2021-2022 Regular Sessions

IN ASSEMBLY

March 17, 2021

Introduced by M. of A. McDONOUGH, REILLY, DeSTEFANO, MORINELLO, ASHBY, SMULLEN, MIKULIN, BYRNE, CRUZ, DAVILA, B. MILLER, RA, BYRNES, TAGUE, J. M. GIGLIO, MANKTELOW -- Multi-Sponsored by -- M. of A. BLANKENBUSH, COOK, FRONTUS, WALSH -- read once and referred to the Committee on Education

AN ACT to amend the education law, in relation to requiring the development of a bleeding control kit program and the installation of bleeding control kits in schools

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

- 1 Section 1. Section 305 of the education law is amended by adding a new 2 subdivision 59 to read as follows:
- 59. a. The commissioner shall consult and collaborate with the commissioner of health to establish and develop a bleeding control kit program within the department that:
- 6 <u>(i) ensures that bleeding control kits are stored in easily accessible</u>
 7 <u>areas of the school;</u>
- 8 (ii) includes the use of bleeding control kits in the emergency oper-9 ations plan or any other security planning measure or protocol adopted 10 by the school district, board of cooperative educational services, char-11 ter school or nonpublic school; and
- 12 <u>(iii) requires all district or school personnel who may be reasonably</u>
 13 <u>expected to use a bleeding control kit in the event of an injury to</u>
 14 <u>another person to receive training approved by the department.</u>
- b. A bleeding control kit required pursuant to this subdivision shall be a first aid response kit that includes at least:
- 17 (i) one tourniquet;
- 18 (ii) two compressed gauze dressings;
- 19 (iii) one trauma dressing;
- 20 (iv) nitrile gloves;
- 21 (v) scissors; and

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

- 1 (vi) instructional documents adopted by the agency detailing methods 2 to prevent blood loss following a traumatic event.
 - c. In addition to the items required to be included in a bleeding control kit pursuant to paragraph b of this subdivision, a bleeding control kit may also include any medical material or equipment that:
 - (i) may be readily stored in a bleeding control kit;
- 7 (ii) may be used to adequately treat an injury involving traumatic 8 blood loss; and
- 9 <u>(iii) is approved by local law enforcement or emergency medical</u>
 10 <u>services personnel.</u>
- d. Each school district, board of cooperative educational services, charter school or nonpublic school shall conduct an annual inspection of the medical material and equipment in each bleeding control kit and replace any expired material or equipment as necessary.
- e. Each school district, board of cooperative educational services, charter school or nonpublic school shall restock each bleeding control kit as soon as practicable after the use of such kit to ensure that the kit contains all required material and equipment.
- f. The department may approve an online course of instruction by the
 American College of Surgeons or a similar organization to satisfy the
 training required pursuant to subparagraph (iii) of paragraph a of this
 subdivision.
- g. A school district, board of cooperative educational services, char-23 ter school or nonpublic school shall be immune from civil liability from 24 25 damages or injuries resulting from the good faith use of a bleeding 26 control kit by an employee of such school district, board of cooperative 27 educational services, charter school or nonpublic school to control the bleeding of an injured person provided that the employee received the 28 29 training required pursuant to subparagraph (iii) of paragraph a of this 30 subdivision and the employee did not act with gross negligence in the 31 use of the bleeding control kit.
- 32 § 2. This act shall take effect immediately.
