(c) Nothing in this section shall be construed to require an original equipment manufacturer or an authorized repair provider to provide to an owner or independent repair provider access to information, other than documentation, that is provided by the original equipment manufacturer to an authorized repair provider pursuant to the terms of an arrangement described in paragraph (a) of subdivision one of this section.

(b) Except as provided herein, before any violation of this section is sought to be enjoined, the attorney general shall give such person, firm, corporation, or association against whom such proceeding is contemplated notice and an opportunity to show in writing, within five business days after the delivery of such notice, why proceedings should not be instituted against such person, firm, corporation, or association. Such notice by the attorney general shall be delivered by certified mail and by first-class mail with proof of mailing. In any proceeding in which the attorney general seeks preliminary relief, such notice shall not be required upon a finding by the attorney general that such notice and opportunity is not in the public interest.

(c) In connection with any proposed proceeding under this section, the attorney general is authorized to take proof and make a determination of the relevant facts, and to issue subpoenas in accordance with the civil practice law and rules.

(f) Except in the instance of a dispute arising between an original equipment manufacturer and an authorized repair provider related to either party's compliance with an existing authorized repair agreement, an authorized repair provider shall have all the rights and remedies provided in this section.

§ 3. This act shall take effect one year after it shall have become a law.
