AN ACT to enact the "COVID-19 housing relief and recovery for all act"

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. This act shall be known and may be cited as the "COVID-19
2 housing relief and recovery for all act".

3 § 2. Legislative findings. The legislature hereby finds that a serious
4 public emergency exists in the state of New York due to the impact of
5 the global outbreak of novel coronavirus, COVID-19, which as of the date
6 of this legislation, created destabilized housing, loss of employment
7 and income, closure of businesses and schools, and greatly exacerbated
8 financial insecurity in the state of New York. The legislature further
9 finds that it is currently impossible to accurately assess the full
10 scope, duration, and severity of impact this public emergency has and
11 will have on the residents of New York and that, in response to this
12 crisis, on March 7, 2020 the executive declared a 'State Disaster Emer-
13 gency' which has put extraordinary constraints on individuals, families,
14 homeowners, not-for-profits, residential housing cooperatives, and
15 local, state, and federal agencies. The legislature further finds that
16 the loss of employment, illness and deaths caused by the COVID-19
17 outbreak have rendered many individuals and families unable to pay for
18 the costs of housing and other life necessities. The legislature further
19 finds that safe and affordable housing is a key measure of positive
20 individual, family, and public health outcomes. The legislature further
21 finds that without government intervention, individuals and families who

are unable to pay the costs of housing will be displaced, which will result in an increase in families who are cohabiting with one or more other families and an increase in the population of unhoused individuals and families, both of which will accelerate the spread of COVID-19 infection and, therefore, measures to prevent such individual and household displacement are necessary to prevent increased COVID-19 transmission. The legislature further finds that without rent and mortgage relief, the number of eviction case filings for nonpayment of rent and the number of mortgage foreclosures will increase tremendously, resulting in overburdened court systems which will not have the resources or space to operate functionally and also resulting in massive congestion and increased human contact in courthouse spaces, both of which will exacerbate the spread of COVID-19 creating a worsened public health hazard. The legislature further finds that a tremendous increase in evictions and foreclosures will overburden social services agencies and resources and that the shelter system does not have the capacity to accommodate a significantly increased homeless population, both of which will also worsen the spread of COVID-19. The legislature further finds that public housing authorities have incurred expenses resulting from the COVID-19 outbreak and have lost rental income due to widespread financial hardship suffered by public housing tenants and occupants as a result of the COVID-19 outbreak. The legislature declares that it is both in the public interest and the responsibility of government to provide and secure federal and state emergency funding to ensure that individuals and families are not rendered homeless or severely financially burdened because of an inability to pay for the cost of housing and other necessities due to the COVID-19 outbreak and to ensure that public housing entities, not-for-profits, residential cooperatives, and landlords unable to afford necessary expenses as a result of COVID-19 outbreak, not be encumbered with severe financial burden, and to promote the stability and proper maintenance of the housing stock and assist communities in recovering from the adverse social and economic impacts of the COVID-19 outbreak, and that, consistent with articles 17 and 18 of the state constitution, it is therefore incumbent on the legislature and the executive to implement protections and to provide rent and mortgage relief so as to reduce the harm to New York residents and ensure safe, decent, sanitary, affordable housing and financial stability during the novel coronavirus, COVID-19, crisis and all other public emergencies.
