Section 1. a) The several amounts specified in this chapter for capital projects, or so much thereof as shall be necessary to accomplish the purpose of the appropriations, are appropriated by comprehensive construction programs (hereinafter referred to by the abbreviation CCP), purposes, and projects designated by the appropriations, and authorized to be made available as hereinafter provided to the respective public officers; such appropriations shall be deemed to provide all costs necessary and pertinent to accomplish the intent of the appropriations

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.
and are appropriated in accordance with the provisions of section 93 of the state finance law.

b) Any amounts specified in this chapter for advances for capital projects, or so much thereof as shall be necessary to accomplish the purpose of the appropriations, are appropriated by comprehensive construction programs (hereinafter referred to by the abbreviation CCP), purposes and projects designated by the appropriations as advances from the capital projects fund in accordance with the provisions of sections 40-a and 93 of the state finance law, and are authorized to be paid as hereinafter provided as an advance for a share, part or whole of the cost for such programs, purposes and projects hereinafter specified.

c) The several amounts specified in this chapter as capital projects - reappropriations, or so much thereof as shall be sufficient to accomplish the purpose of the appropriations, as appropriated by comprehensive construction programs (hereinafter referred to by the abbreviation CCP), purposes, and projects, being the undisbursed and/or unexpended balances of the prior year's appropriations, are reappropriated and unless otherwise amended or repealed in part or total in this chapter shall continue to be available for the same purposes as the prior appropriations or as otherwise amended for the fiscal year beginning April 1, 2021.

The capital projects reappropriations contained in this chapter may be amended by repealing the items set forth in brackets and by adding thereto the underscored material. Certain reappropriations in this chapter are shown using abbreviated text, with three leader dots (an ellipsis) followed by three spaces (... ) used to indicate where existing law that is being continued is not shown. However, unless a change is clearly indicated by the use of brackets [ ] for deletions and underscores for additions, the purpose, amounts, funding source and all other aspects pertinent to each item of appropriation shall be as last appropriated.

For the purpose of complying with section 25 of the state finance law, the year, chapter and section of the last act reappropriating a former original appropriation or any part thereof is, unless otherwise indicated, chapter 54, section 1, of the laws of 2020.

d) No moneys appropriated by this chapter shall be available for payment until a certificate of approval has been issued by the director of the budget, who shall file such certificate with the department of audit and control, the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee.

e) Notwithstanding any provision of law to the contrary, prior to the expenditure of any funds received by the Federal government in response to the COVID-19 public health emergency pursuant to the authority granted in any appropriation set forth herein, the director of the budget may require that the agency or public authority making such expenditures submit an allocation plan to the director of the budget for approval. Approved allocation plans shall be provided to the president pro tempore of the senate and the speaker of the assembly within 30 days of approval. Such allocation plan must comport with any minimum Federal requirements for the expenditure of such funds.

f) Notwithstanding any provision contained herein or any other law to the contrary, the budget director may withhold up to 50 percent of funds appropriated herein, including amounts that are to be paid on specific dates prescribed in law or regulation, from any local government entity which has a police agency operating with police officers as defined under section 1.20 of the criminal procedure law who, by April 1, 2021,
fails to submit to the budget director the certification required by Executive Order 203 issued on June 12, 2020 and titled "New York State Police Reform and Reinvention Collaborative". The Director of the Budget shall discontinue and reverse any withholds made pursuant to this provision upon receipt of the certification required by Executive Order 203. To the extent the State is obligated to make payment to any local government entity which has a police agency operating with police officers as defined under section 1.20 of the criminal procedure law pursuant to any appropriation contained herein, such obligation shall be reduced commensurate with the amount of payments withheld for the amount of time such payments are withheld by the director of the budget pursuant to this provision.

g) The appropriations contained in this chapter shall be available for the fiscal year beginning on April 1, 2021 except as otherwise noted.

Provided further that, except in municipalities where a state-funded antipoverty task force or initiative already exists and is receiving or has received funding, each such taskforce shall make efforts to be comprised of, but not limited to, the following members: representatives from municipal, county, and/or state government; individuals who have lived in or currently live in households in poverty; individuals and advocates representing local not-for-profit and community organizations; representatives from local school districts; and representatives from local social services districts. Of the funds appropriated herein, the amount available for each local anti-poverty task force shall be

to receive funding in the following amounts: municipalities with
fewer than 5,000 individuals in poverty shall each be eligible to
receive $500,000; municipalities with between 5,000 and 10,000 indi-
