10 each such entity. If the state office for the aging is aware or becomes
11 aware of any evidence that the designation of an entity to operate a
12 long-term care ombudsman program by the state long-term care ombudsman
13 would result in legal concerns or liability for the state office for the
14 aging or office of the state long-term care ombudsman, the state ombuds-
15 man will comply with the state office for the aging's determination that
16 such designation should not be made.

17 (b) The designated entity shall be an area agency on aging, a public
18 agency or a private not-for-profit corporation which is free from any
19 conflict of interest that cannot be remedied. Any actual and potential
20 conflicts of interest shall be identified and addressed in accordance
21 with subdivision ten of this section.

40 district long-term care ombudsman council program advocate shall be
41 listed with the human resources departments of the department of health,

50 facility alongside the patient bill of rights.

51 (c)(1) Each local long-term care ombudsman program shall be directed
52 by a qualified individual who is employed and paid by the local entity

5 (2) No local program staff or district council staff, including the
6 supervisor and any volunteers, shall perform or carry out the activities
7 on behalf of the state long-term care ombudsman program or the district
8 long-term ombudsman council program unless such staff has been verified

11 activities on behalf of the local program or district council program.

12 (3) For purposes of the district council such trainings shall be given

22 designation of the local [~~ombudsmen~~] ombudsman entity. Prior to taking
23 such action, the state ombudsman shall send to the affected local
24 program a notice of the state ombudsman's intentions to refuse, suspend,
25 or remove the designation; provided, however, if the state office for
26 the aging is aware or becomes aware of evidence that the designation or
27 continued designation of an entity to operate a long-term care ombudsman
28 program would result in legal concerns or liability for the state office
29 for the aging or the office of the state long-term care ombudsman, the
30 state ombudsman will comply with the state office for the aging's deter-
31 mination that such designation should not be made or that such design-
32 nation be refused, suspended, or removed.

33 (e) The state ombudsman shall develop a grievance process to offer an
34 opportunity for reconsideration of any decision to refuse, suspend, or
35 remove the designation of a local ombudsman entity. Notwithstanding the
36 grievance process, the state ombudsman shall make the final determi-
37 nation to designate or to refuse, suspend, or remove the designation of
38 a local ombudsman entity; provided, however, if the state office for the
39 aging is aware or becomes aware of any evidence that the designation of
40 an entity to operate a long-term care ombudsman program by the state
41 long-term care ombudsman or that the failure of the state ombudsman to
42 refuse, suspend, or remove the designation of a local ombudsman entity
43 would result in legal concerns or liability for the state office for the
44 aging or the office of the state long-term care ombudsman, the state
45 ombudsman will comply with the state office for the aging's determi-
46 nation that such designation should not be made or that such designation
47 be refused, suspended, or removed.
