

# STATE OF NEW YORK

5863--A

2021-2022 Regular Sessions

## IN ASSEMBLY

March 1, 2021

Introduced by M. of A. STIRPE -- read once and referred to the Committee on Corporations, Authorities and Commissions -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT to amend the economic development law, in relation to creating the mobile high-technology training facilities program

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The economic development law is amended by adding a new section 361 to read as follows:

§ 361. Mobile high-technology training facilities program. 1. The division is hereby authorized to create a mobile high-technology training facilities program. The purpose of the program is to award one to one matching grants on a competitive basis to qualified applicants for the design, development and/or outfit of mobile high-technology training facilities that complement certificate, degree or other recognized credentialing programs. Such program shall be established by the division within ninety days from the effective date of this section.

2. For purposes of this section, the following terms shall have the following meanings:

(a) "Qualified applicant" means any educational or not-for-profit institution providing certificate, degree or other credentialing programs in high-technology fields including, but not limited to, nanotechnology, biotechnology, advanced manufacturing processes and information technology or any other field defined as an emerging technology by paragraph (b) of subdivision one of section thirty-one hundred two-e of the public authorities law.

(b) "Division" means the division of science, technology and innovation.

3. Applicants shall submit an application to the division comprising a plan including, but not limited to:

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.

LBD00615-03-1

1 (a) demonstration that funds and/or other in-kind contributions are  
2 encumbered in an amount not less than twenty percent of requested grant  
3 amount;

4 (b) the design and implementation of a facility including the use of  
5 simulation-based education and training resources including the types of  
6 machinery, equipment and staffing level required;

7 (c) demonstration of a flexible program which would allow for diversi-  
8 fied job training skills within a particular industry;

9 (d) evidence that a need for employees related to the industry associ-  
10 ated with the applicant exists;

11 (e) development of a curriculum to deliver such mobile training facil-  
12 ity to each regionally defined location in the state lacking similar  
13 training opportunities including the period of time required to  
14 adequately train an individual and the estimated number of participants  
15 utilizing such facility in a given year;

16 (f) demonstration of a collaborative and/or cooperative working  
17 relationship with private employers to ensure that facilities meet  
18 industry-specific job training requirements; and

19 (g) demonstration of an ability to maintain such mobile facility on an  
20 on-going basis, including but not limited to self-sustainability regard-  
21 ing staffing, operating, maintenance and adaptability.

22 4. The division shall establish any additional criteria to be used in  
23 the evaluation of applications.

24 5. The division shall submit a report, within one year from the effec-  
25 tive date of this section and annually thereafter, to the governor and  
26 the legislature regarding the outcomes of the program including, but not  
27 limited to grant recipients, purpose of mobile training facility,  
28 locations visited, number of participants utilizing facility and actual  
29 employment obtained through the use of such facility.

30 § 2. This act shall take effect immediately.
