AN ACT to amend the education law and the social services law, in relation to the practice of school psychology, and establishing a pilot program of a multi-tiered system of support to address the social and emotional needs of students

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative intent and findings. The legislature finds that  
2 while significant steps have been taken to address the social and  
3 emotional needs of students that have been intensified by the COVID-19  
4 pandemic, much more must be done to identify risk factors, develop  
5 community response and support strategies and to increase access to  
6 mental health services.

7 The legislature intends to build on the initial aggressive efforts of  
8 the executive and legislative by recognizing the significant role mental  
9 and behavioral health professionals play in identifying the warning  
10 signs of social and emotional distress in our children and the maladaptive  
11 behaviors that contribute to mental health crises and suicide. The  
12 legislature recognizes that certified school psychologists are uniquely

1 qualified to identify the risk and protective factors, coupled with  
2 adverse childhood experiences which contribute to the intensified mental  
3 health needs in children during the isolation of the COVID-19 pandemic.  
4 However, these highly trained specialists are constrained to provide  
5 vital services to the school setting only, despite many school psychol-  
6 ogists successfully working with students virtually outside of the  
7 school setting during the COVID-19 pandemic, a time when students were  
8 in great need of support. The legislature finds that the state's  
9 mission to address the ever-growing social and emotional needs of  
10 students, which have only been intensified by the COVID-19 pandemic,  
11 will be advanced through the licensure of school psychologists and the  
12 meaningful involvement of these trained practitioners in the development  
13 of a school and community based strategy of response and support.

14 § 2. The education law is amended by adding a new article 166-A to  
15 read as follows:
