AN ACT to amend the public service law and the public authorities law, in relation to requiring the emergency response plan of an electric corporation to include plans for how the communication and coordination of efforts shall occur

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Paragraph (a) of subdivision 21 of section 66 of the public service law, as added by section 4 of part X of chapter 57 of the laws of 2013, is amended to read as follows:

3 (a) Each electric corporation subject to section twenty-five-a of this 5 chapter shall annually, on or before December fifteenth, submit to the 6 commission an emergency response plan for review and approval. The emergency response plan shall be designed for the reasonably prompt restoration of service in the case of an emergency event, defined for purposes 9 of this subdivision as an event where widespread outages have occurred in the service territory of the company due to storms or other causes 10 beyond the control of the company. The emergency response plan shall 11 include, but need not be limited to, the following: (i) the identifica-12 tion of management staff responsible for company operations during an 13 emergency; (ii) a communications system with customers during an emer-14 15 gency that extends beyond normal business hours and business conditions; (iii) identification of and outreach plans to customers who had docu-17 mented their need for essential electricity for medical needs; (iv) 18 identification of and outreach plans to customers who had documented 19 their need for essential electricity to provide critical telecommuni-

cations, critical transportation, critical fuel distribution services or other large-load customers identified by the commission; (v) designation of company staff to communicate with local officials and appropriate 3 4 regulatory agencies; (vi) provisions regarding how the company will 5 assure the safety of its employees and contractors; (vii) procedures for deploying company and mutual aid crews to work assignment areas; 7 identification of additional supplies and equipment needed during an 8 emergency; (ix) the means of obtaining additional supplies and equip-9 ment; (x) procedures to practice the emergency response plan; (xi) 10 appropriate safety precautions regarding electrical hazards, including 11 plans to promptly secure downed wires within thirty-six hours of notifi-12 cation of the location of such downed wires from a municipal emergency 13 official; (xii) plans setting forth how the communication and coordi-14 nation of efforts between the electric corporation, electric corporation 15 employees, electric corporation company crews, mutual aid crews, other 16 utilities, local governments and any other entity performing services to 17 assist such electric corporation shall occur; and [(xii)] such 18 other additional information as the commission may require. Each such corporation shall, on an annual basis, undertake drills implementing 19 procedures to practice its emergency management plan. The commission may 20 21 adopt additional requirements consistent with ensuring the reasonably 22 prompt restoration of service in the case of an emergency event.

- § 2. Paragraph 1 of subdivision (cc) of section 1020-f of the public authorities law, as added by section 7 of part A of chapter 173 of the laws of 2013, is amended to read as follows:
- 26 1. The service provider shall, in consultation with the authority, 27 prepare and maintain an emergency response plan (i) to assure the 28 reasonably prompt restoration of service in the case of an emergency 29 event, defined for purposes of this subdivision as an event where wide-30 spread outages have occurred in the authority's service territory due to 31 a storm or other causes beyond the control of the authority and the 32 service provider, (ii) consistent with the requirements of paragraph (a) 33 of subdivision twenty-one of section sixty-six of the public service law 34 and any regulations and orders adopted thereto, and (iii) establishing 35 the separate responsibilities of the authority and service provider. 36 Such emergency response plan shall include plans setting forth how the 37 communication and coordination of efforts between the authority, service 38 provider, authority employees, service provider employees, authority 39 company crews, service provider company crews, mutual aid crews, other utilities, local governments and any service provider or other entity 40 performing services to assist the authority shall occur. 41
 - § 3. This act shall take effect immediately.
