FISCAL NOTE. -- Pursuant to Legislative Law, Section 50:

This bill would provide an increase in the defined benefit cost-of-living adjustment (COLA) for New York public retirement systems. Starting with a payment in September 2023, the cost-of-living benefit payable to a surviving spouse who is eligible for COLA will be increased from fifty percent to one hundred percent of the benefit that the pensioner would have received.

Insofar as this bill affects the New York State and Local Employees' Retirement System, pursuant to Section 25 of the Retirement and Social Security Law, the increased costs would be borne entirely by the State of New York and would require an itemized appropriation sufficient to pay the cost of the provision. If this bill were enacted, the increase in the present value of benefits would be approximately \$1.4 billion.

Insofar as this bill affects the New York State and Local Police and Fire Retirement System (PFRS), the increased costs would be shared by the State of New York and the participating employers in the PFRS. If this bill were enacted, the increase in the present value of benefits would be approximately \$150 million. The estimated first year cost would be approximately \$3.0 million to the State of New York and approximately \$11 million to the participating employers in the PFRS.
