1 277. Severability.

2 § 254. Legislative intent. 1. The legislature finds that there are
3 significant public infrastructure, higher education, home loans, and
4 small business development needs, including those involving minor-
5 ity- and women-owned business enterprises, of the state that are unmet.
6 The legislature further finds that there are opportunities to use the
7 state's depository assets to generate additional benefit for the people
8 and the economy of the state. Therefore, the legislature intends to
9 create the state of New York public bank as a legacy institution that
10 amasses sufficient capital reserves to address opportunities now and in
11 the future.

12 2. The legislature intends that the public bank may:

13 (a) Facilitate investment in, and financing of, public infrastructure
14 systems and projects that will increase public health, safety, and qual-
15 ity of life, improve environmental conditions, and promote community
16 vitality and economic growth;

17 (b) Assist students who are in need of additional low-cost student
18 loans in order to finance the cost of higher education;

19 (c) Acquire and contract to acquire existing mortgages owned by banks
20 and enter into advance commitments to banks for the purchase of such
21 mortgages, and to provide low-cost home loans to first time home buyers;

23 and women-owned business enterprises and farmers; and

24 (e) Provide banking to underserved communities and economically disad-
25 vantaged communities of our state to provide access to low-interest
26 capital; and

28 partnership with financial institutions, including credit unions, commu-
29 nity development financial institutions, independent banks, community-
30 based organizations, economic development organizations, guaranty agen-
31 cies, and other similar organizations.

32 3. The mission of the bank is to use New York's depository assets in
33 ways that afford the most efficient use of taxpayer revenues and public
34 resources for the benefit of the people and economy of the state. The
35 legislature intends for the bank to apply business strategies to manage
36 taxpayer revenues while concurrently meeting identified needs and stra-
37 tegic opportunities across the state. In achieving its purpose of
38 improving public infrastructure and increasing access to higher educa-
39 tion, creating a pathway to home ownership and strengthening the state's
40 economy by investing in small businesses, including minority- and
41 women-owned business enterprises, and farmers, the legislature intends
42 for the bank to adhere to the following priorities:

43 (a) Institutional safety and soundness;

44 (b) Long-term viability;

45 (c) Social return and monetary return on investments;

46 (d) Prudent and best banking and business practices;

47 (e) Highest ethical, accountability, and transparency standards; and
