The algorithmic rate shall represent an 25 26 estimated calculation of the amount of taxes collected and owed each day 27 for both cash and credit and debit card sales. The calculation of the person's algorithmic rate shall be certified by a certified public 28 29 accountant licensed in this state, an attorney licensed in this state or 30 an enrolled agent or registered tax return preparer who has been author-31 ized by the department to certify the algorithmic rate, as an accurate 32 estimate of the ratio of the person's cash to credit transactions and 33 taxable to non-taxable sales. The commissioner shall promulgate regulations defining how the algorithmic rate shall be calculated, setting 34 35 standards for that calculation, and identifying the process by which 36 licensed or registered professionals may be approved or disapproved by 37 the department to certify the accuracy of the algorithmic rate. Amounts 38 deposited in an ACCPC escrow account shall be held in trust for and 39 payable to the commissioner and shall be kept in such accounts until 40 payment over to the commissioner. Persons collecting the tax and required to use an ACCPC escrow account under this subparagraph shall, 41 42 upon establishing the account, authorize the commissioner to debit such 43 account in a manner and frequency to be determined by the commissioner.
