IN ASSEMBLY

Introduced by M. of A. DICKENS -- read once and referred to the Committee on Racing and Wagering

AN ACT to amend the racing, pari-mutuel wagering and breeding law and the tax law, in relation to funding for a sound basic education

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Legislative intent. The state of New York has an obligation under its constitution to provide its children with a sound basic education as recently and explicitly expressed in the Court of Appeals decision in Campaign for Fiscal Equity v. State. In order to comply with such holding and constitutional duty, the legislature hereby finds that new and continuing funding streams are necessary to meet such duty. The legislature further finds that the existing and primary funding mechanism for education in this state, the real property tax, has historically been imposed by local governments and state support for education should and is intended to rectify uneven revenue yields from that source of revenue due to local prevailing market forces.

12 Supplementing the local property tax is necessary to assure that chil-13 dren residing in areas of high need for educational services that also 14 have a small tax base can receive the same fiscal resources that more 15 fortunate areas of the state utilize to educate our children. Each child 16 is entitled to substantially similar resources. To achieve this end in a manner that will not unnecessarily displace or reduce the support for 17 other vulnerable populations, the legislature hereby finds that licen-18 sees of the newly created video lottery terminals, the division of the 19 20 lottery and other such beneficiaries will be receiving a substantial new 21 form of revenue due to recently enacted legislation and can absorb a 22 reduction in income from other sources at this time. The reductions and 23 transfers in this act will provide for a continuing and substantial 24 revenue source for the state to partially fund its obligation to 25 adequately educate every child in this state.

26 § 2. The racing, pari-mutuel wagering and breeding law is amended by adding a new section 912 to read as follows:

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
