

# STATE OF NEW YORK

8448

## IN SENATE

June 3, 2020

Introduced by Sen. THOMAS -- read twice and ordered printed, and when printed to be committed to the Committee on Internet and Technology

AN ACT in relation to the collection of emergency health data and the use of technology assisted contact tracing to aid during COVID-19; and providing for the repeal of such provision upon the expiration thereof

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

- 1 Section 1. For the purposes of this act:
- 2 1. "Covered entity" means any person, including a government entity:
- 3 (a) that collects, uses, or discloses emergency health data, as
- 4 defined in this act, electronically or through communication by wire or
- 5 radio; or
- 6 (b) that develops or operates a website, web application, mobile
- 7 application, mobile operating system feature, or smart device applica-
- 8 tion for the purpose of tracking, screening, monitoring, contact trac-
- 9 ing, or mitigation, or otherwise responding to the COVID-19 public
- 10 health emergency.
- 11 2. "De-identified information" means information that cannot reason-
- 12 ably identify, relate to, describe, be capable of being associated with,
- 13 or be linked, directly or indirectly, to a particular individual. A
- 14 covered entity that uses de-identified information:
- 15 (a) has implemented technical safeguards that prohibit re-identifica-
- 16 tion of the individual to whom the information may pertain;
- 17 (b) has implemented business processes that specifically prohibit
- 18 re-identification of the information;
- 19 (c) has implemented business processes that prevent inadvertent
- 20 release of de-identified information; and
- 21 (d) makes no attempt to re-identify the information.
- 22 3. "Emergency health data" means data linked or reasonably linkable to
- 23 an individual or device, including data inferred or derived about the
- 24 individual or device from other collected data provided such data is
- 25 still linked or reasonably linkable to the individual or device, that
- 26 concerns the public COVID-19 health emergency. Such data includes:

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.

LBD16478-01-0

1 (a) Information that reveals the past, present, or future physical or  
2 behavioral health or condition of, or provision of healthcare to, an  
3 individual including:

4 (i) data derived from the testing or examination;

5 (ii) whether or not an individual has contracted or been tested for,  
6 or an estimate of the likelihood that a particular individual may  
7 contract, such disease or disorder; and

8 (iii) genetic data, biological samples and biometrics; and

9 (b) Other data collected in conjunction with other emergency health  
10 data or for the purpose of tracking, screening, monitoring, contact  
11 tracing, mitigation, or otherwise responding to the COVID-19 public  
12 health emergency including:

13 (i) geolocation data, when such term means data capable of determining  
14 the past or present precise physical location of an individual at a  
15 specific point in time, taking account of population densities, includ-  
16 ing cell-site location information, triangulation data derived from  
17 nearby wireless or radio frequency networks and global positioning  
18 system data;

19 (ii) proximity data, when such term means information that identifies  
20 or estimates the past or present physical proximity of one individual or  
21 device to another, including information derived from Bluetooth, audio  
22 signatures, nearby wireless networks, and near field communications;

23 (iii) demographic data;

24 (iv) contact information for identifiable individuals or a history of  
25 the individual's contacts over a period of time, such as an address book  
26 or call log; and

27 (v) any other data collected from a personal device.

28 4. "Technology assisted contact tracing" means technology that sends a  
29 steady supply of information, including location information, movement,  
30 social encounters, phone numbers, and health data, to a central authori-  
31 ty.

32 5. "Personal information" means information that identifies, relates  
33 to, describes, is capable of being associated with, or could reasonably  
34 be linked, directly or indirectly, with a particular consumer or house-  
35 hold.

36 6. "Process" means any operation or set of operations that are  
37 performed on personal data by either automated or not automated means.

38 § 2. Any entity creating, developing, or marketing technology assisted  
39 contact tracing to aid during the COVID-19 public health emergency must  
40 disclose the following information at a fourth grade reading level or  
41 below and in the language the entity regularly uses to communicate with  
42 the individual:

43 1. The individual's right to opt-in. (a) A covered entity shall obtain  
44 freely given, specific, informed, and unambiguous opt-in consent from an  
45 individual to:

46 (i) process the individual's emergency health data; and

47 (ii) make any changes in the processing of the individual's emergency  
48 health data.

49 (b) It shall be unlawful for a covered entity to collect, use, or  
50 disclose emergency health data unless:

51 (i) the individual to whom the data pertains has freely given, specif-  
52 ic, informed, and unambiguous consent to such collection, use, or  
53 disclosure; or

54 (ii) such collection, use, or disclosure is necessary and for the sole  
55 purpose of:

1 (A) protecting against malicious, deceptive, fraudulent, or illegal  
2 activity; or

3 (B) detecting, responding to, or preventing security incidents or  
4 threats; or

5 (iii) the covered entity is compelled to do so by a court order or  
6 other legal obligation.

7 (c) To the extent that a covered entity must process internet protocol  
8 addresses, system configuration information, URLs of referring pages,  
9 locale and language preferences, keystrokes, and other personal informa-  
10 tion in order to obtain individuals' freely given, specific, informed,  
11 and unambiguous opt-in consent, the entity:

12 (i) shall only process the personal information necessary to request  
13 freely given, specific, informed, and unambiguous opt-in consent;

14 (ii) shall process the personal information solely to request freely  
15 given, specific, informed, and unambiguous opt-in consent; and

16 (iii) shall immediately delete the personal information if consent is  
17 withheld.

18 2. The individual's right to privacy. (a) All data collected for the  
19 purpose of tracking, screening, monitoring, contact tracing, or miti-  
20 gation, or otherwise responding to the COVID-19 public health emergency  
21 shall be collected at a minimum level of identifiability reasonably  
22 needed for tracking COVID-19. For a covered entity using proximity trac-  
23 ing or exposure notification this includes changing pseudonyms or tempo-  
24 rary anonymous identifiers at least once in a twelve hour period.

25 (b) A covered entity shall not process personal information beyond  
26 what is adequate, relevant, and necessary for the completion of the  
27 transaction disclosed to, affirmatively consented to, and requested by  
28 the individual.

29 (c) A covered entity shall not collect, use, or disclose emergency  
30 health data for any purpose not authorized under this act, including:

31 (i) commercial advertising, recommendation for e-commerce, or the  
32 training of machine learning algorithms related to, or subsequently for  
33 use in, commercial advertising and e-commerce;

34 (ii) soliciting, offering, selling, leasing, licensing, renting,  
35 advertising, marketing, or otherwise commercially contracting for  
36 employment, finance, credit, insurance, housing, or education opportu-  
37 nities in a manner that discriminates or otherwise makes opportunities  
38 unavailable on the basis of data; or

39 (iii) segregating, discriminating in, or otherwise making unavailable  
40 the goods, services, facilities, privileges, advantages, or accommo-  
41 dations of any place of public accommodation (as such term is defined in  
42 section 301 of the Americans with Disabilities Act of 1990), except as  
43 authorized by a state or federal government entity for a public health  
44 purpose.

45 3. Covered entity privacy policy. (a) A covered entity shall provide  
46 to the individual a privacy policy, prior to or at the point of  
47 collection of emergency health data:

48 (i) detailing how and for what purpose the covered entity collects,  
49 uses, and discloses emergency health data;

50 (ii) describing the covered entity's data retention and data security  
51 policies and practices for emergency health data; and

52 (iii) describing how an individual may exercise rights under this  
53 section.

54 (b) A covered entity must develop a written policy, made available to  
55 the public, establishing a retention schedule and guidelines for perma-  
56 nently destroying emergency health data when the initial purpose for

1 collecting or obtaining such data has been satisfied or within two years  
2 of the individual's last interaction with the covered entity, whichever  
3 occurs first. A covered entity in possession of emergency health data  
4 must comply with its established retention schedule and destruction  
5 guidelines.

6 (c) A covered entity shall create transparency reports, at least once  
7 every 90 days, that include:

8 (i) the number of individuals whose emergency health data the covered  
9 entity collected or used;

10 (ii) the categories of emergency health data collected, used, or  
11 disclosed;

12 (iii) the purposes for which each category of emergency health data  
13 was collected, used, or disclosed;

14 (iv) the number of requests for individuals emergency health data,  
15 including information on who the emergency health data was disclosed to;  
16 and

17 (v) the number of instances where emergency health data was produced,  
18 in whole or in part, without prior, explicit consents by the individuals  
19 specified in the request.

20 4. Time limitation on retention. (a) Emergency data collected for the  
21 purpose of tracking, screening, monitoring, contact tracing, or miti-  
22 gation, or otherwise responding to the COVID-19 public health emergency  
23 shall be deleted within 30 days, except that proximity tracing or expo-  
24 sure notification data which shall be automatically deleted every 14  
25 days.

26 (b) A covered entity that stores data for longer than 30 days must  
27 re-engage consent every 30 days. Data shall automatically delete in 30  
28 days unless consent is properly re-engaged.

29 (c) This subdivision shall not apply to de-identified information.

30 5. Access rights. (a) Emergency health data shall be shared only as  
31 necessary to provide the service requested by an individual.

32 (b) A covered entity may share aggregate, de-identified data with  
33 public health authorities solely for the limited purposes for which  
34 information can be collected in the first place. No information shall be  
35 shared with law enforcement without a valid court order, subpoena, or  
36 search warrant.

37 (c) A covered entity shall not disclose emergency health data to a  
38 third party unless that third party is contractually bound to the  
39 covered entity to meet the same privacy and security obligations as the  
40 covered entity.

41 (d) No covered entity in possession of emergency health data may  
42 disclose, redisclose, or otherwise disseminate an individual's emergency  
43 health data unless:

44 (i) the subject of the personal information or the subject's legally  
45 authorized representative consents in writing to the disclosure or  
46 redisclosure;

47 (ii) the disclosure or redisclosure is required by state or federal  
48 law; or

49 (iii) the disclosure is required pursuant to a valid warrant, court  
50 order, or subpoena issued by a court of competent jurisdiction.

51 (e) Individuals shall have the right to access the emergency health  
52 data collected on them and correct any inaccuracies.

53 (i) A covered entity must comply with an individual's request to  
54 correct emergency health data not later than 30 days after receiving a  
55 verifiable request from the individual or, in the case of a minor, the  
56 individual's parent or guardian.

1 (ii) Where the covered entity has reasonable doubts or cannot verify  
2 the identity of the individual making a request under this paragraph,  
3 the covered entity may request additional information necessary for the  
4 specific purpose of confirming the identity of the individual. In such  
5 cases, the additional information shall not be processed for any purpose  
6 other than verifying the identity of the individual and must be deleted  
7 immediately upon verification or failure to verify the individual.

8 § 3. 1. A covered entity shall implement reasonable measures to ensure  
9 confidentiality, integrity, and availability of data.

10 2. A covered entity that collects an individual's emergency health  
11 data shall implement and maintain reasonable security procedures and  
12 practices, including administrative, physical, and technical safeguards,  
13 appropriate to the nature of the information and the purposes for which  
14 that information will be used, to protect that information from unau-  
15 thorized use, disclosure, access, destruction, or modification.

16 3. A covered entity shall limit access to emergency health data to  
17 authorized essential personnel whose use of the data is reasonably  
18 necessary to operate the program and record who has accessed emergency  
19 health data, the date of access, and for what purposes.

20 § 4. 1. All covered entities shall be subject to data protection  
21 audits evaluating the technology assisted contact tracing utilized and  
22 the development processes, including the design and training data, for  
23 statistical impacts on classes protected under section 296 of article 15  
24 of the executive law, as well as for impacts on privacy, and security  
25 that includes at a minimum:

26 (a) a detailed description of the technology assisted contact tracing,  
27 its design, its training, data, and its purpose;

28 (b) an assessment of the relative benefits and costs of the technology  
29 assisted contact tracing in light of its purpose, taking into account  
30 relevant factors including data minimization practices; the duration for  
31 which personal information and the results of the data analysis are  
32 stored; what information about the technology assisted contact tracing  
33 is available to the public; and the recipients of the results of the  
34 technology assisted contact tracing;

35 (c) an assessment of the risk of harm posed by the technology assisted  
36 contact tracing and the risk that the technology assisted contact trac-  
37 ing may result in or contribute to inaccurate, unfair, biased, or  
38 discriminatory decisions impacting individuals; and

39 (d) The measures the state agency will employ to minimize the risks  
40 described in paragraph (c) of this subdivision, including technological  
41 and physical safeguards.

42 2. The audits required by this subdivision shall be made available to  
43 the public.

44 § 5. 1. An individual may bring a private right of action in a court  
45 of competent jurisdiction to enforce any right under this act or to  
46 enjoin any violation of this act.

47 2. The attorney general may bring an action in the name of the state,  
48 or as *parens patriae* on behalf of persons residing in the state, to  
49 enforce the provisions of this act. In an action brought by the attorney  
50 general, the court may award injunction relief, including preliminary  
51 injunctions, to prevent further violations of and compel compliance with  
52 this act; civil penalties up to twenty-five thousand dollars per  
53 violation or up to four percent of annual revenue; other appropriate  
54 relief, including restitution, to redress harms to individuals or to  
55 mitigate all substantial risk of harm; and any other relief the court  
56 determines.

1 § 6. This act shall take effect on the thirtieth day after it shall  
2 have become a law and shall expire and be deemed repealed January 1,  
3 2023.
