§ 2. Subdivisions (a) and (c) of section 9.37 of the mental hygiene law, subdivision (a) as amended by chapter 723 of the laws of 1989 and subdivision (c) as amended by chapter 230 of the laws of 2004, are amended to read as follows:

(a) The director of a hospital, upon application by a director of community services or an examining physician duly designated by him or her, may receive and care for in such hospital as a patient any person who, in the opinion of the director of community services or the director's designee, has a mental illness for which immediate inpatient care and treatment in a hospital is appropriate and which is likely to result in serious physical harm ~~[to himself or herself]~~ or ~~[others]~~ serious psychiatric harm.

The need for immediate hospitalization shall be confirmed by a staff physician of the hospital prior to admission. Within seventy-two hours, excluding Sunday and holidays, after such admission, if such patient is to be retained for care and treatment beyond such time and he or she does not agree to remain in such hospital as a voluntary patient, the certificate of another examining physician who is a member of the psychiatric staff of the hospital that the patient is in need of involuntary care and treatment shall be filed with the hospital. From the time of his or her admission under this section the retention of such patient for care and treatment shall be subject to the provisions for notice, hearing, review, and judicial approval of continued retention or transfer and continued retention provided by this article for the admission and retention of involuntary patients, provided that, for the purposes of such provisions, the date of admission of the patient shall be deemed to be the date when the patient was first received in the hospital under this section.

(c) Notwithstanding the provisions of subdivision (b) of this section, in counties with a population of less than two hundred thousand, a

1 director of community services who is a licensed psychologist pursuant  
2 to article one hundred fifty-three of the education law or a licensed  
3 clinical social worker pursuant to article one hundred fifty-four of the  
4 education law but who is not a physician may apply for the admission of  
5 a patient pursuant to this section without a medical examination by a  
6 designated physician, if a hospital approved by the commissioner pursu-

8 of the patient, and the director of community services has made a  
9 reasonable effort to locate a designated examining physician but such a  
10 designee is not immediately available and the director of community  
11 services, after personal observation of the person, reasonably believes  
12 that he or she may have a mental illness which is likely to result in  
13 serious physical harm [~~to himself~~] or [~~others~~] serious psychiatric harm  
14 and inpatient care and treatment of such person in a hospital may be  
15 appropriate. In the event of an application pursuant to this subdivi-  
16 sion, a physician of the receiving hospital shall examine the patient  
17 and shall not admit the patient unless he or she determines that the  
18 patient has a mental illness for which immediate inpatient care and  
19 treatment in a hospital is appropriate and which is likely to result in  
20 serious harm to himself or others. If the patient is admitted, the need  
21 for hospitalization shall be confirmed by another staff physician within  
22 twenty-four hours. An application pursuant to this subdivision shall be  
23 in writing and shall be filed with the director of such hospital at the  
24 time of the patient's reception, together with a statement in a form  
25 prescribed by the commissioner giving such information as he may deem  
26 appropriate, including a statement of the efforts made by the director  
27 of community services to locate a designated examining physician prior  
28 to making an application pursuant to this subdivision.

29 § 3. Subdivision (a) of section 9.37 of the mental hygiene law, such  
30 section as renumbered by chapter 978 of the laws of 1977, is amended to  
31 read as follows:

33 community services or an examining physician duly designated by him or  
34 her, may receive and care for in such hospital as a patient any person  
35 who, in the opinion of the director of community services or his or her  
36 designee, has a mental illness for which immediate inpatient care and  
37 treatment in a hospital is appropriate and which is likely to result in  
38 serious physical harm [~~to himself or others; "likelihood of serious~~  
39 ~~harm" shall mean:~~

40 ~~1. substantial risk of physical harm to himself as manifested by~~  
41 ~~threats of or attempts at suicide or serious bodily harm or other~~  
42 ~~conduct demonstrating that he is dangerous to himself, or~~

43 ~~2. a substantial risk of physical harm to other persons as manifested~~  
44 ~~by homicidal or other violent behavior by which others are placed in~~  
45 ~~reasonable fear]~~ or serious [physical] psychiatric harm.

46 The need for immediate hospitalization shall be confirmed by a staff  
47 physician of the hospital prior to admission. Within seventy-two hours,  
48 excluding Sunday and holidays, after such admission, if such patient is  
49 to be retained for care and treatment beyond such time and he or she  
50 does not agree to remain in such hospital as a voluntary patient, the  
51 certificate of another examining physician who is a member of the  
52 psychiatric staff of the hospital that the patient is in need of invol-  
53 untary care and treatment shall be filed with the hospital. From the  
54 time of his or her admission under this section the retention of such  
55 patient for care and treatment shall be subject to the provisions for  
56 notice, hearing, review, and judicial approval of continued retention or

transfer and continued retention provided by this article for the admission and retention of involuntary patients, provided that, for the purposes of such provisions, the date of admission of the patient shall be deemed to be the date when the patient was first received in the hospital under this section.

§ 4. Subdivision (a) of section 9.39 of the mental hygiene law, as amended by chapter 789 of the laws of 1985, is amended to read as follows:

(a) The director of any hospital maintaining adequate staff and facilities for the observation, examination, care, and treatment of persons alleged to be mentally ill and approved by the commissioner to receive and retain patients pursuant to this section may receive and retain therein as a patient for a period of fifteen days any person alleged to have a mental illness for which immediate observation, care, and treatment in a hospital is appropriate and which is likely to result in serious physical harm ~~[to himself or others. "Likelihood to result in serious harm" as used in this article shall mean:~~

~~1. substantial risk of physical harm to himself as manifested by threats of or attempts at suicide or serious bodily harm or other conduct demonstrating that he is dangerous to himself, or~~

~~2. a substantial risk of physical harm to other persons as manifested by homicidal or other violent behavior by which others are placed in reasonable fear of]~~ or serious [physical] psychiatric harm.

The director shall cause to be entered upon the hospital records the name of the person or persons, if any, who have brought such person to the hospital and the details of the circumstances leading to the hospitalization of such person.

The director shall admit such person pursuant to the provisions of this section only if a staff physician of the hospital upon examination of such person finds that such person qualifies under the requirements of this section. Such person shall not be retained for a period of more than forty-eight hours unless within such period such finding is confirmed after examination by another physician who shall be a member of the psychiatric staff of the hospital. Such person shall be served, at the time of admission, with written notice of his or her status and rights as a patient under this section. Such notice shall contain the patient's name. At the same time, such notice shall also be given to the mental hygiene legal service and personally or by mail to such person or persons, not to exceed three in number, as may be designated in writing to receive such notice by the person alleged to be mentally ill. If at any time after admission, the patient, any relative, friend, or the mental hygiene legal service gives notice to the director in writing of request for court hearing on the question of need for immediate observation, care, and treatment, a hearing shall be held as herein provided as soon as practicable but in any event not more than five days after such request is received, except that the commencement of such hearing may be adjourned at the request of the patient. It shall be the duty of the director upon receiving notice of such request for hearing to forward forthwith a copy of such notice with a record of the patient to the supreme court or county court in the county where such hospital is located. A copy of such notice and record shall also be given the mental hygiene legal service. The court which receives such notice shall fix the date of such hearing and cause the patient or other person requesting the hearing, the director, the mental hygiene legal service and such other persons as the court may determine to be advised of such date. Upon such date, or upon such other date to which the proceeding may be

1 adjourned, the court shall hear testimony and examine the person alleged  
2 to be mentally ill, if it be deemed advisable in or out of court, and  
3 shall render a decision in writing that there is reasonable cause to  
4 believe that the patient has a mental illness for which immediate inpa-  
5 tient care and treatment in a hospital is appropriate and which is like-  
6 ly to result in serious physical harm [~~to himself or others~~] or serious  
7 psychiatric harm. If it be determined that there is such reasonable  
8 cause, the court shall forthwith issue an order authorizing the  
9 retention of such patient for any such purpose or purposes in the hospi-  
10 tal for a period not to exceed fifteen days from the date of admission.  
11 Any such order entered by the court shall not be deemed to be an adjudi-  
12 cation that the patient is mentally ill, but only a determination that  
13 there is reasonable cause to retain the patient for the purposes of this  
14 section.

15 § 5. Subdivisions (a) and (b) of section 9.40 of the mental hygiene

32 care and treatment and further examination for up to twenty-four hours  
33 if, at the conclusion of such examination, such physician determines  
34 that such person may have a mental illness for which immediate observa-  
35 tion, care and treatment in a comprehensive psychiatric emergency  
36 program is appropriate, and which is likely to result in serious phys-  
37 ical harm [~~to the person~~] or [~~others~~] serious psychiatric harm.
