3	under subdivision one of section 27-3205 of this title, the department

7	health, public safety, and the environment, and is reflective of and
8	consistent with state policies and programs, the department may make a
9	recommendation to the legislature.

42	adopts a standard specification for the term "home compostable" and the
43	department determines that the ASTM standard specification is at least
44	equal to, or more stringent than, the OK Compost HOME certification, a
45	plastic product labeled with the term "home compostable" shall meet that
46	ASTM standard specification. The department may also take the actions
