(b) "Hybrid-electric vehicle" shall mean any passenger vehicle which draws propulsion from both an internal combustion engine (or heat engine that uses combustible fuel), an energy storage device and employs a regenerative vehicle braking system that recovers waste energy to charge such energy storage device.

2. No person shall allow or permit the engine of a passenger vehicle to idle for more than three consecutive minutes when the passenger vehicle is not in motion, except that this provision shall not apply when:

(a) such vehicle is forced to remain motionless because of traffic conditions over which the operator thereof has no control;

1 (b) regulations adopted by a federal, state or local agency having
2 jurisdiction require the maintenance of a specific temperature for
3 passenger comfort, in which case the idling time may be increased to the

5 (c) a hybrid-electric vehicle is idling for the purpose of providing

16 in the scope of their duties.

17 4. Nothing in this section shall be deemed to preempt any provision of
18 local law, including, but not limited to section 24-163 of the adminis-
19 trative code of the city of New York, provided that the provisions of
20 such local law are at least as stringent as the provisions of this
21 section.

22 5. Any person who knowingly or intentionally violates any provision of
23 this section shall, upon the first finding of such a violation, be

32 the clause, sentence, paragraph, section or part thereof directly
33 involved in the controversy in which such judgment shall have been
34 rendered.

35 § 3. This act shall take effect on the one hundred eightieth day after
