

STATE OF NEW YORK

8030

IN SENATE

March 11, 2020

Introduced by Sen. SKOUFIS -- read twice and ordered printed, and when printed to be committed to the Committee on Civil Service and Pensions

AN ACT to amend the retirement and social security law, in relation to providing county correction officers with a special optional twenty year retirement plan

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The retirement and social security law is amended by adding
2 a new article 14-C to read as follows:

ARTICLE 14-C

OPTIONAL RETIREMENT PLAN FOR COUNTY CORRECTION OFFICERS OR DEPUTY SHERIFFS PERFORMING AS CORRECTION OFFICERS

Section 561. Definitions.

7 562. Optional twenty year retirement plan for certain members
8 whose employer elects to provide same.

9 563. Additional pension benefit for members of optional twenty
10 year retirement plan.

11 564. Consistent provisions.

§ 561. Definitions. For purposes of this article:

13 (a) "Member" shall mean a person who is employed as a county
14 correction officer or a deputy sheriff who is engaged directly in
15 correction officer duties that aggregate fifty per centum of their
16 service by a county which elects by resolution or local law, duly
17 adopted, to provide the benefits as authorized by this article.

18 (b) "Retirement system" shall mean the New York state and local
19 employees' retirement system.

20 (c) "Creditable service" shall include any and all services performed
21 as a sheriff, undersheriff or deputy sheriff, or correction officer.
22 Credit for service as a member or officer of the state police or as a
23 paid fireman, policeman or officer of any organized fire department or
24 police force or department of any county, city, village, town, fire
25 district or police district, shall also be deemed to be creditable
26 service and shall be included in computing years of total service for
27 retirement pursuant to this section, provided such service was performed

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

1 by the member while contributing to the retirement system pursuant to
2 the provisions of this article or article eight of this chapter.

3 § 562. Optional twenty year retirement plan for certain members whose
4 employer elects to provide same. (a) Any member of the retirement system
5 may elect to become a member pursuant to the provisions of this section
6 within one year after he or she becomes a member, if his or her employer
7 has elected to make the benefits provided by this section available to
8 members, or within one year after his or her employer elects to make the
9 benefits provided by this section available to its members.

10 (b) Elections made pursuant to this section shall be in writing and
11 shall be duly acknowledged and filed with the comptroller. Any member
12 who files such an election pursuant to this section may withdraw it
13 after it has been filed for at least a year. Such withdrawal shall be by
14 written notice duly acknowledged and filed with the comptroller.

15 (c) A member participating on the basis of this section at the time of
16 retirement shall be entitled to retire after the completion of twenty
17 years of total creditable service or upon the attainment of age sixty-
18 two, by filing an application therefor in a manner similar to that
19 provided in this chapter.

20 (i) Upon completion of twenty years of such service and upon retire-
21 ment, each such member shall receive a pension sufficient to provide him
22 or her with a retirement allowance equal to one-fortieth of his or her
23 final average salary for each year of total creditable services for
24 which he or she is otherwise entitled but not exceeding in the aggregate
25 one-half of his or her final average salary.

26 (ii) Upon attainment of age sixty-two and upon retirement without
27 completion of twenty years of such service, each such member shall
28 receive a pension sufficient to provide him or her with a retirement
29 allowance equal to one-fortieth of his or her final average salary for
30 each year of creditable service. Every such member shall also be enti-
31 tled to an additional pension equal to the pension for any other credit-
32 able service rendered as otherwise provided for in this chapter. This
33 latter pension shall not increase the total allowance to more than one-
34 half of his or her final average salary.

35 (d) The increased pensions to such members, as provided by this
36 section, shall be paid from additional contributions made by the partic-
37 ipating employer on account of such members. The actuary of the retire-
38 ment system shall compute the additional contribution required for each
39 member who elects to receive the special benefits provided under this
40 section. Such additional contributions shall be computed on the basis of
41 contributions during the prospective service of such member which will
42 cover the liability of the retirement system for such extra pensions.
43 Upon approval of the comptroller, such additional contributions shall be
44 certified by him or her to the chief fiscal officer or the participating
45 employer. The amount thereof shall be included in the annual appropri-
46 ation of the participating employer. Such amount shall be paid on the
47 warrant of the chief fiscal officer of the participating employer to the
48 pension accumulation fund of the retirement system.

49 (e) In computing the twenty years of completed service of a member,
50 full credit shall be given for military service as defined in subdivi-
51 sions twenty-nine-a and thirty of section three hundred two of this
52 chapter.

53 (f) Every member participating on the basis of this section shall be
54 separated from the service on the last day of the calendar month next
55 succeeding the calendar month in which he or she attains age sixty-two,
56 provided, however, that such a member who attained the age of sixty-two

1 before his or her employer elected to make the benefits provided by this
2 section available to him or her, or who attains the age of sixty-two
3 within one month after his or her employer makes such benefits avail-
4 able, to be eligible for a pension computed in accordance with the
5 provisions of this section, shall be separated from the service within
6 three months after his or her employer makes such benefits available.

7 (g) The provisions of this section shall be controlling notwithstanding
8 any other provision of this article to the contrary.

9 (h) The benefits of this section shall be available only to those
10 members whose employer elects to provide such benefits by adopting a
11 resolution or local law to such effect and filing a certified copy ther-
12 eof with the comptroller.

13 (i) The benefits provided by this section shall be payable to a
14 member, unless at the date of retirement such member would otherwise be
15 entitled to a greater benefit under other provisions of this chapter had
16 he or she withdrawn from this section, in which event such greater bene-
17 fits shall be payable.

18 § 563. Additional pension benefit for members of optional twenty year
19 retirement plan. (a) A participating employer which has elected, or
20 which elects to provide the benefits of the optional twenty year retire-
21 ment plan for its employees as specified in this article may elect to
22 make contributions for the purpose of providing an additional pension
23 pursuant to this section for members in its employ who are entitled to a
24 pension pursuant to section five hundred sixty-two of this article.
25 Every member employed by an employer which has elected the provisions of
26 section five hundred sixty-two of this article and this section may
27 elect to be covered by the provisions of this section by filing with the
28 comptroller, a duly executed and acknowledged form prepared by the comp-
29 troller for that purpose.

30 (b) Upon retirement, each such member shall receive, for each year of
31 service in excess of twenty, an additional pension which shall be equal
32 to one-sixtieth of his or her final average salary; provided, however,
33 that the total allowance payable pursuant to this section shall not
34 exceed three-quarters of such member's final average salary.

35 § 564. Consistent provisions. Nothing contained in this article shall
36 be construed to otherwise affect the applicability of article eleven,
37 fourteen or fifteen of this chapter. Any other provisions of this chap-
38 ter relating to mandatory contribution to the retirement system based
39 upon a member's date of membership in such system shall not be deemed to
40 be affected by the provisions of this article, and any member who on the
41 effective date of this article is not required to contribute shall not
42 be required to make any contributions as a result of this section. For
43 those members required to contribute to the retirement system, such
44 contribution shall be treated in the same manner as specified for such
45 members in article fourteen or fifteen of this chapter.

46 § 2. Any past service payments required of a county as a result of the
47 adoption of the benefits permitted by this act may be amortized over a
48 period of up to ten years at the option of such county.

49 § 3. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill will create an Article 14-C for any county correction officers or deputy sheriffs engaged directly in correction officer duties at least 50% of their service. The retirement benefit is 50% of final average salary after 20 years of service with additional 60ths for service beyond 20 years if an employer so elects. All service rendered as a correction officer, sheriff, undersheriff or deputy sheriff or as a

fireman, policeman or officer of any organized fire department or police force is creditable. The retirement benefit is not to exceed 75% of final average salary.

If this legislation is enacted during the 2020 legislative session, we anticipate that there will be increases in employer contributions, according to the following tables, on behalf of the affected members for the fiscal year ending March 31, 2021. In future years, this cost will vary as the billing rates change.

20 year half pay plan			
Percent of salary			
Current Plan	Tier 4	Tier 5	Tier 6
A15	7.1%	7.5%	7.1%
89-e	4.4%	4.6%	5.0%

Insofar as this bill would affect the New York State and Local Employees' Retirement System (ERS), the past service cost will depend upon the member's service, salary, tier, current retirement plan and new retirement plan. Once an employer elects to provide this coverage, an exact cost would be determined.

Internal Revenue Service (IRS) plan qualification issues: granting correction officers service credit towards retirement in a 20 year plan could jeopardize the Retirement System's governmental plan status and its exemption from ERISA. This could result in the loss of qualified status, which would mean the loss of tax benefits and would substantially impair the System's value to our more than one million participants.

Prior to the enactment of this legislation, we recommend that a favorable ruling be obtained from the IRS stating that these provisions would not harm the qualification status of the System. It is estimated that the costs to obtain such a ruling would be \$28,000 for the services of the IRS, and \$800 per hour for legal consultants.
