AN ACT to amend the public health law, in relation to establishing a required resident care spending ratio for nursing homes

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The public health law is amended by adding a new section
2 2805-aa to read as follows:

3 § 2805-aa. Nursing home resident care ratio. 1. As used in this
4 section, the following terms have the following meanings:

5 (a) "Resident care" means: (i) direct care provided by certified nurse
6 aides, licensed practical nurses, and registered nurses; (ii) support
7 services including housing, laundry, housekeeping, food service, nurse
8 administration, activity program, social services and transportation as
9 identified in reports required by the department; (iii) ancillary
10 program services including medical, dental, podiatric and laboratory
11 services, inhalation and other physical, mental, occupational therapeu-
12 tics as identified in reports required by the department; and (iv)
13 program services for residents including personal grooming, as identi-
14 fied in reports required by the department. Resident care does not
15 include administrative costs (other than nurse administration), capital
16 costs, rent, or debt service.

17 (b) "Resident care amount" means the amount spent by the nursing home
18 for care of residents of the nursing home; provided that for any amount

1 spent for contracted or purchased personal services, only eighty percent
2 of that amount shall count as spending on resident care.

3 (c) "Total operating revenue" means the revenue received by the nurs-
4 ing home from or on behalf of residents of the nursing home, government
5 payers, or third-party payers, to pay for a resident's occupancy of the
6 nursing home, resident care, and the operation of the nursing home.

7 (d) "Required resident care percentage" means the ratio of a nursing
8 home's resident care amount to its total operating revenue, required by
9 subdivision two of this section.

10 (e) "Resident care deficit" means the amount, in dollars, by which the
11 nursing home's resident care amount is less than the required resident
12 care percentage.

13 (f) "Direct care service" means the amount, in dollars, spent on
14 direct care by certified nurse aides, licensed practical nurses, and
15 registered nurses which shall be at least sixty percent of the required
16 resident care percentage.

17 2. Every nursing home shall, in every calendar year, spend at least
18 (a) the resident care amount necessary to achieve the required resident
19 care percentage and (b) the sufficient direct care service amount. For
20 the calendar year two thousand twenty-two, and every year thereafter,
21 the required resident care percentage shall be seventy percent.

22 3. For any calendar year in which a nursing home has a resident care
23 deficit or direct care service deficit, it shall pay to the department
24 an amount equal to the deficit, payable in a manner and time determined
25 by the commissioner in regulations. Where a nursing home does not pay as
26 required by this subdivision, the commissioner shall sue (represented by
27 the state attorney general) the nursing home to obtain the unpaid
28 amount, or deduct the unpaid amount from medical assistance payments
29 otherwise due to the nursing home, or a combination of those methods.
30 Moneys so collected shall be transferred to the nursing home quality
31 improvement demonstration program, to be used under subdivision six of
32 section twenty-eight hundred eight-d of this article in support of
33 projects or programs designed to improve specific areas of quality of
34 care.

35 4. For purposes of this section, a nursing home's spending, revenue
36 and percentages of various amounts shall be calculated on an accrual
37 basis, under regulations of the commissioner.

38 5. The commissioner shall make regulations, make medical assistance
39 state plan amendments, seek waivers from the federal centers for Medi-
40 care and Medicaid services, and take other actions reasonably necessary
41 to implement this section.

42 6. The commissioner shall, by regulations and otherwise, make sure
43 that reports by nursing homes under section twenty-eight hundred five-e
44 of this article include information as to all items referred to in this
45 section and organize that information consistent with the terms of this
46 section.

47 § 2. This act shall take effect immediately.
