13 ~~shall not be construed as requiring the physical presence of the super-~~

15 ~~performed.]~~

16 1. Definition. The practice of the profession of athletic  
17 training is performed by licensed athletic trainers who are health care  
18 professionals, and is defined as:

19 (a) The prevention, recognition, examination, evaluation, assessment,  
20 management, treatment and rehabilitation of athletic injuries that occur  
21 in active individuals. Athletic training involves the recognition,  
22 evaluation, and assistance in the management of sport-related illnesses  
23 and medical conditions in active individuals, pursuant to the athletic  
trainer's education, experience, and competencies.

1 (b) The work of athletic training is performed under the supervision  
2 of a physician pursuant to a standard written protocol for athletic  
3 training services. Supervision by a physician shall be continuous but  
4 shall not be construed as requiring the physical presence of the super-  
5 vising physician at the time and place where such services are  
6 performed.

7 (c) The practice of athletic training may include use of various clin-  
8 ically appropriate therapeutic modalities and techniques. Such clin-  
9 ically appropriate therapeutic modalities and techniques include the use  
10 of physical, chemical, and mechanical means including, but not limited  
11 to, use of heat, cold, light, air, water, sound, electricity, massage,  
12 mobilization, and therapeutic exercise. Such clinically appropriate  
13 therapeutic modalities may include appropriate preventative and support-  
14 ive devices and/or temporary splinting or bracing. Such clinically  
15 appropriate therapeutic modalities include the performance and interpre-  
16 tation of tests and measurements to assess pathophysiological and patho-  
17 mechanical deficits of the human systems to determine treatment, and to  
18 assist in the planning of rehabilitation for recovery and return to  
19 activity.

20 (d) The scope of work described [~~herein shall not be construed as~~  
21 ~~authorizing the reconditioning of neurologic injuries, conditions or~~  
22 ~~disease]~~ in this section shall not be construed as authorizing the  
23 management and treatment of acute, subacute, or chronic neurological  
24 pathologies and comorbidities or neurological disease processes with the  
25 exception of initial evaluation and triage of emergent neurological  
26 conditions such as potential concussions, spinal cord injuries or nerve  
27 injuries resulting from participation in an athletic endeavor, while  
28 training, or engaged in performing arts, public protection, emergency  
29 services, or during adaptive athletics. Once the individual has been  
30 cleared by a supervising physician, after sustaining such an injury, the  
31 athletic trainer shall work with the individual pursuant to standard  
32 written protocol to manage, monitor and treat such injuries for partic-

49 section shall be construed to prohibit the use of an epinephrine auto-  
50 injector device pursuant to section three thousand-c of the public  
51 health law.

52 (b) The standard written protocol shall include explicit provisions  
53 for the resolution of any disagreement between the supervising physician  
54 and the athletic trainer. To the extent the standard written protocol  
55 does not so provide, then the supervising physician's decision shall  
56 prevail.

25 ic trainer required under this article to register triennially with the  
26 department to practice in the state shall comply with the provisions of  
27 the mandatory continuing education requirements prescribed in subdivi-

29 of this subdivision. Licensed athletic trainers who do not satisfy the  
30 mandatory continuing education requirements shall not practice until  
31 they have met such requirements, and they have been issued a registra-  
32 tion certificate, except that a licensed athletic trainer may practice  
33 without having met such requirements if he or she is issued a condi-  
34 tional registration certificate pursuant to subdivision three of this  
35 section.

36 (b) Each licensed athletic trainer shall be exempt from the mandatory  
37 continuing education requirement for the triennial registration period  
38 during which he or she is first licensed. In accordance with the intent  
39 of this section, adjustment to the mandatory continuing education  
40 requirement may be granted by the department for reasons of health  
41 certified by an appropriate health care professional, for extended  
42 active duty with the armed forces of the United States, or for other  
43 good cause acceptable to the department which may prevent compliance.

44 (c) A licensed athletic trainer not engaged in practice, as determined  
45 by the department, shall be exempt from the mandatory continuing educa-  
46 tion requirement upon the filing of a statement with the department  
47 declaring such status. Any licensee who returns to the practice of  
48 athletic training during the triennial registration period shall notify  
49 the department prior to reentering the profession and shall meet such  
50 mandatory education requirements as shall be prescribed by regulations  
51 of the commissioner.

52 2. During each triennial registration period, an applicant for regis-  
53 tration as a licensed athletic trainer shall complete a minimum of

2 January first, two thousand twenty, shall complete continuing education  
3 hours on a prorated basis at the rate of one hour per month for the  
4 period beginning January first, two thousand twenty and then fifteen  
5 hours per year until his or her first registration date thereafter. A  
6 licensee who has not satisfied the mandatory continuing education  
7 requirements shall not be issued a triennial registration certificate by  
8 the department and shall not practice unless and until a conditional  
9 registration certificate is issued as provided for in subdivision three  
10 of this section. Continuing education hours taken during one triennium  
11 shall not be transferred to a subsequent triennium.

12 3. The department, in its discretion, may issue a conditional regis-  
13 tration to a licensee who fails to meet the continuing education  
14 requirements established in subdivision two of this section but who  
15 agrees to make up any deficiencies and complete any additional education  
16 which the department may require. The fee for such a conditional regis-  
17 tration shall be the same as, and in addition to, the fee for the trien-  
18 niennial registration. The duration of such conditional registration shall  
19 be determined by the department but shall not exceed one year. Any  
20 licensee who is notified of the denial of registration for failure to  
21 submit evidence, satisfactory to the department, of required continuing  
22 education and who practices without such registration may be subject to  
23 disciplinary proceedings pursuant to section sixty-five hundred ten of  
24 this title.

25 4. For purposes of this section:

26 (a) "acceptable learning activities" shall include, but not be limited  
27 to, formal courses of learning which contribute to professional practice  
28 in athletic training and/or self-study activities; independent study;  
29 formal mentoring activities; publication in professional journals; or  
30 lectures, which meet the standards prescribed by regulations of the  
31 commissioner; and

32 (b) "formal courses of learning" shall include, but not be limited to,  
33 collegiate level credit and non-credit courses, professional development  
34 programs and technical sessions offered by national, state and local  
35 professional associations and any other organizations acceptable to the  
36 department, and any other organized educational and technical programs  
37 acceptable to the department. Formal courses shall be taken from a  
38 sponsor approved by the department, based upon an application and fee,  
39 pursuant to the regulations of the commissioner.

40 5. The department may, in its discretion and as needed to contribute  
41 to the health and welfare of the public, require the completion of  
42 continuing education credits in specific subjects to fulfill the manda-  
43 tory continuing education requirement.

44 6. A licensed athletic trainer shall maintain adequate documentation  
45 of completion of acceptable formal continuing education and shall  
46 provide such documentation at the request of the department. Failure to  
47 provide such documentation upon the request of the department shall be  
48 an act of misconduct subject to disciplinary proceedings pursuant to  
49 section sixty-five hundred ten of this title.

50 7. The mandatory continuing education fee shall be payable on or  
51 before the first day of each triennial registration period, and shall be  
52 paid in addition to the triennial registration fee required by section  
53 eighty-three hundred fifty-five of this article.

54 § 8356-b. Special provisions. Any person who is certified as an  
55 athletic trainer by the department on the effective date of this section  
56 shall have one year from the effective date to apply for and qualify for

1 licensure as an athletic trainer without meeting any additional require-  
2 ments.

8 athletic trainer who voluntarily and without the expectation of monetary  
9 compensation renders first aid or emergency treatment at the scene of an  
10 accident or other emergency, outside a hospital, doctor's office or any

14 for damages for the death of such person alleged to have occurred by  
15 reason of an act or omission in the rendering of such first aid or emer-  
16 gency treatment unless it is established that such injuries were or such  
17 death was caused by gross negligence on the part of such athletic train-  
18 er. Nothing in this section shall be deemed or construed to relieve a  
19 [~~certified~~] licensed athletic trainer from liability for damages for  
20 injuries or death caused by an act or omission on the part of an athlet-  
21 ic trainer while rendering professional services in the normal and ordi-
