2. The purpose of the grant funding shall be to:

(ii) designate a staff member responsible for assisting students with enrollment in the state's supplemental nutrition assistance program (SNAP);

(iii) provide options for students to utilize SNAP benefits at campus stores or provide students with information on establishments in the surrounding area of campus where they can utilize SNAP EBT benefits;

(iv) hold an awareness day campaign activity or event during the national hunger and homelessness awareness week;

(v) provide at least one physical food pantry on campus, or enable students to receive food through a separate, stigma-free arrangement. Such campus may partner with a local food bank or food pantry to meet the requirements of this subparagraph;

(vi) develop a student meal credit donation program, or designate a certain amount of funds for free food vouchers that might otherwise be raised through such a program. Each institution of higher education may develop its own procedures for a meal donation program; and

(vii) annually conduct a student survey on hunger, developed by the commissioner, and submit the results of the survey and a best practices campus profile to the commissioner at a time prescribed by the commissioner for inclusion in a comparative profile of each campus designated as a hunger-free campus. In the development of the survey, the commissioner shall utilize any existing surveys designed to collect information on food insecurity among students enrolled in public and nonprofit private institutions of higher education.

b. For a two-year institution to be designated as a hunger-free campus, it shall meet all of the requirements for four-year institutions as set forth in paragraph a of this subdivision, with the exception of the requirements in subparagraphs (iii) and (vi) of such paragraph.

4. The commissioner shall allocate grant funding to each public and nonprofit private institution of higher education that has one or more campuses designated by the commissioner as a hunger-free campus in accordance with the criteria established pursuant to subdivision three of this section. The commissioner shall determine the amount of each grant which shall be used by the institution to further address food insecurity among students enrolled in the institution. The commissioner or his or her designee shall prioritize grants to institutions of higher education with the highest percentage of Pell grant recipients enrolled in the student body. Following the awarding of such grant funding, recipients will be expected to provide basic information to the department on how such grant award was used, its deliverables and outcomes.

5. The commissioner shall submit a report to the governor, the temporary president of the senate and the speaker of the assembly, no later than two years after the establishment of the hunger-free campus grant program. The report shall include, but not be limited to, the number and amounts of the grant awards, the impact the grant program has had on establishing additional hunger-free campuses at public and private institutions of higher education and reducing the number of students experiencing food insecurity, and recommendations regarding the potential establishment of an annual appropriation for the grant program.

§ 3. The sum of ten million dollars ($10,000,000) to be distributed in the 2023 fiscal year and the sum of ten million dollars ($10,000,000) to be distributed in the 2024 fiscal year is hereby appropriated to the department of education from any moneys in the state treasury in the

general fund to the credit of the state purposes account, not otherwise appropriated, and made immediately available, for the purpose of carrying out the provisions of this act. Such moneys shall be payable on the audit and warrant of the comptroller on vouchers certified or approved by the commissioner of education in the manner prescribed by law.

§ 4. This act shall take effect immediately.
