require a candi-
date who retains funds raised during any previous election cycle to
forfeit such funds. Funds raised during a previous election cycle may be
retained and used by the candidate for the candidate's campaign in the
next election cycle but funds shall not qualify for satisfying the
threshold for participating in the public campaign finance program
established in this title nor shall they be eligible to be matched. The
PCFB shall adopt regulations to ensure that contributions that would
satisfy the applicable contribution limits authorized in this title
shall be transferred into the appropriate campaign account.

(iv) Contributions received and expenditures made by the candidate or
an authorized committee of the candidate prior to the effective date of
this title shall not constitute a violation of this title. Unexpended
contributions shall be treated the same as campaign surpluses under
subparagraph (iii) of this paragraph. Nothing in this recommendation
shall be construed to limit, in any way, any candidate or public offi-
cial from expending any portion of pre-existing campaign funds for any
lawful purpose other than those related to his or her campaign.

(v) A candidate who has raised matchable contributions but, in the
case of a covered primary, general or special election, is not opposed
by another candidate on the ballot who is not a write-in candidate, or
who chooses not to accept matchable funds, may retain such contributions
and apply them in accord with this title to the candidate's next
campaign, should there be one, in the next election cycle.

2. Threshold for eligibility. (a) The threshold for eligibility for
public funding for participating candidates shall be in the case of:
(i) governor, not less than five hundred thousand dollars in contributions including at least five thousand matchable contributions shall be counted toward this qualifying threshold;

(ii) lieutenant governor, attorney general and comptroller, not less than one hundred thousand dollars in contributions including at least one thousand matchable contributions shall be counted toward this qualifying threshold;

(iii) state senator, except as otherwise provided in paragraph (c) of this subdivision, not less than twelve thousand dollars in contributions including at least one hundred fifty matchable contributions shall be counted toward this qualifying threshold; and

(iv) member of the assembly, except as otherwise provided in paragraph (c) of this subdivision, not less than six thousand dollars in contributions including at least seventy-five matchable contributions shall be counted toward this qualifying threshold.

(b) However, solely for purposes of achieving the monetary thresholds in paragraph (a) of this subdivision, the first two hundred fifty dollars of any contribution of more than two hundred fifty dollars to a candidate or a candidate's committee which would otherwise be matchable except that it comes from a contributor who has contributed more than two hundred fifty dollars to such candidate or candidate's committee, is deemed to be a matchable contribution and shall count toward satisfying such monetary threshold but shall not otherwise be considered a matchable contribution.

(c) With respect to the minimum dollar threshold for participating candidates for state senate and state assembly, in such districts where average median income ("AMI") is below the AMI as determined by the United States Census Bureau three years before such election for which public funds are sought, such minimum dollar threshold for eligibility shall be reduced by one-third. The PCFB shall make public which districts are subject to such reduction no later than two years before the first primary election for which funding is sought.

(d) Any participating candidate meeting the threshold for eligibility in a primary election for one of the foregoing offices shall be applied to satisfy the threshold for eligibility for such office in any other subsequent election held in the same calendar year. Any participating candidate who is nominated in a primary election and has participated in the public financing program set forth in this title, must participate in the general election for such office.

§ 14-204. Limits on public financing. The following limitations apply to the total amounts of public funds that may be provided to a participating candidate's authorized committee for an election cycle:

1. In any primary election, receipt of public funds by participating candidates and by their participating committees shall not exceed:
   (a) for Governor $3,500,000
   (b) for Lieutenant Governor, Attorney General or Comptroller $3,500,000
   (c) for State Senator $375,000
   (d) for Member of the Assembly $175,000

2. In any general or special election, receipt of public funds by a participating candidate's authorized committees shall not exceed:
   (a) for Governor and Lieutenant Governor (combined) $3,500,000
   (b) for Attorney General $3,500,000
   (c) for Comptroller $3,500,000
   (d) for State Senator $375,000
   (e) for Member of the Assembly $175,000
3. No participating candidate for nomination for an office who is not opposed by a candidate on the ballot in a primary election shall be entitled to payment of public matching funds, except that, where there is a contest in such primary election for the nomination of at least one of the two political parties with the highest and second highest number of enrolled members for such office, a participating candidate who is unopposed in the primary election may receive public funds before the primary election, for expenses incurred on or before the date of such primary election, in an amount equal to up to half the sum set forth in paragraph one of this section.

4. Nothing in this section shall be construed to limit the amount of private funds a candidate may receive subject to the contribution limits contained in section 14-114 of this article. Any contributions so received which are not expended in the general election may be applied to the next covered election for an office for which such candidate seeks nomination or election.

5. A candidate only on the ballot in one or more primary elections in which the number of persons eligible to vote for party nominees in each such election totals fewer than one thousand shall not receive public funds in excess of five thousand dollars for qualified campaign expenditures in such election or elections. For the purposes of this section, the number of persons eligible to vote for party nominees in a primary election shall be as determined by the state board of elections for the calendar year of the primary election. A candidate for office on the ballot in more than one primary for such office, shall be deemed, for purposes of this recommendation, to be a single candidate.

§ 14-205. Payment of public matching funds. 1. Determination of eligibility. No public matching funds shall be paid to an authorized committee unless the PCFB determines that the participating candidate has met the eligibility requirements of this title. Payment shall not exceed the amounts specified in subdivision two of this section, and shall be made only in accordance with the provisions of this title. Such payment may be made only to the participating candidate's authorized committee. No public matching funds shall be used except as reimbursement or payment for qualified campaign expenditures actually and lawfully incurred or to repay loans used to pay qualified campaign expenditures.

2. Calculation of payment. (a) In any election for a public office to be voted on by the voters of the entire state or for nomination to any such office, if the threshold for eligibility is met, the participating candidate's authorized committee shall receive payment for qualified campaign expenditures of six dollars of public matching funds for each one dollar of matchable contributions, obtained and reported to the PCFB in accordance with the provisions of this title. The maximum payment of public matching funds shall be limited to the amounts set forth in this section for the covered election.

(b) In any election for state senate or state assembly or for nomination to any such office, if the threshold for eligibility is met, the participating candidate's authorized committee shall receive payment for qualified campaign expenditures for matchable contributions of eligible private funds per contributor, obtained, and reported to the PCFB here-in, of: twelve dollars of public matching funds for each of the first fifty dollars of matchable contributions; nine dollars of public matching funds for each of the next one hundred dollars of public matchable contributions; and eight dollars for the each of the next one hundred dollars of public matchable contributions. The maximum payment of public
matching funds shall be limited to the amounts set forth in this section for the covered election.

3. Timing of payment. The PCFB shall make any payment of public matching funds to participating candidates as soon as is practicable. But in all cases, it shall verify eligibility for public matching funds within four days, excluding weekends and holidays, of receiving a campaign contribution report filed in compliance with section 14-104 of this article. Within two days of determining that a candidate for a covered office is eligible for public matching funds, it shall authorize payment of the applicable matching funds owed to the candidate. The PCFB shall schedule at least three payment dates in the thirty days prior to a covered primary, general, or special election. If any of such payments would require payment on a weekend or federal holiday, payment shall be made on the next business day.

4. Notwithstanding any provision of this section to the contrary, the amount of public funds payable to a participating candidate on the ballot in any covered election shall not exceed one-quarter of the maximum public funds payment otherwise applicable and no participating candidate shall be eligible to receive a disbursement of public funds prior to two weeks after the last day to file designating petitions for a primary election unless the participating candidate is opposed by a competitive candidate. The PCFB shall, by regulation, set forth objective standards to determine whether a candidate is competitive and the procedures for qualifying for the payment of public funds.

5. Electronic funds transfer. The PCFB shall, in consultation with the office of the comptroller, promulgate rules to facilitate electronic funds transfers directly from the campaign finance fund into an authorized committee's bank account.

6. Irregularly scheduled elections. Notwithstanding any other provision of this title, the PCFB shall promulgate rules to provide for the prompt issuance of public matching funds to eligible participating candidates for qualified campaign expenditures in the case of any other covered election held on a day different from the day originally scheduled, including special elections. Provided, however in all cases, the PCFB shall: (a) within four days, excluding weekends and holidays, of receiving a report of contributions from a candidate for a covered office claiming eligibility for public matching funds, verify that candidate's eligibility for public matching funds; and (b) within two days of determining that the candidate for a covered office is eligible for public matching funds, it shall authorize payment of the applicable matching funds owed to the candidate.

§ 14-206. Use of public matching funds; qualified campaign expenditures. 1. Public matching funds provided pursuant to this title may be used only by an authorized committee for expenditures to further the participating candidate's nomination for election or election, including paying for debts incurred within one year prior to an election to further the participating candidate's nomination for election or election.

2. Such public matching funds may not be used for:
   (a) an expenditure in violation of any law;
   (b) an expenditure in excess of the fair market value of services, materials, facilities, or other things of value received in exchange;
   (c) an expenditure made after the candidate has been finally disqualified from the ballot;
(d) an expenditure made after the only remaining opponent of the candidate has been finally disqualified from the general or special election ballot;
(e) an expenditure made by cash payment;
(f) a contribution or loan or transfer made to or expenditure to support another candidate or political committee or party committee or constituted committee;
(g) an expenditure to support or oppose a candidate for an office other than that which the participating candidate seeks;
(h) gifts, except brochures, buttons, signs, tee shirts and other printed campaign material;
(i) legal fees to defend against a criminal charge;
(j) any expenditure made to challenge the validity of any petition of designation or nomination or any certificate of nomination, acceptance, authorization, declination, or substitution;
(k) payments made to the candidate or a spouse, domestic partner, child, grandchild, parent, grandparent, brother or sister of the candidate or a spouse or domestic partner of such child, grandchild, parent, grandparent, brother or sister, or to a business entity in which the candidate or any such person has a ten percent or greater ownership interest;
(l) an expenditure made primarily for the purpose of expressly advocating a vote for or against a ballot proposal, other than expenditures made also to further the participating candidate's nomination for election or election;
(m) payment of any settlement, penalty or fine imposed pursuant to federal, state or local law;
(n) payments made through advances, except in the case of individual purchases less than two hundred fifty dollars; or
(o) expenditures to facilitate, support, or otherwise assist in the execution or performance of the duties of public office.

§ 14-207. Composition, powers, and duties of the public campaign finance board. 1. There shall be a public campaign finance board within the state board of elections that shall be comprised of the following commissioners: the four state board of elections commissioners and three additional commissioners, one jointly appointed by the legislative leaders of one major political party in each house of the legislature, one jointly appointed by the legislative leaders of the other major political party in each house of the legislature, and one of whom shall be appointed by the governor. Each commissioner must be a New York state resident and registered voter, and may not currently be, or within the previous five years have been, an officer of a political party or political committee as defined in the election law, or a registered lobbyist. The chair of the PCFB shall be designated by the PCFB from among the three additional commissioners. Each of the three additional commissioners shall receive a per diem of three hundred fifty dollars for work actually performed not to exceed twenty-five thousand dollars in any one calendar year. They shall be considered public officers for purposes of sections seventy-three-a and seventy-four of the public officers law. The three commissioners so appointed pursuant to this recommendation will be appointed for a term of five years to commence on July first, two thousand twenty and may be removed by his or her appointing authority solely for substantial neglect of duty, gross misconduct in office, inability to discharge the power or duties of office, after written notice and opportunity to be heard. During the period of his or her term as a commissioner appointed hereunder, each such commissioner is barred
from making, or soliciting from other persons, any contributions to
candidates for election to the offices of governor, lieutenant governor,
attorney general, comptroller, member of the assembly, or state senator.
Any vacancy occurring on the PCFB shall be filled within thirty days of
its occurrence in the same manner as the member whose vacancy is being
filled was appointed. A person appointed to fill a vacancy occurring
other than by expiration of a term of office shall be appointed for the
unexpired term of the member he or she succeeds. Four members of the
PCFB shall constitute a quorum, and the PCFB shall have the power to act
by majority vote of the total number of members of the commission with-
out vacancy. All members of the PCFB shall be appointed no later than
the first day of July, two thousand twenty and the PCFB shall promulgate
such regulations as are needed no later than the first day of July, two
thousand twenty-one.
2. The PCFB and state board of elections may utilize existing state
board of elections staff and hire such other staff as are necessary to
carry out its duties. It may expand its staffing, as needed, to provide
additional candidate liaisons to assist candidates in complying with the
terms of this public campaign finance system as provided for in these
recommendations, as well as auditors, trainers, attorneys, technical
staff and other such staff as the PCFB determines is necessary to admin-
ister this system. Annually, on or before the first of every year, the
PCFB shall submit to the governor and the division of the budget a
request for appropriations for the next state fiscal year to fully
support the administration of the public campaign finance program estab-
lished in this title.
3. The PCFB shall develop a program for informing candidates and the
public as to the purpose and effect of the provisions of this title,
including by means of a webpage. The PCFB shall prepare in plain
language and make available educational materials, including compliance
manuals and summaries and explanations of the purposes and provisions of
this title. The PCFB shall provide compliance counseling and guidance to
candidates seeking to participate in public financing as provided for in
this title, as well as to such candidates who participate. The PCFB
shall prepare or have prepared and make available materials, including,
to the extent feasible, computer software, to facilitate the task of
compliance with the disclosure and record keeping requirements of this
title.
4. The PCFB shall have the authority to promulgate such rules and
regulations and provide such forms as it deems necessary for the admin-
istration of this title.
5. The PCFB shall provide an interactive, searchable computer database
that shall contain all information necessary for the proper adminis-
tration of this title, including information on contributions to and
expenditures by candidates and their authorized committees, independent
expenditures in support or opposition of candidates for covered offices,
and distributions of moneys from the fund. Such database shall be acces-
sible to the public on the PCFB's webpage.
6. Any advice provided by PCFB staff to a participating or non partic-
ipating candidate with regard to an action shall be presumptive evidence
that such action, if taken in reliance on such advice, should not be
subject to a penalty or repayment obligation where such candidate or
such candidate's committee has confirmed such advice in writing to such
PCFB staff by registered or certified mail to the correct address, or by
electronic or facsimile transmission with evidence of receipt, describ-
ing the action to be taken pursuant to the advice given and the PCFB or
its staff has not responded to such written confirmation within seven business days disavowing or altering such advice, provided that the PCFB's response shall be by registered or certified mail to the correct address, or by electronic or facsimile transmission with evidence of receipt.

7. The PCFB and its proceedings shall be subject to articles six and seven of the public officers law.

8. Notwithstanding any other provision of law including, but not limited to, subdivision one of section 3-104 of this chapter, the PCFB shall have sole authority to investigate all referrals and complaints relating to the administration of the program established hereunder and violations of any of its provisions, and it shall have sole authority to administer the program established in this title and to enforce such provisions of this program except as otherwise provided in this title.

9. The PCFB may take such other actions as are necessary and proper to carry out the purposes of this recommendation.

§ 14-208. Audits and repayments. 1. Audits. (a) The PCFB shall audit and examine all matters relating to the proper administration of this title and shall complete all such audits no later than one and one-half years after the election in question. This deadline shall not apply in cases involving potential campaign-related fraud, knowing and willful violations of this article, or criminal activity.

(b) Every participating candidate for statewide office who receives public funds as provided in this title, and every candidate for any other office who receives five hundred thousand dollars or greater in public funds as provided in this title, shall be audited by the PCFB along with all other candidates in each such race. Such audits shall be completed within one and one-half years of the election in question.

(c) Except as provided in paragraph (b) of this subdivision, the PCFB shall select not more than one-third of all participating candidates in covered elections for audit through a lottery which shall be completed within one year of the election in question. A separate lottery shall be conducted for each office. The PCFB shall select senate and assembly districts to be audited, auditing every candidate in each selected district, while ensuring that the number of audited candidates within those districts does not exceed fifty percent of all participating candidates for the relevant office. The lottery for senate and assembly elections shall be weighted to increase the likelihood that a district for the relevant office is audited based on how frequently it has not been selected for auditing during the past three election cycles. The PCFB shall promulgate rules concerning the method of weighting the senate and assembly lotteries, including provisions for the first three election cycles for each office.

(d) The cost of complying with a post-election audit shall be borne by the candidate's authorized committee using public funds, private funds, or any combination of such funds. Candidates who run in any primary or general election must maintain a reserve of three percent of the public funds received to comply with the post-election audit.

(e) The PCFB shall issue to each campaign audited a final audit report that details its findings.

2. Repayments. (a) If the PCFB determines that any portion of the payment made to a candidate's authorized committee from the fund was in excess of the aggregate amount of payments that such candidate was eligible to receive pursuant to this title, it shall notify such committee and such committee shall pay to the PCFB an amount equal to the amount of excess payments. Such committee shall first utilize the
surplus for repayment of such sums and then such other funds as it may have. Provided, however, that if the erroneous payment was the result of an error by the PCFB, then the erroneous payment will be deducted from any future payment, if any, and if no future payment is to be made then neither the candidate nor the committee shall be liable to repay the excess amount to the PCFB. The candidate and the candidate’s authorized committee are jointly and severally liable for any repayments to the PCFB.

(b) If the PCFB determines that any portion of the payment made to a candidate's authorized committee from the fund was used for purposes other than qualified campaign expenditures and such expenditures were not approved by the PCFB, it shall notify such committee of the amount so disqualified and such committee shall pay to the PCFB an amount equal to such disqualified amount. The candidate, the treasurer, and the candidate's authorized committee are jointly and severally liable for any repayments to the PCFB.

(c) If the total sum of contributions received and public matching payments from the fund received by a participating candidate and his or her authorized committee exceed the total campaign expenditures of such candidate and authorized committee for all covered elections held in the same calendar year or for a special election to fill a vacancy, such candidate and committee shall use such surplus funds to reimburse the fund for payments received by such authorized committee from the fund during such calendar year or for such special election. Participating candidates shall make such payments not later than twenty-seven days after all liabilities for the election have been paid and in any event, not later than the day on which the PCFB issues its final audit report for the participating candidate’s authorized committee; provided, however, that all unspent public campaign funds for a participating candidate shall be immediately due and payable to the PCFB upon a determination by the PCFB that the participant has delayed the post-election audit. A participating candidate may make post-election expenditures with public funds only for routine activities involving nominal cost associated with winding up a campaign and responding to the post-election audit. Nothing in this title shall be construed to prevent a candidate or his or her authorized committee from using campaign contributions received from private contributors for otherwise lawful expenditures.

3. Rules and regulations. (a) The PCFB shall promulgate regulations for the certification of the amount of funds payable by the comptroller from the fund established pursuant to section ninety-two-t of the state finance law, to a participating candidate that has qualified to receive such payment. These regulations shall include the promulgation and distribution of forms on which contributions and expenditures are to be reported, the periods during which such reports must be filed, and the verification required. The PCFB shall institute procedures which will make possible payment by the fund within four business days after receipt of the required forms and verifications.

(b) All rules and regulations promulgated pursuant to this recommenda-
tion shall be promulgated pursuant to the state administrative procedure act. The PCFB's determinations pursuant to such regulations and these recommendations shall be deemed final.

§ 14-209. Enforcement and penalties for violations and other proceedings. 1. Civil penalties. Violations of any provisions regarding public campaign financing stated in this title or regulation promulgated pursuant to this title shall be subject to a civil penalty in an amount not in excess of fifteen thousand dollars and such other lesser fines as
the PCFB may promulgate in regulation. Candidates may contest alleged
failures to file, late reports and reports with noticed deficiencies and
have an opportunity to be heard by the PCFB. The PCFB shall promulgate a
regulation setting forth a schedule of fines for such infractions
including those that it may assess directly on violators. The PCFB
shall investigate referrals and complaints. After investigation, it may
recommend dismissal, settlement, civil action, or referral to law
enforcement. The PCFB may assess penalties and it is authorized to
commence a civil action in court to enforce all penalties and recover
money due.

2. Notice of violation and opportunity to be heard. The PCFB shall:
   (a) determine whether a violation of any provision of this title or
   regulation promulgated hereunder has been committed;
   (b) serve written notice upon each person or entity it has reason to
   believe has committed a violation and such written notice shall describe
   with particularity the nature of the alleged violation including a writ-
   ten reference to a specific law or regulation alleged to have been
   violated;
   (c) provide such person or entity an opportunity to be heard pursuant
to the state administrative procedure act and any regulations of the
PCFB; and
   (d) if appropriate, assess penalties for violations, following such
notice and opportunity to be heard.

3. Criminal conduct. Any person who knowingly and willfully furnishes
or submits false statements or information to the PCFB in connection
with its administration of this title shall be guilty of a misdemeanor
in addition to any other penalty as may be imposed under this chapter or
pursuant to any other law. The attorney general, upon referral from the
PCFB, shall have exclusive authority to prosecute any such criminal
violation. The PCFB shall seek to recover any public matching funds
obtained as a result of such criminal conduct.

4. Court proceedings. Proceedings as to public financing brought under
this title shall have preference over all other causes in all courts.
   (a) The determination of eligibility pursuant to this title and any
   question or issue relating to payments for campaign expenditures pursu-
   ant to this title may be contested in a proceeding instituted in the
Supreme Court, Albany county by any aggrieved candidate.
   (b) A proceeding with respect to such a determination of eligibility
or payment for qualified campaign expenditures pursuant to this chapter
shall be instituted within fourteen days after such determination was
made. The PCFB shall be made a party to any such proceeding.
   (c) Upon the PCFB's failure to receive the amount due from a partic-
ipating candidate or such candidate's authorized committee after the
issuance of written notice of such amount due, as required by this
title, the PCFB is authorized to institute a special proceeding or civil
action in Supreme Court, Albany county to obtain a judgment for any
amounts determined to be payable to the PCFB as a result of an examina-
tion and audit made pursuant to this title or to obtain such amounts
directly from the candidate or authorized committee after a hearing at
the PCFB.
   (d) The PCFB shall settle or, in its sole discretion, institute a
special proceeding or civil action in Supreme Court, Albany county to
obtain a judgment for civil penalties determined to be payable to the
PCFB pursuant to this title or to impose such penalty directly after a
hearing at the PCFB.
§ 14-210. Reports. The PCFB shall review and evaluate the effect of this title upon the conduct of election campaigns and shall submit a report to the legislature on or before January first, two thousand twenty-five and every second year thereafter, and at any other time upon the request of the governor and at such other times as the PCFB deems appropriate. These reports shall include:

1. a list of the participating and nonparticipating candidates in covered elections and the votes received by each candidate in those elections;
2. the amount of contributions and loans received, and expenditures made on behalf of these candidates;
3. the amount of public matching funds each participating candidate received, spent, and repaid pursuant to this program;

election law. Moneys shall be paid out of the fund by the state comp-
troller on vouchers certified or approved by the state board of
elections, or its duly designated representative, in the manner
prescribed by law, not more than five working days after such voucher is
received by the state comptroller.

4. Notwithstanding any provision of law to the contrary, if, in any
state fiscal year, the state campaign finance fund lacks the amount of
money to pay all claims vouchered by eligible candidates and certified
or approved by the state board of elections, any such deficiency shall

in a final judgment. No payment from the fund in the possession of such
candidate or such candidate's participating committee on the date of
