The 1 2 state board of elections is hereby authorized to promulgate rules and 3 regulations mandating all county board of elections to conduct all state 4 elections, including general elections, special elections and primaries, 5 to be held in the year two thousand twenty-three and for all state б elections held thereafter, utilizing the ranked choice voting method. 7 2. The provisions of this article shall apply only when three or more 8 candidates have been nominated or designated for a state elected office 9 enumerated in subdivision one of this section. 10 § 18-104. Ranked choice voting method permitted for local elections. 11 1. For all local elections to be held in the year two thousand twentythree and for all local elections held thereafter, local governments are 12 13 hereby permitted to conduct elections utilizing the ranked choice voting 14 method for all local elections in the state. 2. In order to implement the ranked choice voting method as provided 15 16 in subdivision one of this section, the governing body of the local government shall adopt a resolution implementing the ranked choice meth-17 od as authorized by this article. Such resolution shall be subject to a 18 19 permissive referendum. 20 3. Such resolution shall be adopted by the governing board of the 21 local government at least one hundred eighty days before the local election for which ranked choice voting shall be utilized. 22 The provisions of this article shall apply only when three or more 23 4. 24 candidates have been nominated or designated for an office enumerated in 25 subdivision one of this section, and the governing body of the local 26 government has enacted a resolution implementing the ranked choice 27 voting method. § 18-106. Ranked choice voting method; ballots. 1. For offices subject 28 29 to the ranked choice voting method, the ballot shall be simple and easy to understand and allow a voter to rank candidates for an office in 30 31 order of choice. A voter may include no more than one write-in candidate 32 among that voter's ranked choices for each office. If feasible, ballots 33 shall be designed so that a voter may mark that voter's first choices in the same manner as that for offices not elected by the ranked choice 34 35 voting method. 2. Indicate your first choice by marking the number 40 "1" beside a candidate's name, your second choice by marking the number 41 42 "2" beside a candidate's name, your third choice by marking the number 43 "3" beside a candidate's name and so on, for as many choices as you 44 wish. You may choose to rank only one candidate, but ranking additional candidates will not hurt the chances of your first-choice candidate. Do 45 46 not mark the same number beside more than one candidate. Do not skip 47 numbers." 3. A sample ballot for an office subject to the ranked choice voting 48 method shall illustrate the voting procedure for the ranked choice 49 voting method. 1	§ 18-108. Ranked choice voting method; procedures. The following
2	procedures shall apply in determining the winner in an election for an
3	office subject to the ranked choice voting method:
4	1. The first choice marked on each ballot shall be counted initially
5	by election officials. If one candidate receives a majority of the votes
6	cast, excluding blank and void ballots, that candidate shall be declared
7	elected.
8	2. If no candidate receives a majority of first-choice votes cast at
9	the end of the initial count, the candidate receiving the fewest first-
10	choice votes shall be eliminated. Each vote cast for the eliminated
11	candidate shall be transferred to the candidate who was the voter's next
12	choice on the ballot.
13	3. Candidates with the fewest votes shall continue to be eliminated,
14	with the votes for such candidates transferred to the candidate who was
15	each voter's next choice on the ballot until a candidate receives a
16	majority of the votes cast, excluding blank and void ballots. When a
17	candidate receives a majority of the votes cast, that candidate shall be
18	declared elected.
19	4. If a ballot has no more available choices ranked on it, that ballot
20	shall be declared exhausted. Where a ballot skips one or more numbers,
21	that ballot shall be declared exhausted when the skipping of numbers is
22	reached. A ballot with the same number for two or more candidates shall
23	be declared exhausted when these double numbers are reached.
24	5. In the case of a tie between candidates for last place, and thus
25	elimination, occurring at any stage in the tabulation, the tie shall be
26	resolved so as to eliminate the candidate who received the least number
27	of votes at the previous stage of tabulation. In the case of a tie to
28	which a previous stage does not apply, or such previous stage was also a
29	tie, the tie shall be resolved by drawing lots. However, if the tie
30	occurs when there are only two candidates remaining, the tie shall be
31	resolved in accordance with the provisions of this chapter.
32	<u>§ 18-110. Voter education. Where a local government shall pass a</u>
33	resolution authorizing the ranked choice voting method, the governing
34	body shall conduct a voter education campaign on the ranked choice
35	voting system to familiarize voters with the ballot design, method of
36	voting, and advantages of determining a majority winner in a single
37	election. The governing body shall use public service announcements, as
38	well as seek other media cooperation to the maximum extent practicable.
39	§ 18-112. Construction. All state and local elections held by the
40	ranked choice voting method pursuant to this article shall be subject to
41	all the other provisions of this chapter and all other applicable laws
42	relating to elections, so far as is applicable and not inconsistent with
43	this chapter.
11	8.0 This ast shall take offerst immediately and shall apply to all

44 § 2. This act shall take effect immediately and shall apply to all 45 elections held in the state on or after January 1, 2023.
