AN ACT to amend the retirement and social security law, in relation to providing a heart disease presumption for certain fire marshals in Nassau county

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

6 division supervising fire marshal, assistant chief fire marshal, chief
7 fire marshal or fire marshal trainee employed by Nassau county who
8 contracts any condition of impairment of health caused by diseases of

10 vising fire marshal, division supervising fire marshal, assistant chief
11 fire marshal, chief fire marshal or fire marshal trainee, presently
12 employed, and who shall have sustained such disability while so
13 employed, shall be presumptive evidence that such disability was
14 incurred in the performance and discharge of duty and the natural and
15 proximate result of an accident, unless the contrary be proved by compe-
16 tent evidence; provided, however, that prior to entry into service, such
17 fire marshal, supervising fire marshal, division supervising fire

county who contracts any condition of impairment of health caused by diseases of the heart, resulting in disability or death to such fire marshal, supervising fire marshal, division supervising fire marshal, assistant chief fire marshal, chief fire marshal or fire marshal trainee, presently employed, and who shall have sustained such disability while so employed, shall be presumptive evidence that such disability was incurred in the performance and discharge of duty and the natural and proximate result of an accident, unless the contrary be proved by competent evidence; provided, however, that prior to entry into service, such fire marshal, supervising fire marshal, division supervising fire marshal, assistant chief fire marshal, chief fire marshal or fire marshal trainee successfully passed a physical examination which failed to disclose evidence of any disease or other impairment of the heart.

§ 3. Notwithstanding any other provision of law to the contrary, none of the provisions of this act shall be subject to section 25 of the retirement and social security law.

§ 4. This act shall take effect immediately.

FISCAL NOTE.-- Pursuant to Legislative Law Section 50:

This bill would allow certain members of the New York State and Local Employees' Retirement System (ERS) employed by Nassau County as chief fire marshal, assistant chief fire marshal, division supervising fire marshal, supervising fire marshal, fire marshal and fire marshal trainee to receive an accidental disability benefit if the member is impaired due to a condition of the heart as a result of an accident, in the performance of his or her duties, unless the contrary be proven by competent evidence. The annual benefit would be 3/4 of final average salary less worker's compensation.

If this bill is enacted during the 2020 legislative session, it would lead to more disabilities being classified as "accidental". The cost of the revised benefit will depend upon the applicant's age, service, salary, plan, and benefit type otherwise payable.

Benefit without enactment:	None	Ordinary Disability	Service
Cost for revised benefit:	7.5 times salary	3 times salary	1 times salary

However, we anticipate that few additional accidental disability retirements will be granted, and thus, the resulting costs are expected to be negligible.
